THE MASTER BIDS THEE.

Go where the needs are great, and sow;
Scatter the seed God bids thee bear.
'Tis not that thou must see and know
How great a yield He'll garner there,
Or how that seed can grow
In soil so long unfructified —
Thy mission is to sow.
The soil is His, and His the seed,
The early and the latter rain. Then speed
Thee to that field — the field in need.
They've waited long in woe;
So long in need, so long denied,
Though Christ so long, so long, has bid thee go.

Sow where the needs are great; the seed
Is in the keeping of thy God.
Thy very life may fill some need
If it but show His love abroad,
Or soothe some aching heart,
Long tossed on life's uncharted sea,
Or heal some biting smart —
Then art thou His, thy life His seed,
And He will sow it where the need
Is greatest. Yield, and let him lead
To field beyond the sea,
To Afric, Ind, or far Cathay —
To whatsoever land has need of thee.

And when the harvest comes, that field
Where hard the labor was and long
May cause thee wonder by its yield
Of precious fruit, and stir to song
Of gladness all thy soul.
Then fret thou not -- in God's own time
The earnest or the whole
Shall rise where thou didst sow thy seed.
Then hie thee thither with all speed
To needy lands where'er He lead;
And there, in His control,
Or here, if that thy mission be,
Sow and be sown, till God shall reap the whole.

C. M. Snow.

PREFACE.

At the close of 1914, so far as reports in hand indicated, this work was organized in the manner shown by the following pages. These directories give the boundaries comprising the territorial lines of each conference and mission, as well as the different classes of laborers connected therewith. The organization of this work as reported to the time allowed to prepare this report, is arranged as follows:—

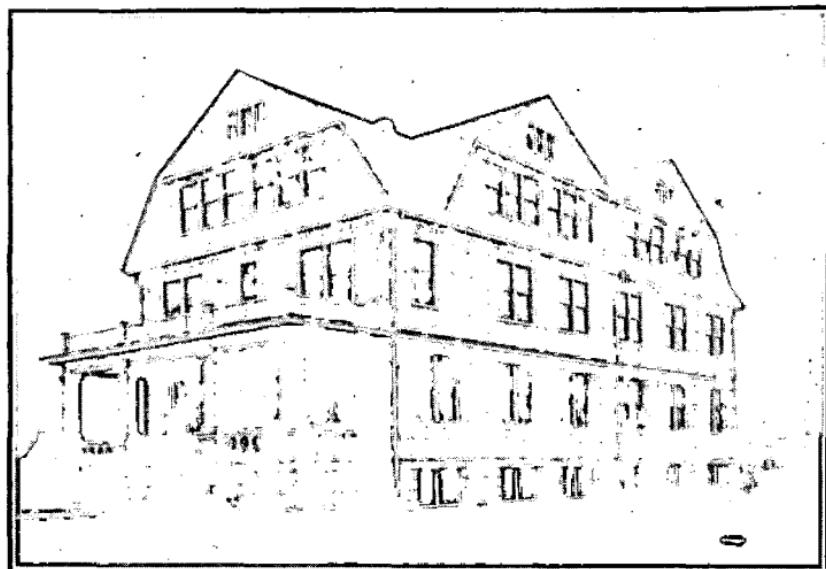

Division Conferences	2
Division Mission	1
Union Conferences	26
Union Missions	2
Conferences	128
Mission fields	116
Educational Institutions	70
Publishing houses and branches	37
Periodicals	130
Languages in which publications are issued	87
Sanitariums	33
Treatment Rooms	9
Food Factories and Cafes	22

In addition to the features usually presented in this series, the present issue gives a summary, prepared especially for this publication by those in charge of the work in each division or union conference, in which is set forth in concise form a record of the work accomplished during the past year, throughout the entire field. In this survey there is shown the standing attained in each field, the plans and policies being pursued for the development of the work, as well as the results realized. This review indicates that we have work in progress over a wide range of territory,—from Vladivostock to Patagonia, from Madagascar via Tanganyika, Titicaca, cannibal Solomon Islands, to West China, North India, and on to Bagdad, Tiflis, and Omsk. In all these places we have companies of believers associated together for the extension of this cause. That this work is becoming more and more cosmopolitan is evidenced by references made herein to such languages and peoples as Cebuan, Panayan, Tagalog, Chikwaya, Kisubuma, Chasu, Suaheli, Hindi, Timnis, Kaffirs, Rarotongan, Icelandic, Battak, Karen, and Arabic. Publications are now issued in eighty-seven languages, an increase of twelve during the year, and over twenty other languages are used orally in the proclamation of this message. This fact alone indicates great activity and earnestness on the part of those laboring in these various fields.

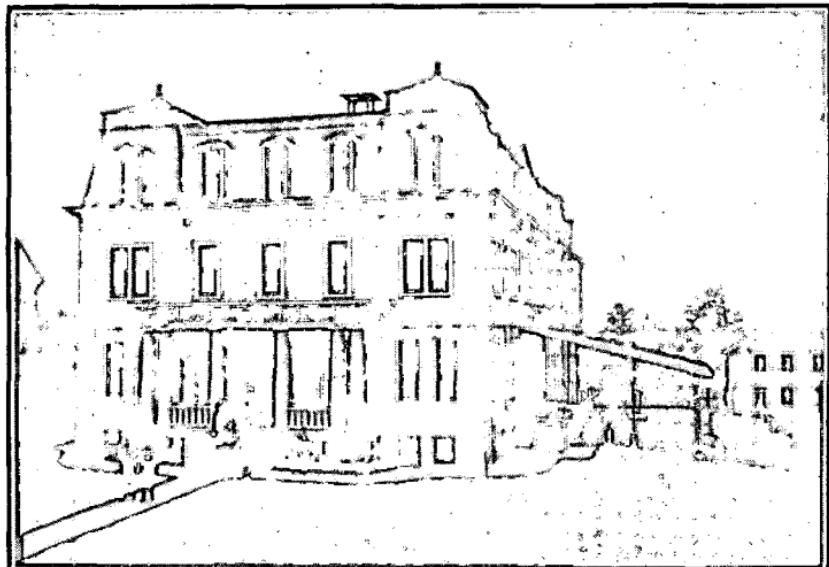

Directories will be found on the following pages:—

Conferences	5
Institutions	161
Ministerial Directory	212
Survey of the Fields	241
Statistical Summary	280

SURVEY OF THE FIELDS FOR 1914.

For the year ending November 1, 1914.

It is planned to register in the Year Book, year by year, an outline of progress in the world-wide field, particularly in the mission fields. In order that reports from the distant lands might reach the Year Book, the exact period covered is the twelve months from November 1, 1913, to November 1, 1914. The survey is not to be statistical, but rather descriptive.

Over 1000 Baptisms per Month.

The year 1913 closed with cheering evidences of progress in soul-winning efforts. During that year, 12,794 believers were baptized, 5,960 in North America, and 6,834 in the fields abroad. During the same year 16,000 new members were received into the churches.

New Enterprises.

New fields have been entered during 1914. Our first workers have arrived in the Tanganyika Plateau region, Northeast Rhodesia, to prospect for a station. Nigeria, West Africa, is opened, as also the Hinterland of the Gold Coast. Our first workers have reached the Solomon Islands, and also Niue, or Savage Island, in Polynesia. The Philippine Mission reports three new language areas entered. Manchuria is opened, and the province of Szechuen, in West China. A French worker reports results in the island of Mauritius, east of Madagascar. Our first mission has been established in Punta Arenas, on the Strait of Magellan, the southernmost city in the world, while the Scandinavian Union Conference reports the opening of a mission in Lapland, within the Arctic Circle.

In the North American Division.

Any detailed report of work in the North American Division, historically the home base in the development of the mission work of Seventh-day Adventists, would too greatly extend this brief survey. Most of those who use the Year Book are kept familiar with enterprises and activities in North America through current reports. Such, however, may find interest in a re-statement of some items; and workers abroad will wish to have the few facts here outlined, in order to get a more complete view of general world-wide progress:—

A special feature of the year has been the revival of the home missionary work in the churches, greatly increasing the circulation of periodicals and smaller publications. The quarterly reports of baptisms during the period are as follows: Fourth quarter of 1913, 1,127; first quarter of 1914, 827; second quarter, 1,704; third quarter, 2,435; total 6,093. In connection with the union conference biennial sessions of the winter of 1913-14, ministerial institutes were held, which were occasions of blessing and strength. The two special offerings for missions in the closing months of 1913 resulted as follows: Week of prayer offering, \$44,453; Harvest Ingathering, \$56,283. During 1913 the churches in the Division gave \$499,713 for foreign missions, of which amount the Sabbath-schools contributed a little more than half, or \$228,938. During 1913 the conferences gave from their tithe

\$230,103 for home mission work in the Division. The tithe for 1913 was \$1,201,138, and the report of all funds raised in that year in the Division gives a total of \$2,079,238, which was \$28.93 per member.

THE EUROPEAN DIVISION CONFERENCE.

By L. R. Conradi, President.

This organization, comprising within its boundaries all of Europe, most of Africa, and the northwestern half of Asia, with a population of 650 million people, presents all the phases of mission work. Five union conferences in northern Europe form its chief base of supplies; four unions in south and east Europe give and receive assistance, while the great territories in Africa and Asia are mission fields in the true sense of the word. There are altogether over 100 different organizations in the Division, as follows: nine unions, and 42 local conferences; one union mission, and 52 local mission fields. The total membership July 1, 1914, was 33,500.

The East German Union.

This is the strongest union, having a membership of nearly 7,000, Berlin its headquarters. It has 30 ordained and 90 other gospel workers, who last year harvested 1,140 souls. The main languages are German, Polish, and Ruthenian. The strongest organization is the Union District, which has around Berlin 20 churches, with two in Magdeburg, and one in Friedensau, altogether 1,610 members. Last year's work yielded 250 souls, with an expenditure of \$16,500, while this district gave \$21,000 in surplus tithes and offerings for mission work beyond. The East Prussian Conference with 1,200 members is suffering severely from the war. Our churches numbering from 20 to 70 members, in Tilsit, Soldau, Gumbinnen, and many other towns, are passing through the terrors of war. Two meeting halls, at least, were destroyed. Thickly-populated Saxony has 1,213 members, churches in Dresden, Leipzig, Chemnitz, and other cities. Last year this conference won 220 souls. Silesia, the largest field in size, has 975 members, and is to be divided by Jan. 1. The other three conferences, named after their leading rivers, Vistula, Oder, and Warta, average each about 600 members. Good-sized churches are in Breslau, Stettin, Danzig, Posen, and Schwerin. Eastern and Western Galicia, with 9,000,000 people, have only 80 members; last year 30 were added. In Czernowitz, the romantic capital of Bukowina, is a church, and companies in Lemberg and Cracow. Our work in this eastern district encountered terrible opposition from both police and priests, and now it is suffering the terrors of war.

The West German Union.

This organization, with 5,850 members, has its headquarters at Frankfurt-on-Main. The working force consists of 36 ordained and 74 other gospel workers, who harvested last year 1,071 souls. The cradle of German Adventism lies in the Lower Rhenish Conference, around Barmen, Elberfeld, Solingen, Gladbach-Rheydt, where the Sabbath was introduced as early as 1867. Here we have now six churches—three in the arsenal city of Essen—with 400 members. The Central German Conference includes the region where Luther was born and taught. We have churches in Erfurt, Eisenach, Wittenberg, Halle, and Brunswick. Last year 206 souls were won, and this conference with

nearly 1,000 members will be divided by the New Year. The Union District, taking in Hamburg, Lübeck, and Schleswig, will by the New Year be called the Elbe Conference. Last year this district turned \$17,000 surplus tithe and offerings to missions. The North German, Westphalian, Hessian, and Upper Rhenish Conferences — with from 450 to 750 members each — have churches in Wiesbaden, Hannover, Cassel, Cologne, Bremen, Harburg, Dortmund, and other places. In Holland, where we have 323 members, our largest church is at The Hague, while Amsterdam and Rotterdam have churches. In Belgium, where we have 163 members, there are churches in Brussels, Antwerp, and Liege. Here also the believers have been passing through scenes of war.

The Central European Union.

This new union, with only 3,727 members, but with \$47,000 tithe, occupies the third place. Of its five conferences, three are in Southern Germany, one in Switzerland, and one in Moravia. In Austria there are also two missions. With a staff of 25 ordained and 60 other gospel workers, it gained last year 705 souls, among Bohemians, Moravians, Slovanians, Servians, Italians, Poles, French, and Germans. The strongest conference is Bavaria, with 760 members. There are churches in Munich, Niiremburg, and Augsburg. The South German Conference, with 704 members, has churches in Heidelberg, Strassburg, Metz, Karlsruhe, Mannheim, and in old Worms (where Luther made his stand), and Constance (where Huss and Jerome bore witness). Müllhausen and Altkirch, where we have believers, have been the scenes of war this year. The Wurtemberg Conference added 100 members last year, and its offerings for missions were the best in Europe — 12 cents a week. The largest church is at Stuttgart. The Moravian Conference with 400 members, mostly Polish, added 100 last year, and is the first conference in Austria proper. The two missions in Austria have 550 members, in Vienna, Gradz, Gablonz, and Prague. Last year 128 were added.

Scandinavian Union.

Scandinavia and Finland compose this field. With 17 ordained and 47 other gospel workers, they gained 405 members last year, bringing their membership to 3,807. There are six conferences and three missions. In Denmark they have 1,175 members in two organizations. The largest churches are in Copenhagen and Skodsborg. In Norway there are two conferences with 1,200 members, in Christiania, Bergen, Stavenger, and other places. Sweden, with one conference and two mission fields, has 1,000 members, in Stockholm, Orebro, Göteborg, Sundsvall, in the north, and elsewhere. Finland has made the best progress, adding 83 last year, and having now 381 members. The largest church is in Helsingfors. Iceland's membership is also growing, having now 51, mostly at its capital, Reykjavik. Elder J. C. Raft visited Iceland in 1914. On the outbreak of the war, Skodsborg had 280 patients, and within one week the number fell to 30. However, the patients began again to come, and in October there were over 70. A mission station has been planted in Lapland.

British Union.

This union has now 2,571 members, with four conferences in England, one each in Scotland and Wales, while Ireland is a mission.

Their staff of 16 ordained and 36 other workers harvested in 1913 310 souls. London and suburbs has 9 churches, while there are churches in Watford, Birmingham, Hull, Plymouth, Liverpool, Bristol, Southampton, and other towns. Scotland has 172 members, mostly in small companies in Edinburgh, Glasgow, and other places. In Wales there are 313, in Cardiff, Newport, and other towns. Ireland has 130, Belfast and Dublin having churches.

The work in the two sanitariums has prospered, and the publishing house, at the August meeting, reported a gain of over \$5,000. The report of tithes and offerings for the quarter ending September 30, two months after the war broke out, showed a gain of \$1,000 over the same quarter of 1913.

East Russian Union.

Beginning with 1914, Russia was divided into the East and West Russian Unions. The East Russian Union stretches from the White Sea to the Caucasian Range, over a territory half the size of the United States, and with a population of 85,000,000. Its chief language is Russian, yet many of its 2,729 members speak German. Its staff of 19 ordained and 26 other gospel workers won 372 members last year. The Newa Conference reports 712 members; in Petrograd, the headquarters of both union and conference, there are four churches. Other churches in Jurjew, the university city of Estonia, Reval, and Narwa. Many of these speak Estonian. The oldest and strongest conference is the North Caucasian, with 784 members, who live mostly in smaller settlements, both Russian and German. Around the Sea of Azof, we have the Azof Conference, with 508 members. Crimea, where the first S. D. A. church was organized in 1886, has now four churches with 200, the largest being at the noted fortress of Sebastopol, with 75 members. Others are in Charkof, Tagenrog, and Yekaterinaslaf. The Volga and Ural Missions on both sides of the Volga have 578 members, many of whom live in German colonies. There is a church, however, at Saratow. The Middle Russian Mission with a population of 13,000,000, headquarters at Moscow, has only 112 members. The White Sea Mission extending over the enormous north-western and northern territory to the Arctic, has 36 members, mostly at Nijni-Novgorod, where the great Russian fairs are annually held.

West Russian Union.

This field, stretching from the Baltic to the Black Sea, has a population of 54,000,000, and a membership of 2,232. Its staff of 13 ordained and 32 other gospel workers added last year 455 members. It has a mixed population of Russians, Poles, Livonians, Jews, Rumanians, Lithuanians, Germans. Its strongest conference is the Duena, with 547 members, the larger number being in the four churches in Riga, where the headquarters for both the union and conference are located. The Baltic Conference has 335 members, mostly in Libau and Mitau. The Black Sea Mission, with 459, has a church of 73 at Odessa. The West Russian Mission has 190 members, mostly German colonists, in Volhynia. The Polish Mission, with nearly 13,000,000 population, has only 110 members, in Warsaw and Lodz. The territory of this mission now forms the great battle-field of the Russian and German armies.

Danube Union.

Hungary, Bosnia, Rumania, Montenegro, and Servia form this new union, which reports 2,157 members, in three conferences and four missions. Its population of 34,000,000 is composed of Hungarians, Rumanians, Servians, Croatians, Slovanians, and Turks. Its staff of 13 ordained and 34 other gospel workers, of whom quite a number have been called to arms, gained 500 souls last year. The Transylvanian Conference, with 680 members, is the cradle of our work in this union. It began at Kolosvar and surroundings. The Central Hungarian Conference has 552 members, the largest church at Budapest, where the headquarters of the union and local conference are located. Recently successful tent meetings have been held at Arad, thirty members being added. The only self-supporting conference is the Rumanian, which with only eight workers added 135 last year, increasing its membership to 523. Churches in Bukarest, Ploesti, Braila, and Constanza. In spite of all sorts of opposition of the most severe nature, this conference has grown where thus far Protestantism had made the least progress. The Theiss-Save Mission, chiefly Servian, has 208 members, one church being in Belgrade. The North Hungarian, West Hungarian, and the Adriatic fields have altogether 200 members. There is a church at Pressburg, also a company at Serajevo, in Bosnia.

The Latin Union.

This is the most populous union, having 101,000,000, but only 1,431 members. France, Italy, Spain, Portugal, and French-Switzerland comprise this union, contributing the four principal languages. They have a staff of only 13 ordained and 30 other gospel workers, who harvested 174 souls last year. Their headquarters were at Paris, but with the outbreak of war the offices have been temporarily moved to Gland, Switzerland, where the union institutions are located. The cradle of the three-fold message in Europe is within the Leman Conference around Lake Geneva, which still forms the back-bone of this union. Leading churches are Gland, Chaux-de-Fonds, Geneva, Lausanne, Tramelan, and Biennie. At present there are a number of strong efforts being conducted in this conference. The French Conference, in southern France, has 261 members (in Marseilles, Montpellier, Lyons). The Union District, or Greater Paris, has 83 members. The Northern French Mission has but 33 members. The Spanish Mission has now 126 members along the eastern coast, organized churches in Barcelona, and Alicante. (On November 12, Elder Walter G. Bond, who since 1903 had been superintendent of the Spanish Mission, died in Baeza, while on an evangelistic tour, visiting scattered believers and interested ones in villages and towns of that region. He was a faithful laborer, and his taking away is a great loss to the cause in Spain.) In Italy we have only 98 members, in Florence, Genoa, Gravina, and in the Waldensian valleys. This summer the field was divided, making the Upper Italian and Lower Italian Missions. In Portugal there are 75 members at Lisbon and Porto.

The Division Mission Fields.

There are 26 missions under the watchcare of the Division: two entirely and one partly in southeastern Europe; nine entirely and one partly in Asia, and 14 in and around Africa. All but two have regular workers. There are 200,000,000 souls in these missions; our staff

of workers consists of 34 ordained and 72 gospel workers, six nurses and about 60 native teachers. Last year 265 members were added. The membership is 2250. The first five of these fields belong to the Levant Union.

1. The Bulgarian Mission has been established since April, 1898, but our present membership is only 42, mostly in Sofia and Rustchuk. A promising company of 17 was in the territory ceded to Rumania after the recent Balkan war. Terrible conditions existed in Bulgaria after the late war, and still the country is in terrible unrest. At present even Turks attend our meetings and listen with great interest, and with manifestations of appreciation of the power which accompanies our message.

2. The Grecian Mission (Greece and Albania). Greece proper is stony soil; we have thus far only gained a little foothold in Macedonia at old Thessalonica, and Janina, altogether 11 members.

3. The Central Turkish Mission. (European Turkey and a good share of Asia Minor.) Membership, 214; 30 added last year. We have members in Constantinople and Adrianople, and on the Asiatic side, near the bay of Ismid, four Armenian churches, and a company in Smyrna.

4. The Cilician Mission has now 96 members, in Adana, Konia (Iconium), Tarsus, and at old Urfa, in Mesopotamia. Nine were baptized in this field last year.

5. The Armenian Mission occupies the east of Turkey, with a membership of 32, the larger number in Malatia. Six were baptized last year.

6. The Persian Mission (Persia and Afghanistan). We have now 42 members in Persia in five different places. Our ordained minister, who is learning the Persian, first settled at Tabriz, and just before the outbreak of the war went to Kaswin in the interior, where the Persian language is spoken. Twenty-five miles south of Tabriz, at Maragha, our other worker settled, and is working among the Turkish and Syrian-speaking population. Previous mission work had been done in Urumia, where two German-Russians were baptized this spring. Thirty-four Sabbath-keepers, Russians and Germans, migrated to the corner of the Caspian Sea, and the director of the Trans-Caucasian Mission this year visited them, organized a church, and baptized two new members.

7. The Trans-Caucasian Mission with a population of 6,000,000, was transferred last year from the Russian Union to the Division missions. There are 391 members, 101 having been added last year. There are churches in Tiflis and Baku, and near Etschmiasin. But the most wonderful history belongs to the church at Basartschai with 184 members. In 1881 one of our Russian ordained church elders was banished with several of the brethren to this mountainous district near the Persian border. He found among the exiles many willing hearts to listen to the truth; in the course of time a good church sprang up. Last year 45 souls were baptized there.

8. The Turkestan Mission with 8,000,000 souls comprises the very heart of Asia. There are four churches in and about Tashkent, also one church near the Persian border, altogether 106 members.

9. The West Siberian Mission stretches over a territory more than half the size of the United States, with a population of 10,000,000. There are now 17 churches, with 455 members; we have a good beginning at Omsk and Tomsk. There are three ordained workers in

this immense field, who gained 63 souls last year. They must travel during the cold Siberian winters hundreds of miles by sleigh, to look after their churches.

10. The **East Siberian** Mission extends over a territory as large as the United States, with only 3,000,000 people. It was only entered two years ago. We have 38 members here, 23 of whom live at Irkutsk.

11. The **Amur** Mission embraces the Coast district of the Pacific. A Russian soldier, who was stationed at Vladivostock, first carried the truth to this far distant region. Through publications it also spread to Harbin in Manchuria. When, in 1910, our Russian missionary first visited them, he was able to organize a church of 17 members, which number has since been increased to 30. There are now four other companies established in the Coast district, one at Vladivostock with 11. Our three workers have added 22 since Jan. 1, bringing the total membership up to 127. At the time of the outbreak of the war, Elder J. T. Boettcher was making a tour of Eastern Siberia, and in August was in the Amur district. He was able to return safely to Riga.

12. The **Arabic-Syrian** Mission includes all the Arabic-speaking portion of Asiatic Turkey and also independent Arabia. There are about 8,500,000 inhabitants. We have members in Jerusalem, Beirut, Jaffa, altogether 28. Our minister was able last year to visit our scattered members in Mosul (by site of Nineveh) and Bagdad. This trip took him a number of months; he was 25 days en route, going from Port Said via the Persian Gulf to Bagdad, and returning, three weeks by the way of Mosul back to Aleppo. He also visited the excavations on the site of old Babylon.

13. The **Lower Egyptian** Mission has a population of about 7,000,000. We have small companies in Alexandria and Cairo, altogether eight members.

14. The **Upper Egyptian** Mission, including also the Sudan, has a population of 9,000,000. Last year 24 souls were baptized in the country village of Beni Adi, among them some former Mohammedans, bringing the membership up to 33.

15. The **Abyssinian** Mission is at present limited to the Italian Colony of Eritrea, and is the gateway to Abyssinia proper, thus including about 9,000,000 people. We have one mission station near Asmara, where the Italian governor lives. About 15 to 20 pupils from different parts of the colony attended the school, and on March 27 the first three natives were baptized, an Abyssinian priest and two deacons.

16. The **Mauritius-Madagascar** Mission was entered in the spring of 1914. God's ways have led us wonderfully to these far-off islands. A lady teacher came to Switzerland from Mauritius to regain her health. She had often wished to understand the prophecies concerning the second advent of Christ, especially those of Daniel and Revelation. In vain she asked her island ministers, and the same was the experience when she reached Lausanne. But one day, while passing through the streets, she saw at the entrance of our hall an announcement of lectures dealing with these very subjects. She considered this an answer to her prayer, attended the meetings, opened her heart to the full truth, and was baptized. She urged us strongly to send them help; but after having returned, she meanwhile did her best to work up an interest among her friends. Three others began to keep the Sabbath, and in view of her urgent request, a French minister

was sent this spring, and on arriving found everything ready for meetings. He found the best interest he ever had; twenty-four have been baptized, the first church in the far-off island of Mauritius. We consider this field, however, only a stepping-stone to open up work in Madagascar, and arrangements are being made to secure a field there.

17. The British East African Mission. Territory, northeast shore of the Victoria Nyanza, with a population of about 500,000 Kavirondos and Kisiis. The former stations of Gendia, Wire Hill, and Karungu, continued, and new stations have been planted at Karungu, Kamagambo, Kanyadota, and on the island of Rusinga. Present membership, 72, of whom 60 were gathered directly from heathenism. Last year, with sickness and furloughs, was a trying one in the experience of this mission, but this year the stations have been completed and new reinforcements sent. With those on furlough, there are 10 white missionaries and four wives. They have now a little printing press and publish a monthly paper in Kavirondo. A little hymn-book and primer have been printed. [On the outbreak of the European war, there was fighting along the border of the German and British East African Colonies, the clash coming in the district of our missions. The missionaries were called into Kisumu, the British headquarters. The natives round about took advantage of the opportunity to raid, and looted mission stations and trading stations. Elder A. A. Carscallen reports: "Our stations at Karungu, Kamgadoto, Kamagambo, and Kisii, were looted, and a great deal of our property destroyed, windows and doors smashed, organs and furniture broken up, etc." — Ed.]

18. The German Victoria Nyanza Mission covers the southeastern portion of the Lake, clear into the Usukuma country. Twelve stations have been erected, also eight outstations, but on account of the wide expanse and the difference of languages, this field has been divided into three districts: (a) the Lake District, with Majita, Iramba, Nyabangi, and Shirati and four outstations; (b) the North District, with Busegwe, Ikizu, Utimbaru, and Sizaki, and also four outstations; (c) the Usukuma District, with Ntuzu, Itilima, Kanadi, and Mwagala. There are at present 15 missionaries, one physician, six wives, and 23 native helpers. Forty-one were baptized in this field last year, increasing their membership to about 100. Seventy-eight others have offered themselves for baptism. They have done considerable literary work, preparing manuscript for a hymn-book, dictionary, gospels, and primer in the Chikwaya, Kisanaki, and Kisubuma languages. In Majita, Iramba, Busegwe, and Ikizu they have planted from seven to ten acres of cotton. They also cultivate peanuts. In Majita they opened a carpenters' shop.

19. The Pare Mission was opened in the fall of 1903 in the Pare mountains, half way between the Indian Ocean and the Kilimancharo mountains. Among the 25,000 Pare people are four main stations—Kihurio, Friedenstal, Vuasu, and Vunta—and 21 outschools. Live churches have been organized at the four stations. Last year 143 were baptized, and 75 new candidates have offered themselves. There are now 256 members, of whom 246 are converts directly from heathenism. Our force consists of five missionaries, four wives, and 25 native teachers. They have also sent already four native teachers to the German Victoria Nyanza field, some 800 miles inland, where they are doing excellent service. Thus far a grammar, hymn-book, primer, reader, and the gospel of Matthew have been published in the Chasu

language. The whole of the New Testament is translated. They also publish on the cyclostyle a monthly paper in Suaheli, and Bible-readings have been printed in this tongue, akin to the Arabic, which is spoken considerably throughout East Africa. Our missionaries, several of whom are trained nurses, have rendered medical assistance to thousands, especially along the line of midwifery. As to agriculture they have also some 175 acres of land under cultivation, mostly cotton, also maize, potatoes, fruit, etc. They harvested 11 bales of cotton last year. The native contributions last year were \$300. When the writer first visited this field, in the spring of 1904, he only found a temporary mission building in Friedenstal, the people all sunk in heathenism, none able to read or write, and Islam already making inroads. At our last visit, early in 1913, we found every few miles little schools, the pupils and also the chiefs waiting to greet us, hundreds converted, several thousand attending our schools, good mission buildings erected by our missionaries, fruitful mission farms, and overcrowded meetings.

20. The Sierra Leone Mission was really opened as early as 1894, but on account of deaths and removals the work has moved slowly. On my first visit, December, 1913, after the transfer of the field to the European Division, I found a fine mission property with two good houses erected by our own missionaries in a very good location at Freetown, also a chapel; 25 miles inland from there at Waterloo on the railway, a good school building, a teachers' dwelling, and another chapel and a mission farm; then in the hinterland at Mato-toka and Gwambama two school houses and homes for native workers. There were four white workers with their wives and about 15 natives. Last year 36 souls were baptized. At our general council meeting, plans were laid to open up regular mission-stations in the hinterland of Sierra Leone, among the Timnis and Mendis. These stations are well under way. We planned also to place white workers and native workers in the Gold Coast and Nigeria. As the school buildings at Waterloo fully suffice for the Sierra Leone coast, our mission property at Freetown was sold for £2,600 to the government. At Waterloo we have an industrial shop, where we manufacture heavy trucks. This part of our work is highly appreciated by the government and merchants. The 83 members of this field were organized into three churches, 51 of these live at Waterloo and 25 at Freetown.

21. The Gold Coast Mission has had no foreign missionary located there, and the work has not been so very substantial, so that the membership has been reduced to 45. We sent three native workers and a white missionary to that field, and suitable mission buildings are being provided for.

22. The Nigerian Mission covers the most populous English colony in Africa, with over 17,000,000 people. A white missionary has been placed in charge, also a native ordained missionary, and buildings are being erected among the Yoruba people at Lalupou. Two schools were started, and the first convert was reported recently.

23. The Angola Mission with nearly 5,000,000 people has no worker at present, but we have three faithful Portuguese Sabbath-keepers at Loanda, who embraced the truth in Portugal, and are calling loudly for help.

24. The German Southwest African Mission covers a vast territory, but has only a population of about 100,000. One of our German brethren had been here for several years, then returned to Europe, accepted the truth, attended our mission school a short time, and then

was invited by a former friend to come and look after his plantation during his absence. He accordingly went with his wife, and is trying to hold up the light of the truth in this colony, at the same time preparing for future usefulness.

25. The Canary Islands Mission is a health station, at Teneriffe, for our workers on the unhealthful West Coast of Africa. One nurse there, with his wife, looks after our missionaries during their furloughs, and meanwhile does good work in canvassing among the Spaniards. The first Sabbath-keeper was reported this year.

26. The North African Mission includes Algeria, Tunis, and Morocco with 13,000,000 people. When we visited the field, in the spring of 1914, we found companies at Algiers, Oran, Relizane, with 43 members. Fourteen were baptized last year. It was planned to open up the work as soon as possible in Morocco. Work is being carried on in French, Spanish, and Arabic.

Institutional Work.

Educational.—In the European Division there are five missionary colleges, with 32 teachers and 440 pupils. As we can hold no school in Russia, the Friedensau School (in Germany) has a full Russian department, with 35 pupils this year. In the mission fields we have 23 schools headed by white teachers, and 40 out schools superintended by natives. There are altogether 40 white and 70 native teachers employed, who teach not less than 5,000 pupils. Of these, 4,200 are in German East Africa.

Publishing.—In addition to the work of the four main printing offices (Hamburg, Watford, Christiania, and Gland), publishing is now carried on through outside printing houses at Stockholm, Helsingfors, Reykjavik, Barcelona, Riga, Budapest, Florence, and Constantinople. These houses publish literature in 38 languages and dialects, and missionary journals in 17. Total sales in 1913, \$482,000; 941 canvassers were employed.

Philanthropic.—There are sanitaria at Skodsborg, Gland, Friedensau, Watford, and Caterham, and treatment rooms at Christiania, Jerusalem, and Nyhyttan. In our employ there are nine physicians and 200 nurses. At Friedensau we also have an Old People's Home, with 50 inmates.

Financial.—With an investment of about two million dollars, our institutional gain last year throughout the Division amounted to \$150,000 net.

Division Financial Report for 1913.

In spite of political unrest, the tithe increased to \$364,446, or about \$40,000 more than the previous year; our mission offerings to \$106,090, or a gain of \$20,833.

Summary.

God has signally blessed the preaching of the three-fold message during 1913 in this Division, so that a harvest of 5,625 souls could be garnered in. During the first six months of 1914, 2,750 souls were added.

Paul's saying in 1 Cor. 16: 9, "For a great door and effectual is opened unto me, and there are many adversaries," applies to conditions in much of our Division today. Full religious liberty is only granted in Great Britain, Scandinavia, Holland. It is more or less restricted in

the rest of Western Europe, and a thing unknown in Eastern. In fact, all kinds of propaganda, by any but the State church, is at present forbidden throughout the Russian Empire. In Austria proper, our public lectures have to be carried on under the organization of literary societies. The circulation of our literature has also met with great opposition. Books, papers, and tracts were forbidden to be circulated by our agents through the influence of both Catholic and Protestant clergy.

The terrible unrest on account of the Balkan war has now culminated in a general European war, which not only affects nearly all of Europe, but also all its colonies. In the territory where the war rages, our work has not only come to a standstill, but still worse, our churches and workers have been scattered and their properties destroyed.

Gladly will we bear the scourges of war, if the nations will only acknowledge the Divine chastisement, change their attitude to God's truth, and grant religious liberty hereafter to those who try to worship God in spirit and in truth. We, as a Division, bow under the chastising hand of God, admit our unfaithfulness, and love of ease; but we do beseech God in behalf of his downtrodden law, in behalf of the name of Christ, and in behalf of the finishing of his cause, that he once more may restore peace, grant full liberty to the preaching of the gospel, and endue his servants with power from on high to carry it to the very ends of these immense fields and great populations within our Division. Thus far, we have only staked out our outlines, within which a great work needs yet to be done. If we had twice the workers and the means it would only suffice for a good beginning. We pray the Lord of the harvest to send forth more reapers, grant more means, and impart more power to finish this work quickly.

ASIATIC DIVISION MISSION OF SEVENTH-DAY ADVENTISTS.

R. C. Porter, President.

Some of the advance moves in the general work for the year are as follows: —

A small four-page English sheet, to serve as a church paper, has been issued through the year, beginning with April. The number issued at present is about 200 each month.

During this year two main divisions of China have been entered by this denomination, and good, strong headquarters have been established. These are located at Chunking, Szechuen, West China, and at Mukden, Manchuria. Four foreigners are located in each mission, besides a small corps of Chinese assistants.

For several years the necessity for general agents who would have oversight of the sale of our literature in all the Asiatic fields has been keenly felt. During this year three men have been received from the Australasian Union, one to have charge of the work in Japan, one in South China, and the third in the Mandarin-speaking portions of Central, East, and West China.

The circulation of the Chinese Signs of the Times, monthly, for the past year has averaged between 65,000 and 70,000.

For a number of years the missionaries in China who have children growing up have been very desirous of having a school where their children might be taught according to the methods of this denomination. This desire has just been realized in the opening of our church-

school in Shanghai, which bids fair to become not only permanent but very successful.

Several years ago there was launched a campaign for building homes for all of our foreign workers in the East. During 1914 this has been practically completed, so that all of the old stations in China now have foreign dwellings to accomodate their foreign workers, and plans are on foot to furnish suitable homes for those going into new fields. This has been found to be very beneficial to those who have already occupied the homes, and is well worth the investment put into them.

Central China Mission.

While the territory of this field is not as large as some others, yet it has one of the heaviest works started of any field in our Division. Three of the four provinces in the field are being worked. Associated with the foreign workers in each of the provincial, or local, missions, is a corps of native workers, which, at the close of 1913, numbered 94. This list of workers has been increased about ten percent during the present year. The adult foreign missionaries at the beginning of the year numbered eleven, while at present there are fourteen. Some changes have been made in the assignment of laborers to strengthen the work, and all seem now to be working well.

One of their oldest workers, Elder J. J. Westrup, was obliged to retire from the field this year on account of the state of his wife's health.

With the opening of the year 1914 the Hunan Mission moved its native headquarters, chapel, and school from the old rented compound on a side street, or alley, to the newly-purchased quarters on a lively business street in the center of the city of Changsha. The buildings were prepared and ready for the workers' institute that convened at that place the first of March. The chapel which seats 300, was then opened to the public, and from that time to the present has usually been well filled by an attentive audience six nights in each week. A reading room and book depository was also opened in a part of the same building. This has helped to advertise the work, and has made numerous friends. The campaign in Changsha is yielding good fruit. A score have already been won from heathenism, a number of whom have been baptized, while others are waiting.

Several new openings have developed recently in southern Hunan. Of peculiar interest is that of the Wang family, or clan. The first visit to their mountain home was in the month of May. They have at their own expense prepared a building where a church-school is now being conducted, and are fitting up another building to serve as a chapel. It is reported that over 400 of this clan have already given up their idols and are reaching forth for the Light of Life.

Of equal encouragement is the work in northern Honan. Three chapels have been opened in that section, and numerous other interests are springing up. The intermediate school at Yencheng opens its first year with good prospects.

In Hupeh, too, our faith is winning its way. Early in the year an evangelist was located at the important river port of Ichang, and later two colporteurs joined him. The Lord has blessed them in the seed sowing, which forecasts the garnering of souls. Companies of believers have also developed at several other places. Colporteurs from Honan have passed north into Shensi, as the result of which

earnest requests have come to us for evangelistic help. In like manner, Hunan colporteurs have crossed the Kiangsi borders, and sold considerable literature. Several small companies are reported observing the Sabbath, and plans are being formed for foreign and Chinese workers to enter this province in the near future.

At each of their annual provincial meetings held this autumn, advance moves were made in the methods of dealing with colporteurs. In the future all subsidies in the nature of salaries will be discontinued, and the colporteurs will be required to pay in part for the literature they sell, with a view in time to arriving at complete self-support, as well as paying for the literature.

The question of self-supporting native work also received much attention, and it was decided that for the ensuing year the churches in Central China would endeavor to increase their tithes and offerings so as to provide thirty per cent of the necessary funds for the native evangelistic and educational work. This, too, is a new departure, but by strong faith and prayerful effort we believe it may be accomplished.

With the month of November, the Central China Mission began the publication of a monthly native newsletter. This is receiving an enthusiastic welcome, and we trust it will be the means of greatly strengthening and unifying the work throughout the entire field.

From numerous outstations come the cheering reports that God is going before them in the work, that idols are being cast down and destroyed, and that men and women reared in superstition are entering the pathway to Zion.

East China Mission.

The advances made in East China during the year 1914 are as follows:—

New stations opened	5
Station schools opened	4
Number baptized	20
Number of believers not yet baptized	32

To the working force there have been added during the year two foreign workers, three native evangelists, eight native colporteurs, and five native teachers.

On the first of the year the work in Shanghai was strengthened by the opening of a free reading room on Kiangsi Road. This has been visited by a large number of people interested in reading our literature, and has been an efficient aid in calling the attention of the people to our work.

Two colporteurs have entered the province of Shantung with literature, and report finding interests in several places.

Japan Mission.

A successful institute was held last spring in Tokyo, where all the workers of the Japan Mission, with the exception of one who was detained in his field, were in attendance. Elders Porter and Butterfield were present, and assisted the superintendent in the giving of instruction, and the results of the institute have been seen in advanced work during this year. Early in the year an investigation was made into the charge sometimes brought against Seventh-day Adventists that they gain their converts from other Christian denominations. As a result of the careful inquiry into the history of every Seventh-day Adventist church member in Japan, it was found that over 73 per cent

had formerly had no interest or connection with any other Christian body.

During the spring the Wakamatsu church building, which was small and inconveniently situated, was taken down and removed to another part of the city, and rebuilt and enlarged, and dedicated free from debt. This was made possible by the sale of the former site, which nearly paid for the removal and rebuilding. This gives this church a place of worship both comfortable and convenient.

Since the beginning of our work in Japan, it has been carried on in rented quarters. One great reason has been the difficulty in securing the right to own real estate in Japan. Last April, after much time spent in careful search about the city of Tokyo, nearly three acres of land was secured under a long-time lease at Ogikubo, a suburb of Tokyo. During the summer a printing plant, office building, and school for both church and training school, with dormitory for men, three foreign and eight Japanese houses, have been constructed. This gives the mission much-needed facilities, and the missionaries and workers a quiet, convenient, and healthful home station and headquarters.

Although it has been a season of violent storms during the greater part of the year, the mission has had four tents in active service in the field. While the meetings have been interrupted by damage to the tents, the prospects are that at least one church will be established as a result of the season's effort, and other believers will be added to the churches already organized. The tents were located in Tokyo, Nagoya, Yoka, and Kagoshima. On the approach of cold weather in each of these places, the meetings were transferred into convenient buildings, where they still continue.

Sabbath-school and all other donations have very materially increased during the year, and give promise of being much the largest ever given in the history of the work in Japan.

During the first part of the year no one was in direct charge of the colporteur work, on account of our former manager of the Press having returned to America. In May, H. Stacey and wife of Australia arrived, and during the remainder of the year have been in the language school getting a working knowledge of the language, and it is hoped he will be able to take the field early next year.

Korean Mission.

The advances made in this field can best be stated by giving a few figures showing the gains that have been made for the first three quarters of the year as compared with 1913. They are as follows:—

Number of churches	10	a gain of 1.
Number of members	560	a gain of 20 per cent.
Number of companies of believers	35	a gain of 59 per cent.
Average Sabbath-school attendance	1,064	a gain of 22 per cent.
Number baptized during the year	100	
Amount of native tithes and offerings	\$807	a gain of 58 per cent.

All lines of work have been strengthened, and aggressive work is now being carried on in all of the thirteen provinces, and a beginning has been made on some of the islands adjoining.

A neat church building has been erected in Seoul, which greatly aids our work in the capital.

Malaysian Mission.

During the first half of the year 1914, eight adults arrived from America to join the working force of the Malaysian Mission. Two, a man and his wife, were sent to Padang, Sumatra, to relieve the worker at that place, who left at once for a year's furlough in Australia. Another man and his wife were located at Kaula Lumpur, Federated Malay States; and four, a man and his wife as treasurer, one lady to take charge of the church school, and the wife of the superintendent, in Singapore.

Public efforts have been held during the year in Singapore; Kaula Lumpur, Federated Malay States; Sandakan, British North Borneo; Soerabaya, Java; and Batavia, Java. The workers at Padang, Sumatra, have devoted most of their time thus far to the study of the language.

During the first nine months of the year there were baptized and united with the church, ten at Singapore, four at Kaula Lumpur, ten at Sandakan, seven at Soerabaya, nine at Batavia, and one at Padang. Others are studying, and expect to be baptized and unite in the near future. Two new church organizations have been perfected, one at Sandakan with 22 members, and one at Kaula Lumpur with twelve members.

All the mission stations have been visited by the superintendent during the year except British North Borneo. The superintendent also made a visit to Battakland, where many people are calling for a foreign worker to teach them the doctrines of this people. A number have already accepted the faith as far as they understand it. Permission to establish our mission work has not yet been granted by the government in Battakland.

The amount of tithes and offerings received has been fully as large as the previous year for the first nine months of the year. A Malay paper, "The Malay Messenger of Truth," printed in Batavia, Java, has been published quarterly, with a circulation of about 2,500. Besides this, many thousands of pages of other literature dealing with the war situation have been circulated.

Philippine Mission.

The year 1914 has witnessed the greatest growth in every branch of our work since its beginning in the islands. We have been able to open up three new stations, one in Iloilo, Panay Island, one in Argao, Cebu, and one among the Ilocano people in the northern part of Luzon. The brethren in charge of these stations have been working hard on the language, and have already been able to get out several tracts, with the help of their teachers and others. In all of these places they have believers, and many others are favorable.

We have started a small printing office for the purpose of publishing our native books, tracts, and papers. This was made possible by the help given by the "Mothers' Association" of College View, Nebr., and other friends in Iowa, Kansas, and Colorado, also by the donation of machinery by the Pacific Press Publishing Association.

During the year there have been published 50,000 pages of tracts in the Ilocano, 51,000 in the Cebuan, 44,000 in the Panayan, 240,000 pages in the Tagalog. Of the paper published monthly 572,000 pages have been issued, and 426,000 of the new Tagalog book. We have also bound 1,500 books in our own bindery. This work has been made possible by the help of one of our new laborers who has taken charge of the printing work.

In February land was purchased on which to erect two new foreign dwellings and a small printing plant. The first one of the dwellings was completed in July. The first church building in the islands owned by our people was erected at Malolos, near Manila, and was dedicated in February. There have been more than one hundred baptisms during the year.

The amount of tithe received will reach \$1,400, as compared with \$557.00 for the previous year.

These cold figures do not give the number of hearts made to rejoice and the changed lives of men and women, the victories gained, and the rays of hope received where darkness and despair reigned before.

THE AUSTRALASIAN UNION CONFERENCE.

By J. E. Fulton, President.

The Australasian Union Conference embraces within its bounds a vast extent of territory, and consists of six local conferences situated in the various States of the Commonwealth and the Dominion of New Zealand, together with organized missions in a number of the principal island groups of the Pacific, and many islands as yet unentered.

Its Peoples.

Perhaps no other union in the world has such a varied field as the Australasian Union. In mental characteristics and intellectual status our field represents the dominant, progressive European peoples of Australia and New Zealand; the most intelligent and vigorous native races of Polynesia; the less attractive natives of Micronesia and Melanesia, down to the intellectually dwarfed and unpromising aborigines of Australia. But they are all blood-bought souls, and every country and island presents interesting fields for missionary endeavor. Our young men and women have ample scope and opportunity to display their enthusiasm, and to utilize their God-given talents in pioneering the way for the closing message.

Languages.

Many languages and dialects are spoken in our island field, as may be gleaned from the fact that there are one hundred dialects in the Solomon Islands, numerous dialects in the New Hebrides and in New Guinea, and many languages in the yet unentered island groups. The third angel's message is now published, preached, or spoken in the following languages in our field: English and German in Australia; English and Maori in New Zealand; Motuan in New Guinea; Fijian, New Hebridean, Samoan, Tongan, Niuean, Rarotongan, Tahitian, and Indian in Fiji.

As we cast a retrospective glance over the work of the past year we can see that many advance moves have been made. In every conference in the union aggressive evangelistic work has been steadily persevered in, and with excellent results. Our church membership now exceeds 5,000, and there are over 300 workers employed.

Educational.

Our college at Avondale, New South Wales, and the training schools in Western Australia and New Zealand have an excellent attendance. The total enrolment is 264 students, with 22 teachers. At each of these centers substantial improvements and additions to the

equipment and facilities have been made. Our training school for native workers at Buresala, Fiji, has this year 44 students, under the instruction of three European teachers and one native teacher. On Pitcairn Island we have a school of 60 pupils; at the Monamona Mission there is a school of over 35 aboriginal children; on the Ra Coast of Fiji a native teacher conducts a school of 20 pupils; and we have also a small school in the New Hebrides, and a day school for Indian children in Fiji. Including also the 14 church schools in the various States, we have throughout our Union Conference 23 schools, with an attendance of 742 students, under the supervision of 50 teachers.

Medical Department.

The Sydney Sanitarium has had a successful year, both in the treatment of the sick and in the training of workers for active service in the home and foreign field. A band of more than twelve medical missionaries is now under appointment to various fields. Some much-needed improvements have been made both within and without the building, and facilities have been added which make the institution more attractive, and which also lessen the work of the staff.

The sanitarium at Warburton, Victoria, has also had a successful year. A new wing has been added, which almost doubles the accommodation, and provides also additional treatment rooms, an operating theater, and other conveniences. The smaller sanitaria at Adelaide, South Australia, and Christchurch, New Zealand, are also in active operation, and doing excellent work.

Health Food and Cafe Work.

The work of the health food department is growing and prosperous. Twenty-five varieties of foods are being manufactured, and for some of these the demand exceeds the supply. The manufacture of health foods provides employment for many of the students in the college. There are in all about 120 young people engaged in the health food and cafe business, and the gross profit on the manufactured foods this year exceeded \$34,090. One new cafe has been opened, and all have enjoyed a good patronage. Through the influence of our cafes and food depots in various centers, thousands of the best and busiest people are brought into contact with our work and message. The cafe patronage this year totaled 205,000.

Publishing Department.

We include in this department the whole of the field work, both as regards the canvassing and the church missionary work, as well as that of the State tract societies, the Avondale Press, and the Signs Publishing Company, Limited, the last-named being the chief publishing house. During the year several new books have been issued, both in English and in the island languages. A large medical book by the Doctors Richards is nearly completed. Our canvassers and others have had remarkable success. Subscription and trade books to the number of 43,337 have been circulated, these having a total value of \$99,500. Our weekly missionary paper, *The Signs of the Times*, and the health journal, *Life and Health*, have also had a wide circulation. Through the personal efforts of our workers in circulating the literature many have accepted the truth for this time.

At the Avondale Press our conference papers, island literature, and printed matter for the health food department is produced. Here also the work has been prospered. During the year over twenty tons of material have been used, and the value of the output exceeded \$12,600.

Home Missionary Department.

"Every Seventh-day Adventist an active worker" has been the aim of this department; and a general movement has been inaugurated to revive the missionary spirit in all our churches. Last June we commenced the publication of a monthly paper called **The Missionary Leader** to foster this work. Missionary conventions have also been conducted, with excellent results, one feature being the practical demonstration of how to do various lines of work.

Our monthly paper for the blind, **The Day Dawn**, in the Braille type, now in its eighth year, is welcomed by about 200 regular readers, 22 copies being printed by hand and passed on as a circulating library. About twenty tracts have also been put into the Braille type, and a book "Daniel and the Revelation" in separate volumes, is almost completed.

Missionary Volunteer Department.

The total membership of this department now stands at 2,502, and of these 896 are church members. One of the most encouraging features has been the extention of the work of the department into the mission fields. Young people's work is now carried on in Norfolk, Fiji, Samoa, and Lord Howe Island, and in Raiatea and Tahiti in the Society Islands. The number taking the examination on the Bible study last quarter was 1,098. The Reading Course work is also making encouraging progress. Nearly 3,000 copies of the "Morning Watch Calendar" were issued this year. Our young people raised for missionary enterprises in the home and mission field the sum of \$5,500.

Sabbath-school Department.

In our Sabbath-school Department we are privileged to report an army 6,121 strong. These are scattered over our vast territory in 197 schools, 30 of which are in our mission field. Our largest island school is on distant Pitcairn. This school has 155 members, and is noted for its reverence, perfect order, and hearty singing. The smallest and most unique of our island Sabbath-schools is composed of just two members as yet, and is held in the little mission boat, "Advent Herald," off the coast of the Solomon Islands. Our Sabbath-school offerings to missions this year amounted to \$15,400, of which it is interesting to note that over \$3,400 was received from our island missions.

Fiji.

Our faithful staff of European and native laborers has done good work. We regret that we lost some of our trusty native evangelists by death, but rejoice that other young men have been found to fill the vacancies. Several additional European workers are under appointment to this field. The Buresala Training School is training native workers for both Fiji and other island groups.

Indian Mission, Fiji.

One task confronting our union is the giving of the message to the 50,000 Indians in Fiji. These people from India now comprise nearly two-thirds of the population of Fiji, and are indentured to work on the sugar plantations. Their illiteracy, immorality, castes, pagan religion, superstitions, and local surroundings make the work a most difficult one. For nearly two years, Sister E. Meyers, who has a good knowledge of Hindustani, has toiled on, friends have been won, and the outlook is encouraging. A mission building has recently been erected in close proximity to large Indian settlements; and two new workers will soon join Sister Meyers in laboring for these needy people.

Pitcairn Island.

Encouraging news reaches us at intervals of the work being done on Pitcairn Island by Brother and Sister M. R. Adams, graduate nurses from our Sanitarium. In January a camp-meeting was held, which was a season of great spiritual refreshing, and marked a new era in the lives of many. The Sabbath-school and church services are well attended; and the day school has over 60 pupils.

Society Islands.

In this group we have 43 Sabbath-keepers, and four church buildings. Many conditions combine to make the work in this field difficult; and four new workers are now under appointment to go to the assistance of our workers there and carry the message into unentered parts of the group.

Cook Islands.

In the Cook Islands group, including six foreign workers, the church membership is 22. Advance moves are being made. Brother and Sister G. L. Sterling have entered Aitutaki, where a company has been raised up and a neat little church building has been erected. Mangaia, in the same group, has been entered during the year by Brother and Sister H. Streeter. Thus two more beacon lights have been set up in Eastern Polynesia.

Norfolk and Lord Howe Islands.

Norfolk Island has recently been handed over by the Imperial authorities, and is now annexed to the Australian Commonwealth. It is becoming popular as a tourist resort, and this affords opportunity to our little company there to do some missionary work. Two English settlers have recently embraced the truth; and the little company is working steadily for all families on the island.

From Norfolk the light was kindled on Lord Howe Island, a small dot in the Pacific about midway between Sydney and Norfolk, so that we now have a company on Lord Howe Island also.

Friendly Islands.

The Friendly or Tongan Islands are divided into three groups: Tonga, Vavau, and Haapai. Each group takes its name from the principal island. In each of these centers our work is being carried forward; and two new workers will soon be on the way to Haapai to assist the Fijian worker who is in charge of the mission there. Endeavors are being made to secure a mission site at Vavau, in order

that facilities may be afforded for training native workers for service.

Samoa.

Advance moves have been made in Samoa, where a number are inquiring after the truth, and our little monthly paper is eagerly received. In response to urgent appeals for help, Pastor J. E. Steed is returning to Samoa, where he previously labored. Thirty-two acres of land fourteen miles from Apia, have recently been acquired for a mission site. It is planned to make this a center for the training of those who desire to become workers. Our missionary nurse finds her hands full, and through her work many are inquiring into the truth.

New Guinea.

The mission property at Bisiatabu consists of 150 acres of land secured from the government about four years ago. Some fine produce is grown on the plantation, which finds a ready sale at Port Moresby. Native boys are engaged for the work on the plantation, and opportunity is taken to teach them the first principles of the gospel message. From year to year new boys have to be employed. These return home after working for twelve months. They receive their wages in goods to the value of twenty or twenty-five dollars. These boys are afterwards visited in their villages, and it is evident that some endeavor to live up to what they have learned at the mission. The mission is carried on by two white workers and two Fijian workers, together with their wives. A comfortable two-family house has recently been erected for the European workers, and the native laborers are also comfortably housed. The plantation and stock are in a prosperous condition, and the workers are of good courage.

New Hebrides.

This new mission enterprise has its headquarters at Atchin, a small island in a central position in the group and in close proximity to the bulk of the population. A mission house, church, school, and boat-house to shelter the launch have been erected during the year. A small dispensary is to be built soon. The dread malaria has repeatedly attacked our laborers; and Brother and Sister Parker, who for a time were left alone, have had a trying time; for not only were disease and isolation to be reckoned with, but an uprising of the savages, and the massacre of native missionaries of another society, within sight of our own mission, must have been a terrible object lesson of what heathenism is capable of doing. But God has been with our workers; and some of these benighted people are turning toward the light. Two new workers from the college will soon go to strengthen the hands of the little mission band.

Solomon Islands.

Work has just been commenced in the dark, heathen, cannibal Solomon Islands. Pastor G. F. Jones and wife, missionaries of wide experience, sailed from Sydney last May. They took with them a small portable house, and also a mission vessel of eight tons, ketch rigged, and having auxiliary power. They were favorably received by the administrator. After careful search, they have decided to commence operations in the Morovo Lagoon on the Island of New Georgia. The natives are helping energetically and enthusiastically in the clearing of land and the building of a school house. The little "Advent Herald" is the home of the workers until a site is cleared for a house.

Niue.

We hoped that before this our missionaries would have made a beginning on Savage Island, but we have been hindered. Two European workers and Miss Vai Kerisome, a native worker who has been attending the college, leave this year to enter Niue. Ten tracts on various subjects have been translated into Niuean and put into circulation.

Maori Mission.

The Maoris of New Zealand are widely dispersed over the Dominion, thus making the work difficult. Two workers are devoting their whole time to this enterprise; and our monthly paper in Maori has a wide circulation. We have the book "Christ Our Saviour," besides a number of tracts, in the Maori, and a book of Bible readings is just off the press.

Aborigines of Australia.

Intellectually the Australian aboriginal is regarded as one of the lowest types of humanity, but there are many bright minds and keen intellects among them. Last year a grant of 4,000 acres at Monamona, near Cairns, Queensland, was secured from the government, and our workers have been toiling under many difficulties to erect buildings, and to clear land and place it under cultivation. About \$6,000 has already been expended in buildings and equipment and stock for the farm. There are now over 100 natives on the mission premises. Those in charge hope to make the place largely self-supporting in the near future. Several natives have accepted the advent message, and are keeping the Sabbath.

Island Literature.

Several new books have recently been published in the island languages. "Bible Readings" in Fijian, Rarotongan, Maori, and Samoan, and "Thoughts on Daniel" in Tahitian. Besides the tracts in most of the above languages, we publish monthly papers in Fijian, Tongan, Rarotongan, Samoan, Maori, and Tahitian. This has kept our translators busy, and provided a large amount of work for the college press, where all the island literature is published.

SOUTH AFRICAN UNION CONFERENCE.

By W. B. White, President.

The year ending November 1, 1914, has been a very good year for the work in the South African Union Conference. While we have had to meet many perplexities, still we can see the prospering hand of God in our work in many ways, and we have very much to be thankful for.

During the last year there has been considerable sickness on some of our interior stations, but we are glad to report that no lives have been sacrificed, although some of our European missionaries have had to suffer quite severely with the fever.

To labor in the different departments of our work, there have arrived in the field, during the past year, from America, the following-named persons: W. B. White and wife, O. K. Butler and wife and two daughters, F. B. Jewell and wife and son, R. P. Robinson and wife, J. I. Robison and wife, and J. P. Casey and wife. There have left us for the American field, M. E. Emmerson and wife, Mrs. P. E. Frost, and Mrs. Helen Williams and family.

Cape.— Strong efforts have been made the past year to revive the home missionary spirit, and much is being done in different parts of the field through our literature. Substantial additions have been made to the church in Cape Town through a series of tent meetings conducted by Pastor H. J. Edmed, and we hear of persons embracing the truth in other parts of the Conference. The time seems ripe for evangelistic effort in the cities and towns, and more evangelists are greatly needed.

Orange Free State.— In the Orange Free State the whole country has been suffering greatly from a drought, but our people are doing what they can to scatter the light, and bring to the people a knowledge of the present truth. Recently a company of believers has been brought out near Kroonstad, through the labors of Pastor George W. Shone, and a company of native believers has been raised up at the same place. A goodly number of native believers have also accepted the truth near Bloemfontein.

Natal-Transvaal.— In the Natal-Transvaal Conference a good work has been done the past year through the handling of our large books, and many thousands of dollars worth of these publications have been placed in the hands of the people. The home missionary work is also being carried forward with success, and an effort is being made in all of the conferences to place something in the home of every European in South Africa on present truth the coming year.

Missions.

1. Rhodésia.

Solusi.— At Solusi, the oldest station in Africa, we have a flourishing school which is doing a great work in that region. Brother W. C. Walston is the superintendent, assisted by R. P. Robinson and wife. A great drought has been prevailing here. They have had no rain for eight months, and the prospects do not look the most encouraging from an agricultural standpoint. This station operates fourteen outschools.

Pemba, Barotseland.— The mission in Barotseland conducted by W. H. Anderson has been passing through trying times, both Sister Anderson and her husband suffering from fever. Both have made fair recovery, and Brother Anderson has made a tour among the distant kraals. Students applied so earnestly that the effort was to turn them back; but over a hundred came to fill their school. Victor Wilson and wife, of Solusi, have joined the Pemba mission: also S. M. Konigmacher and wife, of Nyasaland, in order to release Brother and Sister Anderson for a few months at the Cape. This station has four outschools.

Somabula.— Our mission at Somabula, superintended by J. N. de Beer, has four outschools and a splendid interest. George Hutchinson assists at this station, having the school work in charge. This mission is on a native reserve and consequently owns no land. The drought in this section the past year has been very severe, and feed and water have become very scarce indeed.

Glendale.— The Glendale Mission, newly opened, near Victoria, southern Rhodesia, was purchased by one of the 13th Sabbath offerings made by the Sabbath-schools in America. The school at the main station is now growing nicely, and a new school building is being built. This station already has four outschools. T. J. Gibson is superintendent, assisted by Laurie Sparrow and wife. A new house has been built

the past year which at present is accomodating both families. We are hoping to build another dwelling next year.

Tsungwesi.—The Tsungwesi Mission in southeast Rhodesia is superintended by Brother M. C. Sturdevant. There has been much sickness at this station during the past year, and the workers have had many perplexities and trials. But still the work is onward. The school, with about 100 pupils, is conducted by F. B. Jewell and wife. The work is telling upon the minds of the natives in that section. A. P. Tarr has recently been sent to this station to relieve Brother and Sister Sturdevant for a few months, that they may take a much-needed rest.

2. Other Missions.

Malamulo.—This Nyasaland station is superintended by C. Robinson, assisted by George Ellingworth and wife. At the main station there are over 200 regular students, and in the country round about are 38 outschools, and more will soon be opened. We have in this country about 60 native teachers, who come together once a year for a summer school. A strong work is being done all through this region to bring the light of truth before those who are sitting in darkness.

Tanganyika.—Far to the north, on the Tanganyika Plateau, J. C. Rogers and wife are now looking for a favorable location where a new mission may be started. They are endeavoring to find a field if possible that is not occupied by other societies. At this writing a selection has not been made for a mission station, but likely will be soon.

Emmanuel.—Emmanuel Mission, Basutoland, is in charge of H. C. Olmstead, assisted by J. R. Campbell and wife. This mission is on a native reserve with only 25 acres of land, which is largely in fruit, and is just now coming to bearing. Here we have a school of about 40 students, among them some promising young men whom we hope to train as workers among the Basutos.

Kolo.—One hundred miles from this station is the Kolo Mission, Basutoland, E. C. Silsbee, superintendent. Here we have only four or five acres of land and a small native school numbering about 20 pupils taught by a native teacher. Considerable evangelistic work has been done the past year by the superintendent and his native helpers through the villages in that region. Here we also have a company of native believers.

Spienkop.—To the eastward in Zululand, Natal, is the Spionkop Mission, F. B. Armitage, superintendent. Assisting him is Hubert Sparrow. On this farm, near Ladysmith, is the celebrated battlefield of Spionkop, where Boer and Briton met during the war of twelve years ago. Here we have a native school of 30 students, taught by a native teacher. A new house is being erected at this station, which we hope may serve as a center for our work in Zululand.

Maranatha.—Further to the south, within sight of the Indian Ocean, near Grahamstown, is our Maranatha Mission to the Kaffirs, with two outschools. The station school has 35 students. The Maranatha church now numbers 105 members, and it certainly is a light to that part of the country. A number of promising Kaffirs are taking hold of the work with us. E. W. H. Jeffrey, who has faithfully served the Cape Conference as the tract society secretary, has now gone to this field to take the superintendency of the work. He will be assisted by one European worker with a number of native evangelists.

General.

It has been decided to organize Rhodesia into a Union Conference Mission field, and this likely will be done at our next biennial session, in Durban, in 1915. Rhodesia is some 2,000 miles from Cape Town, which makes it very difficult of administration from this point. We are sure that under wise organization and management, the work in this field will develop as never before. Nyasaland will also be included in this organization.

In our native schools in Africa we have about 2,300 students with 131 native teachers and 15 European teachers. We also have 59 out-schools, mostly taught by native teachers. During the past year there have been baptized and added to the churches about 175 members, both native and white. The Union Conference at present has about 1,500 church members both white and native.

Sanitarium.—Our Sanitarium at Plumstead has had a very good patronage during the past year, and has more than paid its way.

Claremont School.—Our school at Claremont has had about 75 students in attendance. From this school white workers are going out continually into the field.

Vernacular Literature.—From all parts of the union there are coming calls for more literature in the vernacular. We have "Steps to Christ" in the Zulu, Kaffir, and Sesuto. This good book has also been translated into the Sechuanna, and is now in the hands of the printers, the first of our literature among the people of this tongue. Sister I. J. Hankins has recently written a book on the plan of salvation, bringing in the second coming of Christ, the events surrounding it and the final restoration of the earth. This manuscript is written in a very simple style, and we are hoping soon to have this book in the hands of the native people. Another manuscript has been prepared by Sister Joel Rogers, which we trust may ere long be printed in the language of some of the large tribes of this country. Small tracts are also being produced in the Manyanga, the language of Nyasaland. A native literature committee has been created by the Union Conference that has this work in charge.

Book Work.—Our book work during the past year has been quite successful, considering the great drought that has been over the country, and a number of thousands of pounds worth of books have been placed in the hands of the people. This work has been superintended by Brother G. H. Clark. By the liberality of the Pacific Press Publishing Association, a new cylinder press has been placed in our Claremont printing office, greatly increasing our facilities.

The outbreak of the war in Europe has affected business here, and its long continuance would cripple our work seriously, we fear. But as a result of the war many minds are being opened to the truth that have for many years been closed. In September a special war number of the "South African Sentinel" was issued, which attained a circulation of 70,000 copies. We are hearing from this paper on every hand, and are obtaining many subscriptions. In many ways the prospects for the future look bright, in other ways, quite forbidding should the great war continue; but we will go forth in faith believing and trusting that God guides and leads in all the affairs of men.

THE INDIA UNION MISSION.

H. R. Salisbury, Superintendent.

It is the testimony of those who have studied mission problems in many lands that India and Burma are among those which offer the most stubborn resistance to Christianity. After a century and a half of missionary work, there are but one and a half millions of Protestant Christians among the 315 millions of Hindus, Moslems, and Buddhists.

Yet the past year, in spite of Moslem bigotry and Hindu indifference, of ignorance and extreme poverty, and the barriers of caste and purdah, we have made good progress in every part of the field where we have mission stations; and we have pushed out into many new places.

The Field.

The India Union Mission is divided in five mission fields, as follows: North India, South India, Bengal, West India, and Burma. Each field has a local superintendent and committee. The last census report gives 147 languages spoken. "Twenty of these are spoken by people ranging in number from one million, in the case of the Kashmiri, to forty-five million in the case of the Bengali, and sixty million in the case of the Hindi." Thus each one of our five divisions has not only distinct language spheres, but there are several languages to be encountered in each division. This of course makes our work more difficult, especially in the matter of publishing our literature. In our work we are already preaching the gospel in Bengali, Burmese, Hindi, Karen, Marathi, Punjabi, Santali, Tamil, and Urdu, and printing our message in all of them except Karen and Punjabi. In reporting the work of the different divisions, the vernacular work only is given, the English being reported separately.

North India.—Languages already in use, Urdu, Hindi, and Punjabi. Stations: Lucknow, Najibabad, Garhwal, and Lahore. In Lucknow we have just started a medical dispensary, and at the beginning of 1915 a training school for Indian workers will open. Zenana work is carried on here. Lucknow is the headquarters of our work, and here our printing plant is located. At Garhwal, in the Himalayas, the school for Hindu boys has enjoyed a prosperous year, and is rejoicing in the first conversion and baptism of one of its oldest students. He has since been driven from home and bitterly persecuted, but remains firm. Our workers at Najibabad, at the foot of the mountains, labor for both Moslems and Hindus. Here we have also a dispensary, and a zenana school for Moslem women. This zenana work is the most difficult undertaken by our missionaries, and is made more difficult because we have no home where we can bring these women when they accept Christ, so the most of them as soon as they begin to manifest an interest in Christianity are spirited away, and the zenana worker can not find them. The gold-smith caste in one village near our mission has asked to join the mission, and also asked that we educate their boys.

Perhaps the most promising station in North India in the developments of the year is the opening, in God's providence, of the Punjab. This province is one of the centers of the "mass movements" in India. Near Lahore a native Christian minister had gathered out about 1,200 and got them started in Christianity. While traveling he met Elder S. A. Wellman, and learned of our special truths. These he accepted, and asked us to come to teach in the villages where he and his

workers had labored. This we have done, and now Dr. V. L. Mann and F. H. Loasby have located in Lahore, and together are going from village to village caring for the sick, and teaching them our message.

South India.—Stations: Nazareth, Trichinopoly, and Pondicherri. The Tamil language is used. J. S. James, the superintendent, has been on furlough the past year, but reports on his return that the work has made good progress. This he says will be the banner year for our Tamil canvassers. The school at Nazareth is prospering. Plans had been made and money raised to build a much-needed dormitory for the girls. We have postponed this work in harmony with the wishes of the Mission Board, that no building work be undertaken until it becomes known how the war will affect our funds, and the requirements in Europe.

An important advance has been taken in opening up work in Pondicherri, on the east coast. For some time there have been urgent calls from influential persons who received the truth through the printed page and had begun to observe the Sabbath. This year we located there E. V. Peugh and wife, and one of our native Tamil laborers. Regular Sabbath services are being held, and there is an excellent interest in present truth.

Bengal.—The Bengali and Santali languages are used. Stations: Calcutta, Karmatar, Gopalganj, Jagadishpur, and Babumohal. Baptisms have been reported from all these stations except Karmatar. At all these places we have European missionaries, and in the villages round about there are situated mission schools taught by Indian teachers. At all these stations except Calcutta and Babumohal there are medical dispensaries. Gopalganj is in East Bengal, in the delta of the Ganges, so that the workers go about their work in boats much of the time. In the rainy season the whole land is flooded; but our canvassers go from village to village in small boats, so the work does not stop.

This year, in Calcutta, a hall has been rented and English meetings held weekly in the student quarter for the benefit of the educated Bengalis. It was a difficult task, but those in charge are encouraged by the results. Two vernacular papers with large circulation gave full reports of the subjects presented, so the message was widely scattered among the best educated people in Bengal.

West India.—Marathi language used. Stations: Bombay, Kalyan, Panvel, and Igatpuri. At Kalyan we have a small training school. At Panvel a dispensary and mission school. At Kalyan and Igatpuri, near Bombay, Sister M. D. Wood, with a staff of European and native helpers, is carrying on a large medical dispensary work.

Burma.—Burmese and Karen languages. Stations: Rangoon, Meiktila, Mandalay. During the year much time has been spent in getting a suitable location among the Karens. The government has now granted us an excellent site in the midst of the Karens, away from other mission stations, and as soon as possible a building will be erected, and G. A. Hamilton and wife, and Miss Mary Gibbs will begin work among them. Miss Gibbs has already passed her second Karen examination. A. H. Williams has begun work among the Karens in the Salween valley above Moulmein, where there was already an interest, and two Karen men had been baptized by Elder Votaw. Three more have begun to keep the Sabbath. Brother Williams is now connected with the Meiktila school, R. B. Thurber going to Rangoon to take charge of the English work, releasing Brother Hamilton for the Karen work, for which he came to Burma. R. A. Beckner and wife are opening the work in Mandalay.

Literature Work.—With five European and twenty-four Indian colporteurs in the field, the value of sales was \$7,760; of this amount, \$1,030 represents the output of five vernacular quarterlies,—in Burmese, Bengali, Hindi, Urdu, and Tamil. The vernacular colporteur work has achieved highest sales in Burma. Some excellent records have been made the past year by the young Burmese colporteurs trained by Brother Beckner.

Bengal is perhaps the most difficult field. There our ten Indian canvassers are scarcely able, in the face of bitter prejudice, to make sales averaging one cent an hour. Seed thus sown, however, is bearing fruit in souls accepting the truth.

Central and North India present a large and promising field for our Hindi and Urdu quarterlies, where at present we have but three canvassers. The Tamil country of South India, though the poorest financially, is favored with the largest Christian population, and the largest number of our own native Christians. Here the Tamil canvassers are well organized, and trained for field service.

Medical Work.—The units of our medical work are eight dispensaries, three treatment-rooms, a health journal, and a small food factory. Three new dispensaries have been added during the year, at Igatpuri on the Bombay side, Jagadishpur among the Santalis, and Lucknow for the Hindi-speaking people. During the year treatment rooms have been opened in Rangoon, Burma, under the management of F. A. Wyman and wife.

Our dispensaries represent an immense amount of work compared to the money involved. The past year the returns show 28,644 patients, coming from 437 villages, at an average of 10 miles from the station. Visits to the number of 1,168 were made to the homes of the villagers, 1,192 gospel talks were given, and 53,806 pages of vernacular literature were distributed. Aside from the salaries of the workers, it cost about \$300 to treat these 28,000 patients for which \$400 was received in return. The influence of these dispensaries is far-reaching. Sometimes the patients come from distances of 30 to 40 miles for relief. There is no place where the medical work can be so appropriately called the "entering wedge" to the hearts of the people as it can in disease-stricken India; and this large amount of work is sure to bring results. We ought to have many times this number of dispensaries dotted here and there throughout India and Burma.

Our city treatment rooms during the year have treated 532 patients, to whom were given 4,033 treatments. Of these patients 66 per cent were Europeans, and 34 per cent Indians. Our treatment rooms draw the best of India's people. Maharajas, Maharanis, Rajas, Ranis, barristers-at-law, physicians, and officials from both the military and civil ranks go to make up the list of patrons. These treatment rooms are all self-supporting.

Our Indian Health Magazine, "Herald of Health," has a subscription list of between 2,500 and 3,000. This year we added \$600 worth of advertisements to its pages.

English Work.—In India and Burma there are seven English churches, and one company, as follows: Calcutta, Rangoon, Bombay, Lucknow, Simla, Mussoorie, and a company at Lonavla near Bombay. Simla and Bombay were organized this year. Organized efforts have been carried on in Calcutta, Bombay, Rangoon, and Simla, and 45 baptisms reported. The present crisis is giving us large audiences, and our ministers and Bible workers are altogether unable to give attention to

all calls. There are probable but few countries where the Sabbath question is a greater test than to the European in India.

New Missionaries.—The following missionaries arrived during the year and located as given below: F. A. Wyman and wife, Rangoon, Burma; R. P. Morris and wife, Najibabad, North India; E. E. Morrow and wife, South India; Miss R. E. Booze, English Bible work, Bombay; C. C. Kellar and wife, Gopalganj, East Bengal; R. D. Brisbin and wife, Lucknow; Brother Denayer came by invitation of Dr. Tornblaad to work in the Shan States, Burma; Dr. H. C. Menkel and wife returned from furlough, English work, Simla; R. A. Beckner and wife, J. S. James and wife, and Dr. Ollie Tornblaad, all returned from furlough. C. E. Weak and wife and Miss M. Belle Shryock returned to America because of sickness.

Although our workers have been toiling in the great heat and in the midst of disease, we thank our Heavenly Father that no one has fallen in death, and we have had but few cases of serious illness.

SOUTH AMERICAN UNION CONFERENCE.

By J. W. Westphal, President.

In order to make more effective our organization, distribute responsibility, and place those at a great distance from our headquarters in easier touch with counsel, the three republics of Bolivia, Ecuador, and Peru, were this year organized into a Union Mission field of the Union Conference, with headquarters at Lima, Peru.

Union Enterprises.

The Union Conference has direct oversight of the extreme southern part of the Continent. A. G. Nelson and wife this year arrived in Punta Arenas, on the Strait of Magellan, to open mission work. This region had been visited twice by colporteurs years ago. Brother Nelson has devoted much of his time to the sale of literature in and around Punta Arenas, and with splendid results. As nurses, he and his wife have also done considerable work for the sick. Bible readings have been begun with interested parties.

River Plate Academy.—The River Plate Academy has had its most successful year, 126 students being registered. A deep revival spirit has been realized among the students. "There was such a general spirit of confession of wrong and consecration to God as I have never seen before," remarked one of our experienced school men.

About thirteen of the students will engage in the work in some capacity during the vacation. The new girls' dormitory, begun in the early part of the year, has not yet been completed, and for a lack of means can not be for the present; but it will be in condition to be usable at the opening of the school another year.

River Plate Sanitarium.—The patronage of the Sanitarium has been less this year, due, doubtless, to the crisis in Europe which affects all business here. There have been 457 patients and 159 operations. The second nurses' class consisting of nine members has been graduated. The calls for nurses in the homes of the people have increased, and in cases of competition, our nurses are preferred. A new power plant for heating, lighting, pumping, and other purposes, has recently been established in a new, separate building, which will also serve the academy.

Publishing House.—Plans were laid for the erection of an editorial

room, but the effects of the European war made it necessary to postpone this much-needed improvement. Several new tracts have been published. An edition of 35,000 of the first War Number of *El Atalaya* ("The Watchman"), were printed, the largest edition we have ever printed, and 15,000 of the second number.

Conferences and Mission Fields.

Argentine.—Home missionary work by the lay members has been greatly strengthened. More than 30,000 copies of the war numbers of our missionary paper were sold in the conference, to a considerable extent by the lay members. Some \$15,000 worth of our literature has been sold, largely by colporteurs. Old territory has been recanvassed, and the work has been permanently opened up by colporteurs in the Mendoza country, at the foot of the Andes. The work in Buenos Aires has grown so that it has become absolutely necessary to secure larger and better quarters for meetings. Work has been started in Rosario, the second city of the republic, and a church organized. On account of a crop failure, and a general financial crisis, the conference finances have been somewhat affected (though not to the extent that we feared), but the work has been more prosperous than usual, and the new year opens with better prospects by far than any previous year. It is easier to secure a hearing, the meetings are better attended, better attention is given, and more real interest shown than we have ever seen before. In one place, where much prejudice had always existed, so much so that it seemed impossible to get a hearing, a gentleman arose at the close of the meeting and said: "I believe this is the truth, and that the time has come when we ought to beg of these men to stay here and teach us the truth." At the time of the Rosario conference held in October, liberal space was given us in one of the leading dailies of the city of Rosario for a synopsis of the evening discourses, and thus many had an opportunity to learn of the Seventh-day Adventists and their faith. This has been our first real satisfactory experience in the use of the daily papers. The principal changes in the laborers of the conference were the transferring of Elder C. E. Knight and wife to Ecuador, and the securing from the States of Elder B. C. Haak and George Casebeer, the former to take the presidency of the Conference, and the latter to labor in the city of Buenos Aires.

[After this report was written, the news came by cable of the death of Elder Haak, in November.—Ed.]

Alto Parana Mission.—This mission embraces, besides Paraguay, the territories of Misiones, El Chaco, and the northern part of the province of Corrientes in Argentine. Treatment rooms have been started in the City of Corrientes, under the direction of Brother Pedro Brouchy and wife, both nurses from the River Plate Sanitarium. Another nurse from our Sanitarium, Brother Mateo Leites, has recently gone to Asuncion, the capital of Paraguay, passed his examination, and we hear good reports of his work among rich and poor. At Ria-chuela, a country place near Corrientes, eight are now observing the Sabbath, and will soon be prepared for baptism. At Hohenau, Paraguay, a small church building has been dedicated, and a school opened. The churches have been strengthened numerically, and the missionary spirit is growing.

Chile.—For a year the work in Chile was greatly hindered through the lack of a tract society secretary. Near the close of the past year, this situation has been remedied by the arrival of Brother J. Wester-

meyer. Naturally the tract and missionary and book work have suffered. However, the conference has seconded very heartily the plan of the Union Conference to arouse our people to activity in home missionary work. The result is that much good work is being done. The membership is increasing. Their October monthly letter reported 39 baptized or awaiting baptism that month, in seven different places. A legal organization has been effected to hold property, and all the property that belongs to the conference has been transferred to it. Public lectures on temperance have created considerable interest on this question. The closing of the saltpeter works in northern Chile, on account of the war, has caused a financial crisis, that industry being one of the government's chief sources of revenue. The securing of property in the City of Santiago for a church building and a tract society office has been postponed on account of the crisis, although arrangements for purchase had been nearly completed.

Uruguay.—With the exception of colporteur work, the efforts have been limited to the City of Montevideo, and the Villi del Cerro, a suburban village clustering around the base of a fortified hill which defends the city. During the month of February, the South American Union Conference was held in the City of Montevideo. An interested outside congregation filled the chapel each evening. The interest was followed by a series of meetings which resulted in the baptism of a goodly number, with ten or twelve others preparing for the ordinance. The book work has been seriously hindered by the financial crisis, which began in 1913, and the almost complete paralyzation of business at the outbreak of the war has brought sales to a minimum. The war has, however, had the effect to arouse our people to renewed activity and earnestness. One brother whose whereabouts we had not been able to learn for years, became so anxious about his salvation that he made a special trip to Montevideo, and came weeping to the house of Brother Hammerly, fearful that the time of mercy was past, and that he was lost. What joy filled his heart when he was assured that Jesus still ministered at the throne of grace. Repeatedly during our studies he wanted us to stop and pray and give thanks to God for pardon. He returned rejoicing to his home.

Bolivia.—The colporteurs, two in number, have sold our literature in all the principal cities of the Republic, La Paz, Cochabamba, Oruro, Sucre, Potosi, Uyuni, and in many smaller towns and villages. The ministerial efforts have been limited to La Paz, and some souls have been won for the truth. It is expected that the first church in Bolivia will be organized before the end of 1914. On account of the ill health of his wife, it was necessary for Elder I. Kalbermatten, the only minister, to leave the high altitude early in the year. Elder W. R. Pohle, of Peru, was then called to the superintendency. Brother F. A. Stahl, the former superintendent, removed to Lake Titicaca, Peru, to devote himself to the Indian Mission. Miss Claire Wightman, nurse, has been acting as secretary and treasurer, as well as doing nursing. As our nurses are not recognized by the government, their work, unless under the direction of a physician, is restricted. There are many openings for work, and the greatest necessity is more workers.

Lake Titicaca Indian Mission.—The year has been one of progress. Last year the school was closed through the influence of the Catholic church because our teacher, Bartoleme Rojas, had no authority to teach from the Peruvian government, although nothing was being done to educate the Indians. Since then Brother Rojas has passed a government examination, and after much patient labor on the part of the

missionaries, has again opened school with an enrolment of 83. The school-room became too small, and was enlarged to double its former size. The Indian brethren did the work gratis, the school-children joining the older ones in carrying the lumber, iron-roofing, and other material on their shoulders from Puno, the nearest railway station, to Plateria, the school location, a distance of twenty-one miles; and all are very enthusiastic in their work. More teaching help is greatly needed, especially help that can train them in Bible knowledge and missionary work. Brother and Sister Stahl are conducting a night-school for those who can not attend the day-school. In August, 51 more were baptized, and word comes that fifty more desire baptism at the next opportunity. The church now numbers 230, the largest church we have in South America. The work is extending to new places, and the calls are more than Brother and Sister Stahl, the only laborers outside of the teacher, can fill, although they are now devoting their time exclusively to the work among the Indians. Brother Rojas writes: "Thirty young people were named to go out in various places on missionary trips, and they have had good success, for some eighty persons have been brought into the truth in this way. The work is growing, and the believers multiplying. We have seen the fulfillment of Mal. 4: 5, 6, the hearts of the fathers being turned to the children, and vice versa." We are sorry to report that, on account of sickness due to the high altitude, Brother and Sister Rojas were compelled, near the close of 1914, to leave the field for a time.

Peru.—For much of the year, Elder E. L. Maxwell has been the only minister, and as he had still to learn the language—in which he has made rapid progress—and had general charge of the Inca Union Mission, which made it necessary to visit the other fields, but little aggressive work could be done. Brother O. H. Maxson, secretary and treasurer of the mission, was transferred to the River Plate Sanitarium, on account of the ill health of Sister Maxson, and A. L. Westphal was sent to take his place. The canvassers, led by R. B. Stauffer, have had some interesting experiences. In one place, one of our laborers held a series of meetings in a Catholic church at the urgent request of the people, all Catholics. Several decided to obey the Lord. A priest in another place has manifested a real interest in the truth. In the Otao valley, near the coast, an Indian company are erecting a church building, supplying all the funds.

Ecuador.—For only a few months in the year has there been an ordained minister in the field. It was necessary for Elder S. Mangold to leave on account of the death of his wife. Elder C. E. and Mrs. Knight, and Brother Henry Mangold have been there but a few months. Brother J. Osborne and wife have done much good work in treating the sick, this work having been highly commended by other missionaries, and recognized as an effective missionary method. On account of a lack of means, Brother Osborne has not been able to establish needed treatment rooms. Some literature has been sold. An Ecuador believer, Brother Benjamin, has been set to work in Quito.

BRAZILIAN UNION CONFERENCE.

By F. W. Spies, President.

The year has been in many respects the most successful of the twenty years of missionary effort put forth by our denomination in this great country. The addition of seventeen missionaries from the

United States and Germany, and the ordination to the gospel ministry of three men who had been trained here in Brazil, enabled us to man our fields better, and to take hold of the work in a more aggressive way than ever before.

It is true that the severe financial and commercial crisis which had burdened Brazil for more than a year before the European war began, and which crisis became more acute after the beginning of the war, very seriously affected our finances; yet these very unfavorable conditions from a material standpoint, aroused a spirit of inquiry generally, which made it possible for us to carry on our work of soul-winning with greater success than we otherwise could have done. The book work, in spite of the hard times, was fairly successful, our brave colporteurs, averaging 25 in number, sold \$13,312 worth of books.

Our publishing house equipment has been improved by the installation of several very necessary machines. During the past year we published our first large book, "O Lar e a Saud da Familia" ("Home and Health"), containing 560 pages. We expect very soon to begin printing a Portuguese edition of "Coming King." During the year also several pamphlets, a new primer, a new edition of "Glorious Appearing," a Portuguese hymn book, and a number of tracts were issued aside from our customary periodicals. We also printed a special magazine on the war and its meaning.

We have in our Union at the present time 1,696 members, and these paid tithes during the year to the amount of \$16,750, and offerings to missions to the amount of \$2,711.

Conferences and Mission Fields.

Rio Grande do Sul.— Seventy members were added to the conference by baptism, and about 50 of our brethren who had emigrated from Germany, were received into church-fellowship, thus adding 120 to the conference membership. A number of church schools have been doing a good work. The number of promising young people in this conference gives promise for the future. Membership 650. At the beginning of the year Elder Henry Meyer was called from Rio de Janeiro to take the presidency of the conference, the former president, Elder W. Ehlers, being detained in Europe by illness.

Santa Catharina.— The Santa Catharina Conference has had a less prosperous year. The unfortunate emigration fever that got possession of many of our people in this state continued to spread, and during the past year quite a few of our most faithful people went to the Argentine Republic. Also some other adverse influences made themselves felt in this field, weakening some who formerly stood staunch for our work. Elder A. Rockel, the president and the only minister, reports that now, however, the work is looking up. Thirty were baptized during the year. Membership 300.

Parana Mission.— After having been without a leader or even a worker for a long time, we have finally been enabled to send a good worker into this mission. Elder R. Suessmann has spent his time principally in strengthening the things that remain, and in working in the capital, Curityba, at which place a neat church and mission building is in process of erection. The general meeting held at Teixeira Soares last December was a source of much encouragement to the believers. At this meeting a chapel was dedicated, free from debt. Membership 115.

São Paulo Mission.— Like the Parana Mission, this field has for a long time been without a superintendent, or even an ordained minister.

As a consequence, much of the work formerly done, had grown weak. In October, 1913, Elder John Lipke took charge of the mission, and aided by the staff of workers that had recently come from the United States, a good and aggressive work was initiated in this important field. The workers newly come to this mission are: Elder John Boehm and wife, J. E. Brown and wife, Carl Reidt and wife, and Misses Louise Wurts and Corinne Hoy.

In Santo Amaro, a small town, really a suburb of the city of São Paulo, a tent effort was held. Although strong opposition was waged against it on the part of the Roman Catholic clergy, who threatened excommunication to all who attended our services, the effort resulted in raising up a nice company of 26 adult members, and the erection of a neat church building. Other Protestant missionaries had tried repeatedly to gain a foot-hold in this place, but without success. The Lord greatly blessed the work of our faithful nurses, Miss Wurts and Miss Hoy, so that right in the beginning of the tent effort they successfully treated a case which the doctors had given up as hopeless. The fame of this cure rapidly spread, and caused many sick to come, and they were helped. This broke down the prejudice. Thus the gospel message had a fair hearing among the people of Santo Amaro, hundreds coming each evening for a long time. The use of the stereopticon also helped to draw the people.

Recently a mission house has been opened right in the heart of São Paulo, the most modern city of Brazil. It is planned to begin a tent effort there in the near future, in which, the same as in Santo Amaro, the health work is to be given special prominence. In the colony of Novo Europa, where Elder Boehm has been laboring among the Germans, a company has been raised up and a church erected. In all 70 have been baptized in this mission during the year. Membership 200.

Rio Espírito Santo Mission.—In this mission, in which is situated the national capital, the work has made encouraging progress. A new working force has this year been secured, in the arrival of two lady Bible workers, Miss Sarah A. Kinner and Miss Blanche Davis, who came from the United States. We believe that when they have sufficiently mastered the Portuguese to labor to advantage, they will be a valuable help to the work in the city of Rio de Janeiro. Preparations are being made to open work with a gospel tent in this city of over a million.

Two church-schools that have been organized during the year are doing very satisfactory work for the children and young people of our largest churches in this mission. The school at Serro Pellado, conducted by J. H. Peters and wife, has 48 students, and a number of grown young people are receiving instruction at extra evening sessions. The Mucury school (State of Espírito Santo) conducted by C. C. Specht and wife, has 28 pupils. During the year 25 have been baptized, and 20 more have emigrated into the mission. Membership 275.

East Brazil Mission.—The East Brazil Mission, comprising the states of Bahia, Sergipe, Alagoas, and Pernambuco, has received some much-needed help during the past year. (1) Pernambuco.—Elder Ricardo J. Wilfart has, since May, been located in the state of Pernambuco, assisted by several young native helpers. A number are awaiting baptism. (2) Alagoas.—At Maceio, the capital, which has never had a worker assigned it before, Zacharias M. Rodrigues has been laboring since last August. He has succeeded in fully establishing a number who had been interested, and with them some new ones. (3) Sergipe.—We have as yet no work commenced in the state of Sergipe. (4)

Bahia.—The work in the state of Bahia is looked after by Elder Manoel Kümpel. He has been hindered during several months of this year by a severe attack of fever, contracted on a trip to the interior. The city of Bahia has always been a hard field, but five were to be baptized in September. The membership of the East Brazil Mission is 136.

North Brazil Mission.—The most needy of all the Brazilian fields is the North Brazil Mission. It comprises in its territory ten states, among them Minas Geraes, the largest in extent as well as the largest in population. About one-half of Brazil's twenty-two millions reside in this mission, where we have only one Bible worker, and temporarily two colporteurs at work in it. At the same time, something like thirty Sabbath-keepers, not to mention other interested persons, have sprung up in the tracks of our faithful colporteurs in Minas Geraes; and calls are now urgent for a worker to go into this State.

Our first missionary to the Amazon region, M. Rhode, has just settled in the city of Para, the great rubber and trading port. He finds a great depression caused by the European war. "Times are hard," he writes, "and the people very poor; but we believe the Lord has a people in this place."

WEST INDIAN UNION CONFERENCE.

By A. J. Haysmer, President.

Several changes have taken place, not only in our working force, but in our territory.

Rearrangement of Territory.

At the beginning of this year our union took in Central America; Colombia; Venezuela; British, Dutch, and French Guiana in South America; and all the islands in the Caribbean Sea. There were five organized conferences, and six mission fields. Of this territory, Colombia, San Salvador, and French Guiana had not been entered.

A Union Committee meeting was held at Kingston, Jamaica, early in May to lay plans for strengthening and further extension of our work. Members of the committee present were D. E. Wellman, Jamaica; N. H. Pool, South Caribbean; H. C. Goodrich, West Caribbean; Isaac Baker, Central America; J. B. Stuyvesant, Guatemala; A. F. Priefer, Haiti; A. N. Allen, Cuba; Wm. Steele, Porto Rico; E. C. Widgery, East Caribbean; E. C. Boger, British Guiana; and S. A. Oberg, Venezuela. C. H. Keslake and A. F. Haines represented our editorial and printing work. The reports from each field showed progress in many lines of work.

As the fields and work were carefully considered it was the unanimous opinion of those present that our work had outgrown the present form of organization. The work was too great and the territory too large for one superintendent to properly look after, broken up as our field is. It was therefore voted to ask the General Conference Committee to take Cuba, Haiti, Porto Rico, the Bay Islands, and Central America north of Costa Rica. The request was granted.

To further facilitate our work, the West Caribbean Conference was asked to take Colombia as part of its territory, and plans were laid to open up this great field. The South Caribbean Conference was also made to include the mission fields of Venezuela, British Guiana, and the East Caribbean islands. As a transfer of the northern Spanish territory left our headquarters in Jamaica too far at one side, we moved our union office to Cristobal, Canal Zone.

Publishing.

During the year our missionary magazine, "The Watchman," has been enlarged to 32 pages. On the outbreak of the European war, a special leaflet was printed, of which about 50,000 were immediately sold, nearly 16,000 copies of a war number of the "Watchman" were circulated. It was decided to maintain a book depository in each conference (in Kingston, Jamaica; Cristobal, Canal Zone; and Port of Spain, Trinidad), so that from these centers our books, tracts, and periodicals, in the different languages, can be distributed to all parts of our field. To aid in this branch of the work each conference is securing a field missionary agent.

Medical Missionary.

The patronage of our treatment rooms in Kingston, Jamaica, has increased during the past year, and R. L. Hiner, a graduate nurse from the Washington, (D. C.) Sanitarium, has been secured to take charge.

Dr. Chas. Cave, medical superintendent of the Hastings Sanitarium, in Barbados, reports a very successful year's work. The doctor has had the opportunity of ministering not only to sick bodies, but to sick souls as well.

R. E. Grennage has also been doing medical missionary work in Caracas, Venezuela.

Changes of Workers.

H. C. Goodrich, for many years in Central America, and for some years president of the West Caribbean Conference, being invited to connect with the Cuban Mission, W. G. Kneeland, a former worker in this field, was called from the United States to take the presidency of the conference.

D. E. Wellman, another pioneer worker in this field, was called from Jamaica, where he had been for several years president of the conference, to take up pastoral and evangelistic work along the Canal Zone.

E. C. Boger, former superintendent of the British Guiana Mission, was called to take the presidency of the Jamaica Conference.

During the early part of the year, F. G. Lane, superintendent of the Venezuela Mission, was compelled, on account of the sickness of his wife, to return to the United States, and the mission was without a superintendent for some time. S. A. Oberg was called from Porto Rico to fill this vacancy, and reports progress in the work there.

M. B. Butterfield was called from the United States to engage in evangelistic work in the South Caribbean Conference. Chas. Degering was called from his work as secretary and treasurer of the West Caribbean Conference to act in the same capacity in the Jamaica Conference, and F. H. Raley, secretary and treasurer of the union, acts as secretary and treasurer of the West Caribbean Conference.

Elder N. H. Pool, president of the South Caribbean Conference, reports the baptism of a good number of people in Trinidad, Barbados, and Tobago. The conference has located workers in St. Lucia and St. Vincent. Philip Giddings, of this conference, has opened the work among the French people on the long-neglected island of Guadeloupe.

E. C. Widgery, of the East Caribbean island district, reports good results in public efforts and the scattering of literature.

The reports of our school work in Trinidad, British Guiana, St. Thomas, and Jamaica are encouraging. Brother J. P. Redding and wife arrived in the autumn to take the school at Kingston, Jamaica, releasing George F. Furnival and wife to go to India.

During the year several tent meetings have been held in different parts of our union. Four local conferences were held, at Port of Spain, (Trinidad), at Kingston, (Jamaica), at Bocas del Tora (Panama), and on Ruatan, Bay Islands.

PORTO RICO MISSION.

By Wm. Steele, Superintendent.

In this field, where workers are few — there being only one ordained minister and one licentiate — and all lines of work to be kept up, not much has been done in public evangelistic effort; but the gospel seed has been thickly sown by the circulation in all parts of large quantities of literature. During February and March, S. A. Oberg held a series of gospel meetings in Santurce. The outside attendance was small, but the believers were strengthened and inspired to labor for others. In April, Brother Oberg answered a call to Venezuela. But about the same time C. E. Moon and wife, and Miss Jessie C. Butler were sent to this field to engage in medical missionary work. Their first year is necessarily spent in learning the language.

In July, a considerable interest was found to have developed in Moca, a small interior town, as a result of literature read. One man had already begun keeping the Sabbath. A gospel effort was begun here, the newly arrived workers assisting in Bible work as their limited knowledge of the language permitted. A few weeks later a bright native girl joined the company. All labored earnestly, and we enjoyed the privilege of seeing six souls baptized, and a number of others are to follow. Brother Moon and Sister Maria Bagú are instructing the new believers until such time as they can stand alone. The truth calls for reformation indeed, and the putting away of evil habits. Only one who lives among them can realize what it means to accept "the commandments of God and the faith of Jesus." As a result of the efforts in Santurce, and the personal work of the deacon, Rafael M. Lopez, eleven have been baptized. Our total membership is now 53. Our great need now is a chapel and mission headquarters. Realizing this need, we are making an effort to secure funds for building. Our members are poor, but they have responded nobly. They do not give of their abundance, but of their poverty. Practically \$400 has been paid on this fund. There have been six canvassers at work, led by G. D. Raff. Their labors have been wonderfully blessed. The total deliveries for the ten months were to the value of \$6,440. Tithes and offerings to missions for the same time amounted to \$1,146. Our latest effort is a special war tract. The first edition was sold in a short time, and a larger and better edition was put out immediately. Being the only minister in the island, I am obliged to be away from home much of the time. In my absence, my wife does the work of secretary and treasurer, holds a public study each week, and sends out the books to the colporteurs.

CUBAN MISSION.

By A. N. Allen, Superintendent.

The mission office has been moved this year from Havana to Santa Clara, the center of the field. A number of additions have been made to our mission staff during the year, and progressive work is being carried on now in four principal centers, and periodical visits are being made

to eight or ten other towns. Hundreds of other towns have been worked by our consecrated colporteurs, who have sold \$8,000 worth of gospel literature. One student from the Washington Seminary delivered about \$1,000 worth of Spanish books in three months.

In Havana, the capital, Elder and Mrs. J. E. Anderson are doing a good work. A large meeting place has been made necessary recently by the increasing interest, and a number are reported ready for baptism. In Santiago de Cuba, where Mrs. Adela Burgos, a Bible worker, is laboring, some conversions are also reported.

In June, H. C. Goodrich and wife, for many years in Central America and the Canal Zone, were transferred to the Isle of Pines, Cuba, to engage in English work among the colonists. Already several conversions are reported from there.

A small training school has been opened in Santa Clara, Mrs. S. H. Carnahan, in charge. Miss Grace White, formerly of the Mexican Mission, has united with the school and mission staff as instructor and Bible worker. In November we are expecting the arrival of two more colporteurs from the United States.

HAITIEN MISSION.

By A. F. Prieger, Superintendent.

Haiti, in the now extinct Indian tongue, meant "high mountainous land." Over these mountains and valleys the truth has been spreading. At the end of 1913, we could count 275 members in eight churches and six companies, with three church buildings erected. A band of colporteurs had sold that year \$736 worth of books, a good work for a few men in that field.

Then at the beginning of 1914 a revolution broke out, which kept up for nine months, and no permits were issued; so all the workers were hindered in traveling from one city to another. Each one had to work the best he could just where he was. M. N. Isaac and Jules Baptiste labored together in Port de Paix, and twelve souls are waiting for baptism. A. Pean was located in a rather troublesome part, and had to be in hiding with other brethren, but a few are awaiting baptism because of his efforts. From reports gathered so far all our brethren have held up the light, so that there are already 54 that have made application for baptism. Of our brethren none were killed in the revolution, they refusing to take up arms even though threatened with death. Some were placed in prison, but without fear presented the message to the prisoners. Five suffered greatly, and were released by the intercession of God just before the order was executed that they should be shot. The faith of many was tried, but all feel stronger for the experience, and are better acquainted with "Jesus Christ the same yesterday, and today, and forever." Heb. 13: 8. The book work was nearly at a standstill, nevertheless \$267 worth were sold the past nine months. The school work was hindered, especially in Grande Rivére, where we have a school with 31 children; in Port de Paix a sister has a small school started. Our 14 Sabbath-schools reported 266 members, with an average attendance during all the revolution of 187.

We were thankful for the coming of E. A. Curdy and family, who arrived in Cape Haitien the last of October, and will soon be located for active work, releasing myself and Mrs. Prieger for a short furlough.

MEXICAN MISSION.

By G. W. Caviness, Superintendent.

During the first three months of the present year the work grew rapidly. The increase of tithes and offerings was especially encouraging. We received during this time the sum of \$1,000 tithes, and \$250 offerings — much more than ever before in the same length of time. Just then our work was broken up on account of political complications, the workers being ordered from the field by the American government. Nevertheless the work has gone forward in spite of the great perils through which the workers have passed. Six were recently added to the company of believers by baptism, and twenty-nine participated in the Lord's Supper. More than thirty Catholics are receiving instruction in the Bible. There is a good prospect of an increase of membership there soon.

In Monterey about a dozen are awaiting baptism. The work is onward there in spite of the fact that they have been left without help for some time. In both Torreon and Monterey there are calls for help from near-by places. We are planning to station workers in both these places, and expect to see good results in the near future.

From San Luis Potosi the work has extended into the country, so that we have small companies in Moctezuma, Matehuala, La Visnaga, Mesquitic, Barbecho, and Tapona. At the last general meeting in the city of San Luis Potosi there were present about one hundred Sabbath-keepers. Two laborers are now in that region assisting the brethren. The believers in that part of the country have also suffered because of the revolution, but are of good courage. There are some in most of these places who desire baptism.

We have not had definite word from all these places for a number of months, but our workers are going to visit them, and in a short time we shall know what has happened to them during the summer.

In Mexico City we find the little place of meeting well filled, and a few have already asked for baptism. After giving them the proper instruction, we expect to baptize them.

Down on the Isthmus of Tehuantepec the work is also onward. We have one worker there, and he reports a company of twenty adults, besides youth, raised up in the village of Tonala.

We now have more help in our literary and publishing work. It is my intention to spend more of my time in the field, and we believe that we shall soon see a large increase in membership. We need one good evangelistic worker to locate in the southern part of the country. This is a splendid field.

The fact that the Lord has kept all our brethren during these years of war causes us to believe that he will still be with his work and will not permit it to be hindered; however, we may expect to do some of our work in times of peril and under very difficult conditions. With about three hundred members and the number continually increasing, and a few good workers, we hope to see the work organized and put into better condition.

HAWAIIAN MISSION.

By F. H. Conway, Superintendent.

During the year eleven persons were baptized in Honolulu, and seven others have accepted Christ and will soon be ready for baptism. A tract society has been organized, and the literature sales have amounted

to over \$800. The membership of our Sabbath-schools has increased twenty-five per cent and the increase in Sabbath-school offerings has been nearly one hundred per cent. There has been a large increase in tithes and offerings over the previous year.

Robert McKeague and wife have recently begun evangelistic work in the Island of Hawaii. They are also conducting sanitarium treatment rooms at Hilo, which is the center of population of that island. The sanitarium treatment rooms conducted by I. N. Bartholomew, in Honolulu, have received such strong patronage that it was necessary to add another trained nurse to his staff of helpers. One of our sanitarium trained nurses, Henry Yen Chin, is doing a good work conducting the Honolulu Y. M. C. A. treatment rooms.

A church-school of twenty-three students was started in September, with Miss M. E. Tamka as teacher.

The book "Helps to Bible Study" has been translated into the Hawaiian language, and is awaiting the needed funds for its publication.

During the year three of our young people have been sent to the Pacific Union College, and two others have left us, one going to St. Helena Sanitarium, and one to Loma Linda, to take the nurses' training course.

BERMUDA ISLANDS MISSION.

In the autumn of 1913 Elder H. F. Taylor went to Bermuda, Mrs. Taylor to take the school work that had been carried on there for years, Elder Taylor engaging in church and evangelistic work. In the autumn of 1914 they returned to take up labor again in the States, Robert H. Treible going out to teach the school. Late in the year Elder Eugene Leeland was appointed to the field, to labor during the winter. Some new accessions to the membership were reported.

BAHAMA ISLANDS MISSION.

During the year the evangelistic work has been continued in Nassau, the capital of the Bahama Islands, by Elder James H. Smith, his family being located in this town; nine new Sabbath-keepers being reported. In order to provide for the education of children of our own people, as well as to meet a call which had been urgently pressed by a number of citizens of the town, it was arranged to establish a day-school, opening in the autumn of 1914, G. G. Coffin and wife reaching the field in September, to engage in school work. Later in the year Mrs. Almeda Nelson reached Nassau, to engage in Bible work. Our one church is in Nassau, but with the coming of additional helpers Elder Smith proposes to labor in other parts of the islands.

Storm-Proof Tents

can be built only by using the best quality duck, rope, and thoroughly experienced operators. The Baker & Lockwood Mfg. Co., of Kansas City, Mo., is fortunate in being one of the most substantial concerns in the tent business, catering specially to consumers of LARGE-ROPED TENTS. With our large experience in supplying gospel tabernacles throughout the world, we feel that you will be doing yourself AN INJUSTICE if you should purchase a tent without first obtaining specifications and prices from Baker & Lockwood Mfg. Co.

A STORM-PROOF TENT IS ONE THAT IS BUILT TO STAND THE STORMS, and our gospel tabernacles are made that way. They are all hand roped throughout with guys of sufficient strength, and wall poles of sufficient size.

Get our prices on gospel tabernacles before purchasing elsewhere.

We also furnish seats, lamps, and signs for these tents. Send for complete catalogue.

Church Ar-chitecture

Every question answered for the CHURCH FURNISHINGS—in Wood, Metal, Marble, Stone, etc. DECORATION for the walls, GLASS for the window openings. HISTORICAL and MEMORIAL TABLETS.

Parcel Post makes possible the delivery of many of the smaller articles of church furnishings, including embroidered textiles, etc., at the minimum cost. Thus the advantage of New York designs and quality of work can be secured in any part of the country, which heretofore has not been possible because of the freight and express charges.

Correspondence solicited with reference to any question that needs to be answered in aiding to secure a churchly practical as well as artistic and architecturally correct church building.

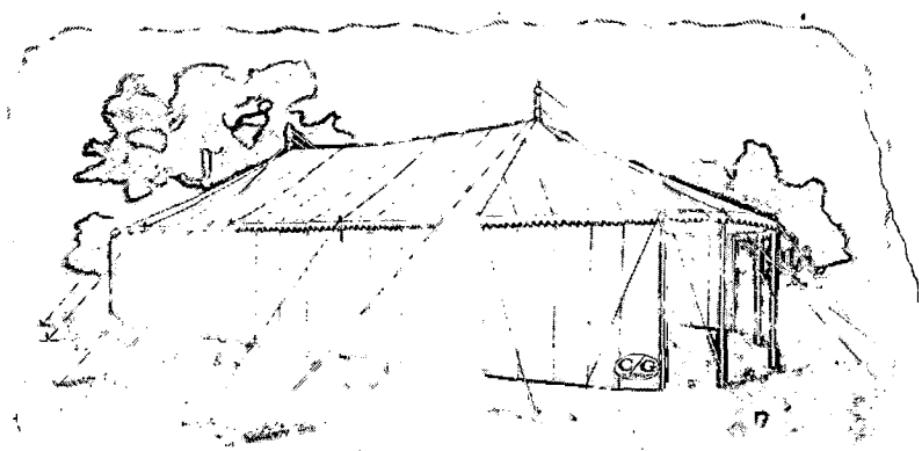

TENTS FOR SALE

The Oakwood Manual Training School, Huntsville, Ala., has added a tent department to its line of industries. The school has secured the services of Brother D. H. Lewis, of Dimondale, Mich., to act as foreman of this department. Write us for prices before placing your order for the next season.

Carnie-Goudie Preaching Tents

Seventh-day Adventist preachers demand the best in tents. We know that to be a fact. CARNIE-GOUDIE Tents are used by more S. D. A. conferences than any other make. The reason they are so widely used is because they answer every tent question satisfactorily.

Note these points where Carnie-Goudie Tents excel

Canvas—Mount Vernon Army and our own rain-test ducks—the best made.

Rope—Pure unoiled Manila Hemp—made to our order.

Thread—Special quality of almost double ordinary strength.

Workmanship—Sailors and Seamers with the "know how" of long experience.

Pitch—Cut extra high—to stand wind and rain.

Now if you are going to buy tents for meetings this summer, you want the best value you can procure—you want a tent that will stand the practical tests of wind and rain. The CARNIE-GOUDIE S. D. A. Tents are such tents.

Tent Book Free

Write today—now—for the CARNIE-GOUDIE Tent Book. It also gives complete information about Seats, Flags, Lights, Banners, and the renting of complete outfits.

Send for sample of the new CARNIE-GOUDIE Waterproof canvas for Gospel Tents, which is guaranteed for two full years' continuous service.
