EUROPEAN FIELDS.

In harmony with recommendations passed at the General Conference in San Francisco, March 29 to April 14, 1918, the Division Conference organization in Europe has been discontinued. Owing to war conditions, the General Conference Committee has found it inadvisable to appoint an Executive Board, or Boards, to represent the General Conference in the immediate direction of the work until peace conditions prevail, and representatives of the General Conference Committee in America are able to visit Europe. War conditions have also made it impossible to obtain revised reports of several of the unions. In such unions former matter is reprinted.

Territory: Europe; the Russian and the Turkish possessions in Asia; Persia, Arabia, and Afghanistan; and that part of Africa not included in Rhodesia, British Central Africa, and the Union of South Africa.

Population: 650,000,000.

OFFICERS.

(Reprinted as officered before the war.)

EDUCATIONAL INSTITUTIONS.

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS.

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows: —

	Grades	Years
Intermediate Course	7-10	4
Academic Course	9-12	4
College Course (General)	13-16	4
College Course (Special): —

SURVEY OF THE FIELD.

FOR THE YEAR ENDING NOV. 1, 1918.

The following pages contain a review of the work conducted throughout most of the fields during the year closing Nov. 1, 1918. From some of the fields conditions have made it impossible to secure information.

NORTH AMERICAN DIVISION CONFERENCE.

The total membership of churches in the conferences in the United States and Canada for the quarter ending September 30, 1918, was 92,750, an increase during the four preceding quarters of 5,677. The funds contributed during the four quarters ending September 30, 1918, are as follows: Tithe, \$2,582,325.65; foreign mission offerings, \$1,235,687.98; home mission offerings, \$219,909.54; other offerings, \$331,544.31; total, \$4,369,467.48. The number of persons baptized during this period was 7,167, and the number of evangelistic laborers, September 30, 1918, was 2,751.

EUROPEAN DIVISION.

Owing to conditions brought about by the war, it has been impossible to secure data regarding the work in this Division.

BRITISH UNION CONFERENCE.

M. N. Campbell, President.

[Note.—As the president was in America the greater part of the year, Brother W. T. Bartlett prepared the following brief survey of the work for 1918.]

During the closing months of the war our work in the British Union was beset with difficulties. By reason of restrictions on lighting, halls were almost unobtainable in London. In Manchester, however, our record public effort was conducted, and we expect a hundred converts to unite with us. Elder M. N. Campbell was unable to return from the General Conference until October, and this was of course a handicap.

Finances rose steadily. In the first nine months of 1918, as compared with same period of 1917, tithes increased by \$13,625, missionary funds by \$5,875, and we are sure of at least doubling our Harvest Ingathering.

Figures for recent years indicate that we are now moving forward in membership. In 1913 the net gain was sixty-seven, in 1914 it was 249, in 1915 it was 127, in 1916 it fell to seventy-six, in 1917 it was 108, but in the first nine months of 1918 it rose to 233.

African missions are facing difficulties, but some new workers have been sent out, and the return of peace will allow far more vigorous operations. Reduced paper supplies have hindered in our publishing work, but the sales have gone up considerably in 1918 with the enlistment of lady colporteurs. Both sanitariums have been full to overflowing. The food factory, run to its utmost capacity, has been unable to cope with orders, and this, with other institutions, is planning for early enlargement. The college is crowded, and church school work has been begun.

THE EAST ASIAN DIVISION OF THE GENERAL CONFERENCE.

C. C. Crisler, Secretary.

The readjustments effected at the recent General Conference session, reduce considerably the population of our field; yet within our present lessened boundaries there dwell well-nigh one-third of the human race. The field includes Japan, Chosen, Manchuria, China, and outer dependencies (Tibet, Mongolia, Chinese Turkestan), the Philippines, Siam, French Indo-China, British Malaya, and the Dutch East Indies. The peoples in these lands number 576,922,725. With such a field, the laborers must ever be watchful of opening providences, and must advance determinedly, claiming by faith the victory that lies before.

A Year of Advance

Perhaps the most outstanding feature of the statistical report of the East Asian Division of the General Conference, for the year closing December 31, 1917, is the record of a thousand baptisms in heathen and non-Christian territory. This includes upwards of one hundred baptisms in the India Union Mission. The number of baptisms in Asia falls far below what we had hoped for; yet the records are such as to give promise of much larger returns in future.

The progress of our Asian work can be determined more accurately by the spiritual development of the churches, by the *esprit de corps* of the laboring forces, and by the advancing lines of missionary endeavor, than by any mere array of statistics showing growth in numbers. We are, nevertheless, glad to be able to report an increase in membership, the East Asian Division fields at the close of 1917 (exclusive of India and Australasia) having 4,656 members of organized churches, with 822 other baptized believers — a total of 5,478.

Biblical Institutes

The past year in the Far East has been characterized by several carefully directed efforts to build up the church membership in the most holy faith, and also to add to the constituent strength of some of the smaller groups of believers. The Biblical institutes held have brought courage and spiritual power to many of the laborers, and have given also a grasp of the fundamentals of gospel truth, which adds materially to fitness for successful soul-winning service.

Literature Sales

The past year has seen an increase in the amount of gospel literature sold, notably in the Philippines, where during 1917 the total sales amounted to \$20,940.26, gold. The North China Union came second, with \$9,543.17, followed closely by the East Asian Union, with \$9,142.86. The Malaysian Union sales totaled \$3,143.54; the South China Union, \$2,994.47. Aside from the Philippines, where a goodly number of subscription books have been published, the sales have been mostly in the form of monthly and quarterly magazines, and some small tracts and pamphlets.

The reports for the first quarters of 1918 reveal a substantial increase in some portions of the field. In the Philippines, where the sales were so large in 1917, the sales for the first six months of 1918 almost equaled those for the entire preceding year, amounting to \$19,315.55 for the six-month period. During the ten months ending Oct. 31, 1918, the Philippine Union book sales were \$40,000, gold.

Educational Work

In several of our educational centers the attendance has increased, especially in the North and the South China Unions. Industrial features are being introduced to some extent in our training-school at Manila, thus making possible the attendance of several who otherwise could not meet their expenses. An increasingly large number are earning their way through school by means of the book-sales scholarship plan. In the Soonan Industrial School our Korean students are largely self-supporting. This past season the crops have been unusually good, and the orchard, chiefly apples and pears and peaches, is beginning to yield fair returns. Our training-school in the Malaysian field, at Singapore, has had a most successful year, many youth being in attendance, and several nearing the time when they can go out into active service. By another year it is hoped that permanent quarters may be provided on the new mission compound in Singapore for our Malaysian Union Training School. In China the training-school in Shanghai has had a good year, although the attendance has not been large; but upon reopening for another year in October, 1918, the number present is encouragingly large. The Honan Intermediate School, at Yencheng, in the heart of inland China, has had a most prosperous year, and is entering upon another year of promise, with many earnest young people in attendance. Groups of youth in training in many places, such as those that have been named, form a substantial basis of hope for days to come, when the closing message will be sounding quickly all through these lands.

Tithes and Offerings

Measured by the financial ability of the rank and file of the believers in Eastern Asia, the tithes and offerings fall considerably below the average that should be reached. This lack is being dealt with in part by the publication of a tract on the tithe system. Already this has been printed in Japanese, Korean, Tagalog, Mandarin, and Wenli. Most of our constituency can be reached through these languages. Decided personal efforts also have been made by the union and local conference presidents and other leaders, to raise the standard as regards tithes and offerings. Already some increase has been observed in sections where the tithe question has been set before the churches in a plain way. The general offerings and the Sabbath school offerings for missions are slowly yet surely increasing, the goals for the past year having been reached. Harvest Ingathering funds have helped to swell the totals; but still the financial returns from our churches are insufficient for meeting the demands of a growing work. In the Philippine Union, where many books are being sold, the problems of self-support are being most nearly met. It is to be expected that as the sales of literature increase in other lands, similar results will be realized.

One of the most promising features of progress during the past year is the definite aim of an increasingly large number of organizations toward partial self-support. In our publishing work, our medical work, our educational work, and to some degree in our evangelistic work, real progress has been made along the line of self-help; and the end sought after is not beyond our reach. By the grace of God we, as his stewards in these Far Eastern lands, are determined to lead our brethren and sisters of the church of Asia into the fullness of blessing that comes with the exercise of the grace of giving.

Medical Work

In most portions of our field medical missionary work is more or less a part of the daily routine of evangelistic workers with some knowledge

of the nature and treatment of disease. Purely medical work is carried on in only a few centers, as we have but few physicians and graduate nurses. The principal medical institution is the Shanghai Sanitarium, which during the past year has ministered to the needs of several of our workers who otherwise might have had to return to the homelands on furlough. Recently the Shanghai Sanitarium has been asked to administer for a period of three years the Chinese Red Cross General Hospital in Shanghai, and this has placed at its disposal commodious quarters and other facilities that bid fair to assist materially in placing this institution on vantage ground.

In Soonan (Korea), Nanning (Kwangsi, China), Fatshan (Kwangtung, China), and Yencheng (Honan, China), well-equipped dispensaries have been in operation during the year, with beneficial results both to thousands of patients and to our general mission work.

A practical medical book, adapted to Oriental needs, and containing gospel truth as well as mere medical instruction, has been completed, and already has been published in the Tagalog and the Wenli. The sales of this book during the first few months it has been on the market have almost equaled the sales of the smaller Mandarin medical book which has been in circulation for three years.

The Outlook

From the peoples of Eastern Asia God is today gathering out a goodly heritage. Light is breaking upon hearts long darkened by error and superstition. Those who yield fully to the guidance of the Spirit are rapidly advancing into a knowledge of transforming, sanctifying truth; and these in turn are becoming ministers of righteousness.

It was in Asia that the glad tidings of salvation were first heralded. Now, in the closing generation of earth's history, God is bringing to these peoples a full knowledge of saving truth, in final preparation for the coming of our Lord. To the carrying out of this divine purpose so soon to be consummated, many in Asia are dedicating their lives and their all.

INDIAN UNION MISSION.

W. W. Fletcher, President.

Within the territory of the Indian Union Mission is found about one-fifth of the population of the world. These millions are crowded into one-thirty-fifth part of the land surface of the globe. In India more than three times the population of the United States live in a territory only half as large.

There are said to be 147 languages and dialects in use in India, twenty-three of which are spoken by upwards of one million people. Three languages, however,—Urdu, Hindi, and Bengali,—provide mother tongues for 160,000,000 people, or half the population of the Indian Empire.

The work of the third angel's message has been begun in thirteen languages, and these might be made the means of reaching by far the greater part of the people of India.

The message is printed in eight languages at the union mission press at Lucknow, and in four other tongues in the local fields.

There are five local divisions in the Union, bearing the following names: North India, Bengal, Bombay Presidency, South India, and Burma. Ceylon is included in the territory of the South India Mission.

North India

This large division of the field contains 112,000,000 people. Work is being carried on in the Urdu, Hindi, and Punjabi languages, in each of which literature is being published. A boarding school for Indian boys is being operated at Najibabad, and a similar institution for Indian girls at Hapur, both in the United Provinces. At Churharkana a large medical work is being carried on among the Punjabi people. During 1918 an effort was made to collect fees from the patients sufficient to cover the cost of medicines, and the support of Indian hospital assistants and native servants, and this has been entirely successful.

The work is being carried on regularly from nine central stations in the North Indian Mission territory, in six of which the effort is exclusively in the vernacular.

Bengal

There are about 91,000,000 people within the territory of our Bengal Mission, which includes the provinces of Assam, Bihar, and Orissa, besides that of Bengal. Our work has thus far been developed only in the Bengali and Santali languages, the former spoken by about 48,000,000, and the latter by 1,250,000 people. Boarding schools for boys and girls in both these languages are being conducted, and are doing much to prepare the way for larger developments.

In August, 1918, Brother and Sister H. E. McWhinny, and Brother and Sister L. A. Semmens arrived from America to strengthen our mission force in the Bengal field.

Bombay Presidency

In this field our work is being carried on in the two leading languages, Marathi and Gujarati, although we have as yet no foreign worker speaking the latter tongue, our efforts thus far being confined to the circulation of Gujarati literature.

During 1918 Sister E. E. Bruce returned from a furlough spent in America, and is now engaged in the English Bible work in Bombay city. Brother Clive M. Scanlon also has returned to India during the year, after having spent some years in our missionary college in England, and is now laboring in Bombay in our English evangelistic work.

Burma.

In this field the work is being carried on in the Burmese and Karen languages. There is also an English effort being conducted in Rangoon city. One of our Telugu brethren is laboring in the same city for the Indian population, which is very great.

Altogether we have eight foreign families connected with our work in Burma.

The superintendent of this mission, Elder C. F. Lowry, and Mrs. Lowry, although not very long resident in the field, and burdened with official responsibilities, have persevered with the study of the language, and passed the first examination in Burmese. This is opening the way for them to enter into the vernacular work more directly, and maintain a more close personal contact with the Burmese workers of the mission.

South India.

In this field work is being carried on in the Tamil, Telugu, and Malayalam languages, in each of which the message is being proclaimed by

preaching and by the circulation of the printed page. Additional help has come to the South India Mission in the persons of Brother and Sister E. M. Meleen, who have located at Bangalore, in charge of the South India Training School, and Brother and Sister H. L. Peden, who have entered the Telugu field. A promising feature of the South India work is seen in an increasing number of responsible Indian workers..

General.

In connection with the Union Mission there is the work of the International Tract Society, the Lucknow Training School for Indian Christian Workers, and an English boarding school at Mussoorie, a northern hill station. Treatment room work is being conducted at Simla, Mussoorie, Calcutta, and Bombay. The treatment room work in Bombay has been started during the past year, and is being carried on by Brother and Sister R. L. Kimble.

The income of the India Union Mission from tithes and offerings locally received has increased sufficiently to allow of the local support of all Indian evangelistic and medical workers during 1918. During the year 1919 the financial support of the educational work of the Union Mission (excepting the support of the foreign workers) will also be provided from local funds. The believers in India and Burma are giving the most warm hearted support to this self-reliant endeavor.

SOUTH AMERICAN DIVISION OF THE GENERAL CONFERENCE.

O. Montgomery, Vice-President for South America.

The year closing with the third quarter of 1918 has been one of progress in every department of our work throughout the South American field. We have eight republics, seven of whom speak the Spanish language and one the Portuguese,—with a total population of 49,042,399.

There are two Union Conferences and two Union Mission fields, comprised of four local conferences and fourteen local mission fields with a force of one hundred seventeen employed laborers, which is an average of one laborer to every fifty-eight members.

One year ago our membership was 5,694. During the year there have been 1,209 baptisms, which means one person baptized for each 4.7 members. Our net gain, however, is 1,103, which brings our present membership up to 6,797.

It is also interesting to note that since the organization of the South American Division in January, 1916, we have added nearly one-third to our membership.

The total tithe for the period was \$61,708.63, a per capita of \$9.07. The total offerings to foreign missions were \$14,397.87. These are very substantial gains over the report for the previous twelve months.

The arrival of several new workers to connect with the different fields has been a source of strength and encouragement. Among these new recruits were: Elder J. H. McEachern, who comes as secretary of the Publishing and Home Missionary Departments, and Brother E. Everest, as manager of the Publishing House. With the larger plans for and better organization of these departments, and this strong general leadership, we look for such an advance move in these departments of our work as has never been seen before in South America.

The total book and periodical sales for the past twelve months have reached the handsome sum of \$118,688.39. This is a record breaker for this field. Everywhere doors are opening wide for the message of truth. Earnest calls are coming that we cannot answer. On every hand is found a spirit of earnestness and anxiety to know what the present mighty world happenings portend.

In some of the most difficult sections our workers are having unusual success. A licentiate pioneering in Peru, writing under date of September 25, says: "Already during this year there have been sixty believers baptized, and there are many more preparing themselves for baptism." This is an indication of the awakening that is seen on all sides. Surely this is the day of opportunity in South America.

AUSTRAL UNION CONFERENCE.

By J. W. Westphal.

Since the last brief review of the work in the Austral Union Conference for the 1918 year book was written, the cause has been making steady progress. In Argentina some ninety souls have been baptized. These have been added at Buenos Aires, La Plata, Rosario, Babjo Blanco, Parana, Reconquista, Ocampo, and other places. The church membership is now 1,151. Over twenty have been baptized in Uruguay, six of them in Colonia Miguelete, the larger number of the remainder in Montevideo. Over forty have been baptized in the Alto Parana Mission,—nineteen of them at one time at Bowpland. In Chile there have been ninety-six baptisms,—at Valparaiso and suburbs, Santiago, Los Andes, Calera, and other places. A goodly number have accepted the message at Los Andes, and the interest is still good. In the extreme south in the Magellan Mission, at Punta Arenas, a church has been organized with eleven members, nine of them newly baptized, and it has been enlarged by the baptism of two since then. Our committee has just voted to open up the work in the important city of Mendoza at the foot of the Andes mountains, and before the year is ended Brother James T. Thompson, providence permitting, will be located there. In all these countries there are many openings and urgent calls for work that it seems impossible to fill.

Our literature sales for 1917 was over \$59,000, and there is every prospect that the end of 1918 will find this surpassed. Our colporteurs are meeting with excellent results. In the home-missionary department special attention is given to the circulation of literature. The average monthly edition of our missionary paper, *El Atalaya*, is above 20,000, and just now a special after-the-war number of extra size is on the press, of which 75,000 will be printed. With each passing year our literature is very rapidly gaining in favor with the public. It is not an unusual thing to hear the people say that it contains the truth. With the sale of our books, tracts and papers, there is also an increased demand for Bibles, of which our colporteurs sell not a few. Our printing house is being taxed to its limit with work, as are also our translators, whose number has been increased by one. The new business manager of our publishing house, E. W. Everest, has arrived and is taking hold of the work with courage and hope.

Our sanitarium is concluding the best year of its history. It now has a finely-equipped operating room, and it is hoped that soon other greatly

needed improvements, such as porches and modern laundry, may be added.

The union school in Argentine has completed a good year. The attendance did not increase as we had hoped,—being nearly one hundred, besides the nurses who take some of their work there. From the school and sanitarium several new workers will enter the field soon. While the work done in the Chile school was not large, the work done has been excellent, and it has met with favor among the patrons throughout the conference. It is believed that a good foundation has been laid for its future development. Several of the students will soon go out as colporteurs or Bible workers.

BRAZIL UNION CONFERENCE.

F. W. Spies, President.

The time has again come to give, in a few words, a brief review of what the Lord has accomplished through his servants who are promulgating the closing gospel message in this great country, during the year just closing.

From a temporal standpoint, conditions have not improved; in some respects have rather grown more strenuous. As the year draws to a close, the "Spanish influenza" has found its way across the waters, and has in its reckless career carried thousands of unprepared souls to their graves in different parts of the republic. Yet as we take a retrospective view of what has been accomplished, we feel to thank the Lord that in the midst of such a time of trouble he has so abundantly blessed us.

Publishing Work.

Whereas the difficulties in the matter of obtaining materials have caused all sorts of perplexities to publishers ever since the war began, we ventured at the beginning of the year to start the publishing of a missionary magazine entitled *Signaes dos Tempos* (Signs of the Times). The circulation of the paper was undertaken by our people with genuine enthusiasm, and our editions have increased from 15,000 in January to 20,000 in November.

Our book work seemed to stagger for a time under the strain of new war conditions, some of our colporteurs leaving the field, but soon it forged ahead; our sales going above those of the previous year by more than three thousand dollars.

Educational Work.

Our Training School for Christian workers is having the best year of its existence. Some sixty-three young people of both sexes are in attendance, evidencing a good spirit and also an appreciation of the privileges they enjoy. But we have been crowded to the extent that a new boys' dormitory has become necessary. We are thankful that our recent General Conference made provision for this need. On our school farm brick are now being made for this new building.

In the Fields.

Rio Grande do Sul.

According to reports received from this conference, its membership has increased to 883. Although another ordained minister has been sent

to Rio Grande, the working force of the conference is yet too small for the large territory, as it seems almost impossible to meet the demands from many places for more workers.

Santa Catharina.

Reports from this conference indicate that notwithstanding the many perplexities the work encountered during the past year, some progress has been made. The present membership is 413. Book work was begun in this field near the close of the year. The results thus far obtained, give ground for expecting that much will be done in this line to spread a knowledge of the gospel among the people of Santa Catharina.

Paraná Mission.

The work in this mission has made some progress. It is handicapped at present by the fact of not having an ordained minister. During a part of the year two colporteurs have been distributing our good literature, and interests to hear the gospel preached are springing up in various places. The present membership is 235.

São Paulo Mission.

In São Paulo, as in all our other fields, the progress of the work is hindered by a lack of efficient help. This lack has been so great at times that the work already started could not be followed up properly, not to speak of the impossibility of answering calls for workers in new places. Somewhat more has been done in answering the calls during the past year than formerly, yet the limited working force does not permit justice to be done to the interests constantly demanding attention. Our colporteurs are delivering thousands of dollars' worth of our literature in this mission. Present membership, 349.

Minas Geraes Mission.

The Minas Geraes Mission has had more help during the past year than formerly; still the size of the field and the many urgent demands made upon the workers in it, make the present force of laborers altogether inadequate.

Our colporteurs have been doing a good work in this mission during the past year. The present membership is 153, which is more than double what it was a year ago.

Rio-Espirito Santo Mission.

This mission has labored under the same difficulties as have the other fields. The superintendent has been tied to the capital (Rio de Janeiro) for more than a year, not having any one to carry on the work in his absence, should he visit other parts of his large field. The progress made, however, at Rio has been very gratifying, in that a larger number have been baptized there during this year, than in any previous year. The present membership is 408.

North Brazil Union Mission.

Concerning this vast field of eleven states, of which one is more than three times as large as France or Germany, we can only repeat that there are in it at present only two evangelists. We are hopeful, however, of being able to furnish a better report for this field the next time, as according to present prospects, other laborers will go up into that section in a few months. The present membership is 285, a gain of fifty-eight the past year.

THE INCA UNION MISSION.

E. F. Peterson, Superintendent.

The writer arrived in the field in August, 1918, to take up the duties laid down by Elder E. L. Maxwell, who had to return to the United States on account of the failing health of Sister Maxwell.

A great uplift was brought to the work through the visits of Elders O. Montgomery, J. W. Westphal, and J. H. McEachern enroute to, and returning from the General Conference.

A survey of the work in the Union, comprising Ecuador, Bolivia, Peru, and Lake Titicaca mission fields, reveals many items of interest and progress. The gain in membership is about six hundred, making a present total of nearly 1,700. Our records show about six hundred baptisms by our ministers during the year, the larger part in the Lake Titicaca field. Scores of others are awaiting and preparing for this sacred rite. The tithe receipts show a substantial gain over any previous year. Many of our companies and isolated believers have difficulty in getting their tithe and offerings to us owing to the insecurity of remitting money through the mail, and living at too great a distance to bring it personally. The offerings for missions for the first nine months were \$606.62, against \$397.96 for all of 1917. The literature sales for the same period of this year were \$8,604.75, representing a gain of \$2,532.78 over all of 1917. Brother E. H. Wilcox has promoted the book work of the union for the past year, having come from the United States for that purpose. For some time previous to his coming, the colporteur work had no one in charge.

Other workers have come to the field from the States during the year, adding greatly to the working strength of our field. God is going before us preparing the way for the workers to enter. The field is ready for the harvest.

The need of a central school to educate the children and to train native evangelists, teachers, colporteurs, etc., has been felt for some time, and in March or April, 1919, it is planned to open such a school in Lima, which we believe will prove all we hope for in this line. Brother H. B. Lundquist came from the United States in August, 1918, to take charge of and develop the educational work. Our work will make more rapid progress when we get a few natives trained to carry the message to the interior of the field.

Peru Mission.

This mission comprises all of Peru, excepting that part in the Lake Titicaca field. Elder L. D. Minner is superintendent, having arrived from the United States about a year ago. To October 1, sixty persons were baptized, and two new churches organized, one with twenty-five members at Contumaza; and the other with twenty-nine, at Ascope. Thirty-three of these members joined by baptism. The Peru Mission now has a membership of more than three hundred. The tithe will reach about \$1,400 for the year. The literature sales are well beyond those of last year. Numerous and urgent calls come by mail and personal messenger for workers to be sent. Many make inquiries as to our faith. Truly the Spirit of God is stirring up the honest in heart to seek the light of the message for today.

Ecuador Mission.

Though this has been one of the most difficult fields in our union to work and secure results, yet we are glad to report a new era for the work there. Brother John Lorenz has charge, and is anxiously awaiting

recruits who have been promised for some time. In the cities and towns along the coast, many interested people are calling for help, some of whom have been waiting for two years. The literature sales show an increase of more than \$1,200 over last year. With the prospect of additional workers in this field, we look for a more rapid development.

Bolivia Mission.

Elder W. R. Pohle is superintendent here, and is much encouraged with the outlook in the field. During the past year, Brother L. G. Beans came from the United States to superintend the colporteur work. A colporteurs' institute was held, and four regular men are now in the field, resulting in an increase of book sales of more than \$1,200. Elder Pohle reports several new Sabbath-keepers and an earnest spirit of inquiry from many others. Work should be started among the Indians of Bolivia, who comprise nearly three-fourths of the population. We are confident a mission among these Indians would prove very fruitful.

Lake Titicaca Mission.

Here one sees one of the marvels of modern missions. Though the laboring force has been weakened by the absence of Elder F. A. Stahl, who has been taking a well-earned furlough in the United States a greater portion of 1918, and the necessary removal from the field of three mission families, on account of ill health, caused by the high altitude, yet great progress has been made. To October 1, 517 were baptized during the year. At that date, the membership was 1,357.

It is planned to open a health recuperative station at a lower altitude where the workers may go two or three times a year and secure relief from the ill effects of the high altitude. At the same time while recuperating, they can do some work for the people within reach of the station. Workers will thus be saved to the field who now have to leave permanently. It is a great loss to lose these families after they get acquainted with the work, the language, and the habits and customs of the people.

During the last few months the Pomata mission station has been completed. The Ilave Pampa district has been ready for a pastor to commence building a station for over a year. It was planned for Brother and Sister Orley Ford to take the burden of that station, but on account of the sickness of Sister Nelson, Brother and Sister Nelson had to leave the field, and so Brother and Sister Ford were asked to take the Pomata Mission. The Ilave Pampa district is still waiting for a pastor. We have already 185 baptized believers in this place with only a native in charge. Also four schools have been successfully operated in the Pampa during the year.

This year we have conducted twenty-six mission schools with an enrolment of 250 more students than in the nineteen schools conducted last year. If we could have had the teachers, we might have had fifty schools. From all directions calls have been coming for mission schools, but only a few of the calls could be answered this year. Two men came two hundred miles to plead for a school and mission among their people. It is hard to refuse such earnest pleas, but what can we do with only meager forces in territory already occupied?

SOUTH AFRICAN UNION CONFERENCE.

W. B. White, President.

The work is onward in this union, and is making steady progress in all departments. The country, for the past two years since the terrible drought was broken, has been quite prosperous, and farmers and merchants, and indeed all classes, have been doing well financially. Prices have been high, but possibly this country has felt the effects of the war as lightly as any of the nations of earth.

In our conferences the work the past year has steadily gone forward. Our ministers and Bible workers are enjoying a measure of success, and souls are continually coming to the light. Recently with but little effort, seventeen white adults accepted the truth near Kuruman, British Bechuanaland, the country in which Moffat labored so earnestly for the native people years ago. A small church has now been organized at that place. Another company is now being developed in the city of Queenstown, and a goodly number of souls have recently come to the truth in the Aliwal North district, and others in Bloemfontein, Johannesburg, Durban, and other places.

During the past year new church building has been completed in Johannesburg, another in Salt River near Cape Town for the colored people, one is in process of erection at Taungs, Bechuanaland, and still another in Bloemfontein.

On our mission stations the spirit of evangelization has been strong, and many native people have been brought to the light. We are sure that our reports for 1918 will show that it has been the best year in the history of the South African native work. A year ago we planted a mission station on the border of the Congo, and named it the "Congo Border Mission." This station is getting started in its work, has already a good school, and is now putting up some permanent buildings. During the year steps have been taken to enter the Belgian Congo, and two brethren have been into the country exploring, with the result that a location has been settled on for a station, and we are applying to the government for purchase. We hope during the next year to be able to enter this country with its 15,000,000 people, who as yet know nothing of the truth. Over in the Transkei country we are getting our mission in shape among the Red Kaffirs, and hope to be able to begin school in February (1919).

The past year has been a prosperous one in our subscription book work, exceeding the sales of any year in the history of the field. We feel that the Lord has helped us greatly in securing books from over sea, and as money has been quite plentiful in the country these have sold well among the people. We are expecting the coming year to make a strong campaign for our papers, for through this medium many minds are being awakened to the truth. We shall keep an agent in the field going from town to town taking subscriptions, for we feel that with our limited evangelistic force which cannot possibly reach the whole field, we must do all we can with our literature. This year in our "paper week" the members of our churches secured among neighbors and friends 1,366 yearly subscriptions to *Sentinel* and *De Wachter*. The year before 898 subscriptions were secured.

During the year we have made a very substantial addition to our sanitarium at Plumstead, which has nearly doubled its capacity. This enlargement has been a need for many years, and was made none too soon, for every room is now filled with patients.

During 1918 there has been no advance school work done in the South African Union. We are now establishing our school in a rural location, and for one year we were obliged to discontinue the higher grades. The lower grades have been carried forward in a good church school at Claremont. The old dormitory building was taken down and most of the lumber sold at a good price. Some was shipped to the new location. We hope that early in 1919 we can begin school on the farm.

We feel that the work in the South African Union Conference is taking a firmer hold on the minds and hearts of the people each year, and with courage and faith we press on.

NORTH LATIN-AMERICAN UNION CONFERENCE.

E. L. Maxwell, President.

The North Latin-American Union Conference was formed at the General Conference in 1918 to embrace all the territory formerly covered by the North Latin American Missions, and a part of the West Indian Union Conference.

The new organization began operation July 1, with Elder R. W. Parmele as president, and Elder C. E. Knight, as secretary, the office being located in New Orleans, La., on account of the difficulty of moving about in the field due to the war. We are hoping at an early date to be able to transfer our Union headquarters to some point in the field as may be decided upon.

In the union is located the Colon branch of the Pacific Press Publishing Assn., whose building operations were held up owing to the restrictions imposed by the War Department, but we have just received word that these are now removed, and we expect this building to be rapidly completed. This publishing house will furnish literature for all local fields in our union, and with the splendid transportation facilities which Colon offers, we shall be able to reach every part of the field very readily.

Mexican Mission.

The situation in Mexico is much better than last year, though it is far from ideal. Very few of the foreign workers have returned, while some who were here have left.

Beginning with the April issue, our paper, *Las Senales*, has been published in Mexico City.

Elder J. A. Leland who was in charge of the work in Monterrey has returned to the States, thus that important church is left without foreign help. Brethren C. P. Martin and S. Marchisio have worked in the state of San Luis Potosi, and in some parts quite an interest has been awakened. Brother Carlos S. Nicolas has had charge of the work in the office, and has rendered valuable help in connection with the evangelical work in the Federal District. Brother Schulz still continues the work with the literature.

Under the trying circumstances of the past year, our churches have done well. Nearly all of the members have remained true and loyal, showing their faithfulness in increased tithes and offerings. Some are doing a good work in selling papers, tracts, and small books. Especially in Mexico City is the missionary society a live, active one. Their united sales amount to about \$300 gold.

During the year the superintendent has been able to visit the greater part of the companies and churches. All seemed to appreciate his help, especially was this true in the southern part of the republic where they had not been visited for five years.

Though we are few, we are indeed thankful that our Helper is not dependent upon numbers, but that he is the living God who works for his trusting children.

G. W. Caviness.

Guatemala.

Elder E. W. Thurber is superintendent of the Guatemala Mission, which has suffered the loss of several of its workers who have been replaced by the coming of others. A number of efforts have been carried on and the work is beginning to take permanent shape in this Central American Republic.

Honduras.

This has been a very prosperous year for this Mission. It is true that we have had several drawbacks. During the year the former Superintendents of both the North and South Honduras Missions having returned to the States, the work of both has fallen on one, as the two missions have been united.

During the year one camp meeting, one tent meeting, and several hall efforts were conducted. As a result more than fifty have been added to the membership. Tithes and offerings in, what was, the North Honduras Mission show a good increase. The tithes increased from about \$1,300 in 1917 to about \$1,800 for eleven months of 1918.

Our Sabbath schools are in good condition. There was no Young People's work at the beginning of the year. At present we have two good societies, and another in process of organization. We have organized one new church (Spanish) and reorganized two (English). Our membership is 267.

Our work in this field is widely separated, and the means of travel is very poor. For this reason it is a difficult field to work, yet it is a fruitful one. At this writing there are many awaiting baptism, probably some twenty-five or thirty, some of whom must yet wait several months.

W. E. Lanier.

Salvador.

The little republic of Salvador with its 1,200,000 inhabitants lies just southwest of Honduras. A company of believers has been raised up in this republic, and interests are springing up on every side. This is one of the most healthful countries of Central America. Brother U. M. Cooke is in charge of the little group of workers who are holding forth the light of truth in this country.

West Caribbean Conference.

The year 1918 has probably been the hardest year of any since the beginning of the European war for conducting the work in the West Caribbean Conference. The boat service with our several republics has been very uncertain. Nevertheless, the Lord has been working, and some encouraging developments have been seen.

During the first ten months of 1918 there have been eighty-two baptisms. As there have been many removals from the Conference, our membership stands only a little higher than for the beginning of 1918, when we had 754 members. An increase of about seven per cent is realized in our tithes for the first ten months over the same period of 1917, in spite of the conditions existing throughout the field. Mission offerings also show some gain.

Tent efforts were held the early part of the year in Panama City and Colon, Republic of Panama; and in Bluefields, Nicaragua. There is only a short season the first part of the year when the weather is favorable for tent work; but the results of these efforts warrant such employment of our workers during that season.

None of our workers have been lost from the field this year. We have had additions to the force instead. Brother J. R. Osborne, who now has charge of the English book work, came with his family the first of the year; and a little after the middle of the year, Elder R. J. Sype and wife joined us. The total force now amounts to sixteen foreign workers including wives, besides ten children; and one native minister and wife, and one native (lady) Bible worker.

Some of these foreign workers moved out into lonely, difficult fields the first of the year, as, for instance, Brother and Sister Holder, into the interior of Colombia (South America), where Brother Holder has charge of the Spanish book work; and Elder C. E. Boynton and family, to Bluefields, Nicaragua. Elder J. B. Johnson, who had been laboring in another isolated field,—the Bocas district of the Republic of Panama — was called early in the year to take charge of the interest developed in the tent effort at Panama, as Elder C. E. Boynton responded to the call for Nicaragua.

The erection of a new concrete church and school building in Colon, which, when completed, will cost about \$6,500, has required considerable effort on the part of the workers on the Isthmus. A very substantial portion of this cost has been met by appropriations, and \$1,500 has been raised by the Conference constituency, practically all the churches in the Conference rendering some financial assistance. A portion of next year's program will consist of efforts to raise a like amount for the completion of the structure.

The headquarters of our work being in a military reservation, it is not strange that some restrictions on the circulation of literature would affect the book work in the entire Conference. The sales this year are not so large as for 1917, but under the circumstances, we have no reason for discouragement because of this.

H. C. Kephart, Secretary.

Venezuela.

Venezuela, with its nearly 3,000,000 inhabitants, is one of the most neglected fields of the neglected continent. Here where Catholicism has held undisputed sway for more than three hundred years, the light of the third angel's message is beginning to shine. The work has been interrupted several times and consequently greatly retarded on account of the workers who have been sent to the field having to leave after staying but a short time, because of ill health. Three families have thus had to leave, each time leaving the work without a leader for some time.

We are now one ordained minister, one missionary secretary, and three canvassers. Our desire and prayer is that God will keep us all in health that we may remain here and work for him. The canvassers have done good work. Brother R. E. Greenidge began work in April, and in eight months has sold and delivered \$1,500 worth of books. In August Rafael Lopez and Angel Ojeda arrived from Porto Rico, and their combined deliveries for three months amounted to a little more than \$1,800, thus making our book sales for this brief period more than \$3,300, gold. We are glad to see these truth-filled books going into the hands of the people and believe the seed thus sown will yield a harvest of souls.

There are many inquiring about the truth and are desirous of studying, not only in Caracas where we recently baptized a promising young

man, and where many others are studying, but in other parts as well. Now that we have been granted another worker with his family whom we expect to join us soon, the prospects look bright for another year, as the little company here in Caracas are combining their efforts with ours that the work many show greater advancement another year.

W. E. Baxter.

Cuba.

Although the change in the superintendency in this mission was not effected until about the middle of 1918, yet since that time all the ministers and many of the colporteurs, and nearly all the churches and companies have been visited, and it is evident that God is blessing the faithful efforts of his servants in all branches of the work. Each of the ministers during the past year have had the privilege of seeing some persons accept the truth and baptized in their respective localities. And while this is true, it should be remembered that our faithful colporteurs are bringing people into the truth. Also some have been baptized as the result of home missionary work.

In statistical matters there was a substantial gain in ten months over that of the year 1917, as follows: Tithes \$4,326.22, gain \$866.81; Sabbath school offerings \$1,174.90, gain \$151.20; book deliveries, gain \$3,368.36.

During the year a number of laborers have left the field for various reasons, most of whom have gone to the States. These are: F. G. Lane and family, Dr. and Mrs. Gregory, R. N. Studt and family, E. R. Johnson and family, J. E. Shidler, R. H. Terrell, and Miss Florence Crouch. Some of these have gone for the purpose of further preparation with a view of returning at some future time.

To offset these losses, Elder E. T. Wilson arrived to take the superintendency of the field and Brother and Sister J. D. Livingston of California reached Havana in October and have begun work in that important city. Brother F. E. Wilson has been in charge of the colporteur work for a little more than half of the year and has organized an efficient force for the book work with splendid results.

The general meeting and colporteurs institute were held in Havana in December. The general laborers from the Union Conference present were: Elder R. W. Parmele, Brethren J. A. P. Green, and R. E. Bowles. Elder Parmele also visited the field in June.

One institution that deserves special mention is the school conducted by Brother and Sister S. H. Carnahan in the Province of Pinar del Rio, where it is evident that only hard work, heavy sacrifices, and unbounded faith are able to overcome the ever-present difficulties to those who there have a deep anxiety for the welfare of the young people under their care.

E. T. Wilson.

Hayti.

The work in Hayti is in charge of Brother A. G. Roth who has associated with him a faithful corps of workers. Elder E. A. Curdy who has been associated with the workers in Hayti for some time was compelled to return to the States with his family on account of failing health. Brother Roth reports constant and faithful work during the past year and a very substantial increase in the membership of the mission.

With Hayti we may also consider the work in the French speaking islands of Guadeloupe and Martinique where Brother Philip Giddings has been laboring to hold up the light of truth. He reports good interest, and is calling for literature with which to supply the people who wish to inform themselves of the truths of the message.

Porto Rico and Santo Domingo.

The year 1918 marks a new era in the advancement of the work in Porto Rico. More than one hundred earnest believers have been added to our membership.

Two new church organizations have been effected. One at Guanica, Porto Rico, where Dr. J. F. Morse has lived since coming to the island, the other in Santo Domingo. We now have a thriving church in this island so long neglected for lack of workers. The membership is fifty.

A beautiful church building has been erected in Aguadilla. Thus we have a memorial near the spot where Columbus landed on his second visit to the new world. All of our church organizations now own their own meeting houses except Santo Domingo. This gives us prestige as the people see that we are here to stay and have confidence in us as they see that the people misrepresented us when they said the Adventists establish no permanent work.

By allowing two of our best colporteurs to go to Venezuela to help in that needy field, and not having a field missionary secretary to train new ones, our book work has suffered. We now have a leader in our book work, and shall be able to render our usual report.

The outlook was never brighter, and we not only praise the Lord for what he has done in the past, but have confidence in him for the future.

William Steele.

DETACHED MISSIONS.**BAHAMA ISLANDS.**

We are glad to report some advancement in work of the third angel's message in the Bahama Islands. During the year my wife and I have been the only foreign workers in these islands. We have had two native Bible workers employed all the year; and for two months a young brother, a native, rendered some service in the ministry. But very little of this year has been spent in or about Nassau, which is the headquarters of the work in the Bahamas.

During the month of December my wife visited the company of believers at Gregory Town on the island of Eleuthera, and assisted them during the Week of Prayer, in which they took great interest, and by which they were greatly revived in the service of God. This company of believers has stood faithfully for the truth, though they have had but little help from the workers. While Mrs. Smith looked after this interest, I remained with the church at Nassau during the Week of Prayer season. This church is strong in faith and full of love toward one another and toward God. They have been made to rejoice as they have seen believers added to their numbers from time to time during the year.

In January we visited Harbor Island where there is another company of believers. Because of lack of help they had not received as much help as they should and were in need of a revival. The Lord blessed and each took hold anew.

As there seemed to be quite an interest to hear the truth of God's Word among the people of Long Bay Cay on the shores of Andros Island, in the early part of February, we set sail for this settlement, taking with us Brother William Antonio and wife (natives) to get some experience in proclaiming the message. We found the population to consist mostly of sponge fishermen who are very ignorant and superstitious. Rum, tobacco and immorality had a firm grip on the people, and but

little interest could be aroused among them to hear the message, though we spent six weeks working among the people who lived some six or seven miles along the shore.

In April my wife and daughter and myself sailed from Nassau for Rum Cay, a small island about 189 miles distant, to hold a series of meetings. At this island we had already two or three who were somewhat acquainted with the truth, and were walking in all the light they had. After six or seven weeks here we were glad to be able to baptize seven who had taken a firm stand on the Lord's side.

In June I left my wife and daughter at Rum Cay and went to Nassau to look after the interests of the cause there. This trip to Nassau and return consumed about six weeks, and nearly two weeks were spent on the sea, due to calms and contrary ocean currents. Having returned to Rum Cay we found we were too late to go on the vessel to Watlings, the island where we were to hold our next series of meetings. As the vessel goes but once a month to Watlings Island we had to wait. The time was spent in further instructing those who had just accepted the message, and during this time another decided to obey the Lord and was baptized, making eight in all.

It was August 16 when we landed at Watlings Island where we are now at work. This is the island on which Christopher Columbus first landed when he discovered the western hemisphere. As I write I see a small monument that has been erected on the very spot where he is supposed to have first set foot. There are eight or nine hundred people on the island and they are scattered in five or six settlements that are very hard to reach. They depend mostly upon farming for a livelihood and sisal raising is their chief means of obtaining money. Their last food crop was cut very short by drought, and as the food control committee at Nassau has allowed but very little of the food imported from the States to Nassau to be shipped here, we have been at our wits end several times to find sufficient food. We first landed at a settlement known as Riding Rocks. This is the capital of the island as the magistrate resides there, and here the public buildings are located. After a month's work at this point only one took a stand for the faith of Jesus. But while conducting the effort at this place the people of another settlement about four miles away became interested, and the way was opened to go to them. After three weeks, five or six accepted the truth and are now rejoicing in it. About two weeks ago we loaded such household effects as we find it necessary to carry along with us, into a small open boat and sailed across a large lake that occupies the middle of the island, and reached the settlement known as United Estates. About two days later we began a series of meetings, which are quite well attended. We have every reason to believe that there are some here who will put themselves on the Lord's side of the great controversy. We expect to remain here about four weeks, then return to Nassau. Through letters from our Bible workers at Nassau, we learn that two or three have taken a stand for the truth since I left there in July.

We are sorry that our school closed down in Nassau early in 1917 and has not been resumed. The believers are wide awake to the needs of a school and are planning to have one in the near future.

During our absence the meetings in the church at Nassau are ably conducted by different ones of the brethren. The outside public attend well and a lively interest is kept up.

We have no regular canvassers. The people of the Bahamas, as a rule, are very poor, while many are unable to read. It would be impossible for a regular canvasser to make a living at that work, but several of the

believers spend part of their time in distributing smaller literature, so something is accomplished along this line. Jas. H. Smith.

THE HAWAIIAN MISSION.

The year 1918 has been one of many changes in our workers, but as we look back over it we praise God for the results seen.

Early in the year Brother and Sister McKeague left for the States on furlough, and have just returned.

Brother Riehl, who had charge of our treatment rooms in Hilo, Hawaii, was drafted into Government service and is now working in the army hospital. Brother and Sister MacMillan, who were here as self-supporting nurses, have gone to Hilo, and the work there is under their direction.

Early in May Brother and Sister C. R. Webster arrived to take charge of the Honolulu treatment rooms, and it has enjoyed the most prosperous year it has had since taken over by the Mission.

In August Brother and Sister Heaton returned to the States, on account of their health. Miss Lofstad our secretary-treasurer also left at the same time.

Although our work has been somewhat broken up, the message has gone steadily forward. I have had the privilege of baptizing thirty-four believers, representing nearly all of the nationalities of the islands. One was added to our number on former baptism. Our present membership is 121.

We have but one man who gives all his time to the literature work, but our sales have been good.

There has been a steady increase in tithe. Our foreign mission offerings for the year have averaged over thirty cents per week per member.

We have received word that Elder L. L. Hutchinson, of Arizona, has been appointed superintendent of this field, and will doubtless arrive before the close of the year. We are looking forward to having a stronger corps of workers next year. Truly the harvest is ripe, and now is the time to work.

R. W. Smith.

APPROPRIATIONS TO MISSIONS.

The amounts indicated below have been expended by the General Conference for evangelistic work, for the years stated:—

1905	\$143,796.86
1906	163,755.56
1907	253,445.74
1908	272,873.08
1909	351,414.61
1910	410,611.48
1911	404,922.53
1912	476,600.00
1913	523,763.00
1914 Foreign, \$474,749.00; Home, \$111,500.00	586,249.00
1915 Foreign, 509,746.92; Home, 122,000.00	631,746.92
1916 Foreign, 692,077.57; Home, 161,076.00	853,153.57
1917 Foreign, 680,219.17; Home, 202,734.00	882,953.17
1918 Foreign, 1,071,929.90; Home, 276,960.00	1,348,889.90
1919 Foreign, 923,686.21; Home, 453,054.01	1,376,740.22

The amounts for the years 1905 to 1911 represent actual expenditures; for 1912 to 1919, appropriations voted. The amounts expended for most of the years was in excess of that appropriated, rarely less.

CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-ninth session, held at San Francisco, California,
March 29 to April 14, 1918.)

Article I — Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II — Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III — Membership.

Section 1. The membership of this conference shall consist of: —

(a) Such union conferences as have been or shall be properly organized and accepted by vote.

(b) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.

(c) Such union missions as have been or shall be properly organized and accepted by vote.

(d) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows: —

(a) Delegates at large.

(b) Regular delegates.

Sec. 3. Delegates at large shall be: —

(a) The General Conference Executive Committee.

(b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, and such other workers as may be selected, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by union conferences, union missions, and local conferences and missions not included in any union conference.

Sec. 5. Each union conference shall be entitled to one delegate without regard to numbers, an additional delegate for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Sec. 1. The regular officers of this Conference shall be a president, the vice-presidents, a general secretary, an associate secretary, a general treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive committee, and labor in the general interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-Presidents: The Vice-Presidents shall assist the President in administering the affairs of the Conference in all parts of the world. In the absence of the President they shall act as chairmen of the committees with which they are directly associated by the arrangement of the General Committee. They shall have the direct oversight and charge of the administrative work in the fields to which they are assigned.

Sec. 4. General Secretary: It shall be the duty of the general secretary and the associate secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. General Treasurer: It shall be the duty of the general treasurer and the assistant treasurer to receive all funds and disburse them by order of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V—Executive Committee.

Sec. 1. At each regular session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the general and associate secretaries, the general treasurer, the assistant treasurer, the sub-treasurers, the field secretaries, the presidents of union conferences, the superintendents of organized union missions, the secretaries and assistant secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath School, Religious Liberty, Young People's Missionary Volunteer, Home Missionary, and the North American Negro Department, the general secretary and assistant secretaries or superintendents of nationality work of the North American Foreign department, the ex-presidents of the General Conference having credentials from this Conference, and other persons not to exceed eleven in number.

Article VI—Incorporations, Departments and Agents.

Sec. 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory laws governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work.

Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In union missions the respective executive committees shall have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Sec. 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the **Advent Review and Sabbath Herald** at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-Laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two thirds' vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.**Article I — Regular Sessions.**

Sec. 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Sec. 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.

Article III — Departments.

Sec. 1. The work of the departments of this organization shall be in charge of the secretaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV — Finance.

Sec. 1. This Conference shall receive a tithe from all of its union conferences and local conferences not included in union conferences, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V — Audits.

Sec. 1. The executive committee shall have the accounts of the Conference and its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

MINISTERIAL DIRECTORY.

Only the names of ordained and licensed ministers appear in this list. To determine the nature of any person's appointment, reference should be made to the directory of the Conference operating in the field where the worker is located. This applies to the workers named above as well as all other classes.

In the absence of revised reports from Germany, Russia, the Balkans, and Turkey, all names and addresses of workers residing in these countries have been continued as in the former edition, without change.

SOURCE BOOK for BIBLE STUDENTS

CONSISTS almost entirely of quotations gathered from the world's best authorities, relating to the history, doctrines, and prophecies of the Scriptures.

The contents of the book may be said to belong to four classes:

1. Matter bearing directly upon the Scriptures as divine revelation, including their source, authenticity, authority, sufficiency, etc.
2. Scripture prophecy, the evidences of its fulfilment, including many historical statements showing such fulfilment.
3. Matter bearing on various Christian doctrines, whether true or false, especially such as have been most discussed.
4. The history of the church and of apostasy, special reference being made to the great papal apostasy and to the final conflict between the forces of truth and the adherents of error.

The book contains about 600 pages, printed on Bible paper. Cloth, \$1.50; flexible leather, \$2.25.

OUR EVANGELISTIC SONGBOOK

“Songs of Zion”

THIS book was prepared by a special committee in response to a popular call for a new evangelistic songbook that would breathe forth the spirit of the pure doctrines of the Bible and of Christ's power to save men from their sins.

Primarily Designed for Evangelistic Meetings

The collection consists of 192 songs and hymns, many of which are new, and all of which are adapted to our denominational work, and will not cause embarrassment, which is often the case in using outside collections.

Price in paper covers, postpaid, 15 cents.

Price in cloth covers, postpaid, 25 cents.

Any evangelist placing his order for 100 copies or more, having the same shipped from the publishers, is entitled to the following rates:

Paper covers, per hundred, \$10.

Cloth covers, per hundred, \$20.

Transportation extra.
