DELAY NO LONGER

Delay there must no longer be!
The Master's word to you, to me,
Is, Go out quickly, bid them come,
For at my table still there's room.

The sands of time are running low;
The Master bids us hasten on;
Whole peoples still in darkness are:
The loud cry echo near and far.

Dost say, The work is far too great?
Thou dost forget His might divine;
To us is pledged almighty power;
His providence has struck the hour.

Then go out quickly to all lands;
The call more urgent daily grows;
Delay there must no longer be;
Believe, and His salvation see.

C. P. Bollman.

PREFACE

IN the following pages will be found complete directories of all the conference and mission field organizations, as well as institutions, connected with the denomination. In a work growing as rapidly as is this one, and whose territory is so extensive, frequent changes are inevitable; so that much of the matter contained herein is subject to revision very soon after publication. Some changes were reported while the work of printing was in progress, to which attention is called on page 352.

Some of the leading statistical items with reference to conference and institutional work are presented below:—

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows:—

	Grades	Years
Intermediate Course	7-10	4
Academic Course	9-12	4
College Course (General)	13-16	4
College Course (Special):—

SURVEY OF THE FIELD FOR YEAR ENDING NOV. 1, 1919

A brief review of the year's work throughout most of the fields is presented in the following pages, closing with the year ending Nov. 1, 1919.

NORTH AMERICA DIVISION CONFERENCE

The total membership of churches in the conferences in the United States and Canada for the quarter ending September 30, 1919, was 96,983, an increase during the four preceding quarters of 4,233. The funds contributed during the four quarters ending September 30, 1919, are as follows: Tithe, \$3,109,558.93; foreign mission offerings, \$1,343,911.47; home mission offerings, \$285,312.73; other offerings, \$364,587.35; total, \$5,103,370.48. The number of persons baptized during this period was 6,356, and the number of evangelistic laborers, September 30, 1919, was 3,116.

BRITISH UNION CONFERENCE

W. T. Bartlett

Statistics are only available for the first three quarters of 1919. They show a membership of 3,381, as against 3,215 on the same day of the previous year; a tithe of £13,726 as against £11,106; and total offerings of £3,404 as against £2,755. Subscription book sales went up for the period by £7,267, reaching a total for the nine months of £9,731. Our Harvest Ingathering goal is £5,000.

Many difficulties still beset public work, but the message steadily makes its way in the United Kingdom. Halls are hard to get, and sometimes can not be heated. Efforts on a big scale have yielded well.

During this year we have reorganized our conferences, converting six into three for greater economy of effort. The three presidents released take up evangelistic work. Our sanitariums, notwithstanding changes of management, report undiminished prosperity. Our college has now 200 students. We have added to our headquarters at Stanborough Park an adjoining property of 163 acres, at a price of £16,200, which will furnish needed agricultural land and a home for students. The General Conference contributed £5,000.

Some of our members are still held in the army, but we have been able to send two men to West Africa and another has his passport for Egypt. Conditions are still exceedingly difficult in the African fields, and we have not been able to relieve the force in British East Africa. We have sent two families into the Belgian Congo.

Our second church school has been started at Plymouth, and other places are calling for a teacher.

THE FAR EASTERN DIVISION OF THE GENERAL CONFERENCE

C. C. Crisler, Secretary

The Far Eastern Division includes within its boundaries the countries of Asia lying east of the Himalayas, together with the Philippine archi-

pelago and Malaysia. The dominant racial types are Mongolian and Malay. Here Buddhism, Shintoism, Taoism, and Confucianism hold sway over the minds of well-nigh a third of the human race; here also is nearly a third of the Moslem world.

Working Forces and Constituency

Our denominational activities among these peoples of the Far East had their beginnings about twenty years ago. Little by little our working forces have been increased, until we have in this division field (June 30, 1919) 161 foreign and 642 native workers; a total of 803. This may seem a large force, yet when analyzed it is found lacking in some important essentials. Most of all, we lack evangelists. Of the total of 803 workers, there are only thirty-seven foreign and twenty-five native ordained ministers in our entire field. We are encouraging young men of promise to give themselves wholly to the ministry of the word; and from our 107 native licentiates we expect much. It seems absolutely essential, however, that more recruits with evangelistic experience be coming out from the homelands to assist in the training of our native laborers, in order that a strong evangelistic mold may be given our work. Our 1920 budget makes provision for a goodly number of evangelists, and we feel confident that God will impress hearts to respond to our calls and join us in service.

Our Far Eastern constituency has developed slowly. With the gains have come also some losses, partly because of the inability of a few to shepherd properly at all times those who unite with us in Christian fellowship. June 30, 1919, our membership stood at 5,919. In addition there are many inquiries awaiting further instruction prior to baptism, as is indicated by our Sabbath school membership of 9,238.

There is hope for us in the Far East in the fact that God's work in the earth is not dependent on mere numbers. "Not by might, nor by power, but by my Spirit, saith the Lord of hosts." The Spirit of the living God is abroad in these lands, working upon hearts and bringing light and salvation to many minds long darkened by superstition and sin. United as we are with heavenly agencies, we look from the seen to the unseen, and take heart for the future.

The Publishing Work

Our publishing work centers in five plants—Tokyo, Seoul, Shanghai, Manila, Singapore. From each of these is issued annually a large quantity of literature in the vernaculars in which we are operating. Monthly magazines filled with present truth are published in the Japanese, Korean, Wenli, Mandarin, Tagalog, and Malay languages. Quarterly magazines are supplied for the Ilocano, Panayan, and Cebuan language areas. Tracts and pamphlets are published in the nine languages mentioned, and also in Amoyese, Battak, Bicol, Cantonese, Cebuan, Ibanag, Javanese, Java-Malay, Pampangan, Pangasinan, Shanghai—a total of twenty for the entire field. Type has been ordered for publishing later in the Tibetan.

Every month our magazines are sent to tens of thousands of homes. The operating capital supplied our Far Eastern publishing houses by a special Thirteenth Sabbath Offering the last of 1917, has made possible the issuance of some subscription books, and the increasing sale of these

bids fair to place at least some of our publishing houses on a self-supporting basis soon, aside from the salaries of the foreign workers employed therein. Our publishing work must be strengthened; for with its healthful development we shall have proportionate gains in every other line. Already our sales in these lands where literature must be supplied at a comparatively low price, are bringing in a gross return of nearly \$100,000 gold annually, which goes far toward meeting the expense of the raw materials used in manufacture.

Medical Missions

Medical mission work is conducted in a few stations only. A heavy loss was sustained by our Nanning, South China, dispensary in the death of Dr. Law Keem. Another physician is expected from the States to take up the work Dr. Law dropped. The dispensary conducted so successfully by Dr. and Mrs. Riley Russell in Soonan, Chosen, for upwards of ten years, is soon to be enlarged, thus meeting the needs of our work in that important center. The past year has seen the placing of our Yencheng dispensary-hospital, in Honan, on vantage ground, land having been purchased and good buildings erected. Dr. Davenport, in charge from the beginning, now has as associates the Drs. H. C. and Ethel James. In West China, a dispensary is being established in Tatsienlu, the strategic gateway into Tibet from the Szechwan frontier, with Dr. J. N. Andrews in charge. The Shanghai Sanitarium has had a prosperous year, under the supervision of Drs. Landis and Selmon and their associates.

The Educational Work

From the first, educational work has been given a prominent place. In nearly every important language area where missionaries are stationed, we have sought to gather our youth of promise into schools. Thus far these schools have not been made self-supporting, although some revenues are realized. In the Far Eastern Division we have at present five training schools, with an enrolment of approximately 200 students taking work above the seventh grade; six intermediate schools with fully 500 students; and eighty-three church schools with an enrolment of 2,236. In all; nearly 3,000 students are in regular attendance in our schools, and these are served by twenty-five foreign and 152 native teachers. A few denominational text-books in the vernaculars have been printed or mimeographed, but much remains to be done along this line before we shall have fulfilled our duty to the youth. The past year has seen some additional texts completed by teachers of experience.

The Field Work

The field work in the Far East is conducted by ten Union Missions, which we will mention one by one, with a brief statement concerning each.

1. The South China Union, under the superintendency of Pastor F. H. DeVinney, is one of our oldest fields, and here our membership is 1,324. The South China Union embraces several language areas—the Cantonese, Hakka, Swatow, Amoy, and Foochow—each of which constitutes a separate fully organized local mission field. Some Mandarin work is done in Kwangtsai. There are yet other language areas in the

Union, notably the Hainanese and the Annamese, but nothing has been done in these outer districts aside from the occasional sale of literature. In South China the training of our youth is given especial attention, schools having been in operation the past year in Foochow, Amoy, Canton, and Swatow. It has recently been demonstrated that our larger subscription books in Wenli can be sold in the southern provinces without serious difficulty. This opens a fruitful field for development.

2. **The Japan Union**, under the superintendency of Pastor B. P. Hoffman, is another of the fields where work was first begun in Eastern Asia. Here our membership June 30, 1919, stood at 304. Precious are the trophies of grace won in Japan, and none can measure by mere statistics the good that has been done in that great field. Japan offers unnumbered opportunities for the propagation of the gospel truth that is to prepare a people for the coming of Jesus. A most encouraging feature of our work there is the development of a Japanese ministry, altogether out of proportion with the number of believers. At present we have four ordained ministers and thirteen good licentiates with three Bible workers,— a force from whom we may expect great things. Our training school in Tokyo, which was closed for two years, was again opened this fall under the leadership of Brother and Sister P. A. Webber. The sales of literature have been doubling each year during the past four years. We must continue to sow the gospel seed with strong faith in Japan, for God has many people in that land who are yet to be won for the kingdom.

3. **The Chosen Union**, under the superintendency of Pastor C. L. Butterfield, has a membership of 599. Here, too, there is a strong native ministry—four ordained and twenty-four unordained evangelists, with twenty-nine Bible workers. The school in Soonan, conducted along industrial lines by Brethren Lee, Russell, and Smith, has greatly strengthened our work throughout Chosen. Recently interests have been developed into organized churches across the frontier on the Manchurian border. The outlook for the work in Chosen is bright.

4. **The Manchurian Union**, under the superintendency of Pastor B. Petersen, is one of the youngest of our missions, and has a membership of seventy-one. Here the laborers are few, but strong for labor, and determined to develop their constituency as rapidly as circumstances may permit. The budget for 1920 provides for additional workers; and when these can be supplied, and a small intermediate school opened at the Mukden headquarters, we may hope for more rapid development.

5. **The North China Union**, under the superintendency of Pastor Frederick Lee, is the youngest of our missions, including the provinces of Chili, Shandung, and Shansi, with a membership of fifty-six baptized believers. Pastor Lee has his headquarters in our Peking Mission Compound, and here in the capital of the Chinese Republic we hope to have within three years a large church. Already the baptized membership of our Peking Church is twenty—the fruits of one year's labor. Eight of these are now preparing for service.

6. **The East China Union**, under the superintendency of Pastor O. A. Hall, with temporary headquarters in Shanghai, has a constituency of 695. Recently some recruits have swelled our foreign force, and these are now hard at work on the three vernaculars spoken in this Union. During the past year a permanent station has been opened in Wenchow, South Chekiang, a new language area, with two foreign workers in

charge. Three mission homes for the Nanking workers are nearing completion, and others may be supplied soon for those in other important centers.

7. **The Central China Union**, under the superintendency of Pastor F. A. Allum, is another of the older mission fields of Eastern Asia. Here Drs. Selmon and Miller began their ministry in 1903, on the plains of Honan, where today we have our strongest Chinese constituency. The baptized membership of Central China is 1,000; and the goodly number of native evangelists, together with a large number in training in our Mandarin schools, give promise of a considerable increase in membership during the next year or two. The Hankow Intermediate School is now in operation with Professor H. O. Swartout in charge, and the Honan Intermediate School is being conducted by Professor D. S. Williams. The province of Kiangsi has just been entered in a permanent way. Shensi must yet be manned — our workers formerly stationed there having been compelled to leave because of health conditions.

8. **The West China Union**, under the superintendency of Pastor M. C. Warren, was organized last summer while Pastor Spicer was visiting Szechwan. The membership there is at present the lowest of any of our union missions, standing at fifty-nine at the time of organization. Recently Dr. J. N. Andrews and wife with a Chinese assistant from the Chungking headquarters, went to Tatsienlu near the Tibetan frontier, where Brother Andrews is establishing a medical mission and preparing to issue later a few tracts in the Tibetan. Our third permanently located station in the West China Union is in Chengtu, with Brother C. L. Blandford in charge. In that great center, sometimes spoken of as "the Boston of China," a church is being raised up.

9. **The Philippine Union**, under the superintendency of Pastor S. E. Jackson, has the largest constituency of any union in the Far East — 1,463. Many have been baptized since this report of membership was sent in. The work along all lines,— publishing, educational, and evangelistic, is making substantial progress. More foreign evangelistic help is sorely needed, and the promise of two to come out at the close of the present year has brought hope to those long struggling under burdens too heavy to bear alone. In the Philippine Union there is one organized conference, the Central-Southern-Luzon, in charge of Pastor Finster, where self-support has been practically attained. The publishing work in Manila is also nearing this much-to-be-desired goal.

10. **The Malaysian Union**, under the superintendency of Pastor F. A. Detamore, presents many difficulties in operation, in view of the large numbers of Mohammedans, to say naught of many language areas and of trying climatic conditions, that have seemed to militate against rapid development. Several workers of promise have had to leave the field during the past year. The membership in Malaysia now stands at 348. During the year a beautiful site for permanent headquarters has been purchased in Singapore, and here a publishing plant has been erected, with Brother W. E. Gillis in charge. The Malay monthly is having a good circulation, as is the first Malay subscription volume. A new mission has been opened in Siam, where Brethren Pratt and Longway are studying the language. Already some thousands of books have been sold in Siam and many annual subscriptions have been received for our Chinese monthly magazine. Our first tract in Siamese, on the coming of the Lord, is now being translated, to be followed immediately by others.

Light is breaking in the Far East. Victory lies before. All are determined to serve with fidelity.

SOUTHERN ASIA DIVISION OF THE GENERAL CONFERENCE

J. E. Fulton, Vice-President

The work of giving the third angel's message to the people of India was begun twenty-four years ago. By the year 1914 the work had grown so that it became necessary to form a union mission, made up of five local organizations. During 1919 the General Conference Committee approved of a further development of the organization, to be effected at the biennial meeting of the Union Mission to be held December 25 to January 4. The reorganization includes the formation of a number of union missions, to be grouped together under the direction of the Southern Asia Divisional section of the General Conference Committee. These union missions are to be known as the Northwest India Union, the South India Union, and the East India Union. Burma will have a separate organization and will come directly under the oversight of the General Committee.

The territory of the Southern Asia Division includes India, Burma, and Ceylon. The population within this territory is approximately 320,000,000. The number of languages and dialects spoken is 147.

The Northwest India Union Mission

This union includes the missions in the United Provinces, Garhwal, the Punjab, Hyderabad, and Bombay. Central India, Baluchistan, Rajputna, and Afghanistan are unentered provinces. The population in the area assigned to this union mission is approximately 150,000,000, including many millions of Mohammedans. Work is being carried on in the Urdu, Hindi, Punjabi, Garhwali, Marathi, and Gujerati tongues. During the year 1919 the force of foreign missionaries has been strengthened by the arrival of Elder and Mrs. R. A. Hubley from Newfoundland, Brother N. C. Burns and Sister R. A. Thrift from Australia, and by the accession of two missionaries of another denomination already in India. During the same period the following workers have returned to the field after furlough in America: Elder and Mrs. G. F. Enoch, and Sisters E. Reid and B. Shryock. Five families have left India for furlough during the year.

The South India Union Mission

The territory of this union includes the province of Madras, the native states of Mysore and Travancore, and the British crown colony of Ceylon. The total population is approximately 60,000,000. The leading languages are the Tamil, Telugu, Kanarese, Malayalam, and the Singhalese, which are known as the Dravidian group. Active work is being carried on in the Tamil, Telugu, and Malayalam tongues, and during 1919 a beginning was made in Kanarese, the language of Mysore, by the publication of literature on the second advent. Brother and Sister L. C. Shepard arrived from America during 1919 to strengthen the staff of foreign missionaries.

The East India Union Mission

The territory of this union embraces the provinces of Bengal, Bihar, Orissa, and Assam. In these fields there are about 91,000,000 people. The leading language is the Bengali, which is spoken by 50,000,000 people; but there are many other languages spoken. The work has made the greatest advancement among the Bengali people. Bengali training schools have been established and the work is showing steady growth.

A mission has been established among the Santals, an aboriginal people, within the borders of Bihar and Orissa, where a medical dispensary and schools for boys and girls are being operated. The mission has sustained a sad loss through the death of Sister R. H. Leech, the wife of one of our missionaries.

Assam is an unentered field, save for a few English believers living at Shillong, the capital.

No reinforcements reached the East India Union during the year. More foreign workers are urgently needed. The prospects for success in this field are good if only the needed laborers are available. There is a strong English church in the city of Calcutta.

Burma

Burma has about 16,000,000 people, speaking many dialects; but with the Burmese language greatly predominating. A sad loss came to this field early in 1919 in the death of the superintendent, Elder C. F. Lowry, who succumbed to an attack of smallpox. Sister Lowry and her two children have since returned to America.

Work is being carried on in Burmese and Karen, and during the year some Chin believers were baptised.

There is also an English effort being conducted in Rangoon, the capital. One of our Telugu brethren is laboring in the same city for the Indian population, which is very great.

Altogether we have seven foreign families connected with our work in Burma.

General

In connection with the general work there is the publishing house at Lucknow, and an English boarding school at Mussoorie, a northern hill station. Treatment room work is being carried on successfully at Simla, Mussoorie, Calcutta, and Bombay.

Brother F. J. Butler arrived during the year to assist in the treasury department.

In the general work a secretary and treasurer, and secretaries for the educational, medical, and home missionary and Sabbath school departments assist the vice president. The secretaryship of the publishing department is vacant at the beginning of the year.

The prospect for advancement of the work in the Southern Asia Division is encouraging. There was substantial growth during 1919. With a reasonable addition to the staff of foreign missionaries, the work in this field should make rapid progress.

SOUTH AMERICAN DIVISION OF THE GENERAL CONFERENCE

O. Montgomery, Vice-President for South America

The year closing with the third quarter of 1919 has been one of progress in every department of our work throughout the South American field. We have eight republics, seven of which speak the Spanish language and one the Portuguese,—with a total population of 49,042,399.

There are two Union Conferences and two Union Mission fields, comprised of four local conferences and fourteen local mission fields, with a force of 121 employed field laborers, forty-five native Indians, and sixty-five institutional workers, with 112 colporteurs.

One year ago our membership was 6,797. During the year there have been 1,213 baptisms, which means one person baptized for each 5.6 members. Our net gain, however, is 1,111, which brings our present membership up to 7,908.

Since the organization of the South American Division in January, 1916, we have added 38 per cent to our membership.

The total tithe for the period was \$73,915.34, a per capita of \$10.87. The total offerings to foreign missions were \$21,392.05,—a gain of practically 50 per cent over the previous twelve months' period.

The arrival of several new workers to connect with the different fields has been a source of strength and encouragement. Among these new recruits were: Professor J. S. Marshall who comes as director of the Austral Union Training School. The coming of Professor Marshall releases Professor H. U. Stevens to connect with the Divisional work as Educational and Missionary Volunteer Departmental secretary. This will greatly strengthen and unify these very important and rapidly growing features of our general work. Professor T. W. Steen came to take the directorship of the Brazil Union Training School, and Brother Walter Murray as Educational and Young People's Secretary of the Brazil unions.

With these strong men added to our forces in these departments; with the further development and enlargement of the Brazil Training School; the strengthening of the faculty of the Austral Union School; the strengthening also of the Chile Training School at Pua; and the establishing of a school at Lima, Perú, for the Inca Union; the educational and young people's work of this field has received a strong uplift.

We are glad to welcome Brother E. H. Meyers also who takes the book work in the Austral Union.

During the year the North Brazil Union Mission was organized with Elder H. Meyer, superintendent, and Brother W. A. Ernenputsch, secretary-treasurer, with headquarters at Rio de Janeiro. Not until January of this year were we able to man this new union, though its organization has been planned for three years. The division of the territory of Brazil was changed from the original plan, placing in the North Brazil Union Mission the states of Rio de Janeiro and Espírito Santo, each as a local mission field; also the east half of the state of Minas Geraes, known as the East Minas Mission. The addition of these fields gives to the new union part of the best territory of Brazil, which will serve as a constituent and financial strength. This Union starts off in a good strong manner, which is very encouraging.

At the beginning of the year the Sao Paulo Mission was placed on a self-supporting basis. We are happy to report that it has more than met our expectation during the year. The tithe has been sufficient to enable them to put on an extra worker, and they had passed their goal for foreign missions for the entire year at the end of the first nine months.

During the year two local mission fields have been created in the Austral Union: the North Chile Mission, comprising the four north provinces of Chile; and the Mendoza Mission, comprising the three western provinces of Argentina. These moves will mean closer supervision and greater strength and efficiency to these sections of this great field.

Our literature sales for the year ending September 30, 1919, were \$147,625.50, a gain of \$28,937.11 over the previous twelve months. We now have 112 regular colporteurs in the field, and we have set the goals for 1920 at \$200,000.

The Home Missionary department reports 259 souls brought to Christ during the first nine months of this year. This department is being more strongly organized in the local fields, and efforts are being made to place it upon the high spiritual plane set before us through the spirit of prophecy.

The splendid help given this field by the General Conference in men and means has enabled us to build a strong, progressive work. From every corner encouraging reports are coming. Doors are opening wide into unentered fields. Earnest calls are continually sounding in our ears which we can not answer, notwithstanding our earnest efforts to quickly train and develop men on the field, and the splendid work which is being done by our training schools in this direction. The need of South America is trained leadership and an increased staff of workers.

AUSTRAL UNION CONFERENCE

J. W. Westphal, President

During the last year there has been a scarcity of field laborers. On account of sickness, several laborers have been able to do but little active work. One has left the work, another has been taken to connect with our school as Bible teacher, and another united with the sanitarium for a time. The effects are plainly noticeable in the results. The total membership increase for the year ending June 30 was 150. The total tithe paid during the same period, \$33,881.11, donations for mission work \$2,026.26, and the Sabbath school offerings, all used for mission work, \$7,392.65, a total for evangelical work of \$43,300.04.

The following will show the progress of our book work. The colporteurs' sales for the first six months of 1917 were \$18,058.63, for the same period in 1918 it was \$22,404.63, and for the first half of 1919, \$41,632.89. The total Publishing House sales for the first half of 1919 were \$59,113.87, as against \$47,608.40 for the same period of the previous year. We have ordered a linotype for our printing plant, and we are installing binding machinery.

Two families have begun to obey present truth in the Chubut, Patagonia. We have a new company of baptized believers in the very north-

ern border of Paraguay, practically on the Matto Grosso (Brazil line), some five days by mule from any place of water or railway communication. At Asuncion the work is taking on new life. We have learned the need of Paraguayan workers knowing the Guarani (Indian) language. We have had to stop our work in the Mendoza (Argentine) Mission on account of sickness, but we hope soon to resume it. At Los Andes, Chile, a church will be organized shortly of some fifty members.

Our sanitarium patronage exceeds all previous records. The Union school in Argentine is just closing a good year. The Chile school has had its best year, and the brethren there are anxious to have it raised to a twelve grade school.

The most marked and hopeful sign in our field is the evidence that the Lord is pleased to bless his people with the presence of the Holy Spirit. One of the most marked manifestations of the presence and power of the Spirit was one at a series of revival meetings at the Union school recently. Twenty-four souls were baptized soon after as a result. The recently held Argentine Conference was another meeting greatly blessed of God.

BRAZIL UNION CONFERENCE

F. W. Spies, President

Another year has become history, and for the Lord's cause in Brazil it has marked definite progress.

The long-planned division of the Brazilian Republic during the past year has become a fact. Since January 1, 1919, the North Brazil Union Mission has had its own staff of officers and workers. We rejoice that this is so, and also rejoice to know that the workers in this new field have been abundantly blessed during this first year of the new Union field's existence.

The above-named partition has left to the Brazil Union Conference the following fields: Rio Grande do Sul Conference, Santa Catharina Conference, Paraná, São Paulo, and West Minas Missions, and as unentered fields the states of Matto Grosso and Goyaz. The latter two have been unentered up to date, because it has been impossible to find workers to man them. In our own Union the Lord has abundantly blessed the efforts put forth by his servants.

Publishing Work

Although high prices have prevailed and difficulties have been experienced in obtaining supplies for our Publishing House, this branch of our evangelistic work has steadily grown. Notwithstanding all obstacles and the fact that a number of our oldest and most experienced colporteurs have left the field to attend our training school, our literature output has again increased about 24 per cent, or \$5,500 over the year 1918.

Educational Work

Our Training School for Christian workers is continuing its good work. And although facilities are increasing, the student number is increasing in such a proportion that in spite of additions in buildings we are constantly crowded to our utmost. At the opening of the school

in 1915, fifteen students were enrolled; in 1916 the number reached thirty-six; in 1917 it came up to fifty-five; in 1918 there were sixty-four; and during the year just closing the number reached eighty-seven. Although we completed a wing of our new dormitory enabling us to crowd forty boys into fourteen rooms, we seem little better off than a year ago, for dormitory space.

One thing especially encouraging is the fact that the Brazilian youth seem to realize the call of the Lord to proclaim to their countrymen the last message of mercy, and they are preparing themselves for this responsibility.

Rio Grande do Sul Conference

Drouth and locusts have afflicted parts of this field, hindering temporal development, yet the laborers have had a good harvest of souls. Among the special efforts put forth during the closing year might be mentioned a series of gospel tent meetings held in Porto Alegre, capital of the state. These meetings were continued several months, and were attended each evening by hundreds of interested listeners, at times as many as 800 being in attendance. These meetings have resulted in a good harvest of souls, largely increasing the membership of the Porto Alegre church.

The finances of the conference are in a promising condition, and the present membership is 952, an increase of sixty-nine over the previous year.

Santa Catharina

Pastor F. R. Kuempel, president of this field, reports the membership 462. Unfortunately there are in this field only one ordained minister, one licentiate and three canvassers. Pastor Kuempel writes: "Notwithstanding our few workers, it was our privilege to hold seven baptismal services adding fifty-nine new believers. Good interests are reported from different places in the field, and calls are coming from those anxiously desiring the light of truth. May the Lord grant us more workers the coming year. We are glad for an increase in tithes and offerings, also in the colporteur work; and we therefore render thanks and praise unto God, praying for greater blessings and more success for the future."

São Paulo Mission

Pastor Suessmann reports: "During the year 127 were baptized and added to the churches, so that we now have a membership of 475, with five organized churches. There are thirty-one of our young people attending our Training School. Many thousand copies of our missionary paper, *Signs of the Times*, were sold. A good missionary spirit prevails in all our churches. The many calls from interested ones make us feel our great lack of workers. We are grateful for the rich blessings received, expecting God will do still greater things for his people."

Paraná Mission

After being without an ordained minister for almost two years, this mission has finally obtained this much-needed help in the arrival of Pastor Streithorst. He has been visiting the believers and reports new

and promising interests in different parts of the mission. The colporteur work has had an especially good year in Paraná, and our good literature is being placed into thousands of homes. The finances of the mission are also coming up gradually. The present membership is 231.

West Minas Mission

The West Minas Mission is the youngest of the mission fields in our Union. Brother Arthur Westphal has been working in it with several colporteurs. It is a vast field with some two million of population, in which a number of interests are loudly calling for laborers. A good beginning has been made, but more workers should be sent there in order to meet the needs of the hour. There are at present something like twenty-five or thirty members in this new mission, who have contributed very liberally to the support of the work. We believe that bright days are before this field as it becomes more fully manned.

Matto Grosso

In closing it would perhaps be in order to mention that in Matto Grosso where for lack of laborers we have thus far not been able to send any gospel messengers, not even colporteurs, the Lord has opened the way so that a small group of believers has been formed at Ponte Porá. Although we have not been able to visit them, they write us that they have organized a Sabbath school, and also a day school, and that they are planning on opening an evening school where they can give some instruction to adults who desire it.

As we thus review the year's work in the Brazil Union we feel grateful to God for the mercies shown us, and feel to consecrate ourselves to him anew for greater service.

THE NORTH BRAZIL UNION MISSION

H. Meyer, Superintendent

The division of Brazil into two Union fields was decided at the first meeting of the South American Division Conference, but on account of workers the decision was not carried out until the beginning of 1919. At this later date the boundary between the two Unions was moved further south than it had been formerly agreed upon, giving in that way to the new Union some of the better territory and a somewhat larger constituency.

The territory of the North Brazil Union consists of the Federal District, including the capital of Brazil-Rio de Janeiro; the states of Rio de Janeiro, the east half of Minas Geraes, Espírito Santo, Bahia, Sergipe, Alagoas, Pernambuco, Parahyba, Rio Grande do Norte, Ceará, Piauhy, Maranhão, Grão Pará, Amazonas and the territory of Acre. The total area is 4,673,213 square kilometers and the population 15,409,424, according to the 1910 census. This did not include many thousands of Indians. The population is now considerably larger.

During 1919 the entire Union had five ordained ministers, three ministerial licentiates, nine Bible workers, the Union secretary-treasurer, and three field missionary secretaries, besides a canvassing force from forty to forty-five. Several new workers are expected to arrive soon.

The membership of the Union at the beginning of 1919 was 850, but by the end of 1919 we shall have a net gain of at least 200, bringing our present membership up to 1,050.

The largest part of the territory of this Union has as yet not been entered, not even by a colporteur. The doors are open everywhere for the bearer of the everlasting gospel. The field is ripe for harvest and the prospect for a large ingathering of souls is good.

The Rio de Janeiro Mission

This field being a part of the former Rio-Espirito Santo Mission was organized at the beginning of 1919 and takes in the Federal District with the capital of Brazil, Rio de Janeiro, and the state of Rio de Janeiro. It has an area of 42,577 square kilometers and a population of 2,200,000.

In the capital Eld. J. E. Brown is looking after the evangelistic work, having one licentiate and two Bible workers to help him. The church has a membership of 160, but at least one if not two other churches will be organized soon. The mission has yet one Bible worker for the interior, and a field missionary secretary. The entire membership is 211.

The East Minas Mission

This Mission consists of the eastern half of the state of Minas, with an area of about 300,000 square kilometers and a population of at least 3,000,000. Elder C. E. Rentfro is the superintendent of this field, and reports good success. A special effort is now being made to work the cities. One worker has been placed in Bello Horizonte, the capital of state, which is one of the most healthful and best laid-out cities in all Brazil. Beside the superintendent the field has two licentiates and a field missionary secretary. The present membership is 217.

The Espirito Santo Mission

The state of Espirito Santo which comprises the territory of this Mission, is one of the smallest in Brazil, with an area of only 43,700 square kilometers. It also has no large cities. Victoria, the capital of the state, has about 20,000 inhabitants; but the state has a large and thrifty rural population.

In this Mission we have as yet the largest church in Brazil, far in the interior, at Serra Pellada, with a membership of 170. Elder J. H. Boehm is the superintendent. The entire membership of this Mission, 305, has consisted of Germans, but now the work has been entered among the native Brazilians. A full effort in the very center of Victoria is being conducted, which promises results. The field also has three well-operated church schools.

The Bahia Mission

This Mission comprises the states of Bahia and Sergipe and has an area of 449,767 square kilometers, with a population of 3,041,920. It is one of the most fertile and productive states of the Union; but unfortunately has had only one young licentiate for the entire field. The plan is to put at least two more workers there during 1920, beside a number of experienced colporteurs. In the city of Bahia we are getting

a good foothold, and a church will be organized there this year. There are four more companies of believers in the Mission. The membership is ninety-four.

The Pernambuco Mission

This local field comprises three different states, Alagoas, to the south, a small state, but the most densely populated in all Brazil; Paraíba, to the north, more than twice as large as Alagoas, but with a much smaller population; and Pernambuco, in the center, with a population of about two million. Elder R. J. Wilfart is superintendent. Two workers were added during 1919, one of them being a field missionary secretary. A number of colporteurs are in the field, and the sales have equaled those of other fields in this Union. The membership is 195.

Our Unentered Fields

As stated before, the largest part of the territory of the North Brazil Union Mission has not yet been entered. The entire Amazon River basin has no worker, and this means an area of 2,713,000 square kilometers, or twenty-three times the size of the State of Pennsylvania. Then the states of Maranhão, Piauhy, Ceará, and Rio Grande do Norte also have no workers. During the year 1920 we intend to send a number of faithful colporteurs into this territory, and if possible, go as far as Belem, the large city at the mouth of the Amazon River. We have already received word that a good interest has been created in that city through our literature. Word comes also from Manaos, the capital of the state of Amazonas, 1,500 kilometers up the Amazon River, that a good interest has been started there through our literature, and that a number are keeping the Sabbath.

There is yet another problem which must be touched very soon, namely, the many thousands of Indians in the Amazon River basin, for whom absolutely nothing has been done so far by any denomination; they have never heard the name of Jesus.

South America has rightly been called the neglected continent, but as our Lord and Master is coming soon, we know that these fields must not wait long for the gospel messenger. God's truth can not fail, and his work will be done and his kingdom soon come.

INCA UNION MISSION

E. F. Peterson, Superintendent

From our records and personal observation of the work in the Inca Union Mission to Nov. 1, 1919, we are able to tell of a year of progress. Each of the local mission fields in the Union namely: Peru, Ecuador, Bolivia, and Lake Titicaca report substantial gains. Our membership is greater by more than six hundred than one year ago. At the beginning of the year we felt it might be rather difficult to receive as many members as the year previous, but as above stated it has been accomplished by the help of God, and last year's record has even been surpassed.

The number baptized is only limited to the number who can receive instruction from our experienced workers. In every field a spiritual awakening is seen. Many are anxious to hear the gospel message. We

not only hear the Macedonian cry "come over and help us," but from far and near, unsolicited by our workers persons come to us for spiritual instruction and help.

Several new workers have come to us during the year, but only sufficient to replace those compelled to leave on account of ill health. The unwarned millions on every hand should be an appeal to send on more recruits.

Last April we started in Lima a Union Training School in which natives might be trained for efficient service. The enrolment has only been fifteen for the year, but we have been well pleased with the quality of students who came. Thirteen are finishing the year's work. An industrial department in carpentry has been added to furnish work to students in the afternoons, who did not engage in colporteur work outside of school hours. We have occupied rented quarters this year, but hope to secure a property of our own where agriculture can be added to our manual labor. Many inquiries are being received, and we look for a largely increased attendance the coming year. We entertain great hopes that this school shall provide needed workers for the field in two or three years.

A rest home was purchased during the year at Tingo, a suburb of Arequipa, Peru, to serve as a recuperative station for our workers from the ill effects of the high altitudes in Peru and Bolivia. These workers need to go to a lower altitude once or twice a year for a few weeks. In this way we hope to conserve the health of the high altitude workers and lengthen their term of service in the field.

Besides the increased membership and other activities mentioned above, the tithe receipts show an increase of 55 per cent, or \$1,013.79; offerings from \$606.62 to \$973.02 for the first nine months of the year over the same period of last year. The literature sales are well beyond the year previous, but we are unable to give complete report owing to lack of information from all the fields in the Union.

Peru Mission

Under the leadership of Elder L. D. Minner the work has advanced in this rapidly developing field. One new church was organized with twenty-seven members at Laraos Yauyos, in Central Peru, and many members added to the other churches in the field. Three missionary volunteer societies were organized, and many churches for aggressive missionary work. The churches of Peru are awakening to the importance of the home missionary work. The larger part of those baptized during the year were brought to the acceptance of the truth through the work of the lay members in the interior. Several new Sabbath schools have been organized also by the mountain colporteurs and other mission workers. Financially all lines of activity show substantial gains over last year. The sale of literature has had a large increase especially, and it is through the circulation of literature that many are brought to their first interest in the message.

Ecuador Mission

A survey of results in Ecuador show many encouraging items. One new worker was sent to the aid of Brother John Lorenz who had been practically alone for some time. Nine persons received baptism this year and others are preparing for it soon. At time of this writing an-

other worker and his wife are en route to Ecuador to open work among the Indians, for whom nothing has yet been done. With these new workers we look for a growing membership in this equatorial region.

Bolivia Mission

Here too the reports show an increased activity and interest in the message. Twice this year baptism has been held in La Paz, and another class is studying for this sacred rite to be held in December. A church was organized in La Paz last March with thirteen members. Many favorable openings await the coming of a worker to develop the interest. Bolivia shows the highest amount per capita in offerings of any field in the Union. Our literature is in good demand in all parts of the Republic. The Indian work in Bolivia has long waited for a worker. A locality that begged us to enter two years ago is now occupied by the Roman Catholics. We hope to begin work for the Indians of Bolivia soon. They comprise three-fourths of the population.

Lake Titicaca Mission

More than five hundred have been baptized here thus far this year. New interests present themselves continually in this wonderful field. Every week our workers are besieged with urgent pleas for teachers or evangelists to carry the truth to new localities. Elder F. A. Stahl returned to the field during the year and with his family is engaged in directing the work at the different stations with the local superintendents in charge.

The past year has been one of bitter persecution to our native members and workers, but in spite of this the work is going forward as never before.

During the year our first mission station has been opened among the Quechua Indians. In August sixty-six Quechuas were baptized by Elder Stahl. Thus another language area has been entered and added to the triumphs of the message.

Twenty-six schools were conducted at the different stations with good results. A summer school of three months was also conducted for teachers and evangelists. The enrolment was thirty-six. This has become a permanent feature of the work in that field each year.

Many earnest pleas for help have been sadly refused by our workers on account of lack of trained help to send. How long must these calls remain unanswered?

SOUTH AFRICAN UNION CONFERENCE

W. B. White, President

The year 1919 has been a good one for the work in South Africa. Early in the year the South African Union Conference held its biennial session in the city of Bloemfontein, the capital of the Orange Free State. We were glad that Pastor E. E. Andross reached the field from India in time for the meeting. His labors were greatly blessed in our midst.

Reports from the field show that during the biennial term there were 637 baptisms in the Union, a gain of 538 over the previous biennial period. The tithe of the Union increased during this time \$27,400.

Offerings for missions increased from \$11,605 to \$12,820. The financial biennial statement of the Plumstead Sanitarium revealed a net gain of \$11,325. This enabled us to erect a substantial addition which will soon be fully paid.

Our book work is making good progress. During the past two years \$54,380 worth was delivered. It is a great satisfaction to see this literature going into the homes of the people. The present membership of the South African Union Conference is about 2,400, 1,000 of these being Europeans, the remainder colored and native.

During 1919 evangelistic work has been carried forward in different parts of the Union. In Durban, Pastor M. C. Sturdevant is giving his time to the white population, and souls are continually receiving the truth. We are also glad to say that an Indian church is in the process of formation at this place. Ten or twelve Indians have recently accepted the truth. In the Eastern Transvaal Brother J. J. Birkenstock is carrying forward an aggressive campaign among the Dutch-speaking people, and souls are coming to the light. During the past year Pastor C. A. Paap has conducted services at Claremont, Cape, and also at Bulawayo, Rhodesia. At both of these points a goodly number have accepted the truth, and are now walking in the light. Considerable evangelistic work has been done in fields where there is a scattered Sabbath-keeping population. These have been more fully instructed in the truth, and many of their neighbors have become interested in the message for this time. There are many openings in South Africa for white workers, and had we a few more evangelists, a rich harvest could be reaped.

During 1919 the foundation was laid for a new church in Bloemfontein, the capital of the Orange Free State. The work is being pushed to completion. A church building has been erected at Taungs, C. P., and has already been dedicated to the Lord. The Claremont church is now planning to build a new church in the village of Claremont on the train line. Other church buildings are contemplated.

During 1919 the Union placed an agent in the field to take yearly subscriptions for our papers, the *Sentinel* and *De Wachter*. He is having good success.

The past year has been a very good one for our educational work in South Africa. During the year we conducted school at Spion Kop, about thirty-five students being in attendance. We had a good school, and its influence has been felt in the field. Buildings were not completed, but in spite of this, good work has been done and teachers and students are of good courage. We are looking for a much larger attendance during 1920.

In the mission fields our work has been making very good progress indeed. At our biennial meeting in April the South African Union Conference Committee sent to the General Conference a memorial, asking that South Africa be formed into a Divisional organization, to be presided over by a vice president of the General Conference. At the Autumn Council this Divisional organization was formed. We believe it will prove a great help in the development of the work in South Africa.

At our biennial meeting the native work in the political Union of South Africa, Basutoland, Swaziland, and Bechuanaland was organized into what is known as the Southern Union Mission. We now have two Union Missions in this field: the Zambezi Union, including our

native work in Rhodesia and Nyasaland, and the Southern Union Mission as described above. These Union Missions will now sustain a direct relation to the Divisional organization, and the Union Conference will give its whole time to developing the European work.

During the past year a number of our brethren from Northwest Rhodesia have entered the Congo with an idea of planting a mission station in that region. A site has been selected about 125 miles from Bukama, the rail head. As soon as a grant has been allotted us by the Belgian Congo authorities we shall endeavor to press into this field and establish our work. This mission will serve as a center for all our work in the Southern Congo. Representatives have also gone into Northeastern Rhodesia and have selected a site for a mission station in that field. Applications have been made to the authorities for this site, which we hope soon to secure.

Steps have also been taken during the past year to open up work in Swaziland, but we find the country quite full of missions, and it seems that about the only way we can enter this field is through the medical missionary work. The Union Conference is now studying the question with the idea of entering as soon as the way may open.

Pastor W. H. Anderson has been exploring the northern and northwestern part of Bechuanaland with the idea of establishing a station in that region. No doubt these fields will all be opened in due time for the proclamation of the message.

During the last few years camp meetings among our native people have been held with the best results. In Nyasaland during 1919 a camp meeting was held with 1,000 believers in attendance. At other places we have had an attendance of 100 to 500. These meetings are greatly appreciated by our native people, and are a wonderful help in strengthening their faith and building them up in the truth. Bible schools are also being held as demands exist.

During the past year native church buildings have been erected at East London, Bloemfontein, Ermelo, and Vella. We have also succeeded this year in opening our Kaffir Training School at Bethel Mission in the Transkei. The first year we had seven fine young Kaffir men who had passed eight grades. They have now entered upon a two years' course and at the close of this course will take up work in the cause of God. This school will likely be increased next year.

A dispensary has been erected at Emmanuel Mission, and funds raised for the erection of a native hospital at Solusi. The funds for both these buildings were raised by the young people of South Africa. The hospital will cost about £250, and the dispensary about the same.

During 1919 the work at the Congo Border Mission has developed splendidly, and here we have one of our largest schools in South Africa, something like 170 students being in attendance. At the Sabbath services there are at times 250 in attendance. This mission bids fair to be one of the strongest in South Africa.

All in all we are greatly encouraged with the prospects of the native work in this field, and are pressing on with courage to the finishing of the work.

CARIBBEAN MISSIONS

Cuba

The review of the work in this non-Protestant field for the year 1919 reveals many things of interest. The Lord is calling out a people in this Island who are deeply and firmly grounded in the truths for today, and who accomplished some surprising things for the extension of the message.

Unfortunately for continuity, the exodus of workers after but a short stay continues. Our last superintendent could stay with us but six months, and the writer was called at the beginning of the year to carry on the work. Our new secretary after seven months returned to the States to further educate himself. To offset these losses, Brother George Lueas and wife, and Brother R. H. Terrell and family came into the field, the latter to carry on the office work. We have also added three native workers to our ministerial force, Brethren John Williams, Eleodoro Apezteguia, and Manuel Avila.

With a membership at the beginning of the year of 182, our tithes will total over \$6,000, exceeding the previous year by over \$1,000. The Sabbath schools will have given over \$2,000, an excess of \$700 over 1918. The thirteenth Sabbath for the third quarter was a remarkable day and should be noticed. Our brethren on this single day gave over \$300 for missions, an average of nearly \$2 per church member. When we call to mind that our people are of the poorer classes, it reveals a wonderful spirit of sacrifice for the message they love.

Under the leadership of Brother F. E. Wilson, our book work has advanced splendidly this year. The sales will reach \$33,000, as against \$21,000 in 1918. Great impetus was given this work by a number of student canvassers from our college at Berrien Springs. Two young men from Spain also did splendid work, stopping a few months in Cuba to earn money to educate themselves in the States, so as to take part in the finishing work. While large numbers of books have been sold in Cuba, it has largely been to the professional and commercial classes. We are studying the problem of getting the message into the homes of the poorer majority class who are passed over in this work. We believe we shall solve the question with the smaller books now being issued, which are being rapidly sold throughout the field.

Great loss came to the field during the year by the death of Sister Ida Fischer-Carnahan. It resulted in the abandonment of the school effort conducted in San Claudio for several years past. We must establish and maintain some sort of training school whereby we may educate native workers for this field, or we shall continue to make slow progress in the various lines of our work. Our evangelistic force is weak, for our foreign workers are few and have only begun to get a good command of the language, while our native workers lack the training and education which they should have to enable them to work efficiently.

This year saw the dedication of our first chapel in Cuba—a small building erected almost entirely by Elder Anderson in the country. In the capital, Havana, with its half million inhabitants, we have no church building, though one is greatly needed. As yet we have no headquarters for our administration work. We have begun the agitation for church buildings, and funds are slowly coming in for erecting

chapels in Havana and Santiago. With the help of the Mission Board we hope soon to see memorials dotting the country here and there as a testimony for God and his truth.

God has blessed the efforts of our workers and believers in the field, and nearly fifty believers have been baptized this year, the highest number since our work began. The workers are all of good courage, and with the blessing of God, we shall yet see greater results in the "Pearl of the Antilles."

S. E. Kellman.

Porto Rico and Santo Domingo

Since the last report of the Porto Rican Mission the cause has made steady progress. A goodly number have accepted the truth, also there has been a large increase in tithes and offerings.

One of our workers, Brother H. D. Casebeer, of Santo Domingo, returned to the States on account of failing health. The church there has continued to make progress under the direction of a Porto Rican laborer located there.

The brethren and sisters have the true missionary spirit, and have given three workers, with their wives, to fill calls in Santo Domingo, a part of our mission field. Also colporteurs John and Thomas Williams, with their wives, have answered a call to work in Cuba. Elder D. D. Fitch and wife, and Bernardo Hernandez, go on to Venezuela. Porto Rico will thus have furnished six workers in that needy mission field.

With the opening of a training school we shall have a number of workers to supply the needy fields about the Caribbean Sea.

A large number of new colporteurs are entering this branch of the work.

We are of good courage, and look to God, confident of the still further progress in the future.

Haiti

The year 1919 has been a year of special blessings and also a year of special struggles for the Haitian Mission.

One hundred fourteen have been baptized, and at present at least forty-five are awaiting the ordinance, and will be baptized as soon as opportunity permits.

In August, 1918, we had our general meeting in a thirty-foot circular tent, and it was filled to overflowing with 250 of our people. For 1919 we asked the General Conference to help us a little toward the purchase of a new tent. Our members raised over \$250, so that with other money that we were able to put together, we ordered a 40 x 70 foot tent in April, and had it ready for our general meeting in August.

At this meeting we had the privilege of having Brethren G. B. Thompson, C. E. Knight and J. A. P. Green with us. With the exception of Elder G. G. Roth, in March, 1916, these are the first brethren who have visited Haiti for seven years. Needless to say that their visit accomplished much good. Over 400 were in attendance at this meeting, so our membership of 539 was well represented.

Elder G. G. Roth, with the help of Brother Arioste Péan, has held a tent effort at Cape Haitien, the headquarters of the Mission, and the second largest city of Haiti. During this time the attendance was always between 350 and one thousand. Seventeen have been baptized so far, and the meetings held in a hall are always well attended. Re-

peated efforts have been held here without success, so we feel that God has helped in a special manner. Sixteen of these members came direct from Catholicism, and nearly all are from the better class. We are now building a church here, and the walls are nearly completed.

Brethren Isaac and Théodore have begun work in Gonaïves, the third largest city in Haiti, and without doubt the most superstitious. Twelve have already been baptized there. Their first tent effort is in progress at this writing.

In Limbé, an interior town, twelve have been baptized since December, 1918, with fifteen other candidates awaiting. They have a small church building there, but it is so small they can not all get in. The members in their leisure moments are carrying stones from the river so they can start a new and larger building soon.

During 1918 the tithes increased more than 30 per cent, and the offerings more than 90 per cent over the previous year. This year the increase has not been quite as marked because many of our best tithe payers have lived where the revolution has been going on, and have lost all they had. However, there has been a very substantial increase and our people are learning to give.

The General Conference has granted me a motorcycle with side-car, which is a great help, as we are able to reach most of our fourteen churches and eight companies with it.

As we look back over the year we see many difficulties and obstacles which have been turned into a benediction for the people of God.

A. G. Roth.

Venezuela

In Venezuela, with its 3,000,000 inhabitants engrossed in Catholic superstitions and spiritual darkness holding this beautiful land in its grasp for more than 300 years, the light of the gospel of the third angel's message is gaining a firm footing. Our present force of workers is an ordained minister, a field missionary secretary, with their families, and four colporteurs. The next boat, however, is to bring us Elder D. D. Fitch and family, and perhaps another colporteur. But even with this additional help we shall feel quite overwhelmed as we face the calls from every side which are rapidly ripening into demands for help.

Two months ago I baptized a promising young man of thirty, Perdo Reyes, who went immediately into the canvassing work. He is our first native Venezuelan to enter the work, and is having splendid success. Another, Nicolas Hermoso, will enter the work after the baptism of his wife. We feel assured of his success. Others have asked for membership in the church, and will be admitted soon. These are good representative people.

Here Protestant missions are very few, and even those have entered but three or four of the largest cities where but a mere beginning has been made. Thus the whole republic presents to us a virgin field. The Lord is going before us, and opening the hearts of the people. To illustrate, one of our colporteurs upon entering a home saw the ten commandments written on the wall. He asked the young lady of some twenty-five years who wrote them and if she kept them all. She said, "Yes," calling especial attention to the fourth. She said she kept the Sabbath in place of Sunday. She was much surprised to learn that there were others who do the same. While she is still a Catholic, it is plain she is a seeker after truth. We would like to visit her and help her in her search, but can not until more help is sent us.

Our colporteurs have done splendid work, having already delivered in less than ten months of this year some \$6,000 worth of books. Each one of them has his bills all paid, with a good deposit at the office to his credit. This seed sowing of the printed page is already beginning to bear fruit. In one city a little Sabbath school has sprung up, which as yet we have not been able to visit. In another, a family is keeping the Sabbath. We have a long list of names of interested ones in different parts of the field.

W. E. Baxter.

CENTRAL AMERICAN MISSIONS

Guatemala

The work in this little field is enlarging in spite of the many difficulties which it has had to encounter. The Lord has gone before us, and honest-hearted ones have had their attention called to the truth for this time. The calls for meetings are more than can be filled with only one minister in the field. The missionary activity of the members, and especially of the colporteurs is arousing interests in many and widely scattered places. While W. B. Miramontez remained in charge of the work in the capital city, I was able to spend quite a time working in other places, but in September the continued illness of Sister Miramontez made necessary their return to the States. During his stay he baptized four earnest believers.

In Jalapa an interest which was aroused by literature which fell into good hands, has continued to grow. I have been able to make three visits here, and each time hold a series of meetings. The last time, it was my privilege to baptize four precious souls. One of these is an Indian woman of about eighty years of age. Another is now canvassing with good success. It seems probable that in the near future he will be able to take up evangelistic work.

From one to six canvassers have been in the field this year, and their total deliveries will be about \$3,000.

The Sabbath school membership which was nineteen at the close of last year is now forty-five.

The largest number baptized in any one year heretofore is two. Eight have been baptized this year, and there are a good number more keeping the Sabbath who are not yet ready for baptism. These figures are small, but as our membership at the beginning of the year was only nineteen, our baptisms have been 42 per cent of the membership.

The General Conference has voted us an appropriation for a Bible worker, and we are hoping that soon some one can be sent to take the place left vacant by the removal of Elder Miramontez. With the blessing of the Lord, we expect to see still greater growth in the year to come.

E. W. Thurber.

Honduras

Although we have been passing through a revolution in this republic, which has greatly hindered our missionary work, yet I am thankful to say that it has been a year of progress along nearly all lines. It is true that we have not been able to travel through the interior as we needed to do to look after the baptisms among our Spanish believers, yet there

has been good progress made. The baptisms along the north coast and in the islands will doubtless exceed those of last year in the same territory, and could we have looked after the baptisms in the interior, we should have gained more members than we did last year. We have made a gain in believers.

In 1917 our tithes were \$1,350, in 1918 they were \$1,820, while this year, we expect them to exceed \$3,000. We expect to show a considerable gain in offerings. The Harvest Ingathering has started out to amount to several times what it was last year. I feel to praise God for blessing us so much along these lines.

I am glad to report that progress is being made in the establishment of a training school at Siguatepeque. The mission has purchased about six hundred acres of land for the school. A saw mill is on it, and W. T. Hardt is hoping to be able to take some students in February. The climate in Siguatepeque is ideal, and when we get the school established, it should be a success.

We have not been able to do much in the literature work. We have had no one to lead out in this important line, and the result has been that it has lagged. We expect a field missionary soon, who will be able to train and help our young people get into the field with our books.

Our present staff of workers consists of four foreign and three native families. We are of good courage and hopeful in still greater progress.

W. E. Lanier,

Salvador

This little republic with its million and a half inhabitants lies just southwest of Honduras. The climate is similar to that of California. The six months rainy season through the summer keeps the temperature about the same throughout the year.

The work was begun several years ago by Brother John L. Brown, and now interest is manifested on every side, in spite of earthquakes and political disturbances. We now have three churches, located in San Salvador the capital, Santa Ana, and Cojutepeque. Our membership has increased 66 per cent this year, and the books also show a marked increase in tithes and offerings.

Interest is being awakened in the eastern part due to the books sold there last winter. The book work in general shows a steady increase over the last two years. Since Brother Cooke left in September on account of his health it is barely holding its own. The native colporteurs do not do so well unless they have a foreigner constantly helping them.

We need the medical and educational work developed. A very small beginning has been made in Santa Ana in the educational work. A church school was held for six months. This was just enough to help the believers see the need and experience the blessings derived from teaching in harmony with the message. The work is only begun in this republic. Much remains to be done.

Carlos F. Staben.

WEST CARIBBEAN CONFERENCE

Ours is a small conference, yet when we consider the six million people scattered all the way from fifteen degrees north latitude to about three

degrees south latitude, practically all speaking the Spanish or one of the various aboriginal Indian tongues, we realize that our problems are about as great as those confronting our workers in other sections of the world. For all these people, practically no effort has as yet been put forth. About fifty of our 850 baptized believers come from these peoples, the rest being English-speaking people.

The majority of our population is in Colombia, South America, where our baptized believers consist of two earnest colporteurs and their families. Probably five-sixths of the population of this conference territory is to be found in that dark land. There are large tribes of Indians in the southern part of that extensive territory, some of whom can not even be classed as semi-civilized. The majority of the inhabitants of Colombia, however, are Spanish-speaking Catholics. And here, and there among the Spanish-speaking and English-speaking peoples in the republics of Panamá, Costa Rica and Nicaragua, which republics comprise the rest of our conference territory, are to be found tribes, or the remnants of tribes, of aboriginal Indians, some of whom, at least, do not have a written language.

A survey of the work done in our field shows that whatever advancement has been made affects but little the tremendous task before us. However, it is encouraging to know that progress has been made, at least in the English work.

Scattered through our Central American territory there are thirty companies of believers, twenty of which are organized churches. One of these is composed chiefly of aboriginal Indians of the Mosquito tribe, which inhabits portions of Nicaragua and republics to the north. One company, composed only of Spanish-speaking people, has been organized this year as the result of seed being sown and watered by some English-speaking believers.

Our tithe receipts for the first ten months of 1919 (\$7,081.16) are practically 30 per cent larger than the total yearly receipts three years ago. Mission offerings for the first ten months (\$3,268.22) are about 70 per cent larger than for the whole year's receipts three years ago. Our Sabbath schools, with a membership of more than 1,000, are making splendid progress in raising funds for the mission fields, their offerings for the first ten months this year (\$2,048.39) being in excess of all offerings to missions from whatever source three years ago. The Harvest Ingathering campaign passed a goal of \$2,000.

We feel that with the factory building recently erected at Cristobal, Canal Zone, by the Pacific Press Publishing Association, for the purpose of printing and supplying literature for our Central American fields, possibilities in our literature work is greater than ever before.

Our force of workers has been somewhat depleted this year. The Spanish book man, Brother J. L. Holder, had to return to the States from Colombia early in the year because of his wife's poor health. The conference president, Elder W. G. Kneeland, accepted a call to labor in the Bay Islands, and left for his new field of labor in June. His successor, E. M. Trunner, has not yet come. Elder C. E. Boynton and family left for the States on furlough in August. Our laboring force the latter part of this year was reduced to eleven foreign workers including wives, beside one native minister and wife, and one Bible worker. Of this force, but two have been engaged exclusively in evangelistic work.

Throughout this field the truth will yet be heralded. With larger appropriations for 1920; with more carefully laid plans for the evangelization of this field; a deeper consecration for the service of God, and a still firmer determination to carry the message forward, we expect to win many trophies for the Lord this coming year.

H. C. Kephart, Secretary.

Mexican Mission

The year 1919 has not brought tranquility to this troubled country, yet a little advance has been made in a number of directions. A few believers have been added to nearly all our churches and companies, and an interest has been awakened in various places through reading our paper and calls have come for help. We are following up these interests and expect soon to be able to report a few new organized centers of light and influence in this dark land.

We have had the pleasure of seeing a few laborers added to our small force. Brother C. P. Martin has been able to get his family into the country, and Miss E. V. Martin has returned and taken up her Bible work in Mexico City, and has more interested ones than she can attend to, so we are planning to give her a Mexican woman to assist. Our congregation has grown until our meeting place is too small to hold the attendance. Also Dr. Ralph M. Smith and family have joined us, and the doctor has made a good beginning for the few months he has been here. We are planning to start a dispensary soon.

A few colporteurs have entered the work with fair success, but this branch needs to be strengthened materially. The missionary society of the church in Mexico City has sold nearly one thousand Mexican dollars' worth of literature during the year. This has been the work largely of three or four sisters, and shows what can be done with a little effort.

A Mexican brother from Texas has also taken up evangelical work in Saltillo, where we hope to see the message extended and the work established. This brother, B. C. Delgado, comes to us from the South Texas Conference.

We need a few more workers because large portions of the country are entirely without help, and even two or three places where we have believers can scarcely be visited once a year with our present small force of four ordained ministers and two licentiates. Fifteen millions of needy and ignorant people, for centuries under the darkness and superstition of Rome, at our very doors are calling loudly for help. If it be true that, "The light shines farthest that shines brightest nearest home," then Mexico should receive more light from across the border.

G. W. Caviness.

WEST INDIAN UNION CONFERENCE

Jamaica

This Conference comprises the island of Jamaica, the Cayman, and the Turks Islands.

During the year 1919 the work of this conference has been under the direction of M. E. Anderson as president. Its over seventy churches and companies, with some 2,100 church members, have been visited by the

president and his field workers, some of them several times, and the efforts put forth have been productive of good results. A gain in the tithe has been made, and several new church buildings have been started. The indebtedness of the Kingston church has been met, and a real impetus has been given to the Missionary Volunteer work under the leadership of Miss Minnie Dauphinee. The book work under the direction of J. A. Applegate has made progress, and thousands of dollars' worth of our books have been placed in the hands of the people. On account of the malaria, and its attacks on our foreign workers, it is our plan to build a hill station home. This will probably be built in connection with the new church building now being erected by N. J. Aalborg at Mandeville.

South Caribbean Conference

Comprising the islands of Trinidad, Tobago, Grenada, St. Vincent, The Grenadines, St. Lucias, and Baradoes.

About a year prior to the arrival of W. S. Holbrook, now president of this conference, F. L. Hutchinson, secretary and treasurer, was in charge of the work in this field. This field has been divided into three groups known as the South Caribbean Conference, the Guiana Mission Field, and the North Caribbean Mission Field. Owing to the inability to secure superintendents for these various groups, the North Caribbean Mission and Guiana Mission have been under the direction of the South Caribbean Conference. It is hoped that superintendents will soon be found who can take charge of the work in these fields.

The book work, under the direction of C. B. Sutton, has made good gains, and the future in this branch of the work is encouraging. Owing to poor facilities in traveling, the Union officers have been unable to visit these fields, though several attempts have been made. M. B. Butterfield has been conducting evangelistic efforts, and they have produced good results. The workers have combined their efforts to make the work a success, and the Lord has graciously added his blessing. There are twenty-seven churches and companies in this conference, with a membership of 1,105.

North Caribbean Mission Field

This mission comprises the Virgin Islands, the islands of Montserrat, Antigua, St. Kitts, Dominica, and adjacent islands. These many islands with their thousands of inhabitants are in need of the knowledge of God and the third angel's message. While we now have eleven churches and companies here, with a membership of 291, yet a great work remains to be done. Elder D. C. Babcock has been appointed to this field, and other workers will doubtless follow.

Guiana Mission Field

This mission field includes British, French, and Dutch Guiana. Our work is well established in British Guiana. Fifteen churches and companies, with a church membership of 448, constitute the constituency. It is hoped that the near future will witness the permanent establishment of our work in French and Dutch Guianas.

West Indian Union Training School

This new school, located at Mandeville, Jamaica, was opened January 15, 1919. The property consists of 171 acres of land and six buildings,

three of which were moved from the old school location at Riversdale, a distance of sixty miles. Professor C. B. Hughes, the principal, has associated with him four teachers. This school, which is owned and controlled by the Union Conference, is intended to serve the entire West Indian constituency. At the opening of the second year's work, September 15, 1919, twenty-four students were admitted, each of whom has expressed his determination of becoming fitted for a place in the work of the third angel's message. The purpose of the school is to quickly fit especially selected young people to enter the work. Various fields of this Union are suffering a dearth of workers, and we look to our training school to largely meet this need.

G. A. Roberts.

DETACHED MISSIONS

Hawaiian Mission

The territory of Hawaii was annexed to the United States in 1898. It lies in the North Pacific Ocean about 2,020 miles southwest of San Francisco. There are eight inhabited islands, with a total area of 6,449 square miles. The population, not including United States troops, is 230,000. The islands were first brought under control by King Kamehameha in 1795. Queen Liliuokalani, the eighth and last Hawaiian to occupy the throne, was deposed in 1893.

The Hawaiians are a stalwart race. They are generous, pleasure-loving, natural musicians and orators, usually well educated, as compulsory education has been in vogue for nearly fifty years. They were never cannibals.

The year 1919 has been a very prosperous one for our Mission. With the Lord's help we have been able to purchase a beautiful mission property. This now gives us permanent headquarters for our work. Our mission building includes two large school rooms besides mission offices and living rooms for workers.

A new church has also been erected this year to accommodate our increased membership. This church is located within a block of our mission, and near a beautiful city park. We are conducting a church school of eight grades, and we plan on adding the ninth and tenth grades in the near future.

Mrs. Hutchinson and the writer came to this field during the latter part of 1918. R. J. McKeague is secretary and treasurer of the mission.

C. R. Webster and wife are conducting treatment rooms in Honolulu, and Wm. MacMillian and wife are conducting treatment rooms in Hilo, on the island of Hawaii.

F. E. Stafford, while not directly employed by the Mission, is rendering valuable service in our Oriental work, being secretary of that department.

H. G. Rowland, our regular canvasser, is doing an important work in connection with the work in all these island fields.

There has been a steady increase in our tithes and offerings, and we are looking for further developments in all lines of work in this field.

L. L. Hutchinson.

Bahama Islands

During the past year my wife and I have been the only foreign workers in the Bahama Islands. We have had two native Bible workers to assist us. Both we and the Bible workers have spent the larger part of the year working in the out-islands, staying in Nassau, the headquarters of our work, but very little.

November 1, 1918, we were still at work on the Island of Watlings. Ten or twelve had decided to obey God. The last of November we returned to Nassau, and sent one of the Bible workers, Sister Someillan, with her husband to continue the interest on Watlings. The Lord blessed their efforts so that by June the number of believers had increased to twenty. In January we went to Gregory Town, on the island of Eleuthera, where we have a company of ten. We spent the week of prayer with them and otherwise sought to encourage them in the way of truth. From here we went to another settlement and held a series of meetings, which resulted in two beginning to keep the Sabbath. In February we returned to Nassau. March 20, we sailed for the largest and most important out-island settlement, named Governor's Harbour, on the Island of Eleuthera. We took Sister Wood, our other Bible worker along, to assist us and to follow up any interests that might be aroused. We remained here until the last of April, but were unable to accomplish much, as the people were so prejudiced and bitter against the truth. Since we could not get many of the people to attend our meetings, Sister Wood remained in the settlement until the last of August working from house to house with **Present Truth** and holding readings where she had an opportunity. Thus the seed was sown, but no fruit is yet seen.

About the middle of June I left Mrs. Smith and our little girl at Nassau and sailed for Watlings Island to help Brother and Sister Someillan organize the believers there into a church. After nine days at sea I reached the little island and spent one week with them, and after some meetings, baptized eighteen. Two others desired baptism, but were prevented because of sickness. We then organized them into church relationship and held the ordinances of the Lord's house with them. Brother Someillan was ordained elder, and he and his wife remained with them. A recent letter tells of five others who have begun to obey.

In July we sailed for the island of Andros and held meetings several weeks with a company interested through the labors of a young man learning the truth in Florida. I baptized six, and left others who expect to be baptized soon. While at this place we contracted malaria fever. The Mission Board recommended a furlough in the States. The first of October we left for Ohio.

We much need a school in Nassau. We have no regular canvassers, but several of the believers spend part of their time in distributing literature.

Jas. H. Smith.

CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-ninth session, held at San Francisco, California,
March 29 to April 14, 1918.)

Article I — Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II — Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III — Membership.

Section 1. The membership of this conference shall consist of: —

- (a) Such union conferences as have been or shall be properly organized and accepted by vote.
- (b) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.
- (c) Such union missions as have been or shall be properly organized and accepted by vote.
- (d) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows: —

- (a) Delegates at large.
- (b) Regular delegates.

Sec. 3. Delegates at large shall be: —

- (a) The General Conference Executive Committee.
- (b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, and such other workers as may be selected, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by union conferences, union missions, and local conferences and missions not included in any union conference.

Sec. 5. Each union conference shall be entitled to one delegate without regard to numbers, an additional delegate for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Sec. 1. The regular officers of this Conference shall be a president, the vice-presidents, a general secretary, an associate secretary, a general treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive

committee, and labor in the general* interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-Presidents: The Vice-Presidents shall assist the President in administering the affairs of the Conference in all parts of the world. In the absence of the President they shall act as chairmen of the committees with which they are directly associated by the arrangement of the General Committee. They shall have the direct oversight and charge of the administrative work in the fields to which they are assigned.

Sec. 4. General Secretary: It shall be the duty of the general secretary and the associate secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. General Treasurer: It shall be the duty of the general treasurer and the assistant treasurer to receive all funds and disburse them by order of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V—Executive Committee.

Sec. 1. At each regular session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the general and associate secretaries, the general treasurer, the assistant treasurer, the sub-treasurers, the field secretaries, the presidents of union conferences, the superintendents of organized union missions, the secretaries and assistant secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath School, Religious Liberty, Young People's Missionary Volunteer, Home Missionary, and the North American Negro Department, the general secretary and assistant secretaries or superintendents of nationality work of the North American Foreign department, the ex-presidents of the General Conference having credentials from this Conference, and other persons not to exceed eleven in number.

Article VI—Incorporations, Departments and Agents.

Sec. 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory laws governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work.

Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In union missions the respective executive committees shall have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Sec. 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the **Advent Review and Sabbath Herald** at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-Laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two-thirds' vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.

Article I — Regular Sessions.

Sec. 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Sec. 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.

Article III—Departments.

Sec. 1. The work of the departments of this organization shall be in charge of the secrétaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV—Finance.

Sec. 1. This Conference shall receive a tithe from all of its union conferences and local conferences not included in union conferences, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V—Audits.

Sec. 1. The executive committee shall have the accounts of the Conference and its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

OUR EVANGELISTIC
SONGBOOK

“Songs of Zion”

This book was prepared by a special committee in response to a popular call for a new evangelistic songbook that would breathe forth the spirit of the pure doctrines of the Bible and of Christ's power to save men from their sins.

**Primarily Designed for
Evangelistic Meetings**

The collection consists of 192 songs and hymns, many of which are new, and all of which are adapted to our denominational work.

Price in paper covers, postpaid, 15 cents.
