## THE THRESHOLD OF THE YEAR.

WE are standing on the threshold, we are in the  
opened door,

We are treading on a border land we have never  
trod before;

Another year is opening, and another year is gone;

We have passed the darkness of the night, we are in  
the early morn;

We have left the fields behind us o'er which we  
scattered seed;

We pass into the future, which none of us can read.

The corn among the weeds, the stones, the surface  
mold,

May yield a partial harvest; we hope for sixty-fold.

Then hasten to fresh labor, to thrash and reap and  
sow,

Then bid the new year welcome, and let the old year  
go;

Then gather all your vigor, press forward in the  
fight,

And let this be your motto, "For God and for the  
right."

## PREFACE.

THIS is the sixteenth of the series of Year Books published by the Seventh-day Adventist denomination. Although the General Conference was organized in 1863, the growth of the work did not seem to render necessary the issuing of a denominational Year Book until in 1883, when the first publication of this kind was gotten out. The denominational directories have since been issued in this form, with the exception of the years 1895 to 1903, inclusive, when the directories were issued semiannually in the **General Conference Bulletin**. A more convenient and permanent form is afforded by the present arrangement.

These pages contain revised reports from every conference and institution organically connected with, and working under the direction of, the General Conference. These reports have been revised up to the latest possible date before going to press, and are therefore accurate and reliable in every respect.

### How to Find Addresses.

The arrangement of local conferences in the directory is in alphabetical order in the unions of which they are members. These directories indicate the officers, departments, legal corporations, etc., of the conference, as well as the name and address of all the laborers connected therewith, properly classified. Where there are such reported, church-schools are listed in directories of local conferences. Union Conferences are grouped according to the accustomed plan. Institutions are classified, and arranged alphabetically under each classification. A complete index supplements all, by which the page of any conference or institution, as well as classification, is readily found. Alphabetical lists of ministers and of physicians enable one readily to find the addresses of those engaged in these lines of work. The addresses of other classes of laborers will be found only in connection with the directory of the local conference or institution.

### Growth for 1906.

The past year has been one of great progress in this work. This progress is seen not only in an increased membership, but also in the organization of new union and local conferences, and the opening and strengthening of new mission stations in foreign fields having immense populations. The strengthening of the work in this way is only an indication of its still more rapid extension. During the past year this message has been carried to the people of many new lands, both by the living preacher and the printed page. The following pages record the organic and numerical growth which the denomination has made during 1906, and which may be briefly set forth as follows:—

New union conferences organized.....	3
New local conferences organized.....	7
New mission stations opened.....	9
Increase of educational institutions.....	5
Increase of publishing houses.....	4
Increase of sanitariums.....	9

**Organizations under the General Conference.**

**Atlantic Union Conference:** Thirteen local conferences.  
**Canadian Union Conference:** Three local conferences and one mission.  
**Southern Union Conference:** Eight local conferences and one mission.  
**Lake Union Conference:** Eight local conferences.  
**Northern Union Conference:** Five local conferences and one mission.  
**Central Union Conference:** Five local conferences and one mission.  
**Southwestern Union Conference:** Three local conferences.  
**Pacific Union Conference:** Four local conferences.  
**North Pacific Union Conference:** Five local conferences and two missions.  
**Australasian Union Conference:** Seven local conferences and twelve missions.  
**German Union Conference:** Nine local conferences and ten missions.  
**Scandinavian Union Conference:** Three local conferences and three missions.  
**British Union Conference:** Two local conferences and four missions.  
**Latin Union Mission:** One local conference and six missions.  
**Levant Union Mission:** Four missions.  
**South African Union Conference:** Two local conferences and five missions.  
**South American Union Conference:** Three local conferences and seven missions.  
**West Indian Union Conference:** Five local conferences and four missions.  
**Miscellaneous:** Bermuda, British West Africa, China, District of Columbia, India, Japan, Mexico.  
**Total:** Union Conferences, 16; union missions, 2; local conferences, 87; mission fields, 67 (in the United States, 5; foreign, 62); total local organizations, 154.

**Statement Regarding Institutions.**

In the proper place will be found a complete directory of institutions, by which it will be seen that there are fifty-five educational institutions, divided as follows: twelve colleges; twenty-three academies; twenty intermediate schools; all having a combined worth of \$918,489.93; with a total enrolment of 3,697 students, and 358 teachers in charge. The latest statistical report shows, in addition, 417 church-schools, 466 teachers, and an enrolment of 7,345, or a general enrolment of 11,042 in denominational schools.

In the directory of publishing houses it will be seen that there are twenty-two such institutions, having an approximate value of \$650,000, with about 400 persons connected therewith. This does not include the many smaller printing houses in local conferences and missions. In all there are 96 regular publications issued, in nineteen languages. Literature in other forms is published in fifty-one languages.

In the directory of sanitariums it is shown that there are sixty-four sanitariums listed herein, having a total value of \$1,764,668.55. There are over 250 physicians employed in these institutions and otherwise. In addition to sanitariums, there are about forty treatment-rooms not listed herein, and not counted in the enumeration below.

Thus there are 141 institutions connected with this denomination, whose aggregate assets are \$3,333,158.48. It should be understood, however, that local conferences have many financial interests not included

## PREFACE.

in this enumeration; as, for instance, all church property (generally held by legal corporations in local conferences), tract society stock and equipment, and all other conference property of every nature. The total assets of denominational organizations and institutions would easily reach over six million dollars. Included in this would be over 1,100 church buildings, located in all the leading countries of the world, each having regular weekly services by believers in this message.

### Retrospective.

It is well to pause and consider that the very first building used for the proclamation of this advent message, located in the city of Portland, Me., is standing to-day, and persons who attended the meetings held in that building are now living. This shows the short space of time covered by the proclamation and work of this message, and the wonderful results that have followed. These material facilities can be used for the advancement of the cause only as there is a constituency to employ them. The most gratifying feature in this is that the handful of believers in the advent message who assembled in the Portland meetings has been increased to over 90,000 believers in this same message, and they are now located in almost every country in the world, spreading this truth. The one small building in Portland, Me., now used as a carpenter shop, has been increased to thousands of buildings used for many purposes in this work: for printing this truth in fifty-one languages, for educating gospel workers in over fifteen tongues, and for preaching the advent truth in more than a score of languages. For the preaching of this message alone there has been given over twelve million dollars since the meetings held in the little Portland meeting-place.

The time had come for the advent message to be delivered, and the Lord used the few facilities, and blessed the humble efforts, in the beginning of this work, so that to-day this message is making itself felt as a mighty influence in the earth. As the Lord blessed at the beginning of the work, so may we expect his blessing to continue to the end, if we stand firmly on the platform of truth there laid, and emulate the spirit of sacrifice and devotion manifested in the earlier days of this cause.

AFTER the pages containing the directories of conferences had been printed some letters and telegrams were received requesting a change of address. This could be done only by giving the correct address in the Directory of Physicians or the Ministerial Directory; so that in a few cases the addresses found in these directories do not agree with those given in the directories of conferences. The addresses in the Ministerial Directory or the Directory of Physicians are the latest received, and may be considered correct.

### A PRAYER-POEM.

IN distant climes and lands afar,  
'Neath Southern sun or Eastern star,  
Where'er our missionaries are,—

There wilt Thou guide them by Thy light;  
May they be precious in Thy sight,  
Safe in Thine arms by day and night.

O, give them wisdom from above,  
Turn savage hate to Christian love,  
And help them stubborn hearts to move.

As in our stead they labor now,  
We in Thy presence humbly bow  
And pledge anew our earnest vow.

While they the sacred message bear,  
Our hearts shall rise to Thee in prayer,  
And crave for them Thy tender care.

The ruler of our lives Thou art!  
And in Thy strength we'll do our part  
With generous hand and loving heart.

Lord, our poor service do Thou take,  
And from its very failures make  
A precious offering for Thy sake.

—*Mrs. S. K. Bourne.*

THE greater portion of the matter contained in the foregoing pages is composed of proper names, for the spelling of which there are no rules. They are the names of persons of all nationalities, and of places in nearly all countries of the world. The reports giving these names were furnished by scores of secretaries, and an earnest effort has been made to have the name of every person and every address appear absolutely correct. Any one who discovers an error will confer a favor by calling attention to the same. However, it should not be assumed, because a name is spelled in a peculiar way, that it is a mistake. Every name is supposed to be correct, as nearly as it is possible to determine from the report sent in.

The greatest difficulty, however, in compiling the Year Book is to enlist sufficient interest on the part of some secretaries to cause them to even send any kind of report. Some secretaries have been asked several times to send in a report for this issue, and even then some have failed to do so, or have done so too late to use their report. If any institution is not properly represented herein, or is not represented at all, this will serve to indicate the reason for such failure.

November 1 is the date recommended by the General Conference when all these reports should reach this office. Therefore if the secretary of every conference, mission, and institution will prepare his report, and see that it is sent so as to reach the Statistical Secretary of the General Conference by November 1 each year, the report will appear properly, and not be omitted.

November 9, 1905, the printing press, type, and equipment, with the books of the tract society and furniture of the Mission in Valparaiso, Chile, were all completely destroyed by fire. Insurance, \$5,000, Chilean.

Colorado Medical Missionary Association incorporated December 7, 1905, at Boulder, Colo.

## THE YEAR 1906.

February 1, date of issuing first number of *Liberty*, a quarterly journal devoted to the interests of religious liberty, published at Washington, D. C. The circulation of the first two issues was 45,000 each.

The thirty-first annual report of C. H. Jones, manager of the Pacific Press Publishing Company, to the stockholders, dated February 27, records for the preceding year a loss of \$8,000 in operating expenses, and of \$6,000 in inventory, bad debts, etc. For the preceding ten years the Pacific Press had donated about \$40,000 to different missionary enterprises, not including a loss of about the same amount on the pioneer missionary paper, the *Signs of the Times*. A membership corporation had been formed June 23, 1904, and it was reported that to this corporation over 2,600 shares of the total 4,496 shares of the old association had been transferred, thus vesting in the new corporation (organized to make the association more nearly denominational) the control of the publishing work of the Pacific Press Publishing Company. The volume of business for the year was \$162,492.20. The present surplus stands \$102,649.12. Forty-six thousand copies of denominational bound books had been printed during the year, and in process of manufacture were 42,000 copies.

February 28, occurred the dedication of the Melrose Sanitarium, which had been rebuilt after its partial destruction by fire Jan. 1, 1905.

March 2 the buildings of the Eschol school, located near Quitman, Miss., destroyed by a cyclone.

April 4-11, General Conference Committee council held in Takoma Park, Washington, D. C.

The Loma Linda Sanitarium, located near Redlands, Cal., was dedicated on the 15th of April.

April 18 occurred an earthquake in the central portion of California, which resulted in the destruction of about ten square miles of property in San Francisco, taking, in the general loss of about three hundred and fifty million dollars, the following enterprises which were conducted by our people: The Vegetarian Café, the "Home" for Workers, the Branch Sanitarium, and food store, Dr. Lamb's private sanitarium, and the homes of many of the brethren and sisters.

The church at 916 Laguna St., and the place of meeting in Valencia Street Hall, were spared. Outside of San Francisco little damage was

done to the denominational institutions, aside from wrecking the plant of the Pacific Press Publishing Co., at Mountain View, entailing a loss of about \$10,000.

May 1-10, the equipment from the Battle Creek office of the Review and Herald Publishing Association was installed in their new office in Takoma Park, Washington, D. C. May 22-24 the equipment from the rented quarters at 222 North Capitol St., Washington, D. C., were transferred to the office at Takoma Park, and the first *Review and Herald* issued from the new office, May 31. From the time of the fire in Battle Creek, Mich., December 30, 1902, which destroyed the manufacturing portion of the *Review and Herald* plant, to the time when the new building at Takoma Park was occupied, the office and equipment of the *Review and Herald* were entirely inadequate for the work in hand.

May 16, there was held at Berrien Springs, Mich., the third annual meeting of the *Review and Herald* Publishing Association. At this meeting it was reported that the donations for the building fund of the publishing house were \$4,853.65, \$3,000 of which had come from the \$100,000, and the remainder from individual donations. Net gain for the year ending April 30, \$6,589.13.

June 19, Pacific Educational Association votes to sell Healdsburg College, and establish the Pacific Union College and Normal Institute in a more suitable location.

The Educational Convention held at College View, Nebr., June 28 to July 10, attended by about 125 school men, teachers, conference officials and delegates, was without doubt the most important meeting of the kind ever held in the denomination.

At midnight of July 20, began the destruction, by fire, of the entire plant of the Pacific Press Publishing Co., at Mountain View, Cal. The loss is estimated at \$200,000; insurance, \$100,000; \$72,500 paid; salvage about \$27,500, making net loss about \$100,000. The destruction was almost total, including building, machinery, stock, plates, electros, photos, drawings, lists, manuscripts, library, etc.

August 1, Elder I. H. Evans, the General Conference Treasurer, announced the total receipts on the \$100,000 fund to be \$115,618.17.

August 16, an earthquake and attending fire destroyed the city of Valparaiso, Chile. The stock of books, etc., in our mission in that city was destroyed.

In the *Review and Herald* of August 30, the manager of the Echo Publishing Co., W. D. Salisbury, announced the removal of that plant from North Fitzroy to Warburton, Victoria, forty-eight miles east of Melbourne, Australia. The present factory is 80 x 88 feet, one-story, and has machinery capable of furnishing 50 H. P., derived from two mountain streams. Forty persons are employed, all engaged entirely on denominational work.

September 1, G. Sander, A. A. Carscallen, and Peter Nyambo left Hamburg, Germany, for East Africa, the first-named to connect with the German East African Mission, and the two last-named to open a new mission station in Uganda.

September 21 Elder E. Schwantes conducted our first baptismal service in Portugal, the rite being performed in the ocean, at Carcavellos.

A meeting of the General Conference Committee was held in Takoma Park, D. C., September 27 to October 3. The leading features of this council were the laying of plans for raising \$150,000 (the

apportionment of which may be found in the Review and Herald of October 25), and the recommending of forty-one persons to fourteen fields outside of the United States.

October 3-10 there was held in Washington, D. C., a convention called by the Publishing Department of the General Conference, to consider the interests of the publishing work. This meeting was attended by eighty delegates, including General, Union, and State Conference presidents, field agents, tract society secretaries, and others especially interested in the publishing work.

The main building of the Oakwood Industrial School at Huntsville, Ala., was burned at 7 P. M., October 11. Loss of one life ensued. Property loss, approximately, \$5,000. Insurance, \$2,000.

October 11, date of the first graduating exercise of the Caterham Sanitarium Nurses' Training-school, when five nurses were graduated.

October 24 the following-named persons sailed from New York to engage in missionary work in India: J. L. Shaw and wife, R. R. Cook and family, Miss Bertha King, Mrs. L. L. McCalmley, Miss Rachel Johnson, Mrs. E. Ruoff, the three last-named as self-supporting workers.

December 24, the British Union Conference took possession of the property known as "The Stanboroughs," located within two miles of Watford, England, fifteen miles northwest of London. This property consists of fifty-five acres, for which £8,250 was paid. Soon the British Union Conference headquarters will be transferred from 451 Holloway Road, London, to this place, where they will carry on publishing, school, and sanitarium work, as well as the manufacture of health foods. The office in Holloway Road has been used as headquarters since 1887.

January 1, 1907, Bethel Academy, Bethel, Wis., burned; total loss, \$10,000; insurance, \$3,500.

## FUNDAMENTAL PRINCIPLES OF SEVENTH-DAY ADVENTISTS.

SEVENTH-DAY Adventists have no creed but the Bible; but they hold to certain well-defined points of faith, for which they feel prepared to give a reason "to every man that asketh" them. The following propositions may be taken as a summary of the principal features of their religious faith, upon which there is, so far as is known, entire unanimity throughout the body. They believe:—

1. That there is one God, a personal, spiritual being, the Creator of all things, omnipotent, omniscient, and eternal; infinite in wisdom, holiness, justice, goodness, truth, and mercy; unchangeable, and everywhere present by his representative, the Holy Spirit. Ps. 139: 7.

2. That there is one Lord Jesus Christ, the Son of the Eternal Father, the one by whom he created all things, and by whom they do consist; that he took on him the nature of the seed of Abraham for the redemption of our fallen race; that he dwelt among men, full of grace and truth, lived our example, died our sacrifice, was raised for our justification, ascended on high to be our only mediator in the sanctuary in heaven, where, through the merits of his shed blood, he secures the pardon and forgiveness of the sins of all those who persistently come to him; and as the closing portion of his work as priest, before he takes his throne as king, he will make the great atonement for the sins of all such, and their sins will then be blotted out (Acts 3: 19) and borne away from the sanctuary, as shown in the service of the Levitical priesthood, which foreshadowed and prefigured the ministry of our Lord in heaven. See Leviticus 16; Heb. 8: 4, 5; 9: 6, 7.

3. That the Holy Scriptures of the Old and New Testaments were given by inspiration of God, contain a full revelation of his will to man, and are the only infallible rule of faith and practise.

4. That baptism is an ordinance of the Christian church, to follow faith and repentance,—an ordinance by which we commemorate the resurrection of Christ, as by this act we show our faith in his burial and resurrection, and through that, in the resurrection of all the saints at the last day; and that no other mode more fitly represents these facts than that which the Scriptures prescribe, namely, immersion. Rom. 6: 3-5; Col. 2: 12.

5. That the new birth comprises the entire change necessary to fit us for the kingdom of God, and consists of two parts: First, a moral change wrought by conversion and a Christian life (John 5: 3); second, a physical change at the second coming of Christ, whereby, if dead, we are raised incorruptible, and if living, are changed to immortality in a moment, in the twinkling of an eye. Luke 20: 36; 1 Cor. 15: 51, 52.

6. That prophecy is a part of God's revelation to man; that it is included in that Scripture which is profitable for instruction (2 Tim. 3: 16); that it is designed for us and our children (Deut. 29: 29); that so far from being enshrouded in impenetrable mystery, it is that which especially constitutes the word of God a lamp to our feet and a light to our path (Ps. 119: 105; 2 Peter 1: 19); that a blessing is pronounced upon those who study it (Rev. 1: 1-3); and that, consequently, it is to be understood by the people of God sufficiently to show them their position in the world's history and the special duties required at their hands.

7. That the world's history from specified dates in the past, the rise and fall of empires, and the chronological succession of events down to the setting up of God's everlasting kingdom, are outlined in numerous great chains of prophecy; and that these prophecies are now all fulfilled except the closing scenes.

8. That the doctrine of the world's conversion and a temporal millennium is a fable of these last days, calculated to lull men into a state of carnal security, and cause them to be overtaken by the great day of the Lord as by a thief in the night (1 Thess. 5: 3); that the second coming of Christ is to precede, not follow, the millennium; for until the Lord appears, the papal power, with all its abominations, is to continue (2 Thess. 2: 8), the wheat and tares grow together (Matt. 13: 29, 30, 39), and evil men and seducers wax worse and worse, as the word of God declares. 2 Tim: 3: 1, 13.

9. That the mistake of Adventists in 1844 pertained to the nature of the event then to transpire, not to the time; that no prophetic period is given to reach to the second advent, but that the longest one, the two thousand and three hundred days of Dan. 8: 14, terminated in 1844, and brought us to an event called the cleansing of the sanctuary. See Note 1.

10. That the sanctuary of the new covenant is the tabernacle of God in heaven, of which Paul speaks in Hebrews 8 and onward, and of which our Lord, as great high priest, is minister; that this sanctuary is the antitype of the Mosaic tabernacle, and that the priestly work of our Lord, connected therewith, is the antitype of the work of the Jewish priests of the former dispensation (Heb. 8: 1-5, etc.); that this, and not the earth, is the sanctuary to be cleansed at the end of the two thousand and three hundred days, what is termed its cleansing being in this case, as in the type, simply the entrance of the high priest into the most holy place, to finish the round of service connected therewith by making the atonement and removing from the sanctuary the sins which had been transferred to it by means of the ministration in the first apartment (Lev. 16; Heb. 9: 22, 23); and that this work in the antitype, beginning in 1844, consists in actually blotting out the sins of believers (Acts 3: 19), and occupies a brief but indefinite space of time, at the conclusion of which the work of mercy for the world will be finished, and the second advent of Christ will take place.

11. That God's moral requirements are the same upon all men in all dispensations; that these are summarily contained in the commandments spoken by Jehovah from Sinai, engraven on the tables of stone, and deposited in the ark, which was in consequence called the "ark of the covenant," or testament (Num. 10: 33; Heb. 9: 4, etc.); that this law is immutable and perpetual, being a transcript of the tables deposited in the ark in the true sanctuary on high, which is also, for the same reason, called the ark of God's testament; for under the sounding of the seventh trumpet we are told that "the temple of God was opened in heaven, and there was seen in his temple the ark of his testament." Rev. 11: 19.

12. That the fourth commandment of this law requires that we devote the seventh day of each week, commonly called Saturday, to abstinence from our own labor, and to the performance of sacred and religious duties; that this is the only weekly Sabbath known to the Bible, being the day that was set apart before Paradise was lost (Gen. 2: 2, 3), and which will be observed in Paradise restored (Isa. 66: 22, 23); that the facts upon which the Sabbath institution is based confine it to the seventh day, as they are not true of any other day,

and that the terms, Jewish Sabbath, as applied to the seventh day, and Christian Sabbath, as applied to the first day of the week, are names of human invention, unscriptural in fact, and false in meaning.

13. That as the man of sin, the papcy, has thought to change times and laws (the law of God, Dan. 7: 25), and has misled almost all Christendom in regard to the fourth commandment, we find a prophecy of a reform in this respect to be wrought among believers just before the coming of Christ. Isa. 56: 1, 2; 1 Peter 1: 5; Rev. 14: 12, etc.

14. That the followers of Christ should be a peculiar people, not following the maxims, nor conforming to the ways, of the world; not loving its pleasures nor countenancing its follies; inasmuch as the apostle says that "whosoever therefore will be" in this sense, "a friend of the world, is the enemy of God" (James 4: 4); and Christ says that we can not have two masters, or, at the same time, serve God and mammon. Matt. 6: 24.

15. That the Scriptures insist upon plainness and modesty of attire as a prominent mark of discipleship in those who profess to be the followers of Him who was "meek and lowly in heart;" that the wearing of gold, pearls, and costly array, or anything designed merely to adorn the person and foster the pride of the natural heart, is to be discarded, according to such scriptures as 1 Tim. 2: 9, 10; 1 Peter 3: 3, 4.

16. That means for the support of evangelical work among men should be contributed from love to God and love of souls, not raised by church lotteries, or occasions designed to contribute to the fun-loving, appetite-indulging propensities of the sinner, such as fairs, festivals, crazy socials, etc., which are a disgrace to the professed church of Christ; that the proportion of one's income required in former dispensations can be no less under the gospel; that it is the same as Abraham (whose children we are, if we are Christ's, Gal. 3: 29), paid to Melchisedec (type of Christ) when he gave him a tenth of all (Heb. 7: 1-4); the tithe is the Lord's (Lev. 27: 30); and this tenth of one's income is also to be supplemented by offerings from those who are able, for the support of the gospel. 2 Cor. 9: 6; Mal. 3: 8, 10.

17. That as the natural or carnal heart is at enmity with God and his law, this enmity can be subdued only by a radical transformation of the affections, the exchange of unholy for holy principles; that this transformation follows repentance and faith, is the special work of the Holy Spirit, and constitutes regeneration, or conversion.

18. That as all have violated the law of God, and can not of themselves render obedience to his just requirements, we are dependent on Christ, first, for justification from our past offenses, and, secondly, for grace whereby to render acceptable obedience to his holy law in time to come.

19. That the Spirit of God was promised to manifest itself in the church through certain gifts, enumerated especially in 1 Corinthians 12 and Ephesians 4; that these gifts are not designed to supersede, or take the place of, the Bible, which is sufficient to make us wise unto salvation, any more than the Bible can take the place of the Holy Spirit; that, in specifying the various channels of its operation, that Spirit has simply made provision for its own existence and presence with the people of God to the end of time to lead to an understanding of that word which it had inspired, to convince of sin, and to work a transformation in the heart and life; and that those who deny to the Spirit its place and operation, do plainly deny that part of the Bible which assigns to it this work and position.

20. That God, in accordance with his uniform dealings with the race, sends forth a proclamation of the approach of the second advent of Christ; and that this work is symbolized by the three messages of Revelation 14, the last one bringing to view the work of reform on the law of God, that his people may acquire a complete readiness for that event.

21. That the time of the cleansing of the sanctuary (see proposition 10), synchronizing with the time of the proclamation of the third message (Rev. 14: 9, 10), is a time of investigative judgment, first, with reference to the dead, and secondly, at the close of probation, with reference to the living, to determine who of the myriads now sleeping in the dust of the earth are worthy of a part in the first resurrection, and who of its living multitudes are worthy of translation,— points which must be determined before the Lord appears.

22. That the grave, whither we all tend, expressed by the Hebrew word "sheol" and the Greek word "hades," is a place, or condition, in which there is no work, device, wisdom, nor knowledge. Eccl. 9: 10.

23. That the state to which we are reduced by death is one of silence, inactivity, and entire unconsciousness. Ps. 146: 4; Eccl. 9: 5, 6; Dan. 12: 2.

24. That out of this prison-house of the grave, mankind are to be brought by a bodily resurrection, the righteous having part in the first resurrection, which takes place at the second coming of Christ; the wicked in the second resurrection, which takes place in a thousand years thereafter. Rev. 20: 4-6.

25. That at the last trump, the living righteous are to be changed in a moment, in the twinkling of an eye, and that the risen righteous are to be caught up to meet the Lord in the air, so forever to be with the Lord. 1 Thess. 4: 16, 17; 1 Cor. 15: 51, 52.

26. That these immortalized ones are then taken to heaven, to the New Jerusalem, the Father's house, in which there are many mansions (John 14: 1-3), where they reign with Christ a thousand years, judging the world and fallen angels, that is, apportioning the punishment to be executed upon them at the close of the one thousand years (Rev. 20: 4; 1 Cor. 6: 2, 3); that during this time the earth lies in a desolate, chaotic condition (Jer. 4: 23-27), described, as in the beginning, by the Greek term "abussos" (bottomless pit) (Septuagint of Gen. 1: 2); and that here Satan is confined during the thousand years (Rev. 20: 1, 2), and here finally destroyed (Rev. 20: 10; Mal. 4: 1); the theater of the ruin he has wrought in the universe being appropriately made for a time, his gloomy prison-house, and then the place of his final execution.

27. That at the end of the thousand years the Lord descends with his people and the New Jerusalem (Rev. 21: 2), the wicked dead are raised, and come up on the surface of the yet unrenewed earth, and gather about the city, the camp of the saints (Rev. 20: 9), and fire comes down from God out of heaven and devours them. They are then consumed, root and branch (Mal. 4: 1), becoming as though they had not been (Obad. 15, 16). In this everlasting destruction from the presence of the Lord (2 Thess. 1: 9), the wicked meet the "everlasting punishment" threatened against them (Matt. 25: 46), which is everlasting death. Rom. 6: 23; Rev. 20: 14, 15. This is the perdition of ungodly men, the fire which consumes them being the fire for which "the heavens and the earth, which are now, . . . are kept in store," which shall melt even the elements with its intensity, and purge the earth from the deepest stains of the curse of sin." 2 Peter 3: 7-12.

28. That new heavens and a new earth shall spring by the power of

God from the ashes of the old, and this renewed earth with the New Jerusalem for its metropolis and capital shall be the eternal inheritance of the saints, the place where the righteous shall evermore dwell. 2 Peter 3: 13; Ps. 37: 11, 29; Matt. 5: 5.

NOTE 1, REGARDING PROPOSITION 9.—The Adventists of 1844 expected that the end of the world would come in that year, because they held that certain prophecies would then transpire, which they believed reached to the coming of the Lord. Chief among these was the prophecy of Dan. 8: 13, 14, which says that at the end of the prophetic period of 2300 days (years) the sanctuary should be cleansed. They believed that the earth was the sanctuary then to be cleansed, and that its cleansing was to be accomplished with fire, which would accompany the manifestation of the Lord from heaven. From these premises, the conclusion seemed inevitable that when the 2300 years ended, in 1844, the Lord would come.

But the day passed by, and no Saviour appeared. Suspended between hope and fear, and waiting until every plausible allowance for possible inaccuracies of reckoning and variations of time, was exhausted, it became at length apparent that a great mistake had been made, and that the mistake must be on one or both of the following points: either, first, the period of the 2300 days did not end at that time, and they had made a mistake in supposing that they would terminate in that year; or, secondly, the cleansing of the sanctuary was not to be the burning of the earth at the second coming of Christ, and hence they had made a mistake in expecting such an event at that time. While there was a possibility that they had made a mistake on both these points, it was certain that they had made a mistake on one of them; and either one would be sufficient to account for the fact that the Lord did not then appear.

A movement which had enlisted the whole interest of thousands upon thousands, and thrilled their hearts with enthusiastic hope, was not to be abandoned, especially by its more conservative and sincere adherents, without earnest thought and reflection. The whole field of evidence was therefore carefully resurveyed. It soon became apparent that two methods were being adopted to account for the fact that the Lord did not come when he was expected, and to explain the consequent disappointment.

One class, at a rash bound, reached the conclusion that they had made a mistake in the time, and that the prophetic periods had not expired. This was, of course, to abandon the whole previous movement, with all its accompanying manifestations of divine power; for if the time was wrong, everything was wrong.

Another class, impressed with the fact that God had given too much evidence of his connection with the movement to allow them to abandon it, carefully reviewed the evidence on every point. The result with them was a clearer conviction of the strength and harmony of the argument on chronology. They saw no ground to change their views upon the reckoning of the time, but felt more convinced than ever that the 2300 days were correctly applied, and that they terminated at the time appointed in 1844. Thus they became satisfied that the error lay in their previous views of the subject of the sanctuary and its cleansing, and that they had made a mistake in supposing that the earth would be burned at the end of the 2300 days, because the prophecy said that then the "sanctuary" should "be cleansed."

This brings us to note the difference between Seventh-day Adventists and those called First-day Adventists, as respects chronology. The latter, believing that the prophetic periods were given to make known the time of Christ's coming, and that they have not yet ended, are held to one of two conclusions: either that all that is said in the Bible about these periods is so much of revelation unrevealed, or else that the time of Christ's coming is to be known. The first conclusion, as consistent believers in the Bible, they can not adopt, and hence their continual efforts to readjust the prophetic periods, and fix upon some new time for Christ to come. From this has arisen, in these later years, all the fantastic time-setting which has very naturally disgusted the world, and worse than this, has brought a stigma of reproach upon all prophetical study. On the other hand, Seventh-day Adventists set no time. While they believe that the prophetic periods are to be understood, they believe also that these periods have been correctly interpreted, and have all terminated; so that now there is no data from which to reason respecting a definite time for their Lord to come.

# **Washington Training College - Washington, D. C.**

**O**FFERS advanced courses of study leading to a preparation for the gospel ministry, for Christian teaching, and for medical missionary work.

## **Learning by Doing**

is a prominent feature of the school, thus giving to its students opportunities of the greatest value for knowing and developing their various gifts of ability. Advantages of location are numerous and unsurpassed, including privileges of the public

## **Libraries, Museums, and Art Galleries**

of Washington, together with such other opportunities as the capital of the nation offers.

## **A Fact of Great Importance**

to our students is the presence, counsel, and helpfulness of the officers of the General Conference, who virtually control the College and outline its policy.

# A Christian Education

*Within Your Reach*

## **at WALLA WALLA COLLEGE**

*Offers Thorough Course in all lines of Gospel and Professional Work also in the Arts and Sciences*

### EVIDENCES OF PROGRESS: —

1. Last year's enrolment showed a gain of fifty students.
2. This year's enrolment gives promise of a gain of fifty more students.
3. A strong faculty conducting the work in both the Academic and Industrial Departments.
4. Last year the "Laboratory Improvement Club" added chemical and physical apparatus, also three new microscopes to our Science Laboratories.
5. This year we are ordering a 4 1-2 inch equatorial telescope, — value \$350.
6. A strong Music Department has been strengthened by adding another teacher, and instruction is now given in voice, organ, and piano. Orchestra and band organization has been formed under competent leadership.
7. A strong Normal Department has been established in a separate building, and the work of training is in the hands of five critic teachers who are specialists in their lines.
8. Ministers, Bible workers, teachers, book-keepers, stenographers, are some of the products turned out by the college.
9. The raising of \$12,000 on a \$25,000 debt during the six months just past, indicate a spirit of confidence and loyalty toward the college.
10. The highest test of growth and prosperity is the excellent degree of moral power that pervades the school, and the dedication of talents and ability to the giving of the gospel to the world in this generation.
11. A modestly built and well-equipped Sanitarium has been constructed the past summer, and will be of great value in the training of medical missionaries.

# Emmanuel Missionary College

THIS is a training-school for Christian workers at Berrien Springs, Michigan. Its location in the country on a two hundred and sixty-six acre farm is most favorable for the education of those who desire a symmetrical training of all the powers of the being,— physical, intellectual, and spiritual. At the same time it is free from the special evil influences of city life. In every way it stands firmly for the promulgation of the *distinctive doctrines of the Third Angel's Message*. Members of the faculty are not only schoolroom instructors, but field instructors as well. Agriculture, floriculture, horticulture, vegetable gardening, broom-making, carpentry, printing, cooking, and plain sewing constitute the manual training departments connected with the school. The expenses are \$16 per month, each student being permitted to work to the extent of \$5 per month. *The courses of study offered are, the College Preparatory course of three years, in addition to a Teachers' course of four years; a Ministerial course of three years; a Preparatory Medical course of three years; a Commercial course of one year; and a Department of Music.* In addition to these is offered a number of elective post-graduate studies for the benefit of those who desire to do still more advanced work. All the instruction is given in view not only of time but of eternity.

It is not designed, however, that the order of arrangement be ironclad. As far as consistent with the program, and with the advice of the faculty, students elect their work. Neither is it deemed necessary for students to complete all the studies of the Ministerial or the Teachers' course before entering upon the work of their choice. But from time to time they may return to the College and take up more advanced studies, as their experience in the field may reveal their need. In each year of every course a *distinctive Bible study is placed first*, since "a knowledge of God is the foundation of all true education." Indeed, Biblical principles underlie the work of all the departments; and all the courses are presented with the thought uppermost in mind, of the best and most rapid preparation of the young for positions of trust and responsibility in connection with the great work of God in the earth.

# The Colorado Sanitarium

## The Boulder-Colorado Sanitarium

is a well-equipped and well-regulated institution for the treatment of all chronic disorders. The architectural features consist of one large main building five stories high, with eleven cottages, bakery, laundry, engine buildings, etc. These buildings are equipped with all modern conveniences, including steam heating, electric lighting, elevators, gymnasium, etc.

### Situated in the Dry, Bracing Mountain Air of the Rockies

in an atmosphere charged with ozone and radiant with sunshine, the location of this institution is unique, and affords unexcelled opportunities for the treatment especially of nervous disorders. The medical appliances and equipments embrace

### Baths of every Description

including the electric-light bath, massage, and manual Swedish movements, electricity in every form, including violet ray and X-ray. The Sanitarium likewise possesses a well-appointed laboratory for chemical and microscopical investigations. It has four experienced physicians,—two men and two women,—and well-trained nurses of both sexes.

### Consumptive or Tubercular Patients, or those Suffering from Other Contagious or Offensive Diseases, Are Not Received

# Loma Linda Sanitarium

This institution uses the same methods for the restoration and preservation of health, that have proved so successful in the older institutions at Battle Creek, Mich., St. Helena, Cal., and Boulder, Colo. Circulars furnished on application. You can see southern California while stopping at the Sanitarium.

**When You Visit the Beautiful Orange Groves of Redlands and  
Riverside, Stop at Loma Linda, or "Hill Beautiful."**

Loma Linda Sanitarium is sixty-two miles east of Los Angeles, on the main line of the Southern Pacific Railroad, located upon a hill 125 feet high. It stands in a valley amid orange groves, fruits, and flowers, for which this section is famous. Surrounding this valley on every side are emerald hills and snow-capped mountains. Loma Linda has been justly called a veritable "Garden of Eden." Address
