His Promise and Our Pledge

By C. P. BOLLMAN

“I am with you, ever with you,”
This the Master’s promise true;
And we daily prove his promise
As our covenant we renew.

He has promised grace and blessing;
We have pledged to him our all,—
Pledged to him our best endeavor,
Answering glad his every call.

And he gives us for our hire
Souls of men for whom he died,
Stars to shine for our rejoicing,
When those gates he opens wide,
Then we’ll labor on, nor falter,
For he’s with us every day,
Giving grace and light and gladness
As we tread the upward way.

We would hasten, Lord, thy coming,
Hasten on thy work of grace;
For we fain would see thy glory,
Meet and greet thee face to face.

PREFACE.

In the present issue of the Year Book will be found many changes over former issues. These changes are so numerous, cover such an extent of territory, and are made so quickly, that it is difficult to secure information as to all, and even when secured, some of the directory matter is effective for only a short time.

At the time of closing these pages for printing this issue, the number of conferences, missions, and institutions throughout the various portions of the field is indicated by the following table:—

Divisions	Union			Pub. Houses	Sanita- riums
	Confs. and Missions	Local Confs.	Missions		
North American	12	68	3	44	18
European	9	46	50	6	12
Asiatic	6	10	19	21	7
South American	3	4	12	3	2
Union					
South African	1	3	14	1	1
West Indian	1	3
Miscellaneous					
N. Latin American	1	..	8
Bahamas	1
Hawaiian	1
Totals	33	134	108	75	40
					33

The above figures show that the number of missions has been reduced by two for the year. This reduction is caused by the union of twelve former missions in the Pacific Islands into three conference and mission groups. Taking into consideration this change of territory, the actual net gain in the number of mission fields during the year has been seven.

The year 1916 witnessed a large number of outgoing missionaries to strengthen fields already entered. The number of missionaries sent out during 1916 was 147; the number of outgoing workers sent to foreign fields during the past five years has been 580, an average of 116 per year.

It has been thought advisable to omit the statistical tables from these pages. These figures have already been given general circulation throughout the field, and during the greater portion of the year during which this book is used, the returns for the following year will be available.

PREFACE.

An interesting feature will be found in the survey of the field prepared by those in charge of each field. The reader will find in this survey a very interesting and authentic account of the work in various parts of the field as it has been conducted during the past year.

The number of periodicals now issued is 130, and publications of all kinds are issued in 91 languages and dialects. A list of these languages will be found on page 215.

EDUCATIONAL INSTITUTIONS.

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS.

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows: —

SURVEY OF THE FIELDS FOR 1916

For the Year Ending Nov. 1, 1916.

While the conditions throughout the world during 1916 were not the most propitious for carrying forward a world-wide evangelistic effort, yet the reports in hand show excellent results during the year. The following pages contain a brief review of the work throughout the various fields outside the North American territory, prepared by those in charge.

NORTH AMERICAN DIVISION.

A brief sketch of what has been done in North America will first be in place, however. The statistical report issued during 1916 shows the following results regarding the North American Division Conference and its standing at the close of 1915: —

Total membership 77,735; total tithe receipts \$1,337,810.20, a per capita of \$17.21; total contributions to foreign missions \$706,293.50; all other offerings, \$498,579.29; total contributions \$2,542,682.99, a per capita of \$32.71. Evangelistic laborers 2,839.

The number of baptisms for the fourth quarter of 1915, and the first three quarters of 1916 constituted a total of 8,299, or about 700 per month, or approximately 23 persons baptized and added to the ranks of the believers every day throughout this division during 1915. The last report shows total book and periodical sales in this Division during the year to have been \$1,396,184.65.

EUROPEAN DIVISION CONFERENCE.

L. R. Conradi, President.

When writing our last year's report, we hoped that by this year we might be able to give a full write-up, expecting peace would have returned to our Division. Man proposes, but God disposes. Even more fields of the Division have become involved, and we have really only three Union reports, covering the three quarters of 1916, the returns from the missions being very incomplete, or lacking entirely.

As nearly as we can estimate it, our membership is 38,307, or a net gain of 1,205 in the last twelve months.

East German Union Conference.

During the first nine months of 1916, this Union showed 719 additions, making its present membership 7,870. It expects quite a growth during the fourth quarter. The tithe amounted to nearly as much as during the whole of 1914, being \$73,414; and the donations to missions were \$14,254, notwithstanding the Union turned over to the Division from the 1915 surplus and second tithe, after settling with all the workers, \$23,392.35 for missions. One hundred and twenty-three agents were in the field, selling books to the value of \$40,000 the first three quarters. Most of our fugitive brethren have returned to their former homes in eastern Prussia. The East Galician Mission is now passing through Russian occupation for the third time. About 7,800 of the members of this Union are in the German Empire.

West German Union Conference.

During the past three quarters this Union has added 629, bringing its membership up to 6,576. The tithe was within about \$4,000 of the full amount paid during the whole of 1914, \$72,763; the offerings were \$10,854, and of the surplus and second tithe from 1915, \$19,774 was granted the Division for missionary purposes. The 125 canvassers sold \$40,780 worth of literature. The work in Belgium is progressing. There seems to be an exceptionally good interest in Brussels. Of the West German membership, about 6,100 are in Germany, the rest in Holland and Belgium.

Central European Conference.

During the first three quarters of 1916, 578 members were added, making the total membership 4,767. The tithe for this time was \$3,000 more than for the whole year 1914, being \$50,883; the offerings were \$10,062; while the conference gave to the Division from the 1915 surplus and second tithe, \$15,237 for missions. Seventy-six canvassers sold \$30,626 worth of books. We recently had a good workers' meeting in the Austrian field, in the Hungarian capital. Fifty workers were present, and two ministers were ordained. A number of our brethren in this field have had severe trials, but the message is advancing.

Scandinavian Union Conference.

We have thus far a report of only six months of 1916. Two hundred and four members were added during this time, increasing the membership to 4,349; tithe, \$25,766; offerings, \$5,225. The 105 canvassers' sales amounted to \$50,731, this being the best year they have had. This Union reports a good interest in various portions of its field.

British Union Conference.

During the first quarter there were added in this field 47 members, so the membership was 2,825. Definite statistics have not reached us for the second and third quarters, but we have been informed that the gain in tithe for the first three quarters was over \$6,500 above the same time last year. The tithe for the first quarter was \$10,889; offerings, \$1,902; and the sales of 142 canvassers amounted to \$12,289.

Polish Mission.

We are in touch with our work in Poland, where there is a good interest, and in spite of very many difficulties, six were baptized in Warsaw last September.

Danube Union Conference.

As Rumania entered the war, we have thus far been able to secure but two quarters' reports, but during the first half year 200 were added, making the membership 2,824; the tithe was \$14,513, or nearly as much as during the whole of 1914; the offerings amounted to \$2,422; and \$7,157 worth of literature was sold by the 14 canvassers in this Union.

Latin Union Conference.

In this large Union territory there were, during the first six months of 1916, 57 additions, making the membership 1,599; the tithe, \$9,651; offerings, \$4,600, or nearly as much as for the whole of 1914; and twenty canvassers sold \$5,341 worth of books.

Division Mission Fields.

The mission territory of our Division Conference takes in the northern part of Africa, all of northern and western Asia, and part of the Balkans, giving us a population of about 200,000,000. Some of the missions have reported for six months, and as far as we have learned, there were 164 additions, and an income of \$1,722 in tithe, and \$524 offerings.

Bulgarian Mission.— Although our director has been drafted, and only two regular workers remain, yet two were baptized and a number are awaiting baptism. The offerings for the first six months were nearly \$100. Sister L. Scholz has been doing Red Cross work in the hospitals here.

Levant Mission.— As most of our members have been removed from their homes and interned, we have united the three missions here, and they report 150 members. For the six months, in the Turkish fields, \$320 tithe was reported, and about \$40 offerings. One of our directors is at Damascus. We are helping a number of our people in this field in their distress.

Grecian Mission.— The reported membership of this mission is 15. The one male worker we had left in this field died in August.

Persian Mission.— Brother F. F. Oster and his family are again located in Tabriz. The last we heard, 42 were reported as members.

Arabic-Syrian Mission.— Brother and Sister H. Erzberger are at Jerusalem, giving considerable attention to the study of the Arabic. The health institute there, being foreign property, is used as a military hospital. Sister Skodsø has recently recovered from an illness. From this field 28 members were reported.

Egyptian Missions.— Brother Keough and several native workers still carry on their work in Egypt, and some canvassing, also, is being done. The total membership is 41.

Abyssinian Mission.— The war has interfered with our work in this field also. Brethren Steiner and Lorntz were obliged to leave, with other missionaries, some of whom were from Sweden and America. Sister Steiner took care of the mission till autumn. The property being held in the field, it was possible for an Italian to look after it, but in order to save this valuable mission, we hope some help may be sent from the States soon.

British East African Mission.— So far as we can learn, our workers are still unable to do active service on their stations, but are improving their time in the study of the language and preparing literature.

Mauritius-Madagascar Mission.— God has greatly blessed the work in these far-off parts. There are now three workers, one of whom is a native. During the first part of the year, 21 were baptized, raising the membership to 62. A number more are interested. A fine chapel has been erected, valued at about \$2,000. The interest is spreading all over the island. In one quarter they contributed \$180 to the cause.

German Victoria-Nyanza Mission.— It is fifteen months since we heard from our missionaries here. We learn only that one of the workers, Missionary Winter, is interned at Nairobi, and that Missionaries Ohme and Stein are in India. Brother and Sister Bornath, formerly laboring there, are now with us in the homeland, as well as are Missionaries Koelling and Persson, who are actively engaged in work here, so that we at least have a working force ready to return as soon as the

way opens again. Our mission boat, "Herold," was enlisted in the government service, and later, sunk. It has been ascertained that Missionary Palm was accidentally shot while quietly following his mission occupation, and steps have been taken to secure damages to aid his aged mother, whom we are now helping.

Pare Mission.—For over a year we had no news whatever from this field, but have learned that it has passed entirely into British hands. During the month of October we received news from Missionary Pönig, at Ahmednagar, stating that he was all right, but had no knowledge of his wife or of the other missionaries. We have just heard from the States that our superintendent, Brother Kotz, is still allowed to continue his work at Kihurio, and we hope the other missionaries associated with him are still on their stations with their families.

Sierra Leone Mission.—Brother Greaves has reported favorably from this field. They are principally engaged in training young men for the mission field, and developing the work in the interior. At their industrial school they reported 18 boarders and 30 pupils, with three native teachers who do outside missionary work part of their time. In the workshop they employ a foreman and an assistant, and creditable work is turned out. They are enjoying a good patronage from the government and the leading merchants. Last year a new concrete mission building and a native schoolhouse were put up at Matamp, in the Timne country. Brother Meyers is in charge, assisted by natives. They also have two outstations located at Yele and Matotoka, in charge of two native teachers. Two native brethren are working at Gbamgbama, in the Mendi country, and fruit is already beginning to appear. Out of seven recently baptized, six were from rank heathenism. South of the railway, at Bungoh, another mission station is being erected, in charge of a white man and his assistants. An outstation under a native teacher has been opened at Senduma. An old native canvasser and some of the students sold £48 worth of literature. The reported membership was 77.

Gold Coast Mission.—During the first quarter of this year 21 were baptized at Kickam, and 13 at Ntonsu. They reported six native workers, and a membership of about 100. The last we heard, Brother and Sister Lewis were thinking of leaving on account of failing health, and as they were the only white workers we had there, the sending forward of help is urgent. There seem to be good openings for labor in this field.

Nigeria Mission.—The Lord has blessed the message in this well-peopled country. Seventy-eight were baptized at one time in Ipoti, during the second quarter; and the impression made on pagans at the time of the baptism of so many is said to have been quite a surprise, even to our own people. Brother Babcock and his family and their associates have had their hands full answering the calls. As the attendance at their meetings was still increasing, the outbreak of smallpox was a great trial to them. There seems to be much interest manifested in the work of the mission by men of prominence in the colony, and the outlook was cheering, the last we heard. Suitable buildings have been erected here.

Angola Mission.—We have been cut off entirely from the three Portuguese brethren in this field, so we can give no details.

German Southwest Africa.—The German brother, who, with his wife, had attended our mission school (and both of whom were ready to begin

work among the Ovambos as the war broke out), has been interned in Switzerland, while his wife was permitted to return to her family. He reports having met several of our brethren from Cape Colony who had settled in German Southwest Africa. One of the natives had taken a new hold on the truth.

Canary Island Mission.—Brother Aldrich is still here, and has sold about \$245 worth of literature the first of the year.

North African Mission.—This field embraces Algeria, Morocco, and Tunis. During the first half year, 13 members were added, making the membership 64. Six were working here. One of our Spanish brethren was able in a month to sell \$70 worth of books. They are circulating about 500 copies of the Spanish paper each month. Brother Hancock reports an interest among the Spaniards at Oran, where there were six members. He is anxious to get help soon, so that he can push on into Morocco.

Prisoners' Camps.—Brother Ising, whose work in Egypt was interfered with by his being transported to one of the prisoner camps, reports that there are 850 persons with him, speaking eleven languages, and many among these formerly cared little as to religious matters. Last year he was able to scatter about 300 copies of the Gospels among his fellow prisoners of war, as well as to circulate some of our own books, and hold Bible studies with those who were interested. He found one gentleman who had visited our meetings at Weiherweg, Basel, years ago; another who had become acquainted with our More Light Society meetings in Austria; and another who had been at our meetings in Constantinople; while another had been one of his colleagues at the Friedensau School. He reports 20 sermons, 240 Bible studies, and 680 visits. He is giving considerable time to the study of Greek and Arabic.

Brother L. Spicer reports that he has found considerable interest among his countrymen who are interned with him, and several have become convinced of the truth, and others are reading. These are but an example of what is going on in a score of camps where our brethren are testifying for God.

Institutional Work.

The longer the war lasts the more our educational work suffers from lack of pupils. Only the Danish and Swedish schools are well attended. We hope to secure some workers from these schools. The British school had a good attendance at the beginning, but the numbers have greatly diminished. At Gland we have about twenty pupils, and at Friedensau about thirty lady nurses. Our pupils from the Eastern fields are still there (about twenty-three in all), anxious to enter their home fields as soon as possible.

Publishing.—Though the war has more than ever interfered with our canvassing work (even suppressing it in some places), yet there are still about 600 canvassers in the field, and the first quarter's sales amounted to \$75,000. Paper is getting expensive, and even the help in the offices is being considerably cut down. However, our Scandinavian houses enjoy great prosperity, and our house at headquarters has had, all considered, a good year.

Medical.—Our largest sanitarium, at Skodsborg, had an excellent patronage last year, and was enabled to cut down its indebtedness about \$20,000. Gland had a fair run of patients, as did also Caterham and

Stanborough Park Sanitariums. The food factories are feeling the pressure of the war more and more. In Friedensau our hospital still cares for about one hundred wounded soldiers.

Financial.—The total assets of our institutions and conferences have increased to \$2,643,000, of which about \$1,600,000 is paid-up capital. There was a gain in present worth during 1915 of \$185,000, half of which accrued from donations, etc. Several of our mission stations have been destroyed, but none of our European properties have thus far suffered from the war.

Divisional Financial Report for 1915.

Although the report is incomplete, we find that the tithe increased to \$374,000, or nearly \$30,000 over 1914. The donations amounted to \$91,500 against \$96,443 the previous year. The total income for missions, including \$39,500 surplus tithe and accumulated surplus from the Sustentation Fund, was \$131,000, and our estimated expenses were \$130,250, so there is an estimated margin of \$750 in the operating expense of missions, owing to the general expense of our workers and the staff being reduced. As we were unable to settle with all the fields, our report is still incomplete.

Summary.

With such incomplete reports, it is hard to tell how much our staff of workers has decreased, but while the reports returned show that in 1914 we had 753 gospel workers, there were but 577 at the end of 1915, and probably not more than 500 now—or one half what we would have had if there had been no war. It will probably be some time before we secure complete statistics from all parts of the field for the year.

The history for last year can never be written, even if we consider only our own work and workers and the sufferings of our brethren; eternity alone will reveal all the details. But little can be done in the immense territory of the war zone. The greater the decrease in the staff of our regular gospel workers, the greater the need of diligence on the part of those who remain, to care for the membership scattered over a large area, without proper assistance. We have tried to help our people by means of general meetings, and were surprised at the large attendance under such difficult circumstances. While we were given considerable trouble by some unruly elements, and sustained some losses in membership, yet, all considered, we cannot but be grateful to God for the faithfulness of our people, for their liberality in giving, for their activity in missionary work, and for the wisdom and good judgment they have exercised under very trying circumstances.

One case among many illustrates what God is doing for some of our young men at the front: A young man who offered himself for baptism while still unable to step out in all points, owing to his attendance at high school, and was therefore counseled to wait, was enlisted in the sanitary service at the beginning of the war. A dying lieutenant implored him to comfort his soul in this trying hour. This led the young man in a special manner to seek the Lord. God answered his petition, and before the officer closed his eyes he thanked him in tears for the comfort received, and prayed with him that if he ever should get into a similar position, some one might render him the same assistance. Some time later the young man himself came near death from poison. A lady nurse took special care of him, and saved his life. When he recovered, he found to his great astonishment that this nurse was the sister of the lieutenant. The lady heard the message of God's love from the

young man's lips, and reported her experience to her aged parents. Shortly after, she herself succumbed, but the parents invited the young man to visit them, and they became more deeply interested in the truth. The young man has placed himself upon the altar for service in the cause of God as soon as the way opens. This is but one instance among many.

Though grim war still rules in 1916, yet the Lord of hosts reigns omnipotent, and we find many evidences of his watchcare over his people. His work does not stop, though the world may be in a deadlock, business at a standstill, and travel interfered with. Terrible as is the outlook and great as are the sufferings, yet honest minds are being directed to the brighter hope of a better world. Many are the prayers that will ascend before the time for our next report, requesting that peace may once more return, and God's truth make more rapid progress than ever among the 630,000,000 in our Division.

Since the above was written, the following card has been received from Missionary Kotz, dated "Kihurio, Aug. 28, 1916": —

"Dear Brother Conradi: We are glad to have this occasion to let you know that we are all well and doing our mission work. Brother Pönig has been taken to India. Brother Drangmeister got permission to go back to Vunta, and will tomorrow be removed to Friedenstal, where we are going to have a committee meeting. Sister Enns is still at Friedenstal and quite well. Brethren Ohme and Stein are in India by this time."

It is needless to say that we are greatly rejoiced to get this much news from our mission in East Africa.

ASIATIC DIVISION CONFERENCE.

R. C. Porter, President.

The past year has been an epoch-making period. It witnessed the large increase in the territory of the Division, when Australia, India, Burma, and Ceylon were added to its already large and densely populated area, making the present population of the Division 879,652,115. It also experienced the largest increase of workers ever sent out by the denomination at one time. The addition of men to give their entire time to secretary work and to the treasury, publishing, and educational departments, is of great value to our work.

Australasia.

Australasia has suffered loss by the call of many of our students from our training school into hospital and other government service. But the work is moving steadily forward. There have been important gains in various lines of our work, and a spirit of courage prevails throughout the field. Australia has given valuable contributions of men and money to India, Malaysia, the Philippines, and China. In a recent letter, Brother C. H. Pretyman, secretary of the Australasian Union, writes: "Good words continue to reach us from our island fields. I have never known the situation to be so promising as it is at present. We are planning for an aggressive work in new groups."

India and Burma.

These fields have experienced an important awakening during the past few years. India's educational system has been revised and greatly

improved. From two villages we have had applications for baptism, but the candidates must necessarily be thoroughly instructed and sifted before they can be accepted. A number of new workers have been added for these fields during the year, and the literature work has made a marked gain. Giving more prominence to evangelistic and literature work in recent years has been an important advance which is beginning to bear fruit. The caste system still confronts us as a seemingly impassable barrier, but God still commands, "Go forward."

Malaysia.

This has been a year of progress in Malaysia. The work has advanced into new fields. Sarawak and Battakland, whose doors have been hitherto closed to the message, have been providentially entered, and the work is making advancement in these fields. New buildings have been erected in Java, and buildings for headquarters purchased in British North Borneo. Important gains in membership and funds are reported. This field stands first in its advance toward self-support. The school is turning its attention more to the training of workers, and with the addition of several new laborers, that field is organizing a vigorous campaign for advance.

Philippines

During the first half of last year there were as many additions to the membership as during the whole previous year. A new headquarters location has been purchased in Manila, and a new printing plant has been erected and equipped. Among its furnishings is an up-to-date Miehle press, donated by the Pacific Press Publishing Association. It was greatly needed and is much appreciated. The literature work is progressing rapidly. New school buildings are being erected and a training school for workers will be opened this autumn. The addition of an experienced treasurer, a printer, and two educational men, with their wives, to the Philippines staff, supplies a great need. The work in the Philippines is moving steadily forward. A church of 183 members has been organized during the year, and other interests are developing.

China.

This great field is just now in a transition state. Her educational system is undergoing revision. There is a general awakening in China. This makes the present an opportune time for seed sowing. Our reports from all parts of China are most encouraging.

South China baptized more than two hundred converts last year, and that field now meets one third of its operating expenses. The Cantonese training schools are filled to overflowing, and the Foochow school, started two years ago, has already baptized 90 of its students.

East China has more than doubled the ratio of advance in all lines during the past year, and the outlook is most encouraging. Three families have been added to the foreign force. The superintendent has put in a busy year in the field. Sisters Miller and Shull have met with excellent results from their women's work. This year we are conducting a language school for the education of foreign workers in Nanking.

Central China has made a steady advance during the year. In the Shensi Province there has developed one of the most promising openings we have ever seen in China. Fifty are awaiting baptism there, and many others are interested. Sixty were baptized at the close of the Hankow general meeting. The two training schools in Central China are well filled with students older than those in past years. This field has been well remembered in the distribution of new missionaries.

West China.

In West China, where our work began two years ago, we now have a church membership of thirty, with a number of others awaiting baptism. We have four day schools, with an attendance of 110, nearly all of whom are paying students. We have four colporteurs in the field, doing excellent work. Two new families have been added to their managing staff during the year. They have erected two nice bungalow dwellings in Chungking, Szchewan, where their headquarters are located.

North China.

North China has received an addition of two new foreign families as a contribution to the managing staff. This will enable them to open the work soon in a strong way in that promising field.

Manchuria.

Manchuria has added one family to her list of foreign workers. This has enabled her to open work in the interior, and still carry the work at Mukden and the three outposts forward successfully. A chapel has been purchased in the city of Mukden, and a building for the headquarters for the field has been put up in that city during the year. Fourteen have been baptized in Mukden. Five Sabbath schools have been organized.

The Chinese *Signs of the Times* has trebled its subscription list the past year. Our first subscription book in Chinese was launched during the summer, the first edition is now sold, and a new edition is being printed. Other books are in preparation for the field.

The larger share of the more than fifty missionaries sent to our field during the past year were located in China, and still the needs are not supplied. India is to receive the larger share of workers next year.

Japan.

Japan is the most up-to-date in her activities of any Eastern field. She is pushing the education of her youth more vigorously than ever, in preparation for first place in the international affairs of the Far East. Our training school at Tokyo is developing a good company of workers in all lines of our work.

Literature is welcomed by Japanese at this time. It is a favorable time to use this means for the sowing of gospel seed. The new printing press, and the printer, Brother A. B. Cole, with his family, sent during the past year to take charge of this department, have been a valuable aid to the work in Japan. A new foreign family for Hokkaido is also a valuable contribution to that field. The field is becoming better organized, the results of evangelistic labor are better, the finances show good gains in receipts from the field, and the work is more progressive.

Korea.

Korea received two families from the company of foreign workers who reached the field during the year. The work is progressing in all lines. In South Korea, where eight years ago we had no membership, we have now 200 baptized members, with four companies awaiting baptism. The training school is well filled, and the literature work is still making its usual advance. With the aid of the printer and his family who have taken charge during the year, we anticipate a stronger development of the publishing work. Over two hundred were added to their membership the past year.

The Mandarin Training School.

Elder Allum has been called from the superintendency of West China to take charge of the Mandarin Training School at Shanghai. Sisters C. E. Weak, S. L. Frost, and E. M. Bowers have been added to the faculty, thus greatly strengthening our teaching force. Ninety-four students, the most mature we have ever received, are already in attendance. The enrolment will doubtless reach one hundred this year.

Calls from the unoccupied territory of the Asiatic Division still press in upon us. The fields are white, and the laborers are few. We solicit your prayers that God will still send forth laborers into his harvest, that the whitened fields, awaiting the reapers, may soon be gathered for his kingdom.

AUSTRALASIAN UNION CONFERENCE.

C. H. Watson, President.

The year 1913 saw the opening of a new era in the work in the Australasian Union in that for the first time in its experience it became self-supporting, and relieved the General Conference of the annual appropriation granted up to that time to assist it in carrying on missionary operations in the islands of the Pacific.

The year 1916 marks another stage in its growth, for not only is it carrying the full burden of the work within its own territory, but in addition it is supporting the work in the Asiatic Division Conference to the extent of approximately \$5,000 per quarter. This amount represents the Sabbath school offerings for missions raised throughout the Union. However, our most valued gifts to the Asiatic field are in the persons of Pastor J. E. Fulton and W. W. Fletcher, who, in response to calls from the General Conference, were released from the presidency and vice-presidency, respectively, of our Union.

The extension of the work in the Pacific Island Mission Fields has necessitated a change in their administration. At the annual council held in September, action was taken, recommending the organization of a conference embracing the former mission fields of Fiji, Samoa, Tonga, and Niue (or Savage) Island. Pastor C. H. Parker, who had labored in Fiji for many years, was called from the New Hebrides to take the presidency of this new conference. Early in October delegates from the fields concerned assembled at Suva, Fiji, and Pastor W. J. Westerman, vice-president of the Union, met with them and effected the organization of the Central Polynesian Conference.

The island missions of the Eastern Pacific have been grouped into one organization, to be known as the Eastern Polynesian Mission. Pastor F. E. Lyndon, who has labored in the field for many years, was appointed superintendent. An executive committee of five persons, of whom he is one, will administer the affairs of this mission.

Both the Central Polynesian Conference and the Eastern Polynesian Mission will be financed by appropriations from the Australasian Union Conference.

The missions lying to the west of Fiji have been grouped into another organization, to be known as the Melanesian Mission. The following missions now in operation, included in this, are New Guinea, New Hebrides, Norfolk Island, Lord Howe Island, Solomon Islands. The many other groups adjacent to these named are included in the territory of the Melanesian Mission.

In order to hasten the development of the work in the groups now entered, and to make it possible to push out into new territory, an auxiliary ketch is being provided for Pastor G. F. Jones, the superintendent of this mission, as it is found impossible to superintend the work by means of the regular trade routes. The cost of this vessel will be approximately \$10,000. She will be about 68 feet over all, with a beam of 17 feet, and will be fitted with a 25-horsepower motor engine, which will give her a speed of about seven knots. This little vessel will be the home of Brother and Sister Jones for the greater part of the time.

Educational.

The Australasian Missionary College (Avondale) continues to grow, both in size and importance. Pastor J. M. Johanson was called to take charge of this institution early in the year under review. Owing to the return to America of Brother F. L. Chaney, who had rendered many years' faithful service, Brother C. H. Schowe was appointed head master. A visit from Prof. F. Griggs, secretary of the Department of Education of the General Conference, proved very helpful, and resulted in the laying of plans to increase the efficiency of the college and to raise its standard of education sufficiently to provide for the training of students for the university. Important additions to the college building, rendered necessary by its increasing enrolment, have called for large investments. Another campaign with "Christ's Object Lessons" is now being conducted, with the view of raising funds to reduce the indebtedness of the college.

Our two intermediate schools, one in New Zealand and the other in West Australia, have satisfactory enrolments of students. They continue to do good service as feeders to the Australasian Missionary College. Brother J. Mills is in charge of the Oroua Missionary School. Pastor A. H. Piper has charge of the Darling Range School.

Medical Work.

The Sydney Sanitarium has enjoyed the best patronage in its experience. Patients have received physical help which they have greatly appreciated, and have manifested their gratitude by recommending others. We faced the year with many forebodings, owing to the depression caused by the war. Our fears, however, were not realized, but instead the Lord blessed us with more than usual success. This institution has also accomplished a good work in the winning of souls. The usual training classes were conducted, and a number of graduates have passed into active field service.

The Warburton Sanitarium also has enjoyed a record patronage, having had a successful year. The smaller institutions at Christchurch, New Zealand, and Adelaide, South Australia, have exerted a quiet influence, though their patronage has not been so large.

Cafés.

Our health food and café work has met with remarkable success, and made rapid growth. The two cafés hitherto operated in the city of Sydney have now been combined in one large institution, situated on the principal street and in the heart of the city. The branch cafés and depots in the various states are all doing well. In Adelaide, South Australia, a new and more central site has been secured, with the result of a large increase in business. The growth of the retail trade has naturally resulted in greater demands upon the factory, and an addition of almost equal size to the former building has been completed. More machinery has been imported for installation in this building.

MISSIONARY COLLEGE
LIBRARY

Publishing Work.

The publishing work presents a most encouraging aspect. The past year's sales, in spite of war conditions, have surpassed all previous figures. There is a great demand for our literature. This is being met by our subscription books, smaller books, and magazines. The Signs of the Times, our pioneer paper, has a circulation of more than 14,500 per week, the highest yet reached.

The call of Brother Johanson to Avondale necessitated the appointment of a new manager of the Signs Publishing Company. Brother W. H. B. Miller, who had previously had experience in connection with the Pacific Press and the Echo Publishing Company, is successfully carrying this responsibility.

The editorial department is in charge of Pastor C. M. Snow, whose labors are much appreciated. Early in the year he succeeded Pastor A. W. Anderson, who is now carrying the secretaryship of the educational and religious liberty departments.

Toward the close of the year we were privileged in receiving a visit from Pastor N. Z. Town, secretary of the Publishing Department of the General Conference, whose counsel and instruction were much appreciated, and will result in strengthening the work in this department.

Sabbath Schools.

The Sabbath school department maintains a consistent growth. The membership has increased to 7,669.

Young People's Missionary Volunteer Department.

The young people's department is now in charge of Brother Frank Knight, who is meeting with good success in his work. A deep interest has been taken in the study of "Thoughts on Daniel and the Revelation," and a record number took the examination of the first section (Daniel). A still greater number are studying the second section (Revelation), and it is expected that a proportionately larger number will take the examination also. The most gratifying feature in this connection is the high standard attained by so many of the examinees. Many gained the maximum of marks, having perfect papers. We believe the benefits derived from this study will be beyond computation.

Island Missions.

Our island mission work had, on the whole, given us more encouragement during this year than has been the case in any previous year since its inception. The experiences of our workers in the New Hebrides group, amid cannibals of the fiercest type, have manifested that the God who protected Daniel in the lions' den still shows himself strong on behalf of his faithful children. Our missionaries have had the honor of entering virgin territory, on which the white man's foot had not previously trod. Incidents related by workers in the Solomon Islands give indisputable evidence that God is marvelously opening the way before us in this group also. Calls are coming from districts which have hitherto refused every approach of the missionary, and schools are being opened in response to these calls in spots which have been looked upon by other missionary societies as the Jews regarded Nazareth.

Our work among the Australian aborigines is developing most encouragingly. The first baptism has taken place at Monamona, five candidates being baptized by Pastor H. E. Piper during his visit to the mission. Brother J. L. Branford and his wife have worked untiringly for these people, and have won their respect and love. This mission has

now almost reached the self-supporting point, thanks to the faithful efforts of the staff. Sister G. Mitchell is doing excellent work as teacher in the mission school.

Sheaves of souls are being gathered in Tonga and Samoa also. These fields for some years past have been fruitless, and the harvest now ripening is inspiring the hearts of the workers with new courage and hope.

Niue has at last been entered by a white worker representing this message. Pastor Carr and his wife are winning their way into the confidence of the people. Sister Vai Kerisome's work previous to their arrival, is bearing fruit, and already several are keeping the Sabbath. Two Sabbath schools have been organized.

JAPAN.

F. H. De Vinney, Superintendent.

The close of the year will show substantial gains in every department of mission work for the year 1916.

One new church of 18 members was organized in Nagoya, one of the leading cities of Japan. This church is almost entirely the result of the work of Japanese laborers, with but little help or supervision by foreign laborers.

The tithes, offerings, Sabbath school, and thirteenth Sabbath offerings show an increase over all other years. Our literature sales have nearly doubled. The church books have been revised, and a list of members of churches and believers has been prepared, showing the mission standing to date, for use at headquarters.

Tent meetings have been held in six different cities, with encouraging results. Work has been opened in four new places, besides having a laborer located in Hokkaido, thus opening the work for the first time in that important island field. New "kogishos," or preaching places, have been opened, where work will continue all winter.

After years of planning and anxiety, a church school was opened in the training school building at mission headquarters, early in the year. The government has kept it under close supervision; but it has found favor with the authorities, and they have shown a willingness to coöperate with us to make it a success. At the close of the school year the superintendent of education for this district was present, and gave out the grades on the same basis as the public schools. This means much for our school work, and we see the hand of the Lord in it all.

The training school had the largest attendance of any year since it was established. At the close every student went into the field in some capacity, and with one or two exceptions, all have remained faithful to their work during the intervening time of six months between the school terms.

A new series of tracts, thirty-five in number, on present truth, adapted to tent and home mission work, has been produced during the year by the mission press.

A No. 4 Miehle press and a gas engine have been added to our printing equipment. Two large books are in preparation, and will soon be ready for our canvassers.

Brother C. C. Hall, the mission secretary and treasurer, and manager of the mission press (Owari No Fukuinsha), passed away after a few days' illness, just before the opening of the year. Mrs. Hall continued

in the field until July, taking up her husband's work acceptably, until Brother A. B. Cole and his family reached the field and took the responsibility.

Brother S. G. Jacques and his wife joined our force of workers in August, and entered the Tokyo Language School. They are preparing to take the oversight, the coming year, of the newly entered field of Hokkaido.

During all the year the Lord has been good to us, and we can see many signs of his signal favor, and we are looking forward to the coming year and to the finishing of the work, with hope and courage.

PHILIPPINE ISLANDS.

L. V. Finster, Superintendent

We are glad to report marked progress among the Filipinos. Our work has met greater opposition during the past year than ever before; but with this we have also seen the greatest progress in the number accepting the truth in the history of our work. In the year 1915 we baptized 227 believers; during the first six months of 1916 more than 300 were baptized. The number of Sabbath-keepers is now more than 1,000.

Our native evangelists have had most wonderful success in their labor during the past year. As the result of a nine months' effort at San Pablo, 196 were baptized, and from our tent efforts at Manila more than 100 believers were added.

The Lord has blessed those who have engaged in the circulation of our literature. During the year 1915 our sales were \$12,500. The first six months of 1916 they reached more than \$8,000. We now have thirty canvassers in the field. R. A. Caldwell and his family have returned from their furlough to assist in this branch of the work.

A beginning has been made on our new school buildings. Brother Irving Steinel and wife and Brother and Sister Sevrens have arrived to start our school work.

In the Panayan Mission, where Elder E. M. Adams is in charge, a good growth has been made during the year. He has held several baptisms, and work has been opened up in several new places.

Dr. Carlos Fattebert has held his first tent meeting at the Cebuan station. A large number have already been baptized, and others are interested. The book work has made good progress on this island during the year.

Brother and Sister Stewart have entered new territory by starting our book work in the islands of Negros and Leyte. They have obtained valuable information that will help in the further developing of our work in these islands.

In the Ilocano Mission, where Elder Hay has charge, our first church among the Ilocanos has been organized during the year. He has several bookmen in the field who are having excellent success. Some from the pagan Tinguin tribe have accepted the message, and calls are coming in from many places for meetings.

On the whole, our workers are in good health and of good courage. It is the earnest desire of each to hasten the message in this part of the Lord's vineyard. Now is a most favored time to work in the Philippines.

MALAYSIAN MISSION.

F. A. Detamore, Superintendent.

The Malaysian Mission has a population of more than fifty million, and the territory comprises British Malaysia and the Dutch East Indies. Nearly all nations and tongues are represented in this field. The Malay language is spoken most widely, but hundreds of other languages and dialects are used. Mohammedanism is the prevailing religion.

A thorough and prosperous training school is conducted at Singapore, in which ten grades of English are taught, beside Malay and Chinese departments. The enrolment is about 115, with nearly fifty students and teachers in the school home. Bright and intelligent young men are in attendance from the Malay States, Battakland, southern Sumatra, East and West Java, Timor, Celebes, Dutch Borneo, British North Borneo, and other places besides Singapore. A strong missionary spirit prevails in the school, and a live Missionary Volunteer Society is working under the fostering care of the teachers. A number have accepted the truth through the efforts of the teachers and students.

Educational work is being carried on in various parts of Java and Sumatra by our workers and by self-supporting teachers. Good returns have been realized from these efforts. Europeans have recently entered Battakland for the purpose of teaching the thousands who are thirsting for learning. Many have accepted the message of truth, and desire to become useful in helping others.

Homes for workers have been provided at Padang, Sumatra; Batavia, Java; and in Sandakan, British North Borneo. These are greatly appreciated by those who have the benefit of them. A large tithe and liberal donations have been received from the field. Mr. and Mrs. W. P. Barto, Mr. and Mrs. Dallas S. Kime, and Miss Lena Mead came in September from America, and B. Judge and his wife returned from their furlough in Australia in May.

INDIA UNION MISSION.

J. S. James, Acting President.

The population of the India Union Mission is given by the statisticians as three hundred and twenty million. It comprises India, Burma, and Ceylon. The Union is divided into six local divisions, bearing the following names: Northwest India, North India, Bengal, Bombay Presidency, South India, and Burma. Ceylon is included in the territory of the South India Division.

Northwest India.

The past year has witnessed advance moves in this new division. Land for a mission station has been purchased at Chuhar Kanâ, about twenty-five miles west of Lahore, and a bungalow for European residence completed. An out-patient dispensary has been built, and plans laid for building one for in-patients. Dr. V. L. Mann, who is in charge of the medical work at this station, finds his hands more than full looking after the needs of the suffering and afflicted. Brother F. H. Loasby has the oversight of the evangelistic work, and is fully occupied in teaching classes in language, itinerating, and distribution of literature, and in instructing inquirers.

The work in Simla, under the charge of Dr. H. C. Menkel, is in a very prosperous condition. The treatment-rooms are patronized by the best

classes, and numerous additions have been made to the church at that place.

North India.

Baptisms and a substantial advance are reported from this division. A new main station has been started at Rai Bareli, with Brother C. C. Belgrave in charge. An elementary school and evangelistic work are carried forward in this station. An outschool has been established near Garhwal. The treatment-rooms in Mussoorie, under the able management of Brother Wm. Lake, have been very prosperous. The work in this division has been strengthened by the coming of Brother and Sister Floyd Smith. Miss Chilton continues to find encouraging openings in her zenana work in Lucknow. An increased volume of work has been done with Hindi and Urdu literature in this division.

Bengal.

The Bengali Girls' School conducted in Calcutta is in a flourishing condition. A new station has been opened at Dacca, East Bengal, with Brother L. G. Mookerjee in charge. This station will form a center for a large unentered area in that part of the province. At Karmatar, our oldest mission station, a new girls' school building has been completed. Dr. Olive Smith and her husband have joined the work at this station. The English work in Calcutta, through the earnest labors of Pastor Comer, has had a very encouraging growth the past year. This city is the home of our first treatment-rooms in India, and under the experienced management of Brother J. H. Reagan and his wife these have been well patronized the past year, by a good class of patients. The amount of vernacular literature work in this division is steadily increasing.

Bombay Presidency.

Very encouraging reports have come from this division the past year, indicating growth along various lines. Brother and Sister M. D. Wood are carrying heavy work at Kalyan, with two dispensaries, a nurses' training school, and an elementary day school. Recently the buildings for a boarding school and dispensary were dedicated and put in operation here. An out-patient dispensary is also in operation at Igatpuri. Papers, books, and other literature are now issued in the Marathi and Gujarati languages, and a large amount is circulated. The Bombay church, through the earnest work of Pastor French, continues to add to its numbers. Brother and Sister Rowland Loasby have taken up the study of the Marathi language, and are at present located in Poona.

Burma.

The training school at Meiktila, under the charge of Brother D. C. Ludington, has had an advanced growth during the year, now enrolling over one hundred bright students. A good work is being done among the heathen boys who attend the school. Two Burmese men who accepted the truth in Mandalay through the labors of Brother R. A. Beckner, are now in active mission service.

The new Karen station at Kamanaung, on the Salwin River, with Pastor G. A. Hamilton in charge, is completed and occupied. The dispensary, which is under the charge of Miss Mary Gibbs, is doing a good work, and is greatly appreciated by the people. Brother and Sister Eric Hare, of Australia, who have recently come to this station, are doing village and medical work for the Karens. A motor launch lately purchased enables the workers to reach the many villages up and down

the river. A company of two Karen believers developed five years ago by Brethren Votaw and Williams some thirty miles south of this station are holding out faithfully and calling for more help in that section. Pastor C. F. Lowry, with his family, from America, has recently joined the force of workers in this field, to take the superintendency of this division.

South India.

A new church has been organized at Coimbatore, where a training school is being conducted by Pastor G. G. Lowry. The students of this school come from three of the five main language areas of South India. During the past year, work has been opened up in two new languages, and books and papers are now provided for both, each having its own colporteur force. The church at Pondicherry, under charge of an Indian evangelist, has had an encouraging growth. The work at Nazareth, which is our largest Indian church, is also under the supervision of an Indian evangelist. The educational and evangelical work carried on there is in a prosperous condition. A company of baptized believers has been organized in Travancore, and an elementary school among the Malayalam people. Another company and a Sabbath school have been organized in the northern part of Ceylon. An effort has been carried on for the English in the city of Madras by Brethren P. C. Poley and V. E. Peugh, with encouraging results, a number being now ready for baptism. Printing is done in Madras in three different languages, for the South India language areas.

General.

The India Training School in Lucknow, in charge of Brother I. F. Blue and his wife, has an attendance of twenty-two bright men, representing the Telugu, Burmese, Bengali, Marathi, Gujarati, Hindi, Urdu, and Punjabi languages. This work is wholly in English. The colporteur work for our English subscription books by self-supporting workers from Australia has been greatly blessed of God, large numbers of our principal books being placed in the chief cities of the empire.

Cash receipts of the three treatment-rooms in operation amount to over \$10,000. The most encouraging feature of this line of work is the baptisms which have directly resulted from the efforts put forth. At present over thirty of our mission workers are giving most of their time to definite language study, some of whom have passed their examinations with distinction. The home missionary work, the Sabbath schools, and the canvassing work in the vernaculars have been placed on a better working basis, and the rank and file of our people in all the languages are being pressed into service. We are thankful to God for his merciful watchcare over us in this difficult field. With but one or two exceptions, all the workers are enjoying good health.

SOUTH AMERICAN DIVISION CONFERENCE.

O. Montgomery, President.

The last of December, 1915, Elder W. W. Prescott, N. Z. Town, and the writer reached South America, and attended the biennial sessions of the Brazilian Union Conference held at São Paulo, and also the South American Union Conference held at La Plata, Argentina.

In connection with the last-named meeting, with delegates present from the Brazilian Union and the Inca Union Mission, the South Amer-

ican Division Conference was organized, in February, 1916. Following this important meeting, the brethren attended the annual meetings of the Rio Grande do Sul and the Chile Conferences and the general meetings in Uruguay and Paraguay, visiting Bolivia, Peru, and our missions around Lake Titicaca.

From the West Coast Brother Prescott returned to Buenos Aires to meet with the new Division Committee, and assist in laying plans and outlining policies for the future. He returned to the United States in July, having spent six months in this field. His visit was a source of much encouragement and blessing, and will result in much good. The hands of those who have long labored here will be greatly strengthened by the launching of this new Division. The time is ripe for a strong advance in South America. The Lord is making bare his arm, with striking results in some parts of the field.

This Division Conference is composed of the Unions mentioned above. Its territory embraces all of the South American continent excepting Columbia, Venezuela, and the Guianas, and includes the Falkland Islands. It has a population of 37,000,000.

AUSTRAL UNION CONFERENCE.

J. W. Westphal, President.

The year 1916 has been one of changes in the South American Union Conference. In February the South American Division Conference was organized and the Inca Union Mission which had been a part of this Union was placed under the supervision of the Division. At the same time the name of the South American Union Conference was changed to Austral Union Conference. To the force of Union workers has been added C. P. Crager, secretary of the Young People's and Educational departments. J. T. Thompson, of Uruguay, has also united with the office in Florida. F. L. Perry, of Uruguay, has taken charge of the Chile Conference. Otto Schulz, of Bolivia, has taken charge of the book work in Chile, and Guillermo Emmenegger, of Argentina, of the Chile office. Carlos Krieghoff, of Chile, has taken charge of the Argentine office. J. A. Westermeyer, of the Chile office, and Wm. Ernst, of our Union office, have united with our work in our academy and sanitarium. Elder Jacob Mangold has been chosen superintendent of the Alto Parana Mission. The removals from Uruguay have greatly reduced the laboring force and the President of the Union has been chosen as its temporary superintendent.

The most serious drouth of many years has been general throughout Argentine and Uruguay, which, owing to the crisis due to the war, has made times doubly hard, and apparently will affect seriously our finances. Yet the work has made progress.

In Argentine 108 persons have been baptized up to the first of November. Two new churches were organized, one in La Plata, and the other at Villa Unquitz, a suburb of Buenos Aires, of twenty-three members each. Public efforts with good results have been conducted in La Plata and the city of Parana. There have been baptisms in other places. The office sales of our literature increased \$2,900 which indicates a great increase in missionary activity.

The baptisms in Chile will probably exceed previous years. A number have also forsaken the truth. Home missionary work is increasing. Northern Chile is still without a laborer, but it is expected that at least one will be supplied soon. The literature sales have greatly increased.

There have been a goodly number of baptisms in the Alta Parana Mission. The treatment work at Corrientes has been successful, and several have accepted the truth. Donations and tithe have increased.

In Uruguay nine new Sabbath-keepers were found at Colonia. Four, all Russians, were baptized at Porvenir near Payoander, and there is now a company of a dozen or more who meet there on the Sabbath. Three were baptized at Montevideo. In spite of the hard times, the canvassers in the field have had good success in selling our literature, especially "Great Controversy."

The sanitarium and school have been well patronized. Only once has the enrolment in the school been larger, and then by only one, while the daily attendance has been the best in its history. Several of the graduates from the nurses and special missionary courses have been employed in our field, others are waiting because of the lack of funds. The new wing of the sanitarium has been erected, and the first story completed, which has greatly improved the conveniences.

The printing department of our publishing house has been very busy the latter part of the year. A 5,000 edition of a Spanish hymn book of 177 hymns, "Himnos y Cauticos Espirituales," has been printed. Also "Estrella de Belau" ("Star of Bethlehem"), a booklet of 64 pages, of which an edition of 20,000 has been printed. At present a 20,000 edition of Armageddon is being bound. While there has been a drop in the circulation of *El Atalaya*, we expect this will soon be made up when the Home Missionary secretary arrives. The paper is much appreciated. Today a prominent gentleman told me that he appreciated the paper very much, and that his wife read it as she did no other paper. Twenty thousand editions of tracts have been printed, and others, a number of them four page leaflets, are now ready for the press. Considering the crisis and the drouth, the sale of books has been excellent.

BRAZILIAN UNION CONFERENCE.

F. W. Spies, President.

Although in these war times, prospects of a temporal nature are not flattering, the gospel work is gaining victory after victory, thus revealing in an emphatic sense, that the kingdom of God is not subject to conditions in this world.

Publishing Work.

Our publishing house has been pushed to its utmost to provide the needed literature to supply our faithful colporteurs. During the year, thirty-five of these have sold literature amounting to \$27,715.46. In spite of the real hard times, this line of gospel effort has prospered. In 1914 our literature sales were about \$13,000. In 1915 they went over \$18,000, and in 1916 they come close to \$28,000. We surely thank the Lord, and take courage for what he is doing.

Educational Work.

Our training school for gospel workers has closed its first year, and it surely was a very successful year. There were thirty-six students in attendance, all of whom were very earnest and devoted to their studies. Some of these will engage in Bible work during the vacation, and others are working as colporteurs, with the plan of earning a scholarship. We are looking forward to the future with large hope, believing that the

number of workers will soon be greatly increased in this needy field. We are now taking steps to construct the left wing of our school building, thus completing it. This will enable us to accommodate a considerably larger number of students next year.

Our present Union membership is about 2,300, a gain of almost 300 for the past year. These members contributed in tithes \$19,778.60. Other missionary offerings amounted to \$3,038.72.

Rio Grande do Sul Conference.

According to reports received from Rio Grande do Sul, the membership of this conference has increased by 80 members during the year. The evangelistic work, and also the book work, have made encouraging progress. The conference very much needs another ordained minister, in order better to carry on its work. The present membership is 787.

Santa Catharina.

The Santa Catharina Conference has had an additional laborer for a part of this year. Owing, however, to peculiar conditions, and much bad weather, which greatly hindered the travel necessary to reach the various churches and companies, the progress has not been all it might have been in this field. About twenty were added during the year. The present membership of this conference is 375.

Parana Mission.

In this mission the work is moving along fairly well. A successful series of meetings was held in União da Victoria early in the year, and a very well-attended series of tent meetings is at present being conducted. The growth in numbers in this mission has been about twenty-five, the present membership being 178.

São Paulo Mission.

The working force of this mission was considerably reduced this year. Two ministers who formerly carried on field work spent most of their time in the seminary. One of our lady missionaries was sick for quite a time, and one of the young men chose to withdraw from the work to attend the seminary. About eighty members were added, notwithstanding, bringing the São Paulo membership up to 360.

Minas Geraes Mission.

This is a mission that has been organized during the last year. Its working force is very small. It has a membership of about forty. But the work looks promising in several places. Little progress, however, will be made until we can reinforce the laboring staff. The sale of literature has, in this, as also in the São Paulo and Rio Espírito Santo Missions, been larger than ever before.

Rio Espírito Santo Mission.

In this mission, which contains the capital of the nation, encouraging progress has been made. Several quite successful tent efforts were put forth in Rio de Janeiro during the past year, each of which resulted in adding quite a number to the membership of our Rio church. The gospel has also gained a foothold in new places. As in almost all the fields, however, the lack of workers compels us to let good opportunities for aggressive work pass by unimproved. The present membership of the mission is about 335, a gain of 35 during the year.

The remaining portion of Brazil — everything north of Bahia, and including this state — comprises the new North Brazil Union Mission. In this territory little progress has been made, owing to our inability to place more workers in it. We are planning reënforcements for this needy and promising field. It has at present a membership of 245.

In reviewing our great field and its need, we feel that we should tell the Lord of the harvest of our need of workers, and ask him to send them, believing that he will hear our prayer and grant our petitions.

SOUTH AFRICAN UNION CONFERENCE.

W. B. White, President.

The year 1916 has been a good one in the South African Union. Notwithstanding war conditions, and the most severe droughts known in the history of the country, the work is onward, and a measure of success is attending our efforts.

Local Conferences.

A stronger ministerial force is now taking the field in our local conferences, and as a result of the faithful work done by them, new churches are being formed. During the last year our evangelistic work has been augmented by the incoming of Pastor C. A. Paap, of Australia, and Brother John Birkenstock, who has been studying in Europe for a number of years. As a result of faithful work done in new fields, two new churches have been organized, and another company of thirty developed, which we hope ere long may join the sisterhood of churches. The churches at Johannesburg, Durban, and Bloemfontein have had material additions to their membership, while a goodly number of isolated ones in the several conferences have accepted the truth through reading our literature, followed by Bible work. We are hoping that in future with a stronger ministerial force in the field, that many of both the English and Dutch may be brought to the light of present truth.

Our monthly papers, the *Sentinel* and the *De Wachter* are doing a noble work among the people, and are opening many minds to the present truth. We now have about four thousand yearly subscriptions; besides our church and conference clubs, we are printing monthly about 13,000 of these papers, which are going to all parts of South Africa. We regard the paper work as one of the strongest factors we have in Africa of getting the truth before the people.

During the past year an advance step has been taken by our conferences in placing a competent man in each conference who will have the oversight of the subscription book work. As a result, our work in this department is rising, and a good corps of agents are now in the field. We are hoping very soon that we shall be placing £1,000 worth of our publications in the homes of the people each month.

A few new churches are being built throughout the field. At Durban the contract is let for a new building, and a building site has been purchased in Johannesburg. In the Free State a fund is being collected for a church building in Bloemfontein, while a new building has just been erected in Parow, a suburb of Cape Town, for the colored people. Another building will soon be started in Salt River, another suburb, for the same people.

Our Home Missionary and Missionary Volunteer work is now becoming better organized through the field, and is a very important factor in our work.

We are glad to say that the work in our local conferences is brighter than for years in the past, and we are going forward in courage and confidence.

Missions.

The writer last year spent three months with our missions in Rhodesia, holding two Bible schools with our native evangelists and teachers. Over eighty native workers attended these schools, which were greatly appreciated. Plans are now being laid to bring all of our native workers in Rhodesia together for two months each year, for thorough instruction in the Scriptures and normal work. More must be given to our native workers if we expect to get more from them.

The writer has never seen our missions in Rhodesia looking so prosperous as at present. Buildings are kept in good repair, trees and shrubbery are kept back from the homes of the missionaries, which are now quite thoroughly screened from the fly and mosquito, and an air of neatness pervades the mission premises. We are glad to say also that our schools are full, and hundreds of pupils are turned away every year, as we are not able to accommodate them. According to our last report we now have in our schools in Rhodesia and Nyasaland 3731 students, and our native church membership is 847. We have sixty-seven outschools.

Pastor W. H. Anderson and wife, and J. R. Campbell and wife and children, left on furlough going to the states by way of Australia.

There has been added to our working force during 1916 Brother Stockil, of Natal, who is now superintendent of our work in Northwest Rhodesia; Brother Fred Raubenheimer, who is now assisting at the Maranatha Mission; and Brother Frank Macdonald, who is now superintendent of Emmanuel Mission. These new workers are rendering splendid service, which is greatly appreciated.

The past year has been a very good one at the Plumstead Sanitarium, the house being quite well filled the most of the time. Claremont Union College has also had a very good year.

Beginning July 1, 1916, the Union Conference took charge of the book work in South Africa, and has established a Union Book Depository at Cape Town to supply the whole field. A publishing company has been organized with a board of ten representative men, who now have all our book and paper work in hand, as well as our native literature. This company is now operating under the name of the Sentinel Publishing Company. These steps which have been taken have greatly unified our literature work in this field.

During the past year the following small books have been issued. An edition of native readers for northwest Rhodesia, as also a hymn book for the same people. "World's Crisis" in Dutch has been printed, as also "Early Writings," and "Steps to Christ" in the same language. A small book on the prophecies of Daniel, the coming of the Lord and the coming kingdom, has also been issued in the Zulu language. This book can also be read by the great Matabele nation in Southern Rhodesia.

All in all we feel greatly encouraged with reference to our work in Africa, and are doing what we can to press it forward to its final completion.

WEST INDIAN UNION CONFERENCE.

A. J. Haysmer, President.

The West Indian Union Conference consists of a much scattered and separated land territory of 1,143,903 square miles, and a mixed population of English, Spanish, French, Dutch, Portuguese, Chinese, East Indians, and aboriginal Indians, numbering 12,887,878. Its membership Dec. 31, 1915, was 4,254, an increase over 1914 of 359. There were 393 baptized in 1914, 711 in 1915, and 468 the first ten months in 1916.

The West Caribbean Conference takes in Nicaragua, Costa Rica, and Panama in Central America, and Colombia in South America, with a Spanish, English, and aboriginal Indian population of 6,902,289.

The South Caribbean Conference is composed of Venezuela, and British, Dutch, and French Guiana, in South America; and all the Leeward and Windward Islands. It has a population of English, Spanish, French, Dutch, Portuguese, Chinese, East Indians, and aboriginal Indians, numbering 4,854,206. Our membership is 1,832.

Although the war and several hurricanes have caused very hard times in this Union, our finances have, on the whole, made a steady increase. Our tithes for 1914 were \$13,978.11; for 1915, \$16,417.38, a gain of \$2,439.27. While we have not received the final reports for 1916, an increase over 1915 is shown.

There has been a slight falling off in our Sabbath school and missionary offerings, but our book work and periodical sales have increased. The sales for 1915 were \$17,777.68, an increase over 1914 of \$1,332.83.

At our Union Conference meeting in February, 1915, it was voted to hold our Union Conference session every four years, and the local conferences every two years. This is giving our workers more time for evangelical work, and several successful tent and hall efforts have been conducted.

For the first ten months of 1916, Jamaica reported 242, South Caribbean 144, and West Caribbean 82, baptisms — a total of 468. Some portions of our field have been very short of help, and this partly accounts for our falling off in additions and missionary funds.

Elder and Mrs. Neff, our only conference workers in Venezuela, returned home in May. Brother and Sister Redding left Colon for the States in July. Brother and Sister Degering had to leave Jamaica in July, on account of Sister Degering's health. Brother Haines and family left the Watchman Press office in May, after spending several years in faithful service in this field. Brother Holst and family had to leave Jamaica for the States in September, on account of the sickness of Sister Holst.

These departures left sad vacancies in our field. However, several new recruits have arrived, and at present nearly all the fields have been supplied.

Elder G. A. Roberts and family, from Arizona, came to Jamaica. Elder I. G. Knight and his wife, who labored in this field several years ago, returned, and are laboring in British Guiana. Elder Berger Johnson and family were called from California to labor in Bocas del Toro, Central America. Brother and Sister H. C. Kephart came from western Washington. Brother Kephart will act as secretary and treasurer of the West Caribbean Conference. Brother E. R. Button and family came from Washington. D. C. Brother J. A. P. Green, from Mexico, visited Jamaica, Panama, Costa Rica, Colombia, and Venezuela in the interest of the colporteur work, and rendered excellent service.

We were favored at our Union committee meeting held in Colon, in February, 1916, with the help of Elder W. A. Spicer and Brother J. J.

Ireland from the General Conference. After the meeting they visited Jamaica. Elder Spicer visited many of the churches and companies, while Brother Ireland audited the Watchman Press books.

We have just had a meeting of the Union committee in Jamaica. Elder J. L. Shaw from the General Conference and Brother H. H. Hall from the Pacific Press were in attendance and rendered excellent help.

Plans have been laid to strengthen our work in many ways. While we are having our share of difficulties and trials, our workers are of good courage and we are determined to do what we can to hasten the inmessage among the unwarned millions of our Union.

NORTHERN LATIN AMERICAN MISSIONS.

Cuban Mission.

The year 1916 has been one of advance for the Cuban Mission. Like all other fields where the Catholic religion predominates, the work moves slowly, yet the seed sown by our faithful colporteurs the past few years is bearing fruit, so that, with our limited number of laborers, we cannot meet all the calls for help. In all parts of the island people are accepting the truth, so that our per cent of increase in membership will nearly double that of any former year. Our tithe and offerings will increase about \$600 over the past year.

Several changes among our workers occurred during the year. Those leaving the field are Elder A. N. Allen and family, Brother V. D. Hawley and family, Brother José Veiga, and six colporteurs. In addition to these, in harmony with Cuba's purpose of training workers for other fields, we have released Brother C. V. Williams to superintend the book work in North Honduras. It might also be mentioned in this connection, that in former years the Cuban Mission has enjoyed the help of a large number of American brethren who were engaged in self-supporting work, but who have now, with one or two exceptions, all returned to the States.

Those who have come into the field as regular workers are Brother S. E. Kellman and family, C. P. Martin and his wife, the writer and family, and two colporteurs. The Cuban Mission has also enjoyed, for a part of the year, the help of a number of Mexican workers who were compelled to leave that country because of internal troubles. These are E. W. Thurber and his wife, S. Marchisio, and Prof. E. R. Johnson and family. The latter have taken charge of our training school during its five months' session. The school was started for the purpose of training native workers, and has enjoyed a successful year. It has become an established factor in the Cuban work.

The publishing work is a very important factor in the extension of the message. During the year the sales of subscription books will probably amount to more than \$17,000. We are glad to mention that we have, with the coöperation of the Pacific Press, published a Spanish edition of 10,000 "World's Crisis." We also have laid plans to publish a series of two-page tracts suitable for aggressive evangelical work.

Cuba needs more workers.

F. G. Lane.

Haiti.

This entire year may rightfully be called another of Haiti's reconstruction periods, and while some of our workers have been blessed with success, some have suffered from sickness, which has hindered them in

their work. Money has been scarce this year, nevertheless the Lord has been merciful to all, and the work of saving souls has not ceased.

We held our first general meeting of believers at Grande Rivière, in our first tent. Brother G. G. Roth, from the States, assisted in this meeting.

Two more churches were organized, one at Limonade and the other at Ranquitte; also a company of believers at Victorine. The tithe and offerings have increased \$300.01, and the Sabbath school offerings \$66.89, over 1915. During this time 78 were baptized, bringing our membership to 303. There are 35 candidates awaiting baptism.

Brother Henri Williams, the first man to accept this message in the West Indies, was laid to rest at Cape Haitien, April 4. Brother J. B. Abel, our first Haitien young man to attend the Oakwood Manual Training School at Huntsville, Ala., returned, after finishing his course, and is now assisting in a tent effort at Port au Prince, the capital, where a series of meetings is being held by Brethren E. A. Curdy and M. N. Isaac.

This year we opened work on the island of La Tortue, directly north of Haiti—the first denomination to enter that island. Brother G. Obas labored there. Four have been baptized, and eight others are keeping the Sabbath.

A new substantial church building is being erected at Port de Paix. October 11 we were glad to welcome Brother and Sister A. G. Roth as additional laborers.

Albert F. Prieger.

Mexican Mission.

The year 1916 has been one of great difficulties for the work in Mexico. In the early part of the year almost all the workers were called out, and others came out about the middle of the year, leaving but one or two canvassers in the field. However, the work has gone forward, and the canvassers have had success in scattering a great deal of literature. Most of our brethren have proved faithful; some of them in the northern part of the country have suffered on account of the scarcity of provisions, and have come across the line into the United States.

Our papers have been printed in the United States during the year, but they have borne the imprint of Mexico City, and have been mailed from there, the same as in former years. In the early part of the year, before the workers left, we were printing 7,500 papers monthly. When the workers came out, we were obliged to reduce the number, but the subscriptions have increased until at present we are again printing 7,500, so that the silent messengers are doing their work even in the absence of the greater part of the living workers.

We are trusting that soon our workers can go back and take up the work, pressing forward with renewed vigor, realizing that it will be necessary now to do under difficulty the work that was not done in more propitious times.

G. W. Caviness.

North Honduras Mission.

The work in the republic of Honduras has a much better outlook since the putting into effect of the plan suggested at the camp meeting held in La Ceiba in 1915,—that the republic should be divided into two missions,—a North and a South Honduras Mission; and that some one be sent by the Mission Board to take charge of the South Honduras Mission. Henry Brown and his wife, with some helpers, are now in South Honduras doing what they can to establish the work in that needy field.

The North Honduras Mission requested the Mission Board to send a secretary and treasurer and a field missionary agent. In harmony with this request, Chas. M. Paden, with his wife and baby boy, arrived in Coxen Hole, Ruatan, in August, 1915, to take charge of the office work; the field agent, Emsley Williams, with his wife, arrived later in the year from Cuba. The total book and periodical sales for 1916 to November 1, were about \$900.

We are pleased to announce the recent arrival of Dr. James G. Smalley from the States, but sorry that Dr. A. J. Hetherington and his wife were compelled to leave on account of failing health.

Thirty-three were baptized during the year, bringing the total membership to 173. Tithe receipts were \$1,123.12. The average Sabbath school membership is two hundred and seventy-five, who have given in Sabbath school offerings \$510.05.

The total number of workers in this field is as follows: One minister, conference secretary, Sabbath school secretary, field missionary agent, one canvasser, and a medical missionary. Isaac Baker.

Porto Rico.

The work in this mission has made greater progress this year than any year in the past. As a result of meetings held in the city of Cayey, a church of thirty members was organized, twenty-seven of them being new. Money was raised to buy a church lot, and about half the amount necessary to put up the building. There is still a good interest among the people to hear the truth.

A number have been added to the church membership at Moca, and others are ready for baptism.

A new effort is being conducted in Aguadilla, a city of 12,000 inhabitants, near Moca. From the beginning there has been great opposition from almost every one who could oppose the work in any way; but as a result of persevering effort and much prayer, there is promise of an abundant harvest.

In connection with this effort a school to educate native workers was held, and eight young people attended the entire time. The results were very gratifying. The future of the work depends on successfully educating the young people, who must bear the burden of the work. The past year five young men who were preachers in other churches accepted the truth. Some of these are already at work as colporteurs, and all desire to connect with us as workers. Two public school teachers and two colporteurs also have accepted the truth.

Fifteen have united with the church in Santurce by baptism, and a class is preparing to receive the rite soon.

On an average seven colporteurs have been at work and have had good success. They have delivered \$5,665.23 worth of literature.

The prospects for the coming year are bright.

William Steele.

South Honduras Mission.

Although Honduras was entered as a mission field some fifteen years ago, it was not until the Autumn Council of 1915 that the field was divided into its present two missions. Formerly the whole republic composed the Honduras Mission. It was recognized that the natural line would be the mountain range that separates the two missions at the present time.

Being asked to connect with this newly organized mission, in August, 1916, accompanied by my wife, my younger brother and I arrived in the field and began work. The book work was already under way.

Brother Gilbert Schwerin, of the Siguatepeque School, began early in the year, and did well from the first. Harold C. Brown united with him, and these two brethren are pushing toward their goal of three thousand dollars for the year.

The school at Siguatepeque, carried on by Brother Karl Snow and wife and Brother and Sister Howard Loftin as a self-supporting mission school, is beginning to enjoy more prosperous times. These brethren have been holding the banner of truth as high as they could, even though at times they were sore pressed. The school, though small for lack of accommodations, has a patronage of good, substantial people. It has proved its permanence to those who have learned to trust the teachers, and they are willing to do their utmost to assist them. Some of the friends of the school are at the head of the present government.

It is planned to strengthen the school, by procuring adjoining property and erecting suitable buildings, that the patronage may be increased. The school is being incorporated under the laws of the republic, and its property will be held by the General Conference. The future of the school is bright, and the work in the whole field is encouraging. Honest souls are being found, and our prayer is that they may be won to Christ. The present membership is about fifteen.

Henry F. Brown.

Salvador Mission.

In October, 1915, Mrs. Brown and I left Spain and arrived in the little republic of Salvador, with its 1,200,000 inhabitants. As no work had been done here, there were no Adventists or friends to welcome us to the field.

The sale of our literature introduced us to the people, and helped us to become acquainted with the country and its customs. By the end of 1915 we had several Sabbath keepers and many friends.

In the early part of 1916 we began meetings in a large hall, which was well filled every night preaching services were held. Bitter opposition resulted from the dominating Catholic Church, and also from other Protestant missions. But God blessed his word, and has given increase. Fourteen have taken a stand for the truth, and have followed their Lord in baptism. One was taken into the church on profession of faith, and two by letter. Our first church was organized Oct. 21, 1916, with a membership of nineteen. There are more than twenty-five other Sabbath keepers in the republic, some of whom will be ready for baptism before the end of this year. The outlook for both book work and church growth is excellent for 1917.

John L. Brown.

DETACHED MISSIONS.

Bahamas Mission.

Leaving Mrs. A. H. Nelson, our Bible worker, in charge of the work in Nassau, Mrs. Smith and I, with our two children, set sail Feb. 5, 1915, for the island of Eleuthera, some fifty miles distant, to begin a series of meetings in a settlement known as Spanish Wells, and having a population of about seven hundred. Although the Lord blessed greatly in the presentation of the message, yet, because of the prejudice of the people, only one person yielded obedience to the truth. We remained in this settlement until the middle of May, instructing this

brother, and seeking an entrance into the homes to do personal work. Later others took their stand for the truth.

As Sister Nelson returned to the States in the latter part of May, 1916, and Brother and Sister Coffin, our school-teachers, also returned the following July, it became necessary for us to leave the work in the out islands, and again make our home in Nassau. Occasional trips were made to the island of Eleuthera, to encourage the two companies of believers raised up there in 1915.

We have nothing remarkable to report concerning the work here in Nassau, only a steady and continual growth in numbers and in the knowledge and service of the Lord. Eleven have been baptized thus far this year.

The second year of our school opened in September, 1915, with an enrolment of 45, which soon increased to 55. This patronage, at the rate of tuition charged, made the institution nearly self-supporting, the rest being made up by contributions.

Prof. C. G. Howell, from Daylight, Tenn., arrived in time this year to take charge of the school, which opened with 37 in attendance. The prospects for a successful year are very bright.

As we have no regular canvassers to devote all their time to the distribution of our literature, each member feels that it is his duty to dispose of as many of our good books as possible. The Lord has blessed these efforts, so that our denominational books may be found in almost every settlement in the Bahamas colony. James H. Smith.

Hawaiian Mission.

During the year a large evangelistic effort was conducted in Honolulu by Pastor J. W. McCord. At the close, thirty were baptized.

Wm. McMillan and his wife came to our field in March, as self-supporting missionaries.

The Honolulu Treatment-rooms, formerly owned by I. N. Bartholomew, were purchased by the mission, and L. V. and Mrs. Bowerman were secured to take charge of them. They are operating at a profit to the mission.

The Mission Treatment-rooms at Hilo, with Robert McKeague and his wife in charge, have enjoyed a prosperous year.

Miss Bertha Lofstad came in June to take charge of the mission office work.

Misses Lilly Lam and EnLyn Wun, two of our young people who were graduated from the Paradise Valley Sanitarium Nurses' Course, have returned, and are engaged in self-supporting missionary work.

Our literature sales, under the direction of L. T. Heaton, have been much larger than in 1915. There has been a large increase in our tithe. The offerings to foreign missions have gone far beyond the suggested twenty cents a week.

Our training school has grown, so we have been compelled to rent a larger building. We are very much in need of a permanent home for our school.

F. H. Conway.

CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-eighth session, held at Washington, D. C., May 15 to June 8, 1913.)

Article I—Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II—Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III—Membership.

Section 1.—The membership of this Conference shall consist of:—

(a) Such division conferences as have been or shall be properly organized and accepted by vote.

(b) Such union conferences not included in any division conference as have been or shall be properly organized and accepted by vote.

(c) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.

(d) Such division missions and such union missions not included in any division conference or mission as have been or shall be properly organized and accepted by vote.

(e) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows: —

(a) Delegates at large.

(b) Regular delegates.

Sec. 3. Delegates at large shall be: —

(a) The General Conference Executive Committee.

(b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by division conferences and missions, by union conferences not included in any division conference, and local conferences not included in any union conference.

Sec. 5. Each division conference or mission shall be entitled to one delegate without regard to numbers, an additional delegate for each union conference or mission, and for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each union conference not included in a division conference shall be entitled to one delegate without regard to numbers, an additional delegate for each conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in division or union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Section 1. The regular officers of this Conference shall be a president, the vice-presidents, a secretary, a treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive committee, and labor in the general interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-presidents: The president of each division conference or mission shall be a vice-president of the General Conference. His duties shall be such as are prescribed by the constitution of his division conference or mission.

Sec. 4. Secretary: It shall be the duty of the secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from division, union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. Treasurer: It shall be the duty of the treasurer and the assistant treasurer to receive all funds and disburse them by order

of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except such members as are presidents and vice-presidents of division conferences and presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V — Executive Committee.

Section 1. At each session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the secretary, the treasurer, the vice-presidents of division conferences and missions, the presidents of union conferences, the superintendents of organized union missions, the secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath-school, Young People's Missionary Volunteer, the ex-presidents of the General Conference having credentials from this conference, and eleven other persons.

Article VI — Incorporations, Departments, and Agents.

Section 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory law governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work.

Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In division missions and in union missions outside of division missions the respective executive committees shall have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Section 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the *Advent Review* and *Sabbath Herald* at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two-thirds vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.**Article I — Regular Sessions.**

Section 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Section 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two-thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.

Article III — Departments.

Section 1. The work of the departments of this organization shall be in charge of the secretaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV — Finance.

Section 1. This Conference shall receive a tithe from all of its division, union, and local conferences and division missions, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V — Audits.

Section 1. The executive committee shall have the accounts of the Conference and of its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

MINISTERIAL DIRECTORY.

Only the names of ordained and licensed ministers appear in this list. To determine the nature of any person's appointment, reference should be made to the directory of the Conference operating in the field where the worker is located. This applies to the workers named above as well as all other classes.

The World's Crisis Library

This series is made up of new books, the writing of which was inspired by present-day conditions, and of standard publications of acknowledged merit. The new books were written to meet special issues, and the sale of several thousand copies annually, indicates in some degree the demand which they meet. It is impossible to find a better collection of treatises on current events associated with Bible prophecy than is contained in this series.

THE WORLD'S CRISIS LIBRARY

- The World's Crisis.
- The Shadow of the Bottle.
- His Glorious Appearing.
- Our Paradise Home.
- Armageddon.
- The Vatican and the War.
- The Other Side of Death.
- The Return of Jesus.
- The Christian Sabbath.
- The World War: Its Relation to the Eastern Question and Armageddon.

Each contains 128 pages, well illustrated, and bound in two-color cover.

Paper, each	\$.25
Cloth, each50

Changing the World's Menu

A little more than a half-century ago light began to come to Seventh-day Adventists with reference to a reform in health habits.

The result is that, in hygiene, in sanitation, in the use of drugs, in diet, in temperance, the practices of the civilized world are vastly different from what they were fifty years ago.

The principles of health have been taught by means of public lectures, by treatments and instruction given at our sanitaria; but one of the chief means has been through the printed page.

Early in the movement a periodical was established, devoted to the discussion of these themes. At the present time —

LIFE AND HEALTH

is the only periodical published in North America in the interests of these reform principles. "Life and Health" has a mission. It is important that this magazine be given a wide circulation.

"Let none think that the circulation of the health journals is a minor matter. All should take hold of this work with more interest, and make greater efforts in this direction. God will greatly bless those who take hold of it in earnest; for it is a work that should receive attention at this time."

Representatives are wanted in every community. If you buy fifty or more each month, they cost you but four cents each; five to forty cost five cents each. Write your conference tract society for a supply, and begin this important work at once.

"The World War"

At this opportune time we are glad to present to the public Elder A. G. Daniels's new book, entitled "THE WORLD WAR: Its Relation to the Eastern Question and Armageddon." The importance and scope of the book are indicated by the following table of contents:—

- The World War.
- The Cause and the Meaning.
- The Great Nations Speak for Themselves.
- The Eastern Question.
- The Fate of the Ottoman Empire.
- Armageddon.
- The Present Outlook.
- A Kingdom of Righteousness.

This is a most timely book. It will be meat in due season to our friends and neighbors. The members of our book committee consider it one of the best manuscripts we have received for publication. Elder Daniels has spent many months of careful study upon this great subject, and this little book embodies the results of his extensive research.

Every facility at our command is being employed to get this book quickly into the hands of our people. It is uniform in style and price with "The World's Crisis" and "Armageddon," and is beautifully illustrated.

148 pages; paper, 25 cents; cloth, 50 cent.
