CONSECRATION

C. P. BOLLMAN

Take me, Lord, this year and use me,
 Use me in thy work below;
I no other mind would cherish,
 Thy will only would I know.

Take me, Lord, this year and use me,
 All my powers I give to thee;
Sanctify and make them holy,
 Thy salvation I would see.

Take me, Lord, this year and use me
 In thy work for dying men;
I would spend and be spent for thee,
 Till my Lord shall come again.

Take me, Lord, this year and use me,
 Faith reveals the triumph near;
I would share that coming triumph,
 Willing bear the burden here.

PREFACE.

THE Year Book for 1916 indicates many changes over previous issues, not only in names and addresses of officials and workers, but also in organizations and grouping of territory. The most important change in territorial lines will be found under the Asiatic Division Conference, in which Australasia, China, India, and the East Indies are grouped under one division organization.

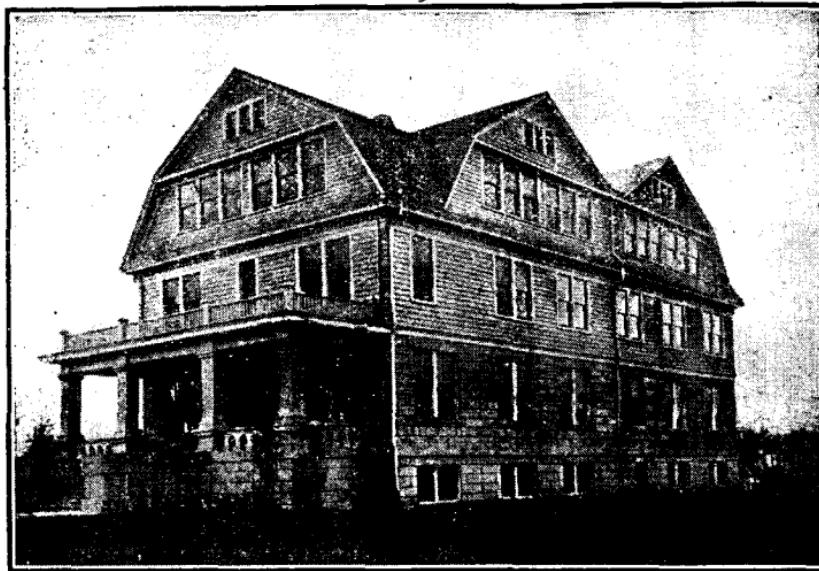

The rapid growth of this work throughout the field, and the many changes thus made necessary, have occasioned many corrections in the directories, even while being prepared for the press. At the time of closing the pages for printing this issue, the number of conferences, missions, and institutions, and their distribution in various portions of the field, are indicated by the following table: —

Division	Unions	Local Confs.	Missions	Schools	Pub. Houses	Sanita- riums
N. American	12	68	2	44	14	18
European	10	45	47	6	12	6
Asiatic	6	8	29	18	7	4
S. American	3	4	11	2	2	1
Unions						
S. African	1	3	11	1	1	3
W. Indian	1	3	1	..
Miscellaneous						
N. Latin Amer.	8	...	1	..
Bahamas	1
Hawaiian	1
Totals	33	131	110	71	38	32

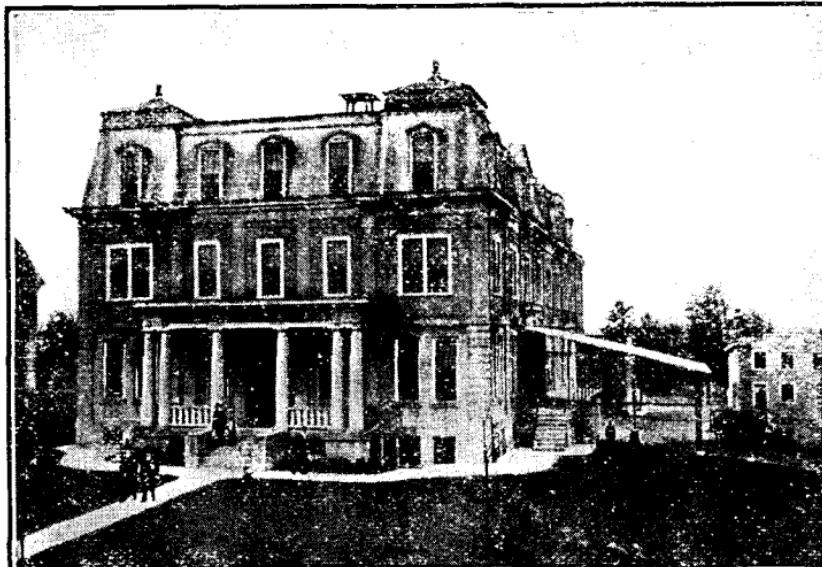

The foregoing shows that the entire world is arranged in four division conferences, two unattached unions, one group of eight mission fields, and two local missions,—a total of 278 organizations completely organized and in full working order, with forces of laborers of various kinds engaged in service throughout the field. As auxiliaries, there are 141 institutions — 71 advanced schools, 38 publishing houses and branches, and 32 sanitariums, besides a number of other institutional interests.

The one outstanding feature of this issue is the fact that this cause is growing very rapidly in every way. Some of this growth is set forth in the statistical tables; but these can not reveal all the increase. Only ten years ago 81 pages were required to give a complete directory of all our conferences and missions; now, 164 are necessary. Then there were 168 conferences and missions; now, 278. In 1906 there were 3,502 laborers; the last returns, for 1914, show a total of 5,313. During the past ten years 976 missionaries (not including children) have been sent into service in foreign mission fields.

Necessarily, the larger portion of the directory matter consists of proper names, personal and geographical, some of which may seem peculiar, and not to harmonize with one's accustomed ideas in these matters; but they are not necessarily incorrect because of this fact. Forms and usages current in fields in which reports originate have been followed, notwithstanding the use of forms in certain cases which may seem inaccurate. Thus there will be found proper names without initials—relating to certain native workers in India and the Pacific Islands who do not follow such forms. And in the ministerial directory occur addresses beginning with an initial, which abbreviation, coming after the initial of the proper name, seems to imply an error in punctuation. Other peculiarities will be observed, occurring, however, not without intention; in some cases proper names have been changed from former spelling, upon request of the worker.

EDUCATIONAL INSTITUTIONS.

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS.

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that College credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows: —

SURVEY OF THE FIELDS FOR 1915.

For the Year Ending Nov. 1, 1915.

THE former year, 1914, closed with a cheering record of souls won to Christ. The statistical report for 1914 showed 14,999 baptisms during the year, in all lands. Of these baptisms, 7,337 were in the North American Division, 4,964 in the European Division, and 2,698 in other lands. The total laborers at the opening of 1915 (ministers, missionaries, and colporteurs) was 5,313.

New Enterprises.

The continuance of the Great War has prevented the opening of new fields which the European Division had in mind to enter. The India Mission reports two new missions, among the Punjabis and Karens. The republic of Salvador, Central America, has been entered. The West Indian Union Conference reports the United States of Colombia entered.

At the autumn council of the General Conference Committee the Asiatic Division Conference was organized, comprising the former Asiatic Division Mission, with the Australasian Union Conference and the India Union Mission.

At the autumn council, also, provision was made for the organization of the South American Division Conference.

Figures of the North American Division.

The report of the baptisms in the North American Division as indicated in the quarterly reports have been as follows:

Fourth quarter, 1914, 2,065; first quarter, 1915, 1,555; second quarter, 3,025; third quarter, 2,897; total, 9,542. For a similar period one year previous, the total number of baptisms were 6,093, thus there has been an increase of 3,449 over the number of baptisms during the preceding year, an increase of 58.24 per cent.

The total offerings for foreign missions during the year 1914 were the largest ever received in this division, being \$615,565.95. The total amount received for home missions in the Division was \$257,885.72. The tithe paid in the North American Division was \$1,269,962.09, a per capita of \$17.63. The total funds raised for all purposes including those just mentioned, as well as the increase in valuation of church buildings, and of amounts received for the support of, and investment in, denominational institutions constituted a grand total in this division during 1914 of \$3,299,553.66, a per capita of \$45.81.

THE EUROPEAN DIVISION CONFERENCE.

By L. R. Conradi, President.

All of Europe, most of Africa, and Northern and Western Asia form this great division. Its 650 millions of people are so unequally distributed over this vast space that it contains the most densely as well as sparsely populated portions of the world. Very little of its territory is not involved in this present war; all of our missions are affected, four of our strongest Unions entirely, four others almost so, and only the

Scandinavian Union has the smaller part involved. In view of this condition our organizations have only increased to 106 instead of 103. The total membership, July 1, 1915, was 36,500; a net gain of 3,000 over last year. For the first time our net gain shows a decrease of 300 over the previous year.

The East German Union Conference.

This the strongest union in Europe has its headquarters at Berlin; its workers were reduced from 119 to 74, but still 1158 souls were added during 1914, and 759 the six months following, increasing the membership to 7,553. Some 500 of its best wage-earners being called to the front at a small salary, the tithe decreased from \$91,000 to \$74,000; but the Union not only paid all its workers, but contributed \$34,000 in tithe and donations to the support of the division. Most of the 400 members who had to leave their churches in Eastern Prussia are hard at work to restore their homesteads. Our director of the East Galician field passed twice through the Russian occupation, his life being often imperilled, but the Lord preserved his servant. One hundred members are in Galicia, the other 7,450 live in Germany.

The West German Union.

This Union has lately transferred its headquarters to Hamburg. Its workers were reduced from 116 to 74, but the gain during 1914 amounted to 982 souls, and in the first six months of 1915 to 515. The tithe decreased from \$84,000 to \$77,000; but the Union turned over not less than \$40,000 in tithe and donations to the division. Of its 6,341 members over 500 are in Holland and Belgium, the other 5,800 are in the German empire.

The Central European Union.

This Union embraces Southern Germany, German Switzerland, and all of Austria but Galicia. Its headquarters are at Munich. Its workers were reduced from 89 to 51, yet the number of souls won in 1914 were 803, and 421 in the following half year. Its membership is now 4,293, of which 2,300 live in Germany, 1,200 in Austria, and 800 in German Switzerland. The tithe here shows an increase of \$500, being \$47,767.00. The contributions to the division amounted to \$18,700.

The Scandinavian Union.

This Union with 74 workers gained during 1914, 407 souls, and for the first half year of 1915, 245 more, increasing its membership to 3,980. Of these, about 1,300 live in Denmark, 1,250 in Norway, about 1,000 in Sweden, 400 in Finland, and 50 in Iceland. Their tithe increased to \$38,883. They gave \$12,600 to the division. Their 100 canvassers averaged the best sales in Europe,—over \$90,000.

The British Union.

Great Britain has for its 47 millions only 67 workers. They gained 386 souls during 1914, and the six months following 179. Their tithe held its own, being \$34,795. They contributed \$10,500 to the division. The membership to July 1, 1915, amounted to 2,753.

The Two Russian Unions.

The workers in these two Unions decreased from 97 to 68, and are still lessening as the war scatters the people. In the East Russian

Union 338 souls were won, and 434 in the West Russian Union, the membership being 2,701 and 2,458, respectively. The tithe in both was \$60,350, only \$3,000 reaching the division treasury. Large portions of the West Russian Union have been cut off from communication with the union office.

The Danube Union.

Here also our workers decreased from 57 to 41; the gain during 1914 being 527. The gain for the next half year was 287. The tithe rose to \$16,154. The contributions to the division were \$3,900, while it was aided with about \$10,500. The membership to July 1, 1915, had risen to 2,324, of which nearly 700 live in Rumania, a few in Serbia, and the other 1,600 in Hungary. Not less than 169 souls were added in Rumania last year in spite of the most determined persecution and opposition. Two Serbian and one Rumanian-speaking ministers were ordained during the year.

The Latin Union.

This Union maintained its staff of 42 workers for over 100 millions of people. Their harvest in 1914 amounted to 166 souls, and for the first half of 1915, 95, increasing the membership to 1,506. The tithe decreased to \$14,196; the contributions to the division amounted to \$5,100; the appropriations received were \$11,500. In Spain there were 25 souls baptized, the membership being now 137. Our 15 canvassers here sold over \$10,000 worth of literature. In Portugal 20 were baptized, the membership being 82. Italy has about 100 members; France, 400; the other 800 being in French Switzerland.

The Division Mission Fields.

The mission territory of our division in Africa, Asia, and the Balkan states contains a population of about 200 millions in 27 different fields, but it must be remembered that the nine unions contain 450 millions of people, having important mission fields within their own territory. Our report is not as complete as desired, yet full statistics have reached us from nearly all the fields, German East Africa excepted. Most of our missions suffer under the hardship of war. The harvest of souls as far as reported amounts to 240, our membership to June 30, 1915, being 2,409. The first four fields have thus far composed the Levant Union Mission, with headquarters at Constantinople.

1. Bulgarian Mission: During 1914 there were five workers active in this field, eleven souls being baptized. The 46 members contributed about \$650 to the cause. During my short visit to Sofia in November, 1914, I found that some stable people are taking hold of our truth, and we had a well located hall in that city. Considerable literature was circulated and quite an interest aroused. But now several workers have been enlisted, and the country is once more torn up by war.

2. Grecian Mission: Elder Greaves being called to West Africa, only two workers remained; and in view of the unsettled political conditions one of these preferred to leave also. Only one soul was baptized, but as several refugees moved in from Asia Minor the membership at Salonica increased to 17.

3. The Central Turkish Mission: On account of the war, only four souls could be baptized during 1914; the membership being 182; the contributions, nearly \$1,000. Seven canvassers sold literature to the amount of \$300. In order to supply the field with means and to counsel, I visited Constantinople in November, 1914. In the spring of 1915 Elder

Frauchiger met me in Budapest. But since then, serious times have befallen this and the two following fields, where we had about 300 Armenian members. Some of the members and workers had to enlist, and from the last scant news, we gather that the Armenian settlements where our churches were located have been scattered, and our brethren in Constantinople describe their situation by quoting Rom. 11: 3.

4. **The Cilician Mission:** Reported 9 baptisms during 1914, increasing the membership to 96; the gifts being \$250. Of late there are no reports to be obtained.

5. **The Armenian Mission:** At the beginning of 1914 Elder Baharian baptized three souls, increasing the membership to 35; the contributions amounted to \$150. At the outbreak of the war, Elder Z. G. Baharian, being on a Russian steamer journeying to reach his field, was carried to Russia, but after some weeks he was released. He then returned by a very tedious, overland route. Since then no news whatever has reached our headquarters, and we have strong reasons to fear for the worst. Not until peace is restored shall we be able to ascertain all the losses sustained in these three missions.

6. **The Persian Mission:** At the beginning of the war, O. Staubert stayed with his family at Tabriz. Being called to enlist, he had to take a circuitous route over Hamadan, Bagdad, Constantinople. Several times he was in danger of his life by robbers, and being three months enroute he contracted malaria. His companion had to flee several times with her children; she is located now with the Presbyterian Mission. F. F. Oster also fled to Tabriz, but has since returned to Maragha, where he finds much suffering to relieve among the refugees. His meetings are well attended. Four members were baptized during 1914; the membership being 42. About \$350 was given in tithes and donations.

7. **The Trans-Caucasian Mission:** Five workers have gathered in 32 souls in this promising field of many tongues; the membership increased to 395. The contributions amounted to \$1,900. The director, A. Osol, has been banished, and we know nothing whatever how our dear people fare under the terrible conditions existing in this war zone at present.

8. **The Turkestan Mission:** Only one missionary, B. Schmidt, has been at work, baptizing 11 souls during 1914. The membership was 107; the contributions about \$800. Only one letter reached us over a round-about route, at which time everything seemed well; but since then, reports have reached us to the effect that this field also is bereft of its shepherd.

9. **The West Siberian Mission:** In this vast field our four workers reaped a rich harvest during 1914, seventy souls being added, increasing the membership to 482. The members are located in 29 different places. The contributions amounted to over \$2,000. According to the latest news, our workers here had to suffer considerable, some being banished.

10. **The East Siberian Mission:** The director could baptize 20 souls here, increasing the membership to 51; the contributions exceeding \$400. Most of the members live at Yekutsk, the leading city.

11. **The Amur Mission:** Here the three missionaries were enabled to baptize 47 souls in 1914. There were 151 members in 12 different places, their tithes and donations amounting to \$1,300. We have learned that the director of this prosperous field has been banished. At the outbreak of the war, Elder Boettcher visited the four Siberian fields, going as far as Vladivostock and Harbin. He found the people hungering and thirsting after the living Word, so that they had to extend their meet-

ings often till midnight. Some came from six hundred to seven hundred miles to attend some of these general meetings. Now all this hopeful field is blighted through the war, many of the scattered companies being entirely bereft of all experienced leadership.

12. **The Arabic-Syrian Mission:** The war also had its effects here. Brother L. Krug, who looked after our health institute at Jerusalem, was called to the sanitary corps at home, leaving Sister M. Skodö, a nurse, to look after our interests. After being at Beirut and Alexandria for some time, H. Erzberger moved to the Lebanon mountains, to give his attention to the study of the Arabic. There are 28 members, who contributed \$350.

13. **The Lower Egyptian Mission:** In order to hasten the work in this populous field, W. C. Ising took charge of the lower section, where we had only nine members, settling at Alexandria. In November, 1914, he was taken to the military camp at Malta, where he finds many opportunities to make our truth known. Mrs. Ising, being a nurse, found many excellent openings, but finally she had to leave the field. T. Zachary is selling a considerable amount of our literature to the soldiers.

14. **The Upper Egyptian Mission:** George Keough reports 33 members in the upper Nile valley. The work among the natives has been greatly hindered by the war.

15. **The Abyssinian Mission:** During 1914 our missionaries reaped their first fruits in this field. March 27, H. Steiner was able to baptize three natives; on July 2, two were baptized, making a total of five. Of this number one has died. Some of these came to us direct from the Abyssinian church. At the last baptism there were also some converted Jews or Falaschas from Abyssinia proper in attendance. There are eight churches around Gondao. They greatly desire that we send a worker, and we have the matter under consideration. Our school was well attended. Our mission farm yielded about \$1,200 worth of wheat. The mission farm purchased from an Italian, is now deeded to our Society, the five years of homestead having expired.

16. **The Mauritius-Madagascar Mission:** Before the outbreak of the war we had entered negotiations for some mission territory on the island Madagascar. The war has delayed entering. But our base on the island of Mauritius has been considerably strengthened. A native, Br. Moikeenah, who sailed between Mauritius and Australia, found the precious pearl during his sojourn in Australia, and scattered seeds of truth where he could. Later, Sister R. Le Meme, who visited Lausanne, Switzerland, to regain her health, became a member of the church, and on her return to Mauritius did considerable missionary work. May 2, 1914, Paul Badaut and family (formerly in Algeria), arrived in Mauritius, and as early as September 12 had baptized 24 souls. As the work spread, Br. Moikeenah was asked to assist. Sister Le Meme is also helping. By the end of 1914 there was a good church of 28 members, who contributed \$160. January 23, 1915, eight more souls were baptized, and on February 13, two more. Most of these members belonged formerly to the Roman Catholic Church, and they are glad now to possess God's message in its purity.

17. **The British East African Mission:** In 1906 two of our missionaries occupied the northern end of the eastern shore of the Victoria Nyanza. By the end of 1913 there were six stations begun among the two leading tribes, the Kaniandos and Kisiis; and a seventh building: Gendia, Wire Hill, Karungu, Kamagambo, Rusinga, Kisi, and Kaniadodo. Our mission property, with our sailing vessel, represents a value of about \$8,000. At

the close of 1913 we had 200 pupils, 19 native teachers, and 72 members. Missionary J. D. Baker returned to America on furlough in 1914, while Missionary Matter and wife, who had been intended for German East Africa, remained there for the time being. Director A. A. Carscallen scarcely had matters in hand again after his furlough when the war caused severe damages. All the stations along the German border had to be forsaken, only to be plundered by the natives. Gendia, our chief station, was transformed into a military hospital, and was burned to the ground December 29. With the buildings, the personal property of our missionaries, our large stock of books, and all our provisions were devoured by the fire; and the station will have to be entirely rebuilt. For a time some of our missionaries helped Brother R. Watson on the island of Rusinga, but later most of them were placed in camp near the Quaker station, Kaimosi. Our missionaries have been able to look somewhat after the schools carried on by our native teachers, eight in all, with about 300 pupils, but the work has about come to a standstill. Our Belgian missionary had to enlist in the adjoining Congo, and has now an excellent opportunity to look about for a good location in that great field, and to become thoroughly acquainted with the situation there, whilst he is being paid for his government service. One of our missionaries went to South Africa. Five numbers appeared of our little native paper, "Jaote Huo," printed on our own press.

18. The German Victoria Nyanza Mission: This mission occupies the southeastern shore of the lake, clear into the Usukuma country. The war caused great tribulations; yet our work is still onward. At the end of 1914 we had 12 main stations, and 13 out-schools in three districts, the enrolment being 2,152 pupils. January 14-20 our missionaries held a large general meeting at Ikizu and in connection with it our first institute for native teachers, 31 taking part, of which 25 passed satisfactory examinations. Our missionaries were not only active with the erection of new stations, teaching, and leading souls to Christ, but they prepared the gospels, a hymn book and a reader in several of the native languages.

May 24, 1914, R. Lusky and family, Brother P. Drinhaus and Sister Barho arrived safely from Europe, being joined at Mombasa by three of our Wapare teachers. Brother L. Aberle had arrived earlier.

June 7, J. Persson with family, and W. Kölling returned to Europe on furlough, the latter expecting to go to Kamerun.

In the first quarter of 1914 twelve souls were baptized; in the second quarter, twenty-five; the reports for the last two quarters have not reached us. This increased the membership to 123; in the lake district 65; in Ushashi, 40; and in Usukuma, 18. The contributions during the first half year exceeded \$600. Our brethren received their last remittance of 4,500 rupees, July 11, but the large freight order never reached them, our English missionaries securing it. V. Toppenberg, suffering considerably from malaria, wrote us December 1. January 30, 1915, we received news from Brother F. Bornath, who had been taken captive on his station and brought to Nairobi, British East Africa, August 4. He and his family were taken to India to be interned.

April 19, E. Kotz received a dispatch from B. Ohme, saying: "News received; here everything well. Palm shot by a patrol; Bornath taken prisoner; Lusky's son Robert died; three stations without workers; our finances good. Greetings. Ohme."

May 27, 1915, Brother F. Winter wrote us a short note, in which he mentions the death of Brother R. Munzig, who was stationed at Kanadi, in the Usukuma country. Before leaving, a letter reached us from K.

Kaltenhäuser, dated June 1, informing us that Missionary H. Palm was shot in his room at the mission, the ball passing through his body from arm to arm. Missionary Munzig was killed by raiding Massais, as he tried to prevent their stealing cattle. Otherwise the work was going on hopefully. W. Kölling, on furlough, is getting out a hymn book in the Usukuma language, at our Hamburg house.

19. **The Pare Mission:** This mission was established in 1903. At the end of 1913 we had four flourishing main stations, 21 out-schools, 29 native teachers, and 2,238 pupils. At a committee meeting held February 24, it was decided to transfer the main station again to Kihurio. On April 20 the printing of an enlarged hymn book containing 100 songs was decided upon. Then the translation of the whole New Testament in Chassu was completed and carefully looked over with the aid of native teachers. In the first half year of 1914, 44 souls were baptized, increasing the membership to 256. Of these, 96 are in Kihurio, 72 in Friedenstal, 59 in Vuasu, and 29 in Vunta. If the baptisms continued, we should have have 300 members at this place now. The contributions reported in the first half year amounted to \$350; the sale of cotton brought \$400. Our mission property is valued at \$8,000. Our news has been rather scanty, but very hopeful. In August and Septeinber, E. Kotz informed us that the work was onward, and that they expected a good baptism shortly. He said that they were all well, and had enough to eat, but that the petroleum was scarce. In August, 1915, we received a postal, dated April 14, which had been taken nearly 1,000 miles overland. This postal stated: "All well; the work progresses. Brother M. Kunze has taken charge of Vunta. Sister Enns has charge of Friedenstal. Financially we are holding out. The Lord is with us. Eighteen were baptized the first quarter. Many greeting to all. A healthy boy was added to our family, named Siegfried, i. e. victorious in peace."

In another letter, dated May 13, E. Kotz writes: "Having received several of our journals from America we hope to reach you by this new way. The reports encouraged us very much, and we are glad that while the work is onward in general, it also advances here. We are rather in a curions sitnation, all cut off from the outer world, but all goes well. Our shoemakershop has done excellent service to many Europeans, and earned considerable money. We suffered no direct shortage of means, though we had to economize. We have sold considerable maize, etc., and the Lord has cared for us always in some way that the oil in the cruse did not fail. We have planted 25 acres of maize. We expect to hold out. We pay our teachers half of their salary, with the hope that the rest will be remitted after the war. They are all willing to work, and the best of all is, that in spite of difficulties souls are willing to walk the narrow path. Eighteen were baptized the first quarter; quite a number are ready for the next. Here at Kihurio a number of older persons have declared their intention to follow the Lord, which causes us special joy. Many thousand greetings to all our brethren and sisters."

20. **The Sierra Leone Mission:** During our visit in November, 1913, we planned for the extension of our work into the hinterland among the Timnies and Mendis. We decided to sell our Freetown buildings to the government, which D. C. Babcock realized, giving us sufficient means to locate a number of mission stations in the interior, whilst the buildings at Waterloo sufficed all our needs near the coast. R. S. Greaves arrived April 7, 1914. E. W. Myers, with the help of W. H.

Lewis, then erected a station near Ma Yosso, in the interior, among the Timnies. Our working force consists of 13 workers, 10 being natives, one of them being ordained. There were 11 souls baptized in 1914, raising the membership to 85; the contributions amounted to \$650.

21. **The Gold Coast Mission:** This mission was opened in 1894. But as no permanent white laborer located here, nothing solid was established until W. H. Lewis reached Secondee October 3, 1915. He traveled nearly 1,000 miles over the colony before he secured a site twenty-five miles north of Comassie, the terminus of the railway, at a place called Aguna. Aguna is the chief town of a district containing six larger villages and a number of smaller ones. The station is located on a hill, a fine spring yielding an excellent water supply. The main school has already 55 pupils; an out-school, 35. On the coast our membership has been reduced from 75 to 45, but the work is now on a solid basis, and lately a number have been baptized.

22. **Nigeria:** This mission has over 10 millions of people in its territory. Until Director D. C. Babcock arrived with several experienced native workers in March, 1914, nothing had been done in this field. R. P. Dauphin settled with S. Morgue at Eurumi, 18 miles north of Thadau, the Yoruba language being spoken in this neighborhood. D. C. Babcock secured another site near Florin, a city of 50,000; all Mohammedans, in West Nigeria, about 100 miles from our other station, and 250 miles from the coast. He expects to erect his building at Shao. Thus the good work is extending on the west coast as well as on the east coast.

23. **Angola Mission:** Here we have three Portuguese brethren. The mission is still calling for a worker. The brethren contributed \$32 the first half of the year.

24. **German Kamerun** would have been entered in the autumn of 1914 had not the war prevented our plans from being carried into execution. January, 1914, I had an interview with the Governor, who was then at furlough. Over \$12,000 has been secured to open up the work, and W. Külling, who had an experience of six years in the Pare and Victoria fields, was to take charge. In the territory selected way in the interior the same Bantu languages are used that are used in German East Africa, and quite a large healthy territory would have been open to us.

25. **German Southwest Africa** would also have been opened during 1914, as we had a family already located in the northern portion, and were making arrangements for their employ, when the war interfered.

26. **The Canary Island Mission** has been in charge of B. B. Aldrich, who sold \$700 worth of our Spanish literature during 1914, and had many excellent opportunities to sow seeds of truth.

27. **The North African Mission** embraces Algeria, Morocco, and Tunis. There are four workers, 45 members; the contributions in 1914 amounted to \$350. Four souls were baptized. In May, Brother Tieche and myself visited this field. We first visited Oran and Relizane, where we have a company of 12 members. Brethren W. E. Hancock and J. Abella are located here. We had two well attended meetings at Algiers, where Brethren J. C. Guenin and R. T. E. Colthurst are at work. After tarrying at Constantine we proceeded to the fine city of Tunis, where surely a worker should be placed soon. Brother Hancock went afterward to Tanger and Tetuan, and would have begun the work in Morocco had not the war prevented.

Institutional Work.

Educational: As our colleges and schools are chiefly depending on the attendance of our young people, they suffered greatly, as many of them were drafted into the various armies. Our largest school at Friedensau, which generally had over 200 young people, has at present only 50, mostly ladies taking the nurses' course, and the 30 students of the Russian department who were permitted to stay after being a short time confined in a military camp. Our school at Skodsborg is well patronized, also Watford, Gland, and Nyhyttan continue their work. There are about 300 pupils at present, with about 30 teachers. In Africa we have advance schools at Waterloo, Kihurio, Majita, and some twenty others taught by white teachers, and forty out-schools, with about 5,000 pupils.

Publishing: Though the war interfered greatly with our canvassing work, in some places it being suppressed entirely, there were 819 canvassers at work, their sales amounting to \$424,870. We are now publishing literature in about 40 different tongues, and journals in 17. Our publishing houses have all done fairly well.

Medical: Our largest sanitarium at Skodsborg was well patronized; also Gland, Caterham, and Watford. In Friedensau over 100 wounded soldiers are regularly cared for in our school and sanitarium. Nine physicians and about 200 nurses are engaged in our institutions. Successful health food factories are carried on in Hamburg, Watford, Copenhagen, Gland, and Västerås.

Financial: Our institutional investment amounts to \$2,300,000, of which nearly two thirds is paid. Our earnings last year were reduced but little, and with the gifts, amounted to \$141,000. No property in Europe suffered from war, only a few of our mission stations on the Victoria Nyanza.

Division Financial Report for 1914.

Tithe and donations show a decrease of \$29,000 as compared with 1913, the total tithe being \$345,597; the donations amounted to \$96,443. The total income of the Mission Board, including \$43,000 of surplus tithe of the three German Unions and also accumulated surplus from the sustentation fund, amounted to \$158,000, leaving a margin, because the staff of our workers was greatly reduced, also the general expenses.

Summary.

Our staff of workers shows a decrease during 1914 from 753 to 692 in the gospel work, but the harvest of souls amounted to 5,528 as compared with 5,625 the year previous, testifying to the increased success of the average worker. There may be some additions yet in German East Africa for the last half year. Had the terrible war not interfered, our gain easily would have risen to 6,000. During the first six months of 1915 our workers declined to 609, or 180 less than the year previous, our gain being 1,743 souls against 2,750 in 1914. Thus the longer the war continues the more its effects will be felt.

The pen can not describe all the difficulties of our workers, and all the sufferings of some of our people; eternity only will reveal the whole story. In Russia more than half of our workers are enlisted, banished, or in prison, and the rest hardly dare to visit any churches beyond the place where they live. Our people have not fared better in the Levant field. But little can be done in the immense territory of the war zone, East, West, and South, where millions meet in bloody fray. Our canvassing and evangelical work is at an entire standstill. Our hopes

for 1914 were so bright, and a large general meeting for the whole division was planned for last summer,—large union meetings well supplied with help from abroad. All this had to be given up; even many of the regular annual meetings had to be omitted.

Yet, in general, our people have stood the test well. The great majority remained faithful to the truth, liberal in giving, active in missionary work, and wise in the hour of trial. In many a military camp, our brethren testified of their hope in Christ. Many of our nurses—brethren and sisters—did brave deeds of love in the hospitals at the front and in the rear. And who would forget our loyal missionaries, who, cut off from every home supply, pushed the work ever forward.

Grim war ruled also 1915; it spreads ever farther, but the harder the trial the more refined the gold, the more severe the fight, the greater the victory. Our division has demonstrated that though the winds are let loose, yet God's work will not stop; even a world engaged in strife can not prevent the advance of the gospel of peace. Terrible as it is, it only increases the longing for the King of peace, and directs honest minds from the perishable things of this world to the bright promises of a better kingdom soon to be ushered in. More earnestly than ever, thousands pray for peace to come. May it come, and with it a new era of progress to the blessed gospel of peace in our division.

THE ASIATIC DIVISION MISSION.

By R. C. Porter, President.

(At the Autumn Council, 1915, the far East was set off into what is to be known as the Asiatic Division Conference. This division embraces Australasia, with its South Sea Island mission field; the India Mission field, which includes Burma and Ceylon; the Philippine Islands; the East Indies, including the Celebes, Java, Sumatra, Singapore, the Malay States, and the Straits Settlements; China, including Thibet, Mongolia, Manchuria, and Korea; and the Sunrise kingdom of Japan.

This most populous territory of the world numbers 879,652,025, a large share of whom sitting in the darkness and shadow of death, are still enshrouded in heathenism.)

The Division Mission in 1915.

The history of our work in these heathen lands during the past year, if written by the pen of inspiration, would read much like the book of "The Acts" of apostolic days. It would speak of God's wonderful providence in opening the way in the Celebes by impelling an unconverted man who became interested through reading, to turn colporteur, and sell a large number of our books in that field.

It would relate the experience of a Buddhist priest surrendering his gods in exchange for the true and living God, and, forsaking all, launching out as a self-supporting colporteur among the millions of his people in China.

It would tell the story of a converted thief turning a missionary, and wielding a telling influence in working for the recovery of his people from the thralldom of heathenism.

It would declare the mighty working of the Spirit of apostolic times in converting a man who had been reared in superstition and tradition

from infancy to the age of 136 years, and leading him down into a burial with Christ, and his arising in resurrection power to lead the Christ life.

It would tell of hundreds turned from the worship of dumb idols to the service of the living God, and of temples from which the idols have been removed, being placed at the disposal of the Asiatic Division missionaries for the extension of the third angel's message.

Limited space forbids relating particular incidents of miraculous power manifested in the unlearned being enabled to read God's Word intelligently in answer to prayer, the cigarette and opium habit being broken in an instant by the power of God, the sick healed, and many illustrations of the most heroic devotion to the message by those who, having been forgiven much, love much, and have surrendered the life in unconditional service of their newly found Saviour from sin.

Much more might have been accomplished if more men and means had been available for the prosecution of the work. But the Mission Board, encouraged by the response to labor performed, is endeavoring to meet the requirements of this growing field. This spirit of cooperation with the workers at the front has greatly increased their courage, and inspired them with new hope to reconsecrate themselves to the task of the speedy finishing of the work. But the Mission Board is dependent upon the contributions of the people for the prosecution of the work. God in love for this last world gave his only Son, and with him gave all for its redemption. Reader, how much will you give toward the extension of this message in its closing appeal to a world in need?

Central China Mission.

The territory of this field has grown during the year by the addition of the two provinces of Shensi and Kansu. One of the most encouraging openings for the work that has been met in all our experience in China, is now to be found in the province of Shensi, in the vicinity of the capital, Sianfu. Through the work of a colporteur from Honan, a prominent ordained Chinese minister, of the Independent Chinese church, has accepted the Sabbath, also one of his leading elders and a prominent layman of that church. These three men attended the Honan general meeting, and were all baptized at that time. They are fine looking, intelligent men. Two live in a place called Gospel Village. There are several hundred inhabitants in the place, and all are Christians. In all the village there is not to be found an idol, or a single bound-footed woman or girl. They have a fine large meeting place. Three schools are conducted for their children. The Sabbath truth is now spreading rapidly throughout that section.

Numerous new openings have sprung up in Honan, Hupeh, Hunan, and Kiangsi. The Bible training schools held this spring served as a great source of help and strength to all the evangelists, and as a result they have done better work than ever before.

Two Chinese ministers have been ordained in the Central China field this year. These are the first Chinese laborers that have been ordained in all Mandarin China up to the present. It means much to the work in this field when we can see our Chinese brethren coming up to the place where they can be set apart fully to the ministry.

Church schools have been opened this year in a number of the stations.

The number of baptisms for the year will go far beyond the two hundred mark.

Most encouraging progress is seen in the colporteur work. For

example, in the one province of Hunan, during the five months from May to September, 7,614 yearly subscriptions were sent in by the Hunan colporteurs to the Chinese Signs of the Times. During the same five months last year less than 1,900 subscriptions were secured in Hunan. But best of all our colporteurs, beginning with this fall, are returning fifty per cent of their receipts to the publishing house, and in addition are paying tithe on their fifty per cent. Previous to this the colporteurs have only been returning twenty per cent of their sales to the publishing house.

Our force of foreign workers has grown smaller during the year, so that at the present time we have but two ordained foreign laborers in all the Central China field with its six provinces.

South China Mission.

The territory of this field is composed of the Provinces of Kwangtung, Kwangsi, Fukien, and the island of Formosa. Mission work is being carried on in six different languages. During the first ten months of 1915 there has been a steady growth in the separate local divisions. Since the close of 1914 our church membership has increased from 421 to 661. Five new Sabbath-schools have been added, and the membership has grown from 1,029 to 1,634. The offerings have increased correspondingly. The total annual offerings last year were \$149.62, Mexican, while thus far this year \$900, Mexican, have been received.

In the Fuchow and Amoy fields there has been marked advances. Sixty-seven believers have been added by baptism, a gain of 47 per cent. The enrolment at the school in Fuchow is over one hundred; the attendance has more than doubled. Land has been secured in the last-named city for a church building and school to accommodate the growing work. \$584.69, Mexican, have been received in tuitions from the different schools during the first ten months of 1915. One church has been organized, and one chapel building secured by the mission. The boys' school building in Amoy is in process of construction, and will soon be completed. During the year one native evangelist of long experience was ordained to the ministry.

The Swatowese-speaking field has received into the church by baptism, twenty-five believers. One church and a school building have been erected, costing over \$1,000, Mexican. The means were provided by the Chinese. During the first ten months of 1915, five new church schools have been opened, and the enrolment has increased 50 per cent. The annual offering from this division amounted to \$320, Mexican, which is very good when we consider that it is the first annual offering taken in this field. The Sabbath-school membership has increased to 400, and the offerings are correspondingly larger. The mission house at Swatow has been sold and a larger piece of land secured much nearer the city, on which there will be ample room for two foreign houses, intermediate schools for boys and girls, and a chapel building.

In the Cantonese-speaking field one organized church has been added; and twenty-two added by baptism. The old Bethel School building has been remodeled, and a training school for young men opened in this building. A good large chapel has been arranged in the front part of the main building. The literature work has received special attention; 1,250 subscriptions for the Signs of the Times (Chinese) secured, which is a gain of nearly 800 per cent over last year.

The Hakka field has added forty members during the year, which is an increase of 74 per cent. One new church with a seating capacity

of 200 has been erected at Waichow. Five new church schools have been opened the past year, and the enrolment of pupils is now 188, an increase of 100 per cent over last year.

The Kwangsi field has received into the church by baptism, thirty-seven people during the year, which is a gain of 50 per cent. One new church has been organized at Wuchow. Two new out-stations have been opened, one of these is at Nanning, the province capital, at which place the headquarters for the work in Kwangsi are being located. One church school with an enrolment of 20 has been opened. Three new Sabbath-schools have been added, making the membership 141, an increase of nearly 100 per cent.

In November, 1914, Pastor W. C. Hankins and family returned to South China from their furlough in the States, bringing with them two young families. Brother and Sister Thomas are located in the Cantonese-speaking field, and have entered the language school in Canton preparatory to taking up school work. Brother and Sister Bates are located in Fukien, and are studying the Amoyese, preparing to take charge of the intermediate boys' school, which reopens the beginning of 1916. Pastor S. A. Nagel and family returned to the States on furlough, being in need of rest, to recuperate health.

On the whole all the workers have been in health, for which we praise the Lord.

Japan Mission.

The year 1915 has been in many respects the most successful year in the history of this mission. Substantial gains over previous years have been made in tithes, offerings, Sabbath-school donations, sales of literature, and in the numbers embracing our views.

A general meeting was held in the new compound at Ogikubo, near Tokyo, in April, at the close of the school year, with all of the laborers of the field present. All the foreign laborers, with their families, and a representation of the Japanese workers, attended the meeting of the Asiatic Division at Shanghai, China, during May. The influence of these meetings was carried into the field, and has been a great factor in the advance the mission has been able to make during the year.

Tent meetings were held in three cities, besides four new "kogishios" or preaching places were opened, and a series of meetings on present truth were held during the summer. Three new stations have been established and a substantial church will be organized in Nagoya, before the end of the year.

At the close of the language school in Tokyo, two more foreign laborers were added to the active field force, and each assumed direction of divisions, making four divisions at present provided with directors, out of the six into which the mission is divided. Calls are in for four more laborers for the two remaining divisions, and to open the work in Hokkaido, which has never been entered with the evangelistic work.

One foreign laborer, Brother F. A. De Vinney, who was acting as secretary and assistant treasurer of the Mission, and manager of the press, passed away on April 21, after a short illness. Two Japanese laborers, C. Okado and Mrs. I. Kuniya died on April 2, and May 19, respectively. These were all faithful to their call, and their works do follow them.

Brother C. C. Hall of the Pacific Press, with his family, joined the mission forces early in the year. Brother Hall is a competent printer and bookkeeper, and takes the secretary and treasurership of the mission, and management of the Mission Press.

Additional interest is being taken in the Young People's Society,

and in the "Fujin Kwai," or Woman's Society, under which the home missionary effort is conducted, and new societies of each have been formed.

At the beginning of September, tentative permission was received from the authorities, and the first church school of the denomination was opened at mission headquarters. The training school for laborers opened October 12, with a few of the old students who are finishing, and 20 new students in attendance. Nearly all of these have been for several months connected with the canvassing work.

Besides the regular publications, but little new literature has been produced by the publishing house. One new book of Bible studies, of 260 pages, has been added to the list of books; but no substantial increase in this line can be made until a new press, type, etc., are obtained. Requisition has already been made upon the General Conference for these needed facilities.

F. H. De Vinney.

Korean Mission.

There has been progress the past year in all parts of the Korean field. At the annual meeting in April the first two Korean workers were set apart by ordination for the gospel ministry, and two of our foreign workers were ordained at the meeting at Shanghai, so now there are seven ordained ministers in this field.

During the year there have been 182 baptisms, so the church membership has increased to about 700. The Sabbath-school attendance is now nearly 1,300, and reports from the field show that the number of interested persons is steadily increasing.

During the year work was commenced in one more of the provinces, and on the large island to the south of Korea, which promises good returns. So at present we are working in twelve of the thirteen provinces, and hope to enter the last one soon.

Literature sales have increased, and the monthly magazine has the largest circulation of any paper in Korea. This line of the work is not yet entirely self-supporting, but it produces splendid results. The use of small four-page tracts in consecutive numbers has been a great help. Many thousands have been used, and we hope for large returns.

C. L. Butterfield.

Philippine Mission.

The past year has witnessed great advances in our work here in the Philippine Islands. We feel to praise the Lord for the progress that has been made. Thus far, we have baptized 201 believers, and expect before the close of the year that this will reach more than 225.

I think it can also be said that there has been a marked growth in grace in most of the members of the churches. There is an increased interest in missionary work, and faithfulness in their Christian duties. Our tithe will also show some gains during the year. Our Sabbath-school offerings will increase from \$150 to about \$250.

During the past year we have been able to translate and publish a large number of tracts and books. In the Tagalog language we completed a 5,000 edition the book "Coming King;" 8,000 edition of the "Gospel Primer;" 8,000 edition of the "World's Crisis." In the Cebuan language an abbreviated edition of "Thoughts on Daniel," of 260 pages. In the Panayan language an abbreviated edition of "Thoughts on Daniel," 260 pages. In the Ilocano language, a book similar to the "World's Crisis." Our monthly paper has increased in circulation until we now print 3,500. One month we published a double number. special

edition of 10,000. We have from 15 to 20 canvassers in the field most of the time selling literature. They are opening the way for meetings in many places, in fact, more than we are able to follow up.

In the month of March, Elders Daniells, Salisbury, Fulton, Johnson, and Porter visited our field. After prayer and careful consideration, it was decided that we should buy a piece of land and erect a printing plant and start a school for the training of workers here in the Islands. This appeal was sent to our American brethren, and they responded quickly in granting us \$20,000 to enlarge our printing work and start our school. The land consists of two and one-half acres, and has been purchased for \$4,500. Our printing building has been erected. It is 74 feet long, and 42 feet wide in the front, and 32 feet at the back. Brother R. M. Wallace and family of Australia have arrived to take charge of our printing work. We are now beginning to build a cottage for Brother Wallace.

We were sorry to lose one of our workers, Brother Floyd Ashbaugh, but he felt he should spend a little further time in school, and so returned to America.

During the year, new work has been opened in Bukawe, Baliwag, San Pablo, and Kawit. Churches have been organized at Baliwag, Cavite, Argao, and Iloilo.

We were very glad to hold our first baptism on the island of Cebu where Dr. and Mrs. Fattebert are laboring. As a result of the circulation of their new book, they find many openings springing up in different parts of the island. Their medical work has also been blessed during the year. At Iloilo in the island of Panay, our first baptism was held and a nice church organized. Elder Adams has a very encouraging prospect for his work at this place. His great lack is helpers to fill the many calls that he finds open for him.

We expect soon to visit Elder Hay at Vigan, Ilokos Sur, and have our first baptism there. A large number are already keeping the Sabbath, and he finds many interests springing up in different places.

This year we sent out our first missionary to other people. Evangelist Leon Roda has been sent to the Ilocano people in northern Luzon.

Many experiences are reported showing the Spirit of God at work upon the hearts of the people. We are truly in the time spoken of by the prophet Joel when the Lord would pour out his Spirit the second time upon his people. L. V. Finster, Supt.

Malaysian Mission.

Progress has been made in this field. The message has obtained a strong foothold in northern Borneo through the labors of Brother and Sister R. P. Montgomery, assisted by native workers. In Sumatra Brother and Sister J. S. Yates have conducted a very successful school with sixty-seven pupils enrolled, mostly Chinese, but among them also Malays, Dutch, Eurasians, and Klings. The school at Singapore has also been doing service in the training of workers. Four Battak boys came in unexpectedly, walking long distances, and are now in training.

The middle of the year A. G. Daniells conducted an institute for workers gathered at Singapore, on his way from India to the Philippines and China, which proved of great blessing to all the workers, it being the first general institute held in Malaysia.

In the autumn, Miss M. A. Yarnell, engaged in school work at Singapore, was compelled to leave the field because of failing health; also Miss P. Tunheim, of the West Java Mission, left on furlough for the

States. Two couples reached the field in the autumn, I. C. Schmidt and wife (for West Java), and J. W. and Mrs. Rowland (for Singapore).

Altogether encouraging progress has been made in the Malaysian Mission during 1915.

THE INDIA UNION MISSION.

By the late H. R. Salisbury, President.

(This report was written by Prof. H. R. Salisbury while in America, attending the Autumn Council at Loma Linda. On his return journey, he lost his life by the sinking of the S. S. "Persia," nearing Egypt, Dec. 30, 1915.)

The India Union Mission has a population of three hundred and twenty millions, and its territory comprises India, Burma, and Ceylon. With headquarters at Lucknow, the field is divided into the following local divisions: North India, Northwest India, South India, the Bombay Presidency, Bengal, and Burma. Ceylon is included in the territory of the South India division.

In November, 1914, A. G. Daniells, the president of the General Conference, landed in Colombo, and before leaving for China three months later, had visited all parts of India and Burma where our work is established. This visit resulted in a more thorough organization of the Indian Union, and the adoption of a constitution. In December, 1914, at our biennial conference held in Calcutta, Brother Daniells conducted a ten-days workers' institute. This was the first visit of the President of the General Conference to India, and it resulted in great profit to the field.

Northwest India.—During the past year a new division was organized called the Northwest, including the territory extending from Delhi and Simla to the Afghanistan frontier. Our entrance into this territory brings us in touch with a new language—the Punjabi. Already Dr. V. L. Mann and Brother Frank Loasby with their families are located in that field, which promises to yield good returns for the effort put forth. At Simla new treatment rooms were opened in July, and have been successful from the first.

North India.—In North India gains are reported from our Najibabad station. At this place we are building a girls' school, and in the same compound a home for Zenana women. This home will be a place of refuge for those who have renounced the religion of the prophet of Arabia, and accepted Christ.

Burma.—The baptisms in Burma the past year not only included Burmese, but Karens, Tamils, and Chinese. The school at Meiktila has been greatly blessed of God in leading several of its heathen students to Christ. The attendance in this school shows a material gain over last year. At Mandalay R. A. Beckner is getting a good start among the English and Burmese, and has opened an Anglo-veracular school in his house, which is being taught by a young lady recently baptized. Up in the Shan States Dr. Ollie Oberholtzer-Tornblaad is holding up the light of truth, and we hope a permanent work has begun among those hardy hill men.

The most important new work in Burma this past year, however, is the establishment of a mission station among the Karens on the Salween River, at Kamanaung, seventy-two miles north of Moulmein. Here through the generosity of the Australasian Sabbath-schools, we have built a comfortable bungalow and convenient dispensary on a beauti-

ful location on the river bank. G. A. Hamilton and wife and Miss Mary Gibbs have located there. This is our first permanent occupation of Karen territory, and has brought us much joy, for these people more than all others in Burma have shown a willingness to forsake their superstitions and accept the gospel of salvation.

Bombay Presidency.—At our biennial conference we changed the name of the West India Mission to the Bombay Presidency, as the name was sometimes confused with our West Indian Union in the New World. Good progress has been made in this division, especially in the work at Kalyan where an Indian church has been organized with seventeen members. At the Kalyan dispensary during the past year more than eighteen thousand patients have been treated. In the month of September alone two thousand and eighty were treated. This work has extended out to over one hundred villages. A class of six nurses with evangelists and colporteurs are in training at this station. The mission bungalow here has been completed, and a school, dispensary, and church building are in course of erection.

Bengal.—In Bengal J. L. Burgess is superintendent, and has located his headquarters in Entally, a suburb of Calcutta. Here a school for Bengali girls is being started, and the Indian church strengthened. L. G. Mookerjee and wife have gone into East Bengal with a view of establishing a new center in that densely settled part of Burma. Karmatar has been made the head station of the Santali work, and R. H. Leech and wife have moved there from Jagadishpur, which will still be used as an out-station in charge of a Santali evangelist. A substantial girls' school for the Santalis is being built on the Karmatar compound, where the training can be carried on under more favorable circumstances than in the crowded buildings at Jagadishpur. As in the Kalyan station on the Bombay side, this Santali girls' school proves the value of the union of medical and educational work in breaking down prejudice and giving permanancy to our work. The past summer a course of meetings for the English has been conducted in Darjeeling by Brethren J. M. Comer and Walter S. Mead. We have now in India, three hill stations, Mussoorie, Simla, and Darjeeling, where regular work is carried on for the English during the hot season.

South India.—An evangelical effort held at Nazareth by our evangelist in charge at that place, E. D. Thomas, resulted in the baptism of eleven new Sabbath-keepers. An out-station has been opened eight miles east of Nazareth with an evangelist in charge. A Sabbath-school has been organized. Twelve or fourteen new Sabbath-keepers is the beginning of the work among the Telegu people, a nation numbering twenty millions. Two evangelists have been employed, and literature is now being printed in that language. Our first fruits from among the Malayalan people, a nation numbering six millions, located in Southwest India, have been baptized. Some message-filled literature will soon be ready for the people who speak that tongue. Fourteen new Sabbath-keepers have been baptized at Pondicherry, and a church and Sabbath-school organized. A new main station and a training school for advanced students has been started at Coimbatore, Pastor G. G. Lowry and wife in charge. The attendance in the school at present is over twenty-five. Brother J. S. James has moved from Trichinopoly to Madras, preparatory to opening up work among the English and vernacular people of that important center.

General.—At Lucknow we have started our Indian training school for Christian workers, with Brother and Sister I. F. Blue in charge. Indians from all our different divisions are in attendance this year. Our

greatest need in India is to have a far larger staff of Indian evangelists who have been trained in our own schools, and who can go to their own people with this last message of warning.

The following workers have come to us since the last year-book report: J. L. Burgess and wife and Miss Della Burroway have returned from their furloughs; Brother and Sister G. F. Furnival for the English school in Mussoorie; Brother and Sister D. C. Ludington for the Burmese Technical School at Meiktila; Roy L. Kimble and wife for the treatment rooms in Simla; and Brother and Sister Roland Loasby; from Australia, Brother C. Parkinson and family; he has charge of our printing plant in Lucknow; Miss C. Manson for the treatment rooms in Mussoorie; Brother A. W. Knight to take charge of the canvassing work in the English language; Brother and Sister Chessam for South India; and Brother Eric Hare for Burma.

From the standpoint of baptisms this has been our best year, and more new language areas have been entered than in any one year in the past. The future for the work in India was never more hopeful nor the workers more confident. In the time of international strife the Lord is giving us peace, and we are able to carry on our work without interruption.

AUSTRALASIAN UNION CONFERENCE.

(No direct report having come from Australasia, we give a few facts only, gleaned from reports.)

A number of new workers have been sent into the island fields. D. Nicholson and wife joined the staff in the Solomon Islands, holding the work while G. F. Jones and wife, pioneers in this region, were on furlough in Australia. These workers have now returned to the field, accompanied by Brother David Gray, who is expected to open work in another part of the Solomon group.

In pursuance of the plan of assisting more largely in the Asiatic work, a number of recruits have gone forward to India, Burma, and China.

During the visit of Elder A. G. Daniells to the Far East, Brethren J. E. Fulton and J. M. Johanson joined him in visits to the Philippines and China.

The Australasian Union Committee took action in favor of the proposed plan of forming a large division conference in the Far East, to be joined by the Australasian Union Conference, the organization of which was perfected at the autumn council of the General Conference Committee.

With the growth of membership in the Australasian Union and the increase of resources, the believers in this field have felt that they should take a heavier burden in carrying the message to the populous mission fields of the Far East.

SOUTH AFRICAN UNION CONFERENCE.

By W. B. White, President.

We are glad that we can report progress in this field in many ways during 1915. God has greatly helped us, for which we thank and praise his name.

Notwithstanding many serious conditions imposed on our field in consequence of the European war, our work is advancing steadily, both among the Europeans and natives, and we have every reason for encouragement.

In our conference and institutional work a number of changes have occurred during the year. Professor C. P. Crager, who had faithfully served our Claremont School for six years as principal, was obliged to relinquish his work on account of failing health and to return to America. There was sent us by the General Conference to take up this work, Professor W. E. Straw, of the West Michigan Conference, who has now entered upon his duties.

Brother G. C. Jenks has also joined us from the Arkansas Conference to take up the work as field missionary secretary. Brother G. H. Clark, who formerly served the Union in this capacity, is now giving his whole time to the home missionary work of the Union.

There has also come to us during the past year Elder G. R. E. McNay, of the Iowa Conference, to take up evangelistic work in our towns and cities. This help from over sea is greatly appreciated, as our working force in Africa is not large. Our European church membership in this Union is only about 700. One thing greatly needed in Africa is more Sabbath-keepers, and to bring many others to the faith we are now putting forth every effort.

More than half of our population in this field is Dutch, and recently there have gone three new laborers into the work who are bilingual, speaking both the Dutch and the English, but giving the most of their time to the Dutch work. These brethren are having success, and souls are accepting the truth under their labors. A number of new Bible workers have entered our city work, laboring among the English.

The year 1915 has also witnessed a great revival of the home missionary work in our field. Our conferences have felt that something must be done to reach the farmers far away from the towns and cities, where the minister seldom visits. Our conferences are now each month mailing to these back veldt farmers 9,000 South African Sentinel and De Wachter. As a result of this work and the correspondence carried on in connection with it, the hearts of many are being opened, and a goodly number have already accepted the truth. A year ago the combined subscription list of the above-named papers was only 285, but during the past year this has been raised to 6,500. We hope to see the coming year our list raised to 10,000. We are printing each month about 25,000 copies of these papers, and they are all going out to the people.

Thousands of copies of "World's Crisis" have already been sold, and large quantities of tracts scattered.

Our biennial conference at Durban last April was a precious occasion, and will long be remembered in this field. The visit of Elder W. A. Spicer to our Union during the year has been greatly appreciated, and proved a wonderful help and encouragement to the work. To build up a stronger ministry in this field, and to keep the fires of home missionary work burning in our churches and conferences will be our principal work among Europeans the year to come. We feel greatly encouraged that our people are responding so willingly in missionary effort.

We are now giving more attention to native work in the large native locations in our cities, and a number of churches are springing up. We hope to be able to build a few small church buildings the coming year in these locations for our native believers.

Unity and harmony are prevailing in this field and our greatest desire is to push the work forward in Africa to its final finish and a glorious triumph.

Rhodesian Missions.

Rhodesia.—In Rhodesia it is almost impossible on account of war conditions to make advance moves. The work of nearly all the missionary societies is simply holding its own till things become more settled. In that part of Rhodesia bordering on German East Africa there is almost continual fighting.

Pemba, Barotseland.—At this mission in northwest Rhodesia the school work has been doing nicely the past year. At present we have about fifty students, twice as many as a year ago, and of an older class. Seven or eight native teachers are ready for out-school work as soon as locations can be obtained. The providence of God seems to be leading us on farther to the northwest, toward the Congo border, and we are anxious to enter this field as soon as conditions will permit.

Extra precautions are being taken at this station against the mosquito, and during the last wet season there was no serious illness among our missionaries resident there. Pastor W. H. Anderson, the superintendent, is assisted by Victor Wilson and wife, and S. M. Konigmacher and wife.

Solusi.—Here at Solusi, our oldest station in Africa, the school work is in a flourishing condition, the mission school being full of a good class of students. Brother and Sister R. P. Robinson are in charge of the school, assisted by native teachers. This mission has eleven out-schools and exerts a noble influence in the country about. Pastor W. C. Walston still has the superintendency of this station.

Somabula.—Some needed buildings have been put up here the past year. The school numbers about thirty-five students. Brother Hubert Sparrow from Zululand connected with their working force during 1915. We found it necessary in order to hold our Shangani station to take this step. A new house is being built on the Shangani Reserve for a European worker, which will be occupied during the dry season only. A call comes to this station from a powerful northern chief for teachers for his people, and the superintendent will soon visit that country to see what opening may be found for the extension of our work. Brother J. N. de Beer is superintendent here.

Glendale.—At the Glendale Mission the work is moving forward nicely. More land is being brought under cultivation on the farm, and a new house is being built for one of the white workers. During the year a new schoolhouse has been built, and the school is constantly increasing in numbers. Fever has troubled the workers somewhat, but not seriously. Here we have five out-schools. Brother T. J. Gibson has this mission in charge.

Tsungwesi.—During the past year this mission has experienced a change in superintendents. Pastor M. C. Sturdevant, who had labored faithfully to build up the work, was obliged to retire on account of failing health, and Brother F. B. Jewell was placed in charge. Brother Sturdevant, after a period of rest, removed to Johannesburg where he is now laboring in evangelistic work both among the Europeans and natives, and God is blessing his work, and souls are coming to the truth. Brother Evelyn Tarr, a farmer of long experience in South Africa, has connected with this station and leads out in agricultural lines, while Brother and Sister Jewell, and Sister Ida Bowen, whose husband died at this station in the spring of 1913, have charge of the school. God is blessing the work here and souls are coming to the light.

Other Missions.

Malamulo.—In Nyasaland our work is still moving forward with a large central school of about 250 students, and 43 out-schools. This country is quite near the German border, and in consequence there is more or less warfare among the contending parties. We shall not at present make any great effort to extend our work further in this field until conditions become more settled. During the past year one of our workers contracted a tropical disease and was obliged to leave the field. His brother and wife, both trained nurses, have responded to the call for laborers, and are now in connection with that station. Following our Durban meeting another trained nurse was sent to Nyasaland. God is blessing our work in that far-away land, and many of Africa's sons and daughters are hearing the glad tidings of the soon coming Saviour. Brother C. Robinson is superintendent.

Basutoland.—Our work here is stronger than ever before. Indeed in this country and the Orange Free State our native work has reached that place where it has been thought best to place a superintendent in charge. Brother J. R. Campbell has been chosen to fill this position, and has entered upon his duties. A couple of years ago a local minister, who for many years was a missionary in the Dutch Reformed Church in Basutoland, accepted the truth, and is now laboring among the Dutch and natives along the border between the two countries. As he has both the Dutch and Sesuto languages, we trust that his labors may be blessed in bringing many of these people to a knowledge of the truth.

At the Emmanuel Mission our building is practically finished. Our dormitory for boys is completed, and we are now ready to invite Basuto young men to our school for training. Already quite a number are with us, and soon we hope to commence our out-school work. Recently six received baptism at this station. A Bible school of ten days was recently held here with our native workers. This was a real blessing in giving them a better understanding of the truth. Brother H. C. Olmstead is superintendent.

At Kolo Mission four converts were recently baptized and united with the church. About five months ago our school and church building was burned by an enemy of our work. We are now erecting a little stone and iron building to take its place. We have here a small church of native believers. Brother E. C. Silsbee is superintendent.

Zululand.—Pastor F. B. Armitage is superintendent of our Zulu Mission. A small school is being conducted here, but we are now arranging to open a boarding school where young Zulu men may be trained as teachers and evangelists. During the past year a new house has been erected for the superintendent, and another cottage is to be built for the European assistant. We trust that in the future this station may be a real light among the Zulus.

Maranatha.—This station among the Kafirs has been doing well the past few years, and God's blessing has rested upon it. Our school at the central station numbers about fifty, mostly young men and women who are preparing themselves for work among their people. Our three out-schools over on the reserve are also doing nicely, and have been the means the past two or three years of bringing many to the truth. A native church of seventy members was recently organized in this locality. Brother A. P. Tarr and family has located far over into the very heart of Kafirland at a place called Umtata. This is probably one of the most densely populated sections of Africa. Brother Tarr under-

stands the Kafir language, as he was raised among them, and is well equipped to commence labor at once. Claude Tarr is superintendent of the Maranatha Mission, and E. W. H. Jeffrey superintendent of the Kafirland field.

SOUTH AMERICAN UNION CONFERENCE.

By J. W. Westphal, President.

In the midst of many difficulties the work has moved steadily forward in the territory of the South American Union Conference.

Union Enterprises.

River Plate Academy.—The River Plate Academy, located near Diamante, Entre Ríos, has closed a successful year. The attendance has been larger, and the prospect of securing valuable workers from among its students is brightening.

River Plate Sanitarium.—The River Plate Sanitarium, located near the Academy, is closing the best year in its history. Only once, and then only for a few days, was it not full. For the most part it has been crowded to the very utmost. A large amount of very successful surgical work has been done. A third class of nurses, composed of ten persons, six gentlemen and four ladies, was graduated.

Publishing House.—The Publishing House, located at Florida, Buenos Aires, is closing its best year. The average edition of our church paper, *El Atalaya*, has been fully 15,000. A second edition of 10,000 of the Spanish book, "The World's Crisis," has been issued. The prospects for the coming year are still more encouraging.

The facilities in all three institutions, the publishing house, the school, and the sanitarium, have been materially improved and increased. With the exception of the school, they have more than paid their way, while the school has met its accounts with the exception of such for which other provision was made beforehand.

Conferences and Mission Fields.

Argentine.—In Argentine about 145 believers have been baptized. The work has been materially strengthened in Buenos Aires and Rocario. A live interest is being manifested among the brethren in missionary lines. The result of the canvassing work is about equal to the best year in the past, and the future is more promising than at any time. The tithe is the largest in the history of the conference.

Alto Paraná Mission.—In the Alto Paraná Mission a score or more have been baptized. We have definitely begun our work in Asuncion. At Villa Rica one of our brethren has been assassinated, whether on account of religion or a grudge of former years is not definitely known. The treatment rooms at Conieules have been fairly well patronized, although the hard times, due in a large part to the European war, has affected the patronage.

Chile.—About 150 believers have been baptized in Chile. The work has been done in the territory south of Valparaiso. At Punta Arenas several have accepted present truth, and are awaiting baptism. One of these is engaged in the sale of our literature. The school at Púa has had a successful year. Considerable work has been done in the interest of temperance with good results. At Púa a large temperance society has been organized. In Chile as in most of the South American republics the people are more ready to listen to the truth.

Uruguay.—Several have been baptized in Uruguay. Owing to the financial crisis the mission has experienced difficulty in meeting its obligations, but the close of the year is witnessing a very material improvement.

Inca Union Mission.

Peru.—Some sixty-five believers (exclusive of the Puno Mission) have been baptized in Peru. At this writing E. L. Maxwell, the mission superintendent, is on a trip in the north of Peru, whence earnest calls have come for some time for baptisms. He reports sixty-three baptized on this trip. In the mountains from Juancayo, in the interior, serious persecution has been felt by our brethren. The religious toleration act has been passed, which will make our work easier.

Lake Titicaca Indian Mission.—One of the most interesting features of our work is still the Lake Titicaca Indian Mission. During the year the church has nearly doubled its membership, numbering now considerably over three hundred. An interesting item is that not one that has been baptized has backsidden since the beginning of our work over five years ago. The interest is greater than ever, reaching out into new territory. The arrival of two new families of workers to this field has cheered those who are trying to push the work among the Indians. Brother Bartoleme Rojas, our first teacher among the Indians, died in September.

Bolivia.—Although earnest effort has been made to establish the work in Bolivia, there have not been very material results.

Ecuador.—Several have been baptized at Quito, the result of labors of C. E. Knight and wife. The anti-Protestant sentiment is still strong, which makes it difficult to secure a regular hearing.

BRAZILIAN UNION CONFERENCE.

By F. W. Spies, President.

The Brazilian story for 1915, were we to tell it only from the standpoint of material conditions, would be many shades darker and more sad than was the one for 1914. The commercial and industrial crisis which had already been burdening the country for several years, grew more tense in consequence of conditions in the country and outside of it. In northern Brazil drought and famine have reduced large areas to suffering and starvation. Such sad conditions certainly evidence that the whole creation is groaning for the liberty of the sons of God, the glad day, when all the horrors and sufferings caused by sin shall forever have passed away. They should also teach us to pray more fervently than ever before, "Even so, come Lord Jesus."

In spite of the difficult financial conditions, our book work has increased nearly 50 per cent. During the year 1914 we sold \$13,312 worth of books (U. S. gold), whereas in 1915 we reached the sum of \$18,745.50. The past year has been the busiest one for our publishing house since its existence. Aside from printing new editions of already existing books and tracts, we printed a 16,000 edition of "Coming King" in Portuguese, and some new tracts. And the first war special journal, of 1914, was followed by second and third editions, which totaled 70,000 copies.

A new Union Conference enterprise has been launched during the year. A new training school for gospel workers located about five miles south of Santo Amaro. Some eighteen students, nearly all Brazilians, have

thus far been enrolled, while at the same time assisting in building up the school. We certainly feel encouraged at the prospect of being better able in the future to educate our young brethren who desire to enter the work.

We have in our union at present 2,017 members, a gain of 321 for 1915. These paid in tithes \$17,033.70, and in other offerings for missions \$3,476.45 which shows a gain over 1914, in spite of the hard times, of \$1,049.15.

Conferences and Mission Fields.

Rio Grande do Sul.—Reports received from this conference indicate that during the year seventy-eight new members have been added. The membership is now 707. At its last session the working staff of the conference was increased by encouraging several promising young people to enter the work. The conference employs ten workers, two of whom are ordained ministers. During the year a special course of instruction has been held for the several classes of workers, including the elders of churches, which continued about three months. A series of gospel lectures were held in connection with the above course of instruction at Candalaria.

Santa Catharina.—This conference has three workers: one ordained minister who is president, one licensed minister and one Bible worker. Owing to the scattered condition of our members, also the poor facilities for traveling, it requires much time to look after the work already established. During the year a new company was raised up in Laguna, a coast town. Twenty-seven new members have been received, the present membership being 355.

Paraná Mission.—The new mission building, with a chapel seating 200 persons, and dwellings for two families, has been dedicated. Richard Sitssmann, the only ordained minister and worker during most of the year, has been kept busy looking after the work in the interior and at the capital. Still he succeeded in holding two series of meetings at Curityba during the year. Two Bible workers will assist from now on. During the year nineteen members were added, bringing the membership up to 153.

São Paulo Mission.—The working force of this mission during the past year has been one ordained minister, (J. H. Boehm having been released to connect with the school), one licentiate, four Bible workers, and eleven canvassers.

São Paulo being the chief coffee producing state of Brazil, felt the present crisis more than some of the other central and southern states, as it seemed impossible to market the coffee on hand. Nearly all the factories were closed for the greater part of the year, throwing thousands out of work, yet the gospel work has moved along encouragingly. A series of tent meetings held in São Paulo, the capital, resulted in adding twenty-nine members, and still others are preparing themselves for baptism. In Espírito Santo do Pinhal a new company of thirty-two has been baptized, with sixteen others preparing for baptism.

During several months a course of instruction has been in progress in the city of São Paulo for Bible workers. Twelve persons are taking the instruction. The book work has grown encouragingly. In 1914 the sales amounted to \$5,567.30, for 1915 they reached the sum of \$8,563.40. During the year eighty members were received, bringing the present membership up to 280.

Rio Espírito Santo Mission.—The work in this mission has made encouraging progress. During the year, the first series of gospel tent

meetings has been held in Rio de Janeiro, the national capital. A second series is now nearing its close. In the older churches there has been an increase of members, some having moved to other states in the republic. The mission working force consists of two ordained ministers and two Bible workers. Two flourishing church schools are being carried on by Brethren Peters and Specht. Something has been done in the book work during the year. The hard times have especially been felt in Rio, but the Lord has been good to his people, and helped them over difficulties. Twenty-five have been added during the year, bringing the membership of the mission up to 300.

East Brazil Mission.— Although the work in the East Brazil Mission was hindered much during the past year on account of the sickness of some of its workers, there has notwithstanding been an encouraging progress. Ricardo Wilfart from Pernambuco reports forty-nine added to the membership of that State. This includes a new company in Santa Maria. The outlook is very encouraging in several places for the future.

A company of twenty-seven was organized at Maceio, the capital of the state of Alagoas, thus giving us a good start in this state. Manoel M. Kuempel is now following up the work in this city, where we left others keeping Sabbath at the time of organization of the company, and who were desirous of uniting with us later on.

We have not yet been able to enter Sergipe, one of the four states comprising the East Brazil Mission. The reason for this is the lack of workers. Also at Bahia we have no worker at present. Seven persons were baptized in Bahia. The present membership is 225.

North Brazil Mission.— In this vast field comprising ten states we are only working in Minas Geraes. One Bible worker and a number of canvassers have been busy during 1915 scattering the seeds of truth. A company of sixteen has been organized during the year, and there are at present Sabbath-keepers in some four or five different places who are awaiting baptism. In 1914 the book sales in Minas amounted to \$735. In 1915 they reached \$6,826.

In closing this brief review, we can but feel grateful for the kind guidance of our heavenly Father during the past year, and as we look at the many and urgent needs on all sides, we can only present these to Him, feeling assured that He who is the Lord of the harvest, will also send the needed reapers, so that His work may not suffer loss.

WEST INDIAN UNION CONFERENCE.

[No report is received from the West Indian Union Conference.]

Early in the year a Union Conference meeting was held on the Canal Zone, Elders G. B. Thompson and M. E. Kern attending from abroad. A ministerial institute was held in connection with the conference.

Plans were laid at the conference for the opening of one new field, the United States of Colombia. Elder B. E. and Mrs. Connerly, formerly of Panamá, were appointed to the new work.

The difficulties of the field have been increased by the breaking of steamship connections on account of the war.

Reports from various fields show that several hundred new believers must have been baptized in the West Indies during the year. Writing from Jamaica at the close of the year, Elder E. C. Boger reported 205 baptisms in that conference alone.

The Union is making earnest efforts to do more work in behalf of the great Spanish Catholic field.

NORTHERN LATIN AMERICAN MISSIONS.

Beginning with 1915, the local missions of Porto Rico, Haiti, Cuba, Guatemala, and Central America, formerly associated with the West Indian Union Conference, were grouped together with Mexico as the Northern Latin American Missions. N. Z. Town, secretary of the General Conference Publishing Department, was asked to take general oversight by correspondence from his office and by occasional visits. During the early part of the year he visited Porto Rico, Cuba, and the Central American fields. In May a camp-meeting was held at La Ceiba, Spanish Honduras, at which time it was recommended that the Central American Conference be divided into two missions, North and South Honduras.

By mule-back journey of eight days, Elder Town crossed Honduras to Siguatepeque, where he visited the school work being directed by Brother Karl Snow. Tegucigalpa, the capital of Honduras, will evidently be the headquarters for the new South Honduras Mission, of which Brother Henry Brown is to take charge.

For the first time the republic of Salvador was surveyed for missionary undertaking, and during the summer Brother John L. Brown was appointed from Cuba to take charge of the work in Salvador. Before the end of the year several Sabbath-keepers were reported.

Brother C. F. Innis, of Cuba, located in Guatemala, to engage in the colporteur work. In the autumn of the year Brother and Sister W. F. Hardt, of the Clinton German Seminary, returned to Guatemala, where several years before they had engaged in teaching. On their own account they have volunteered to continue the English school work formerly conducted by the Mission in Guatemala City.

Cuban Mission.—This mission embraces the island of Cuba and the Isle of Pines. Cuba is nearly seven hundred miles long, and has a population of about two and a half million. Seventy per cent are white, the rest are Negroes, Chinese, and mixed. The Isle of Pines lies about fifty miles south of Cuba. About half of its inhabitants are Americans. Spanish is the language of Cuba, and Catholicism is the predominant religion.

Our work was established in Cuba about ten years ago, but until the last four years the efforts were largely confined to two or three centers on account of the limited number of workers. But since the development of the book work the gospel seed has been carried over practically the whole island.

During this year the students from our Santa Clara school, with Brethren Henry Brown and Harold Lewis from the Washington Missionary College, and Charles Innis, have delivered \$10,500 worth of literature. Among these were also some young ladies who earned their scholarships by canvassing. This is a great victory for a Spanish field. They carried the truth to many families of the higher class where male workers could hardly have secured access. We hope to see some of these young women become strong Bible workers to labor among the better classes.

Believers have been baptized in Havana, Nueva Gerona, Santiago de Cuba, and Dos Palmas. Others are waiting the privilege, while several urgent calls for help are still unanswered. We are unable to properly attend to the interests, much less to follow up new interests which the gospel literature is creating. We hope to greatly strengthen our evangelical work this coming year.

Great faithfulness has been shown in tithes and offerings. During the year over \$2,500 has been received toward the support of the work,

besides what has been given for local church and missionary work. One family turned over all their jewels, some \$300 worth.

During the year four new workers have come to the field; and two others were sent on to Central America. Prof. H. S. Mould, Miss Ruth McCully, and V. D. Hawley and wife are the new workers. Charles Innis and wife were called to the work in Guatemala.

More workers are needed, more means, and more of God's power.

A. N. Allen, Supt.

Haiti.— During the greater part of the year Haiti has suffered from internal political disturbances which ended with the massacre of the president, resulting in the United States assuming the protectorate of the island to establish peace.

Our work was hindered considerably, but our brethren took no part in these political affairs. While some lost heavily of their earthly possessions, yet none lost their lives.

Twenty-six converts have been baptized during the year, chiefly brought to the knowledge of the truth by Brethren M. N. Isaac and J. J. Baptiste. About thirty candidates are still awaiting baptism in the interior.

A church of fifteen members has been organized at St. Marc.

The mission feels the loss Brother and Sister E. A. Curdy sustained in the death of their oldest son Clark, caused by intestinal fever. He died at Cape Haitien, where he was also laid to rest Sept. 13, 1915.

Albert F. Priefer, Supt.

Porto Rico.— For several years it has been our desire to have a suitable chapel to rightly represent our work in the capital of the island. To this end we have worked and prayed, and we are happy to say that our prayers have been answered and our hopes realized. It is a neat two-story building with office, book depository and schoolroom on first floor, or semi-basement. Our school has an enrolment of twenty-six pupils.

As a result of a series of public services held in Moca, a church of twenty-seven members has been raised up, and a neat little chapel built, free from debt. Brother C. E. Moon has spent some time working in the surrounding country, and a number are preparing for baptism as a result.

The cooperation of Drs. Morse and Otis, who are located in the field, has been a source of strength to the work. Our nurses have been kept busy, and their services have been appreciated. Our membership has increased from four in 1910 to 85 in 1915. Our Sabbath-schools have an attendance of 120.

Our colporteurs have been very successful in placing literature in the hands of the people. Recently our sales have fallen off, owing to the fact that two of our colporteurs are attending school, and one has been removed by death. The prospect for the coming year is excellent, for which we praise the Lord.

Wm. Steele, Supt.

The Mexican Mission.— The year 1915 has been a very difficult one for the work in Mexico because of the conditions of the country. During three or four months of the year the workers in Mexico City were shut in, unable to communicate with other parts of the field, yet they continued the work of printing their papers, and carried on the regular evangelical work as at other times, with very little interference. The country is still unsettled in parts, especially the northern and southern. All our workers stayed at their posts and carried on the work, with

the exception of those at Monterey and Torreon. These places suffered so much from the war conditions that many of the brethren moved out and came across the line in the United States. The workers from these places also came out and have been working along the border.

From nearly all parts of the field there came during the latter part of the year good reports, stating that the brethren had all been preserved during the troublous times, and that the work was onward, with quite a number in nearly every place desirous of baptism. We have the names of more than fifty persons who have requested baptism, and there are still a large number besides these that we know are desirous to be baptized at the earliest opportunity.

In Mexico City the work has suffered some because a few families there were mixed up more or less with the political situation. Also from Guadalajara comes the word that few, if any, there have remained faithful. Considering the terrible conditions of the country, the actual suffering for want of food in many places, the great difficulty in getting from one place to another, combined with the perils of the war, it is remarkable that our brethren have been spared and the work in as good condition as it is. We are hoping that soon matters will be settled so that we can visit our companies, confirm them in the faith, baptize those who are ready, and find out definitely the situation in all parts.

It has been thought best, under the circumstances, to print our papers, "Las Senales de los Tiempos," and "El Amigo de los Niños," in the United States for a while.

The workers and brethren in nearly all parts are of good courage and are anxious to press the work, realizing that we are entering upon troublous times, and that from now on we may expect many difficulties; but we also expect to see the power of the Lord displayed, sufficient to conquer all difficulties and carry forward the work to a successful conclusion, giving the warning to all honest souls in a short time.

G. W. Caviness, Supt.

DETACHED MISSIONS.

Hawaiian Islands.

During the year our membership has increased thirty per cent. The tithes increased forty-seven per cent. There was a gain of forty-three per cent in the Sabbath-school offerings; and our tract society has experienced a growth in literature sales of one hundred and sixty-five per cent over the year 1914. L. T. Heaton arrived in October to take charge of the book work, and the Lord is blessing his efforts.

The first year of our training school was a prosperous one, closing free of debt, with a small balance to its credit. The expenses of the school were met by local pledges without aid from the mission treasury. We must have larger and suitable quarters for our school, and we hope the Lord will open the way for meeting this need soon.

We have printed an edition of 5,000 copies of "Helps to Bible Study," in the Hawaiian language.

Our treatment rooms in Honolulu and those at Hilo, have each enjoyed a good patronage the past year.

During the year four of our young people left for the Pacific Coast, to attend our training schools. Fourteen of our young people are now in our schools and sanitariums, in California, securing a training for the work.

F. H. Conway, Supt.

Bahamas Mission.

Leaving Mrs. A. H. Nelson in charge of the work in Nassau, we set sail in January for the Island of Eleuthera to begin a series of meetings in a settlement known as Gregory Town. The Lord blessed the efforts, and after several weeks meetings, ten became obedient to the faith. Several weeks were then spent in binding off the work, after which we went to Harbour Island, the second town in size in the Bahama Colony. Here we held meetings for two months, at the end of which ten more were gathered out. Later another series of meetings was held in another section of the town, at the close of which nine began to obey the commandments.

During the first half of the year Mrs. Nelson looked after the interests of the church at Nassau in addition to her Bible work. Early in July she joined us in the work in Harbour Island. As many homes were open to her for Bible work, she has remained there since, giving Bible studies and conducting the services for the new believers.

Our school, which was opened in October, 1914, with G. G. Coffin and wife in charge, continued successfully during the year. The enrolment during the latter part of the year was between forty and fifty. This, at the rate of tuition charged, was almost enough to make the school self-supporting, the balance being raised by contributions. It has opened again this year with an enrolment of forty-five.

We have no regular canvassers in this mission field, but several of the faithful brethren and sisters do what they can to distribute small books and magazines. Most of the people of the colony are very poor, and are unable to purchase large books. Jas. H. Smith, Supt.

Bermuda Islands Mission.

During the year Elder Eugene Leland has continued evangelistic work in Bermuda, and some new members have joined the church. His wife has conducted the church school at Hamilton. At the autumn council of the General Conference Committee the Bermuda Islands were made a part of the Atlantic Union Conference.

Foot-Notes for Section 2.

(a) The system of educational work outlined by the Educational Department of the General Conference in 1906, comprising sixteen grades, or years of study, is arranged as follows: Church-schools (information concerning which will be found listed under columns 23 to 27 in Table 1), grades 1-8; intermediate schools, grades 7-10; academies, grades 9-12; colleges, grades 13-16.

(b) In compiling the returns, fractions of acres were not included.

(c) The "capacity" of schools is the number of students that may be accommodated in classes, and does not refer to dormitory or boarding accommodations provided.

(d) The grades taught by each should indicate the kind of work undertaken, as outlined in note (a).

(e) Estimated.

(f) In the column indicating laboratory facilities the word "No" occurs where the schools have none; the word "Yes" is used in connection with schools having such facilities. These facilities cover lines of work in various schools as follows: Astronomy, chemistry, physics, histology, zoology.

Schools having facilities for manual training are indicated by "Yes" in corresponding column; those not having such facilities are listed with "No" opposite. These facilities range as follows: Carpentry, cooking, farming, dairying, nursing,

printing, plumbing, horticulture, dressmaking, tent-making, broom-making, brick-making, etc.

(g) Column 15 shows the total number of graduates from all grades; cols. 16 and 17, the number graduated from grades 12 and 16, respectively. Graduation from other grades not indicated.

(h) Column 18 shows the number of students (not graduates alone) entering some department of denominational work during the year.

(i) Assets, etc., included under Loma Linda Sanitarium.

(j) Not in operation during the year.

CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-eighth session, held at Washington, D. C.,
May 15 to June 8, 1913.)

Article I — Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II — Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III — Membership.

Section 1.—The membership of this Conference shall consist of:—

- (a) Such division conferences as have been or shall be properly organized and accepted by vote.
- (b) Such union conferences not included in any division conference as have been or shall be properly organized and accepted by vote.
- (c) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.
- (d) Such division missions and such union missions not included in any division conference or mission as have been or shall be properly organized and accepted by vote.
- (e) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows:—

- (a) Delegates at large.
- (b) Regular delegates.

Sec. 3. Delegates at large shall be:—

- (a) The General Conference Executive Committee.
- (b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by division conferences and missions, by union conferences not included in any division conference, and local conferences not included in any union conference.

Sec. 5. Each division conference or mission shall be entitled to one delegate without regard to numbers, an additional delegate for each union conference or mission, and for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each union conference not included in a division conference shall be entitled to one delegate without regard to numbers, an additional delegate for each conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in division or union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Section 1. The regular officers of this Conference shall be a president, the vice-presidents, a secretary, a treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive committee, and labor in the general interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-presidents: The president of each division conference or mission shall be a vice-president of the General Conference. His duties shall be such as are prescribed by the constitution of his division conference or mission.

Sec. 4. Secretary: It shall be the duty of the secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from division, union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. Treasurer: It shall be the duty of the treasurer and the assistant treasurer to receive all funds and disburse them by order of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except such members as are presidents and vice-presidents of division conferences and presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V — Executive Committee.

Section 1. At each session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the secretary, the treasurer, the vice-presidents of division conferences and missions, the presidents of union conferences, the superintendents of organized union missions, the secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath-school, Young People's Missionary Volunteer, the ex-presidents of the General Conference having credentials from this conference, and eleven other persons.

Article VI — Incorporations, Departments, and Agents.

Section 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory law governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work.

Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In division missions and in union missions outside of division missions the respective executive committees shall

have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Section 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the Advent Review and Sabbath Herald at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two-thirds vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.

Article I — Regular Sessions.

Section 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Section 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two-thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.

Article III—Departments.

Section 1. The work of the departments of this organization shall be in charge of the secretaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV—Finance.

Section 1. This Conference shall receive a tithe from all of its division, union, and local conferences and division missions, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V—Audits.

Section 1. The executive committee shall have the accounts of the Conference and of its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

The Shadow of the Bottle

One of the strongest and most effective weapons against the saloon. It is filled with interesting stories, true to life, of the terrible effects of the liquor curse. The statistics given are up-to-date. The illustrations and cartoons are in themselves a mighty argument for prohibition, and should cause any man who has not fully lost his sense of right, to arouse himself and assist in the banishment of this terrible evil.

The book contains 128 pages, illustrated with pictures that talk.

Paper cover, 25 cents; full cloth binding, 50 cents

The Vatican and the War

This book was not written so much to give a history of the present great European war as to show the relation of the Papacy to this war, and the final outcome. The following is a list of contents: —

CHAPTER

1. "What Meaneth the Noise of This Tumult?"
2. "I Will Exalt My Throne."
3. "The Hammer of the Whole Earth."
4. "As Iron that Breaketh All These."
5. "They Shall Not Cleave One to Another."
6. "And I Saw a Beast of Prey Come Up."
7. "The Woman Which Reigneth over the Kings of the Earth."
8. "Who is Like unto the Beast?"
9. "That Woman Jezebel."
10. "I Gave Her Space to Repent, but She Repented Not."
11. "Wounded to Death."
12. "Mystery, Babylon the Great."
13. "With Violence Shall That Great City Babylon be Thrown Down."

128 pages. Paper cover, 25 cents; full cloth, 50 cents.

Carnie-Goudie Preaching Tents

Seventh-day Adventist preachers demand the best in tents. We know that to be a fact. CARNIE-GOUDIE Tents are used by more S. D. A conferences than any other make. The reason they are so widely used is because they answer every tent question satisfactorily.

Note these points where Carnie-Goudie Tents excel

Canvas—Mount Vernon Army and our own rain-test ducks—the best made.

Rope—Pure unoiled Manila Hemp—made to our order.

Thread—Special quality of almost double ordinary strength.

Workmanship—Sailors and Seamers with the "know how" of long experience.

Pitch—Cut extra high—to stand wind and rain.

Now if you are going to buy tents for meetings this summer, you want the best value you can procure—you want a tent that will stand the practical tests of wind and rain. The CARNIE-GOUDIE S. D. A. Tents are such tents.

Tent Book Free

Write today—now—for the CARNIE-GOUDIE Tent Book. It also gives complete information about Seats, Flags, Lights, Banners, and the renting of complete outfits.

Send for sample of the new CARNIE-GOUDIE Waterproof canvas for Gospel Tents, which is guaranteed for two full years' continuous service.

The World's Crisis

"The World's Crisis" was published to meet a special issue produced by the greatest war in the history of the world. It gives a careful consideration of the Eastern Question and the fundamentals of our faith, and bristles with illustrations of war preparations and scenes at the front, as well as Bible pictures.

The demand for information on the prophecies, and the interest manifested in the teachings of Seventh-day Adventists since the beginning of hostilities, furnish the best opportunities for missionary activity ever presented to our people.

The fact that about 400,000 copies of this book were distributed during the first year of its sale indicates the favor with which it is received. Men, women, and children who never had experience in the sale of literature are disposing of from 5 to 100 copies a day. In fact, the unprecedented reports which are coming in from all parts of the field indicate success never even anticipated in our book work.

This book is printed on heavy paper, has an attractive cover design, and contains

ARMAGEDDON

AND THE KINGDOM OF PEACE

FOR the last eighteen months the world has been stirred by the greatest war in history, in which the people occupying about four fifths of the area of the earth have been participants. Millions have been killed, and many more millions have been wounded and maimed for life. Recent statistics state that during the first eighteen months of the war, 3,000,000 men in the prime of life were killed, over 2,000,000 were taken prisoners, and 10,000,000 wounded. Terrible has been the toll of war. The money borrowed by the contending nations was \$27,061,000,000. The expenditures far exceed this.

So vast is the extent of this war in its influence that President Wilson recently said, "The world is on fire, and our house is not fireproof." Will this war become universal? Is this war foretold in the Scriptures? Is this the Armageddon? What will take place when this war is over? These are questions that have been upon the lips of millions during recent months. Fortunately, these times are foretold in prophecy.

"In earth's dark hour God's Word gives light;
Its rays dispel the thickening gloom."

In the book just published, entitled "Armageddon and the Kingdom of Peace," the prophecies given centuries ago relating to this very time are presented in a most clear and convincing manner. Every one should read this book, and know what the future has in store.

- Foreword. World-Changing Events.
- Chap. 1. The Marshaling of the Nations.
- Chap. 2. The Storm Center of the Near East.
- Chap. 3. Armageddon.
- Chap. 4. The Origin of War.
- Chap. 5. The Great Controversy Between Christ and Satan.
- Chap. 6. The Kingdoms of This World and the Kingdom of God.
- Chap. 7. The Coming King.
- Chap. 8. The Signs of the Times.
- Chap. 9. The Judgment-Hour Message.
- Chap. 10. The Everlasting Kingdom of Peace.

The book is profusely illustrated, and is issued in two styles of binding:—

Paper cover, 25 cts.; full cloth, 50 cts.
