The Call of the Hour

BY NELLIE M. HIGLEY MAYNARD

“ Lo, all power to me is given,
Power from my Father’s hand,
Power on earth and power in heaven ”—
Hear ye not the Lord’s command?
“ Go ye therefore, teach all nations;
Sound aloud the Gospel cry.”
Echoes still the wail despairing,
“ Help, O help us, ere we die! ”

Hear we not that cry of anguish,
Wrung from quivering, ashen lips?
Have we touched the work before us
Only with our finger tips?
India’s millions, hear them calling,
Calling us from o’er the sea!
See the beckoning hand of Sinim —
“ Help, just now, send help to me.”

Westward, northward, eastward, southward,
Comes the cry from mart and home.
Answer comes to us from God-ward,—
“ Give them warning of earth’s doom.
Tell them of their Saviour’s coming,
Ye who know the Saviour’s love;
Tell them how he yearns to take them
To their Father’s home above.”

Shall we stand as dumb before him,
We on whom the light now shines?
Shall we now shrink back like cowards,
Leave them only idol shrines?
Nay, not so, arouse to duty,
Each one springing to the call;
For this greatest work of ages,
Answer quickly, one and all.

PREFACE

IN the following pages will be found complete directories of all the conference and mission field organizations, as well as institutions, connected with the denomination. In a work growing as rapidly as is this one, and whose territory is so extensive, frequent changes are inevitable; so that much of the matter contained herein is subject to revision very soon after publication.

Some of the leading statistical items with reference to conference and institutional work are presented below:—

EDUCATIONAL INSTITUTIONS

OUTLINE OF COURSES IN EDUCATIONAL INSTITUTIONS

At the Educational Council held at St. Helena, Cal., June 4-14, 1915, it was recommended that the work of our intermediate schools, academies, and colleges be organized upon a semester (half year) basis, each semester to be subdivided into three periods of six weeks each. It was also recommended that the credits given in these schools be reckoned upon a unit basis, one unit representing a study pursued 36 weeks with five recitations a week, forty-five minutes in length, or its equivalent; that college credits be given on the semester-hour basis, a semester-hour representing a study pursued one sixty-minute hour a week for eighteen weeks. The scope of the various courses conducted in these schools is as follows:—

SURVEY OF THE FIELD

FOR YEAR ENDING NOV. 1, 1920

A brief review of the year's work throughout most of the fields is presented in the following pages, closing with the year ending Nov. 1, 1920.

NORTH AMERICA DIVISION CONFERENCE

The total church membership of the conferences in the United States and Canada for the quarter ending September 30, 1920, was 99,423, this number being an increase for the four preceding quarters of 2,440. The funds contributed during the four quarters ending September 30, 1920, are as follows: Tithe \$3,903,643.06; foreign mission offerings, \$1,967,549.88; home missionary offerings, \$746,470.78; total, \$6,617,663.72, a gain of \$1,514,293.28.

The number of persons baptized during this period was 6,521, an increase over the preceding year of 165. The number of evangelistic laborers, September 30, 1920, was 3,071; institutional, 3,646.

BRITISH UNION CONFERENCE

M. N. Campbell, President

We are able to report only for the first three quarters of 1920, but sufficient statistics are in hand to make it evident that the year has been a very prosperous one for the work in the British Union. During the year permission was secured from the government to re-enter the British East African territory. In June, a party of missionaries consisting of thirteen persons left England for the Kavironda district east of Lake Victoria Nyanza. Pastor W. T. Bartlett was chosen to direct the work in that field. Further recruits were sent to the West African missions to the number of five. A company of ten are in readiness to go to East Africa early in 1921.

The evangelistic work in the British field during the first nine months of 1920 resulted in 427 new believers.

Each department is manned in both the Union and local conferences, and each gives evidence of healthy growth.

The college is crowded to its full capacity. Over 200 students are in attendance, beside a primary department of fifty-three. A new addition erected during the present year will accommodate forty students and provide additional dining room.

The goal set for book sales for the year was £15,000, but over £18,000 were sold during the first nine months.

The Harvest Ingathering goal was £7,500, but about £9,000 was realized from two months work, and this in spite of a disastrous coal strike that intervened.

Mission offerings and tithe have increased more than 25 per cent over that of the previous year.

Several large evangelistic efforts have been conducted in a number of the large cities of the kingdom, and these have produced good results in souls won.

A fine spirit of courage prevails in the entire field, and broad plans are being laid for enlarging all departments.

BRITISH EAST AFRICA

W. T. Bartlett, Superintendent

The past three or four years have been very difficult ones for the work in British East Africa. Furloughs were long overdue, and the workers were in some cases physically weak from too long a stay in this tropical region. Notwithstanding these difficulties about 100 were added by baptism. On July 4, eleven new workers entered the field, including two builders. By the close of the year all the old workers had left, excepting A. A. Carscallen, and A. Matter, who, with his wife and two children, goes on into Belgian territory to reinforce Brethren Delbove and Monnier. The new workers find a good foundation laid for the educational work, much literature ready, and dictionaries and grammars compiled to facilitate their acquisition of the language. The end of the year finds the work being pushed at all the stations, and the outlook is encouraging that a good work will be accomplished in teaching and Christianizing the natives. A number of them have shown themselves trustworthy and intelligent teachers, some of whom are also ardent evangelists.

During 1921 a hospital is to be built at Kisii, the chief town of the South Kavirondo province. Ten acres have been given by the government for this purpose. Dr. G. A. S. Madgwick, late of the Stanborough Park Sanitarium, after taking a special course in tropical medicine, came out in January, 1921, to take charge of the hospital. He will be accompanied by two skilled nurses of considerable experience, Brother and Sister Ashley. Other workers, principally teachers, will accompany Dr. Madgwick.

In previous years a small printing plant was operated, and this has now been re-opened for the purpose of printing in the native tongues. Before the close of 1920 it will have issued small publications in two languages.

During the war some of the mission houses had been destroyed, and it becomes necessary to restore these and replace other houses that have fallen into decay. The Thirteenth Sabbath Offering will permit of this, and will also provide funds for the erection of hospital buildings.

THE FAR EASTERN DIVISION OF THE GENERAL CONFERENCE

C. C. Crisler, Secretary

The Far Eastern Division includes within its boundaries the countries of Asia lying east of the Himalayas, together with the Philippine archipelago and Malaysia. The dominant racial types are Mongolian and Malay. Here Buddhism, Shintoism, Taoism, and Confucianism hold sway over the minds of well-nigh a third of the human race; here also dwell nearly a third of the Moslem world.

Working Forces and Constituency

Our denominational activities among these peoples of the Far East had their beginnings about twenty years ago. Little by little our working forces have been increased, until we have in this division field (June 30, 1920) 248 foreign and 795 native workers; a total of 1,043. The year 1920 has been the best in our history in the increasing of our foreign working forces. Nearly one hundred workers, including wives,

have joined us during the year. These are now studying the vernaculars with diligence, preparatory to service in active ministry.

Our Far Eastern constituency has developed slowly. With the gains have come also some losses, partly because of the inability of a few to shepherd properly at all times those who unite with us in Christian fellowship. June 30, 1920, our membership stood at 7,129. In addition there are many inquirers awaiting further instruction prior to baptism, as is indicated by our Sabbath school membership of 10,763.

There is hope for us in the Far East in the fact that God's work in the earth is not dependent on mere numbers. "Not by might, nor by power, but by my Spirit, saith the Lord of hosts." The Spirit of the living God is abroad in these lands, working upon hearts and bringing light and salvation to many minds long darkened by superstition and sin.

The Publishing Work

Our publishing work centers in five plants—Tokyo, Seoul, Shanghai, Manila, Singapore. From each of these is issued annually a large quantity of literature in the vernaculars in which we are operating. Monthly magazines filled with present truth are published in the Japanese, Korean, Wenli, Mandarin, Tagalog, Ilocano, Panayan-Visayan, Cebuan, and Malay languages. Tracts and pamphlets are published in the languages mentioned, and also in Amoyese, Battak, Bicol, Cantonese, Cebuan, Ibanag, Javanese, Java-Malay, Pampangan, Pangasinan, Shanghai, and Tibetan—a total of twenty-one for the entire field.

Every month our magazines are sent to tens of thousands of homes. The increasing sale of subscription books bids fair to place at least some of our publishing houses on a self-supporting basis soon, aside from the salaries of the foreign workers employed therein. Our publishing work must be strengthened; for with its healthful development we shall have proportionate gains in every other line. Already our sales in these lands where literature must be supplied at a comparatively low price, are bringing in a gross return of nearly \$100,000 gold annually, which goes far toward meeting the expense of the raw materials used in manufacture.

Medical Missions

Medical mission work is conducted at a few stations only. In Nanning, South China, a dispensary building has been erected during the year, and is in charge of Dr. R. A. Falconer, assisted by Brother and Sister Paul Williams, nurses. The dispensary conducted so successfully by Dr. and Mrs. Riley Russell in Soonan, Chosen, for upwards of ten years, is being enlarged, thus meeting the needs of our work in that important center. The Yencheng dispensary-hospital, in Honan, is now on vantage ground, having land and good buildings. Dr. Davenport is in charge, having as associates Drs. H. C. and Ethel James. In West China, a dispensary is being established in Tatsienlu, the strategic gateway into Tibet from the Szechwan frontier, with Dr. J. N. Andrews in charge. The Shanghai Sanitarium has had a prosperous year, under the supervision of Drs. Landis and Selmon and their associates, and plans have been perfected for the placing of this institution on a permanent basis through the early purchase of land and the erection of necessary buildings—and all through the munificence of Chinese friends.

The Educational Work

From the first, educational work has been given a prominent place. In nearly every important language area where missionaries are stationed, we have sought to gather our youth of promise into schools. Thus far these schools have not been made self-supporting, although some revenues are realized. In the Far Eastern Division we have at present five training schools, with an enrolment of approximately 260 students taking work above the seventh grade; six intermediate schools with fully 500 students; and eighty-three church schools with an enrolment of 2,211. In all, nearly 3,000 students are in regular attendance in our schools, and these are served by twenty-nine foreign and 174 native teachers. A few denominational text-books in the vernaculars have been printed or mimeographed, but much remains to be done along this line before we shall have fulfilled our duty to the youth.

The Field Work

The field work in the Far East is conducted by ten Union Missions, which we will mention one by one, with a brief statement concerning each.

1. **The South China Union**, under the superintendency of Pastor F. H. DeVinney, is one of our oldest fields, and here our membership (Sept. 30, 1920) is 1,553. The South China Union embraces several language areas,—the Cantonese, Hakka, Swatow, Amoy, and Foochow,—each of which constitutes a separate fully-organized local mission field. Some Mandarin work is done in Kwangsi. There are yet other language areas in the Union, notably the Hainanese and the Annanese, but nothing has been done in these outer districts aside from the occasional sale of literature. In South China the training of our youth is given especial attention, schools having been in operation the past year in Foochow, Amoy, Canton, and Swatow.

2. **The Japan Union**, under the superintendency of Pastor B. P. Hoffmann, is another of the fields where work was first begun in Eastern Asia. Here our membership June 30, 1920, stood at 309. Precious are the trophies of grace won in Japan, and none can measure by mere statistics the good that has been done in this great field. Japan offers unnumbered opportunities for the propagation of the gospel truth that is to prepare a people for the coming of Jesus. Our training school in Tokyo is under the leadership of Brother and Sister P. A. Webber. The sales of literature have been doubling each year during the past five years.

3. **The Chosen Union**, under the superintendency of Pastor C. L. Butterfield, has a membership of 1,067, June 30. The school in Soonan, conducted along industrial lines by Brethren Riffel, Russell, and Smith, has greatly strengthened our work throughout Chosen. The outlook for the work in Chosen is bright. The steady growth of our constituency in this land is a source of special encouragement.

4. **The Manchurian Union**, under the superintendency of Pastor B. Petersen, is one of the youngest of our missions, and has a membership of 104. Here the workers are few, but strong for labor, and determined to develop their constituency as rapidly as circumstances may permit. The Russian work in Eastern Siberia has been placed temporarily under the general supervision of the Manchurian Union; but as yet no recent statistics of this branch of our Manchurian work are available.

5. The North China Union, under the superintendency of Pastor Frederick Lee, is the youngest of our missions, and includes the provinces of Chili, Shandung, and Shansi, with a membership of seventy-three baptized believers. Pastor Lee has his headquarters in our Peking Mission Compound. Here in the capital of the Chinese Republic we hope later to have a large church.

6. The East China Union, under the superintendency of Pastor O. A. Hall, with headquarters in Shanghai, has a constituency of 648, June 30. There are three vernaculars spoken in this Union—the Shanghai, the Mandarin, and the Wenchow. Work is conducted in each of these languages and foundations have been laid for a permanent work. The native evangelists are developing in spiritual grace and power. Homes for the foreign mission workers in Shanghai and Nanking have been completed, and this places these laborers on vantage ground. The provincial meetings held during the fall of 1920 are to be followed by several strong evangelistic efforts.

7. The Central China Union, under the superintendency of Pastor F. A. Allum, is another of the older mission fields of Eastern Asia. Here Drs. Selmon and Miller began their ministry in 1903, on the plains of Honan, where today we have our strongest Chinese constituency. The baptized membership of Central China, June 30, is 1,102. The Hankow Intermediate School is now in operation, with Prof. O. J. Gibson in charge, and the Honan Intermediate School is being conducted by Prof. D. S. Williams. The province of Kiangsi has been entered in a permanent way. Shensi must yet be manned—our workers formerly stationed there having been compelled to leave because of health conditions.

8. The West China Union, under the superintendency of Pastor M. C. Warren, has at present the lowest baptized membership of any of our union missions, standing at sixty-seven June 30. At Tatsienlu, near the Tibetan frontier, Dr. J. N. Andrews is establishing a medical mission, and is preparing to issue a few tracts in the Tibetan. Our other permanently located stations in the West China Union are in Chungking, the headquarters, where a city chapel and church school have been built the past year; in Chengtu, Brother C. L. Blandford is in charge. In Chengtu, sometimes spoken of as "the Boston of China," a church is being raised up.

9. The Philippine Union, under the superintendency of Pastor S. E. Jackson, has the largest constituency of any union in the Far East—2,134, Sept. 30. The work along all lines,—publishing, educational, and evangelistic, is making substantial progress. In the Philippine Union there is one organized conference, the Central-Southern-Luzon, in charge of Pastor Finster, where self-support has been practically attained. The publishing work in Manila is also nearing this much-to-be-desired goal. The central training school, at Manila, in charge of Prof. I. A. Steinle, assisted by Brethren O. F. Sevrens and R. R. Breitigan, is in a flourishing condition.

10. The Malaysian Union, under the superintendency of Pastor F. A. Detamore, presents many difficulties in operation, in view of the large numbers of Mohammedans, to say naught of many language areas and of trying climatic conditions, that have seemed to militate against rapid development. The membership of Malaysia now stands at 442, June 30.

The workers in the Far East are of good courage in God, and are determined to press on as never before for the finishing of the work entrusted them of Heaven.

SOUTHERN ASIA DIVISION OF THE GENERAL CONFERENCE

J. E. Fulton, Vice-President

The Southern Asia Division includes within its boundaries the countries of India, Burma, Ceylon, and those lying at the northwest of India, border countries which are strongly under the influence of India and which most likely must be worked from India. Even Mesopotamia is at present under Indian influence and has frequent communications from Bombay. The population of the Indian Empire, is, roughly speaking, about 320,000,000, and there are about 167 languages spoken in the various parts of this great mission field. Our territory extends from about latitude thirty-six on the north to Ceylon, latitude six, on the south, so there are great changes of temperature. Cold is not severe except in the mountains of the north and in the northwest provinces, but heat on the plains of India is intense, and the country becomes very parched and dusty. But the "breaking of the monsoon" causes the "thirsty land" to become for a time "springs of water," and then all is beautiful and green.

Under the recent reorganization the territory is now divided into four Union Missions, viz., The Northwest India Union, the Northeast India Union, the South India Union, and the Burma Union Mission.

The Northwest India Union Mission

This union includes the missions in the United Provinces, Garhwal, the Punjab, Hyderabad, and Bombay. Central India, Baluchistan, Rajputana, and Afghanistan are unentered provinces. The population in the area assigned to this union mission is approximately 150,000,000, including many millions of Mohammedans. Work is being carried on in the Urdu, Hindi, Punjabi, Garhwali, Marathi, and Gujarati tongues. Since our last report a few new workers have come to this union: Brother and Sister E. R. Reynolds, located at Chuharkana, Punjab; Brother and Sister A. E. Nelson, in charge of Union book work; Brother and Sister J. B. Carter, located near Bombay, and Miss Nellie Weston, at Lucknow. We have lost one valuable worker in this union by death, Sister E. E. Bruce. Brother and Sister W. H. McHenry have been compelled on account of poor health to leave the field for a time. Pastor M. M. Mattison is returning from furlough, and a new missionary family or two are soon expected to arrive to locate in this great and populous union.

The Northeast India Union

The territory of this union embraces the provinces of Bengal, Bihar, Orissa, and Assam. In these fields there are about 91,000,000 people. The leading language is the Bengali, which is spoken by 50,000,000 people; but there are many other languages spoken. The work has made the greatest advancement among the Bengali people. Bengali training schools have been established, and the work is showing steady growth.

A mission has been established among the Santals, an aboriginal people, within the borders of Bihar and Orissa, where a medical dispensary and schools for boys and girls are being operated.

Assam is an unentered field, save for a few English believers living at Shillong, the capital.

Brother and Sister H. E. Willoughby have arrived in the field and are now studying Bengali preparatory to their work. Pastor E. H. Guill-

ard is in charge of the city work in Calcutta, he and Sister Guilliard having come from Australia. Brother and Sister R. J. Borrowdale, also new arrivals, are located in the Santali field.

About five families since the last report have left this field on furlough, and so we are in great need of help in this union.

The work in this union is in a very encouraging condition. New interests at four or five different points promise great results if we can have the force to foster them.

The South India Union Mission

The territory of this union includes the province of Madras, the native states of Mysore and Travancore, and the British crown colony of Ceylon. The total population is approximately 60,000,000. The leading languages are the Tamil, Telugu, Kanarese, Malayalam, and the Singhalese, which are known as the Dravidian group. Active work is being carried on in the Tamil, Telugu, and Malayalam tongues, and a beginning has also been made in Kanarese, the language of Mysore, by the publication of literature on the second advent.

Since our last report, Miss L. D. Appleton, of Australia, has connected with the Bangalore Girls' School, and Brother and Sister E. Chapman, also of Australia, have come to work for the Malayalam people. Ceylon, under the South India Union Mission, has been now entered, Pastor J. M. Comer and wife, Brother F. O. Raymond and wife, and Brother Clyde Scanlon taking up work in Colombo. The prospects are good throughout all South India. There are many evidences that God is working. Our young men and women trained in our schools are a great asset, for a number are making strong laborers.

The Burma Union Mission

Burma has about 16,000,000 people, speaking several distinct languages and many dialects. The Burmese language is the predominating language. The union is divided into three local missions. Beside the European effort in Rangoon, where we have a church, work is carried on in Burmese at several points, chiefly in the Irrawaddy Delta Mission, and among the Karens. The Karens are more religiously inclined, and even where Burmese is spoken, the Karens seem most susceptible to the message. A few new missionary families have come to Burma, taking the place of others gone on furlough. The Technical School at Meiktila for Burmese, under Prof. D. C. Ludington, is making good progress, as can also be said of the two smaller schools for Karens at Kamamaung on the Salween, and at Taikygi on the Irrawaddy.

General

There has been growth in the publishing house at Lucknow. New workers have arrived in the person of the manager, Brother E. B. Jones, his wife, and the superintendent of the factory, Brother W. A. Scott, and his wife, who is helping in stenographic work. New machinery has been installed and a large amount of work has been done, with preparations to carry it forward on a still larger scale for the many millions of India.

The re-establishment of the English school at Mussoorie is the largest financial project yet undertaken in India, and perhaps it is second to none in importance. The training of our young people for the work should engage our strongest effort. Hampton Court College buildings have been rented for two years in which to conduct our school

while the new buildings are being completed at Vincent Hill. Pastor G. F. Enoch has undertaken a campaign in our churches, and also for the general public, for funds to assist in this enterprise. This campaign, just commencing, seems to be meeting with success.

Our treatment room work at Simla, Mussoorie, and Calcutta has had a good year and encouraging results have followed. Dr. O. Smith has moved during the year from Chuharkana to Bangalore, South India.

Steps are being taken toward the re-establishment of our headquarters, the present buildings and equipment at Lucknow not being sufficient for the advancing work, and there being no room in our present quarters for expansion. It is hoped that when Brother H. H. Hall arrives in India to counsel with us over the publishing work, we shall be able to decide on a suitable location. This will mean much to our work in India.

SOUTH AMERICAN DIVISION OF THE GENERAL CONFERENCE

O. Montgomery, Vice-President for South America

In the South American Division field there are eight republics, seven of which speak the Spanish language and one the Portuguese,—with a total population of 49,042,399.

There are two Union Conferences and two Union Mission fields, comprised of four local conferences and fourteen local mission fields, with a force of 131 employed field laborers, fifty-six native Indians, and eighty-three institutional workers, with 100 colporteurs.

One year ago our membership was 7,908. During the year there have been 1,379 baptisms, which means one person baptized for each five members. Our net gain, however, is 886, which brings our present membership up to 8,794.

Since the organization of the South American Division in January, 1916, we have added 79.36 per cent to our membership.

The total tithe for the period was \$118,805.29, a per capita of \$15.02. The total offerings to foreign missions were \$49,515.75,—a gain of practically 131 per cent over the previous twelve months period.

For the first nine months of 1920 our mission offerings were \$41,498.70, which is \$5,280.70 more than the mission goal set for the entire year.

The mission offerings of this field have been continuously climbing from year to year until our executive committee has been encouraged to set the goal for 1921 at twenty cents gold per week per member.

Our literature sales for the year ending September 30, 1920, were \$175,004.85, a gain of \$27,379.35 over the previous twelve months.

Each year marks progress in South America. During the first half of 1920 our Union Conference sessions were held, the first in four years. Brethren J. L. Shaw, Charles Thompson, and W. E. Howell of the General Conference were with us during these meetings, and made a swing of the entire South American Division field. Their splendid help was greatly appreciated by all, and the strong uplift and inspiration which they brought with them was a great blessing. Broad plans were laid for the future of the work in each of the Union fields. A five-year program was outlined for the strengthening and upbuilding of the different institutions in the field.

The Harvest Ingathering campaign carried on this year, which was the first effort of this kind in this Division, was a success. Even though

the field was not very well organized, and our plans were very seriously broken into by the sudden return of our home missionary secretary, Elder J. H. McEachern, to the United States because of the health of Sister McEachern, just as we were about to launch the campaign, and we had no one in the Division to head it up, and few of our men had had any experience in such a thing, yet the results were very gratifying. While this is a Catholic country, for the most part we found the public sympathetic toward our work, and ready to give financial aid to our cause. We have set our Harvest Ingathering goal at \$33,000 (gold) for 1921.

At the time of the Union session of the Austral Union, Elder J. W. Westphal was asked to connect with the general work of the Division as Field Secretary, and Elder R. T. Baer was elected as President of the Austral Union. This move has materially strengthened the Division features of our work and enables us to give stronger help to the fields.

A recent trip across the continent, down the mighty Amazon, opens to view a vast region, a large portion of which is untouched by Protestant missionary endeavor. During the year our missionary colporteurs have been pushing in this direction. Two are now working with good success at Sao Luiz, the capitol of the state of Maranhao, not far from the mouth of the Amazon. We plan to push on up this mighty stream with the banner of truth that those who sit in darkness in this region may see the light.

Notwithstanding strong opposition and bitter persecution by the enemies, our work in the Lake Titicaca Indian field goes forward strongly and steadily.

Several new recruits have come on during the year who have added strength to our forces in the different fields.

From every corner encouraging reports are coming. Doors are opening wide into unentered fields. Earnest calls are continually sounding in our ears which we can not answer, notwithstanding our earnest efforts to quickly train and develop men on the field, and the splendid work which is being done by our training schools in this direction. The need of South America is not only trained leadership, but leadership that can train, and an increased staff of workers.

AUSTRAL UNION CONFERENCE

Roscoe T. Baer, President

More than ordinary progress has been made in the Austral Union. During the first nine months of 1920 two hundred were received into church fellowship. Three new churches have been organized. The membership of the Union is 2,600.

The tithe for the first three quarters of 1920 was \$38,111.04, the offerings to missions \$22,126.13, making an average per member per week of twenty-one cents. The Uruguay Mission reached forty-one cents. The Harvest Ingathering resulted in raising \$5,796.63.

Publishing Work

The book sales for the Union for the year will be about \$105,000. There are forty-six colporteurs in the field who for the most part are handling our large religious books. "Great Controversy" is one of the best sellers. Not many years ago such an attempt would have

been considered very unwise, if not altogether impossible. We are glad for this success and thank the Lord for His power manifested in this field. Many student colporteurs have gone out this spring from our schools to earn scholarships.

Educational Work

This department suffered when we released our secretary, Brother C. P. Crager, to take the presidency of the Chile Conference. Since that time we have been without a secretary who could devote all his time to this and the Young People's work. We have the promise of H. B. Lundquist, of Peru, for next year. Our training school in Argentine has just closed the most successful year's work in its history. The enrolment reached nearly 200, and the students were of the best class. We lack dormitory room, and many have been turned away for this reason. Plans are in operation to provide necessary facilities. The college has been strengthened by the coming of Prof. J. S. and Mrs. Marshall, to strengthen the normal work. The addition of Brother and Sister Wohlers and J. M. Howell, have been a very material strength to the institution. Higher standards of efficiency are uppermost, and already we see very encouraging prospects for trained workers to enter the fields white for harvest.

Sanitarium

Our sanitarium is having a splendid patronage and the hand of God has been over the institution. Many have been not only helped physically, but spiritually. Six nurses were graduated a few weeks ago and these men and women go out to be workers along medical missionary lines. The institution has a missionary spirit and from its gains for 1921, it will help our college, located on the same hill, to build dormitories. The medical staff consists of Dr. Habenicht, Dr. Reogle, and Dr. Carl Westphal. We are glad to welcome Brother and Sister Baker from the Glendale Sanitarium, California. O. H. Maxson is the manager.

Argentine Conference

This conference comprises the greater part of the Argentine Republic. The field has been prospered and a good class of people are embracing the truth. The conference will receive the largest tithe in its history. Workers will enter some of the large cities. A public effort is being held in the city of Rosario, the second largest city in the Republic. The membership is 1,200, and the conference is self-supporting.

Chile Conference

This conference comprises the whole of Chile, except the three most northern provinces. There are fifteen colporteurs and thirteen laborers. A large city effort is on in the city of Valparaiso and splendid reports come of it. The conference operates a very successful school in the central part near the city of Chillan. The enrolment reached sixty-one. Elder Wheeler is principal, with a good corps of teachers.

Uruguay Mission

This mission has four workers. In addition, several colporteurs are selling books. The membership is 160 and the field is self-supporting. A new church is being erected at Nueva Helvecia. In addition to the regular funds needed for the operation of the field, this mission gave

in nine months, an average of forty-one cents per member per week for missions.

Alto Parana Mission

This Mission includes the Republic of Paraguay and a portion of the Argentine Republic lying in the north. The climate is tropical and in summer is very hot. We have several churches with a membership of 356. The mission has five workers. The tithe has increased substantially, and the offerings to missions amounted to thirteen cents per week per member. Six colporteurs are at work. At the annual meeting, \$500 was given for our training school in Argentine.

Mendoza Mission

This is a new mission recently opened by Brother E. Tulin in the city of Mendoza. He reports an interest sufficient to warrant holding a public effort. Mendoza is the gateway to the Andes and Chile.

North Chile Mission

This is an unorganized mission which comprises the three most northern provinces of Chile. A beginning has been made in this field. Brother Abraham Berchin is located in Antofagasta where he is having success with our literature. He reports some keeping the Sabbath and a good interest in the city. Several families of our people live in this territory.

Colporteurs, under the direction of the Chile Conference, are having splendid success. We hope soon to have a superintendent for this field.

Magellan Mission

Our church at Punta Arenas is at a point farthest south in all the world. Its membership is fifteen. Brother John Wedekamper is located here. Brother A. G. Nelson had to move farther north on account of his wife's health. He is located at Chubut and is doing a splendid work with our literature, selling thousands of dollars worth through all that country..

SOUTH BRAZIL UNION CONFERENCE

F. W. Spies, President

Another year of the "little time of peace" left to the Lord's people in which to finish their work has passed into history, and as we endeavor to give a bird's eye view of this past year's activities, it is with grateful hearts that we recall the special blessings and progress that the Lord has granted to His workers in spite of many adverse conditions that we have had to contend with during the year.

The Publishing Work

Perhaps at no time since the war began has our publishing house been compelled to battle with so many difficulties as during the past year. Great scarcity of material, as well as exceedingly high prices, have at times made it almost impossible to go on with our work, but at each turn the Lord provided ways and means. Notwithstanding all hindrances there was a gain in our output of over \$15,000.

The Educational Work

Our educational work has steadily increased. Our enrolment for 1919 was eighty-five, for 1920, 126. We are encouraged as we witness the interest on the part of the students in their work.

Harvest Ingathering

For the first time an attempt was made to raise means through the Harvest Ingathering work. We gathered more than \$3,000. Great enthusiasm has been awakened among our people as they have seen the possibilities of raising funds for missions in this way.

Rio Grande do Sul

This conference has again gone through the unfortunate experience of changing leaders. Besides this, H. F. Neumann was obliged to return to the States on account of his wife's failing health. Yet there has been progress in Rio Grande. A goodly number of new converts have been baptized. The literature work has grown encouragingly, and the finances, tithes, and mission offerings, especially the latter, have increased during the past year.

Santa Catharina

This conference has only two workers, yet seventy believers have been baptized during the year. The colporteurs who labored last year all went to school this year, but others will soon again enter.

Paraná

The Paraná Mission has had a good year. It needs workers. New interests in different parts of the mission call loudly for help. The finances of the field have also grown encouragingly. Especially is this true of mission offerings. In the Harvest Ingathering, Paraná led in our Union, they having averaged \$3.75 per member, and 32 cents for each paper distributed. The colporteurs have obtained good results, creating calls for the living messenger.

São Paulo

During the greater part of the present year this mission has been without a leader. Although the membership has grown and the tithe increased in the aggregate, per capita tithe is lower than last year. Mission funds have increased. The book work is also doing well. There is prospect of a new superintendent, when we shall see greater progress.

West Minas

This mission has a small working force. Its territory is larger than all the New England States. A. L. Westphal has been the only worker, aside from several colporteurs. Interests are springing up in different parts faster than they can be looked after. Tithes and offerings have increased. Another worker joins Brother Westphal. An evangelistic effort will soon be held in one of the largest cities. This is a rich and promising field.

Matto Grosso

During the year it has been possible for the first time to send workers to Matto Grosso. In February two colporteurs entered, and recently Brother M. Rhode has gone there as an evangelist. Aside from the first group of believers reported in our last annual review, another group of ten families has recently been found by one of our colporteurs 120 miles from the nearest railway station. These brethren have been keeping the Sabbath for some time, and had not before been visited by a worker.

The only unentered field in our union conference at the present is Goyez, and we hope soon to find a couple of good colporteurs for this State.

In closing this annual review we feel to thank the Lord for all the blessings we have received, and we realize that we need a greater amount of power from on high that the Lord's work may be carried on successfully.

THE EAST BRAZIL UNION MISSION

H. Meyer, Superintendent

The development in the East Brazil Union has been encouraging during the two years of its organization. The membership has increased from 905 to nearly 1,200. The workers have advanced courageously, entering new regions, and especially has there been progress in a number of the larger cities.

In the Rio de Janeiro Mission we now have three organized churches in the city of Rio de Janeiro, a small company in Nictheroy, across the harbor, and in the interior of the state several new companies have sprung up. Elder R. J. Wilfart is superintendent.

The East Minas Mission is one of our most promising fields. C. E. Rentfro, superintendent, reports progress in several places. Two new churches were organized. In Bello Horizonte, the capital of the state, a good beginning has been made, where a strong public effort is in progress.

The Espirito Santo Mission, the oldest field in this Union, for a number of years has confined its efforts among the German colonists. We now have a number of believers among native Brazilians, and soon their number may equal that of the German believers. J. H. Boehm is superintendent.

The Bahia Mission for several years has been in great need of workers. In May, a field missionary secretary, with five experienced porteurs, went there. In the month of June the writer visited a company of believers far in the interior of the State of Bahia, who had not been visited for four years. All were of good courage, and a church was organized. From there the work has spread to four other places. In October F. S. Chollar was appointed superintendent.

The Pernambuco Mission has also made progress. New interests have sprung up in the States of Parahyba and Rio Grande do Norte, and in the city of Recife, where the work was started in the beginning of 1919. We now have here a church of sixty-five members. E. Langenstrassen went there in May as secretary-treasurer of the Mission.

Our hearts were also made glad when two experienced canvassers could be sent further north to the State of Maranhão, a field which had not been entered. They are of good courage, and report several interests, with a number keeping the Sabbath. A minister has to follow soon. It is our firm intention to reach the Amazon during 1921. With confidence and faith in the final triumph of the message we are pressing on to the finishing of the work in this long-neglected continent.

INCA UNION MISSION

E. F. Peterson, Superintendent

As we review the work in our field for the year, we thank God and take courage. Each month has recorded new triumphs in the advancement of the message. Six hundred persons have been baptized

in the Union, and the year is not yet finished. Scores are studying and preparing for baptism in various parts of the field. We now have a membership of about three thousand. A spiritual hunger is noted among the Spanish-speaking people to read our literature and to hear the message. Among them are many sincere hearts who are longing for the third angel's message. Like an avalanche the Indians are coming to our workers in many places pleading for help until we are almost overwhelmed by the number of urgent calls. We are thankful for the new workers who joined us during the year.

As we journey from place to place where nothing has been done to give the gospel, and see the eager desire on the part of so many to hear the truth, we can only liken it to one who first sees a great mine of precious jewels before him and which needs only to be worked to produce an abundance, but who is unable to get men to go to work. We realize the possibilities of undeveloped centers as demonstrated by those already established. Too, as we realize our utter inability to meet the many calls, we can only cry to the Lord of the harvest to send more reapers into the fields white already for the harvest.

A successful Harvest Ingathering campaign was conducted. We almost doubled the goal set for our field.

The educational work is advancing rapidly, and by means of our mission schools many are won to the truth. We conducted forty-four primary schools with an enrolment of 2,500 pupils; one secondary training school at Lima, for Spanish workers; besides a short course training school for the Indian workers at Platería. This last had an enrolment of more than sixty Indian teachers and evangelists.

The field received a great uplift through the visit of J. L. Shaw, Charles Thompson, and W. E. Howell, from Washington, and O. Montgomery, H. U. Stevens, and W. H. Williams from Buenos Aires. In answer to the calls made by the visiting brethren in behalf of the world-wide work a hearty response was made by the members in making a liberal offering to the world-wide program of giving the gospel to all the world in this generation.

Peru Mission

During 1920 there have been no new churches organized, but many new believers have been added to nearly all organized churches. We have several companies almost ready for organization. At one place there is an entirely new company of some twenty members brought to the message largely through the efforts of a colporteur. One church has more than doubled its membership, twenty-nine being baptized. Thus far about eighty new members have been added. A number of Sabbath schools, home missionary and Missionary Volunteer societies have been organized. A strong home missionary campaign is carried on. During the first nine months our mission offerings reached 15 cents per week per capita. The goal was 9 cents. The tithe also has increased. In the Harvest Ingathering campaign we raised \$846.62.

The colporteur work was not as prosperous as the preceding year, due to the fact that we had no one to guide. Recently we lost two workers. One left the work, the other died.

L. D. Minner.

Ecuador Mission

Aggressive evangelistic work has been carried on in the city of Quito with good results. Another series of meetings was held at Durán.

J. D. Lorenz and E. P. Howard visited Indians in several districts near Riobamba, and found them susceptible to the message. On account of the failing health of Sister Howard, they had to return to the United States, leaving the Indian work with no one at present in charge. In August J. R. McWilliam and wife, reached the field to take charge of the colporteur and home missionary work. Those engaged in the sale of literature are meeting with good success. Several persons have been baptized in Quito. The first part of December a trip was made up the river from Guayaquil to investigate relative to opportunities for pioneer work. Little towns and large plantations and farms were found. A motor launch could here be utilized to good advantage. Ecuador is called the Garden Republic, and certainly deserves the name. Almost anything can be grown. Fruits especially are in abundance and in great variety. Climatic conditions are varied, from the tropical heat of Guayaquil to the perpetual spring-like weather of Quito. Guayaquil, the port of entry, is a city of 80,000 inhabitants. Yellow fever has been stamped out here under the direction of the Rockefeller Institute. Now is an opportune time to increase our work in Ecuador and reap a harvest of souls.

Bolivia Mission

W. R. Pohle, superintendent, reports progress in this highland republic. R. S. Shepard, former treasurer of the Lake Titicaca Mission, began work among the Aymara Indians at Rosario. Within a few weeks there was a regular attendance at the Sabbath meetings of over seventy, many forsaking their vices and preparing for baptism and church membership. This new mission has been named the Mauri River Indian Mission. A primary school with an enrolment of nearly fifty students is in progress here. Brother Shepard's former Indian helper, Mateo Urbina, was placed in charge of a primary Indian school at Cotacota. As a result, several families have accepted the truth, and with others are asking for baptism, offering land and a mission building. A night school is conducted at La Paz, the capital; for the Indians by a lay member, a tailor. Calls are coming for mission schools from many other parts of Bolivia. Two Indian workers are employed at the Mauri River station. The people come for miles to receive medical aid. They thus become fast friends of the mission, and many accept the message. It is hard to meet the calls with our meager corps of workers. Literature sales prosper under the direction of L. G. Beans. Tithes and offerings are on the increase. The Harvest Ingathering campaign netted an amount equal to over \$50 per capita.

Lake Titicaca Mission

Shortly after the middle of the year the great Quechua district lying north of the Lake was permanently entered. This mission is located in a beautiful valley on the Cuzco railroad, four miles from the little station of Laro. It bears the name of Laro Mission. Pedro Kalbermatter, of Argentina, is in charge. He has been threatened with death, but stayed at his post, and now a church building is finished, also a little two-roomed dwelling. Thousands of Indians can be reached from here, and already many calls are coming from the Quechuas for mission schools.

Archie Field has been located at the Broken Stone Mission. He has begun the erection of permanent mission buildings. The Sabbath attendance is about 350 or 400.

Dr. S. T. Johnston is temporarily located at Esquiñas. He has a new church building finished, with an ever-increasing Sabbath attendance.

During the year the Ilave Mission has been completed, and a church of 218 members organized.

We now have eight missions with eleven foreign workers. Three of these have just arrived. Two families are in the home at Tingo who have not yet been turned over to us. We have fifty-six native workers, of whom thirteen are evangelists, the remainder native teachers. Our teachers conducted thirty-eight schools with an enrolment of 2,440 students the past year. Our school work is meeting with more favor each year by the national educational men. Our tithes and offerings have more than doubled during the past year. During the year seventy-five have been baptized at the Pomata station, sixty-four at Broken Stone, sixty at Ilave, seventy-eight at Esquiñas, thirty-eight in the school of Titicaca, and in the month of September 187 at one time in Platería, the latter being the largest baptismal service ever held in the Mission. A total of 502 were baptized up to September 30, 1920.

E. H. Wilcox.

SOUTH AFRICAN UNION CONFERENCE

W. B. White

During the year 1920 progress has been made in all departments of the work in this field.

New Recruits

First, we wish to mention that our working force has, during the past year, been augmented by the arrival of Elder W. H. Branson and family, the Divisional Vice-President. Brother Branson is now in general charge of the work in the South African Division. There has also come to assist us Brother and Sister Pond from the Loma Linda Sanitarium. It is likely that he will connect with our native mission work. There has also come to us Brother and Sister C. A. Cole, from California, he taking the chef work in our Plumstead Sanitarium. We have been glad to welcome Prof. John D. Stickle and wife from the Western Canadian Academy, both of whom will take work at the Spion Kop school next year. The arrival of these workers has been very gratifying to the field, and they will find their places in the work.

Evangelistic Work

During the past year evangelistic work has been carried on in many places, which has tended to increase and strengthen the European work. In the Eastern Transvaal a good church has been raised up through the efforts of Pastor J. J. Birkenstock. His efforts were confined largely among the Dutch farmers, quite a number of whom have now yielded to the truth. Another evangelistic effort has been carried forward in the city of Kimberley by Pastor C. A. Paap and assistants. As a result, some forty have accepted the truth, and the present church building at Kimberley, the first one to be erected in South Africa, is altogether too small for the accommodation of the people. An evangelistic effort has also been carried on at Parijs in the Northern Free State, which has resulted in the bringing out of a new company and the organization of a church.

A company of Indians in the city of Durban has recently been raised up through the efforts of Pastor M. C. Sturdevant. This company was recently organized into a church. Additions have also been made to the churches in the different parts of the field, and we feel strongly impressed that could the field be favored with the labors of a few strong evangelists a good work could be accomplished just now among Europeans. We regret very much that Pastor C. A. Paap and wife have been called to return to Australia on account of the death of his father, which leaves the aged mother alone. They feel it their duty to return and comfort her declining days.

During the past year church buildings have been erected at Bloemfontein, the capital of the Orange Free State. A parsonage has also been erected near the church to accommodate the one having charge of the work in that city. Another church building has been erected at Ermelo, in the Eastern Transvaal. Both of these buildings have recently been dedicated to the Lord.

The Claremont church recently sold its interests in their old chapel to the African Divisional Conference and are now preparing to build a church. A lot has already been secured near the train and tram lines. The Cape Conference sold the Kimberley Baths, which for many years have been conducted in that city, and from the money received, reserved sufficient to build a new church in that city. Quite a number of native buildings have also been erected during the past year in different parts of the native mission field, and others are under construction.

Publishing Work

During 1920 there has been a very gratifying sale of our native literature throughout South Africa. Times have been very good, money plentiful, and consequently our subscription books have sold well. We are glad to report that \$10,455 worth of native books have been sold and delivered, also \$35,590 worth of English books. We feel that a great field is open before us in South Africa for the sale of native literature, and we are producing it as fast as possible with our limited printing facilities. This literature sells readily throughout the field.

During the last year "Steps to Christ" has been issued in the Sechuan language, and is selling rapidly. "Prophecies of Daniel" has also been put into the Sesuto language. We have also issued a paper in the Shangan tongue. Other books are being prepared and translated. We have also issued "Testimonies for the Church," Volume 9, in the Dutch language.

Special efforts are being made to circulate the *Sentinel* and *De Wachter* (our Dutch paper). Large clubs of these papers are being taken by our conferences and mailed out into the regions far from the railway lines, where the canvasser is not likely to go. In this way we are trying to call the attention of the people to the truths for these times. Our churches are also taking large clubs, thus these papers have large subscription lists.

We are glad to say that steps are now being taken for the enlargement of the publishing work in this field. The present building used for the Union Conference offices, chapel, and school is being given up entirely to publishing. With increased facilities we hope to do much more along the publishing line in 1921.

Educational Work

Our Spion Kop school has had a successful year. Every room has been filled, and we feel a good work has been accomplished. We had double the students in 1920 that we had in 1919. We hope for a large increase during 1921. We are now erecting a school building which we hope to have ready for the beginning of next year. This will be a great improvement for the school.

Bible schools are being held among the believers in the different tribes of native people. These are a great blessing and help to the work.

Sanitarium

Our sanitarium at Plumstead, for various reasons, has not had as successful a year during 1920 as formerly. However, we are hoping that it will make its way financially, and we are looking forward to the time when with the incoming of a physician who will give all his time to the work that the institution can be placed upon a better basis.

Mission Work

Recently it was decided to sell the Maranatha Mission farm, which was located outside the Kafir reservation and far away from town, and move more directly into the Kafir area. This farm was sold to Brother Chas. Sparrow, and another of eighty acres has been purchased eight miles from Umtata. This will be used as an outstation and will serve for both Pondoland and Tembuland. Another outstation will be established in the southern part of Kafirland in the vicinity of King William's Town. Our central training school work will hereafter be carried on at the Bethel Mission. We might mention that the Union Conference has sold the Glendale Mission farm in Southern Rhodesia. It was unfavorably located for mission work, so it was thought best to dispose of it and locate elsewhere.

We are glad to report that during the past year a definite location has been selected for mission work in the southern Congo. Two brethren are already on the ground and are erecting buildings. Bechuanaland is also now being opened up. Pastor W. H. Anderson and wife with native workers are upon the ground, and have found the field white ready to the harvest. They are already reaping some excellent fruit. The last year has also witnessed the reaping of the first fruits of our work in Swaziland, there having recently come to the truth a brother who for years has been in the employ of the Swaziland government and whose wife is a sister to the queen. This brother is well educated, and we are hoping that he will make a faithful worker for that field.

During 1920 we laid some plans with the view of reaching the Jewish people, and a brother converted from Judaism is now giving his time to that line of work. However, it seems very difficult to reach these people with the truth. He is finding some interested ones, but prejudice and opposition are very strong against his work.

Courage and confidence are in the hearts of our people in South Africa. We are endeavoring to realize as we should the shortness of time and the great necessity of pushing our work rapidly forward that the honest in heart may hear the message of the Master. Pray for us in the Dark Continent.

SOUTH CARIBBEAN CONFERENCE

This conference comprises the islands of Trinidad, Tobago, Barbados, Windward and Leeward Islands, British, French, and Dutch Guianas.

It reaches from Anguilla in the north to the southern boundary of British Guiana, a distance of 2,000 miles. It has a population of 1,267,600 English-speaking, 230,000 French-speaking, 100,000 Dutch, 62,000 East Indians, and 20,000 Aborigines Indians—a total population of 1,677,600. There are thirty-eight organized churches, and twenty companies, with a membership of 1,665. We have three mission stations established among the Aborigines Indians. There are several islands that have never been entered with this message, and many, many places in British, Dutch, and French Guiana that have not been visited by a Seventh-day Adventist minister or colporteur.

The sixty-three Sabbath schools, under the direction of Mrs. M. E. Holbrook, Secretary, have doubled their offerings the past two years.

The book work, under C. B. Sutton, field secretary, has gone beyond the goal set by the publishers.

The home missionary and young people's work is advancing rapidly since S. L. Ash is giving his entire time to these lines.

As the result of evangelistic efforts, 745 believers were baptized and added to the church between the conference sessions.

I. V. Minner is director of British, Dutch, and French Guiana, under the direction of the conference committee.

A sanitarium on the island of Barbados, under the direction of Dr. Chas. Cave and wife, is doing excellent work. Souls are accepting the truth as a result of their work.

We are very much in need of a man to take the directorship of our northern islands. Poor facilities for traveling renders it well nigh impossible for the president to visit the different fields more than once a year, and this is not sufficient to properly direct the work. We are also in great need of a small training school to develop workers to step into the openings that are continually being made for labor.

W. S. Holbrook.

JAMAICA CONFERENCE

This conference comprises the island of Jamaica, the Cayman, and the Turks Islands.

Over seventy organized churches and companies, with a membership of 2,300, comprise its constituency. The year 1920 brought the greatest advancement in finances ever seen in Jamaica, our funds being approximately four times greater than three years ago. In spite of the high prices, and the almost prohibitive rate of exchange, several thousand dollars worth of our books have been sold to the people. J. A. Applegate has efficiently directed this part of the work.

The West Indian Training School, located at Mandeville, had an enrolment of sixty-two students. From this fine body of young people, we have already begun to draw workers. The immediate prospect for increase of students, and the present overcrowded condition of our school, compel us to build several additional buildings. At present we have four, and one under construction. The school is under the management of Prof. W. H. Wineland.

The young people of the Jamaica Conference have a new vision of the possibilities in connection with the work of this denomination. Since our Missionary Volunteer secretary, Miss Minnie E. Dauphinee, took charge of the work some twelve months ago, twenty-six Volunteer societies have been organized, many of whose members are planning to enter the training school.

Seven ordained ministers, and four other workers are employed in field and office work. Five other workers are employed in the training school at Mandeville. Malaria and other tropical diseases have made inroads on our working force. Those having to go on furlough or give up work entirely were M. E. Anderson, former president of the Jamaica Conference, and family; C. B. Hughes, former principal of the West Indian Training School, and family; and H. L. Mignott. New workers in the persons of W. J. Hurdon, of Canada, and M. B. Butterfield, formerly of Trinidad, with their families, have recently joined our staff of workers, also Robert E. Morris of Pacific Union College, and Keith Burke and wife of South Lancaster Junior College. These workers come to take the place of those who have gone away, and to assist in our training school work. Altogether the outlook for Jamaica is encouraging.

G. A. Roberts.

CARIBBEAN MISSIONS

Cuba

Cuba is the largest island of the Caribbean Sea. It has a population of nearly three millions, and stretches a distance almost equal to a line drawn from New York City to Indianapolis, Indiana. Its resources have scarcely been drawn upon, and the year 1920 has been a prosperous one.

Our work has made good progress. The colporteurs had an excellent year, the sales amounting to over \$40,000. This message-filled literature is preparing the way for a harvest of souls as evangelistic work follows. Added to our regular force we were greatly assisted during the summer by Prof. H. A. Peebles, of Keene, Texas, who did excellent work in the city of Havana. Later in the summer Floyd A. Stephenson, of Texas, came to spend some time in acquiring a practical use of Spanish and at the same time doing self-supporting work. H. E. Blackwelder reached the field in February to lead out in colporteur work. Our working force was added to by the arrival of Elder George Vore and family, F. W. Miller and wife, C. J. Foster and family, and A. P. Christiansen and wife. Brother Christiansen takes charge of the office. These new workers have to acquire the Spanish, meaning one year before much aggressive work can be done.

We are glad to report the building of our first mission home in Cuba. Santiago is the hottest city on the Island, and for this reason we erected this home there. At its side we plan to erect a neat church building. Most of the funds have been secured in Cuba. Havana, with a population of nearly half a million, and the most important city, has no place of worship worthy the name.

It is imperative to success that we open and maintain a training school to train our native evangelists.

Tithes and offerings show a remarkable increase, reaching \$12,000. The past four years the increase has been six-fold. Our membership has trebled during the same time.

More than \$1,000 was raised in the Harvest Ingathering work.

S. E. Kellman.

PORTO RICAN MISSION

This mission comprises Porto Rico, Santo Domingo, and the Virgin Islands. The work has made steady progress during the past year. We have at present nine churches with a total membership of 419. Evangelistic efforts have been held in Calguas, Moca, and Azua, resulting in the addition of several to our constituency. A good interest is being manifested in Santo Domingo, especially in the north central part. In Santo Domingo city our work has a good foothold. Plans are being laid for the erection of a chapel, church school, and workers' home in that city. At Moca and Jababa, and in the surrounding territory, the people are calling for evangelistic work to be done for them. We hope to reap a rich harvest of souls at these places. The work in the southern part of Porto Rico is also progressing.

For the first time in the history of the mission, a Harvest Ingathering campaign was launched. As the result over \$1,700 was gathered for missions.

During the year, our much-needed training school for native workers was built at Aibonito, Porto Rico. The school is located in a very beautiful part of the island. It is about 2,000 feet above sea-level, making it an ideal place for this tropical climate. The institution will help us answer many calls coming to us continually for workers. The school is well filled with young people.

During the year the following persons have returned on account of failing health: Elder and Mrs. C. E. Moon and children; Miss Jessie C. Butler; Elder and Mrs. H. D. Casebeer and daughters; Brother and Sister E. G. Truitt and child; Dr. J. F. Morse.

The new arrivals are Professor and Mrs. B. A. Wolcott and boys for educational work; Brother F. E. Wilson and wife and children, for evangelistic work; Elder C. V. Achenbach and wife and child, for superintendent; Miss Buelah Soper for church school work in Virgin Islands. Dr. W. C. Duncombe has taken the place of Dr. J. F. Morse in self-supporting work.

The outlook is encouraging throughout the field.

HAITI

Advancement has been made in Haiti during 1920 despite the difficulties.

A beginning was made in the southern part of the island, Brethren Péan and Abel locating there with a tent. After about nine weeks' work the tent was burned. Twenty are awaiting baptism at this place. The North Pacific Union Conference donated a new tent. Thus a seeming defeat was turned into victory.

Brother Isaac, who has led out in many new efforts, has been allowed a change the past year, working among the churches. Brother Jules Jean-Baptiste has been strengthening the work in Gonaïves, where a decided victory over Catholicism was gained by a tent effort the previous year. Brother Théodore has labored among the churches most seriously affected by warfare, and reports a large number of candidates.

All the foreign workers except myself left the field early in the year, and I left on furlough in August. On our return we found many candidates awaiting baptism. Our membership is now over 600. The first six months show a marked increase over the same period last year. The tithe increased 38 per cent, the offerings 149 per cent. The last

half of the year conditions have been very serious in Haiti. Many people are dying of hunger.

In April we secured a beautiful property, and expect to open here a school for young men early in 1921. The church at Cape Haitien has been completed, and is ready for dedication. A good location for a church building has been secured at Port-au-Prince, the capital, and the members there have pledged 1,000 guordes toward its erection.

Brother C. G. Parkins came to the field when I returned, and is earnestly studying the language preparatory to launching the colporteur work in earnest after the general meeting to be held in April, 1921.

With the present financial crisis facing us, we shall do well to hold our own. We are of good courage, knowing the Lord will not forsake us.

A. G. Roth.

VENEZUELA

The year 1920 marks progress in Venezuela, with its 3,000,000 inhabitants and a territory greater than the British Isles, the Netherlands, and Germany combined. During the year two families joined the mission, D. D. Fitch and family, and Byrd Bullard and wife. Brother and Sister Fitch have conducted a Bible school for a few hours each day in Caracas. Thus three young ladies have developed into Bible workers. These are our first native workers, aside from colporteurs, and are doing very acceptable service. Brother Fitch reports a baptismal class of eleven.

Brother and Sister Bullard took the burden of the office. They also assist in the Bible school.

During the year seven colporteurs have been in the field. These have placed more than \$10,000 worth of books in the homes of the people.

Our present membership is twenty-four. The receipts for the first ten months amounted to \$2,042.16. Of this \$262.89 is Sabbath school offerings; \$82.42 missionary offerings; \$1,182.87 tithe, and \$513.97 Harvest Ingathering.

During the year several families in widely separated parts of the field began the observance of the Sabbath through reading literature, and by visits of our faithful colporteurs. Some who are near we visit frequently. To answer some of these urgent calls requires hundreds of miles of travel over open prairie by auto, or over mountain trails by the slow plodding mule.

Word reaches us that \$10,000 is granted for the erection of permanent headquarters in Caracas. This brings great joy to the hearts of our workers, and means a great advanced step for our work, placing it upon vantage ground.

CENTRAL AMERICAN MISSIONS

Honduras

During the year our mission suffered the loss of two of our best workers, and their wives, W. G. Kneeland and V. P. Hulse. They left as we were to start our summer campaign. Notwithstanding this loss, the work has made good progress. We have not been able to hold tent efforts, but meetings have been held in halls. More than forty have been added upon profession of faith. Most of these were Spanish. This represents the best progress we have made among the Spanish.

Last year coconuts, the chief product, sold for more than \$100 per thousand. This year they scarcely sell for \$50. We feared the tithe would be far less than last year, which showed one hundred per cent gain over 1918. But we are glad to report so far, we are about twenty per cent ahead of last year. This is due to more faithfulness on the part of the older churches, and to an increase of tithe payers.

Our literature work is reviving. Brother Rolland Sweany reached the field the first of June, to lead out in this work. He worked hard. Brother Sweany has now gotten a good hold upon the language and customs of the people. (As the Year Book goes to press the sad news comes of Rolland's sudden death from blackwater fever.)

We regret we could not open the Siguatepeque school this year. February 7, 1921, is the date set for opening.

During the year we lost two foreign families, and gained two. We have also added one native worker.

The mission acquired two mission homes, one in Tegucigalpa, and one in San Pedro Sula. Also we have received as a gift, a large tract of land, with houses and other improvements, to be used in educational work.

We have suffered the loss by death of two of our pioneers — Mrs. Martha Spregg, and Brother Christopher Jones. Brother Jones has been a "father in Israel," and will be greatly missed. He has served as local elder, missionary, and advisory committeeman.

W. E. Lanier.

SALVADOR

Salvador looks small on the map, but in proportion to its area, it is the most densely populated country in Central America. Over a million and a half people sit in darkness. Wherever you go, over mountains or through valleys, you find little Indian villages with the people steeped in Catholicism and superstition, bowing down to wood and stone. They have not heard the message of a loving, living Saviour. Heretofore it has been very hard to get out into these byways and hedges. But now three new railroads are being built, which will greatly facilitate our work.

The past year has been one mostly of reconstruction and preparation. Much time has been devoted to organizing and instructing church members for more effective home missionary work.

Our endeavors in educational lines have been greatly handicapped because we were unable to get a competent teacher. There are many bright children and youth growing up in ignorance and sin, drifting from the church, who should be in church schools learning to carry responsible positions in the future, as church officers and workers.

The medical work has made a start at Santa Ana. Brother Murray has opened here treatment rooms. He is handicapped through inefficient equipment.

With the arrival of Brother and Sister England the colporteur work receives new impetus.

Carl F. Staben.

WEST CARIBBEAN CONFERENCE

This conference comprises four Latin-American republics — Colombia, Panama, Costa Rica, and Nicaragua. Our organization is on the plan of a union conference in that superintendents have been placed over the

various territorial divisions. Our conference has need also of two field missionaries.

Thus far, more than 95 per cent of our ministerial efforts have been spent in the English language. We are now bending our energies particularly to Spanish sections. The past year eight church conventions have been held in centers distant from headquarters. These have served to strengthen the work in many ways. The devotion and the good will of the brethren have made this work enjoyable.

A general program to increase educational advantages is bringing courage to our people. A ten-weeks training course for school teachers — the first of its kind — has just been concluded. This will enable us to increase our church schools to eleven. Many friends of the message plan to send their children to our schools, and we believe this will result in introducing the truth into many new homes. This normal course has prepared the way for the opening of a training and industrial school in the Canal Zone, which is to begin its work in March, 1921. C. J. Boyd has been appointed educational secretary.

The republic of Colombia, the largest half of our conference, will soon have its first superintendent, and we expect to secure four American colporteurs to assist him. We desire to see Colombia placed upon equal vantage ground with its sister republics.

The capital of Costa Rica has been entered by a worker who will give his entire time to the Spanish-speaking people. The English and the Indian work on the Atlantic side of Nicaragua have received ministerial help, and a providential opportunity presents itself to us in the way of supplying a good surgeon, as well as in the opening of a small hospital. Western Nicaragua having been added recently to our conference, a resident colporter has entered that field. A Bible worker will be sent shortly.

Max Trummer.

DETACHED MISSIONS

Hawaii

The territory of Hawaii was annexed to the United States in 1898. It lies in the North Pacific Ocean about 2,020 miles southwest of San Francisco. There are eight inhabited islands, with a total area of 6,449 square miles. The population, not including United States troops, is 250,000. The islands were first brought under one control by king Kamehameha in 1795. Queen Liliuokalani, the eighth and last Hawaiian to occupy the throne, was deposed in 1893.

The Hawaiians are a stalwart race. They are generous, pleasure loving, natural musicians and orators, usually well educated, as compulsory education has been in vogue for nearly fifty years. They were never cannibals.

The years 1919 and 1920 have been very prosperous ones for our mission. During these two years, with the help of the Lord, we have built a new church, bought a new school and mission property, and purchased the property next to the church for a parsonage and tract society office. These institutions are now entirely free from debt.

In 1919 we used 1,700 papers in the Harvest Ingathering work, and took in over \$1,700. This year we used 3,000 papers and received \$3,500. There is also a steady growth in membership, tithes, and offerings.

Hawaii's plea for help brought to us Elder and Mrs. S. T. Hare and daughter Ethyl, and Professor and Mrs. H. E. Giddings. The long experience of these workers in evangelistic and educational work will be of great value to our mission field.

R. J. McKeague is secretary and treasurer of the mission, C. R. Webster is conducting treatment rooms in Honolulu, and Wm. MacMillan and wife are operating treatment rooms in Hilo, on the Island of Hawaii.

F. E. Stafford, while not directly employed by the mission, is rendering valuable service in our Oriental work, being secretary of that department.

H. G. Rowland is colporteur. He is doing a good work in all of the islands.

With our present corps of workers our prospects for further development are very bright.

L. L. Hutchinson.

Bahama Islands

The first of October, 1919, we left on furlough to the States. As there were no other foreign workers in the Bahamas, the interests of the work were left in the care of two native Bible workers.

The largest number of believers, about forty, is located at Nassau, the capital. On the Island of Eleuthera, fifty miles distant, are seven baptized believers. On the eastern side of this group, on Watlings Island, is another organized company of eighteen baptized believers, ten others awaiting baptism. One of our Bible workers has been located here for about two years. They have recently completed a church building which we hope to soon dedicate, and baptize other believers.

On Andros Island, fifty miles west of Nassau, is another company of believers. Our other native Bible worker has been located here most of the time since November, 1919.

As work is scarce here, and as Florida offers work at good wages, many of our believers have gone to the States. This depletes our membership, but we are glad there are live Seventh-day Adventist churches along the Florida coast with which they can unite, and thus be encouraged to remain true to the faith.

We returned from furlough in February, and began visiting the churches, but in this work we were greatly handicapped by sickness, first of our daughter, afterward my wife. During the summer it became evident she could not recover here, so I accompanied her to one of our sanitariums in the States. After three months she returned with her health greatly improved.

The income during the year was 450 pounds. This represents quite a sacrifice on the part of many of the believers who are very poor in this world's goods.

CONSTITUTION AND BY-LAWS OF THE GENERAL CONFERENCE.

(As amended at the thirty-ninth session, held at San Francisco, California,
March 29 to April 14, 1918.)

Article I — Name.

This organization shall be known as the General Conference of Seventh-day Adventists.

Article II — Object.

The object of this Conference is to teach all nations the everlasting gospel of our Lord and Saviour Jesus Christ.

Article III — Membership.

Section 1. The membership of this conference shall consist of: —

(a) Such union conferences as have been or shall be properly organized and accepted by vote.

(b) Such local conferences not embraced in any union conference as have been or shall be properly organized and accepted by vote.

(c) Such union missions as have been or shall be properly organized and accepted by vote.

(d) Missions, properly organized, not included in union conferences or missions.

Sec. 2. The voters of this conference shall be designated as follows: —

(a) Delegates at large.

(b) Regular delegates.

Sec. 3. Delegates at large shall be: —

(a) The General Conference Executive Committee.

(b) Such representatives of missions of the General Conference as shall receive delegates' credentials from the executive committee, and such other workers as may be selected, such credentials to be given only by the consent of a majority of the executive committee.

Sec. 4. Regular delegates shall be such persons as are duly accredited by union conferences, union missions, and local conferences and missions not included in any union conference.

Sec. 5. Each union conference shall be entitled to one delegate without regard to numbers, an additional delegate for each local conference in its territory, and an additional delegate for each five hundred of its membership. Each local conference not included in a union conference shall be entitled to one delegate without regard to numbers, and one additional delegate for each five hundred members. Union missions and local missions not included in union conferences shall have such representation as may be decided by the General Conference Executive Committee, and accepted by the delegates in session.

Article IV — Officers and Their Duties.

Sec. 1. The regular officers of this Conference shall be a president, the vice-presidents, a general secretary, an associate secretary, a general treasurer, an assistant treasurer, and an auditor, who shall be elected by the Conference.

Sec. 2. President: The president shall act as chairman of the executive

committee, and labor in the general interests of the Conference, as the executive committee may advise.

Sec. 3. Vice-Presidents: The Vice-Presidents shall assist the President in administering the affairs of the Conference in all parts of the world. In the absence of the President they shall act as chairmen of the committees with which they are directly associated by the arrangement of the General Committee. They shall have the direct oversight and charge of the administrative work in the fields to which they are assigned.

Sec. 4. General Secretary: It shall be the duty of the general secretary and the associate secretary to keep the minutes of the proceedings of the conference sessions and of the committee meetings, and to collect such statistics and other facts from union, and local conferences and missions, as may be desired by the conference or the executive committee, and to perform such other duties as usually pertain to such office.

Sec. 5. General Treasurer: It shall be the duty of the general treasurer and the assistant treasurer to receive all funds and disburse them by order of the president, and to render such financial statements at regular intervals as may be desired by the conference or the executive committee.

Sec. 6. Election of officers: All officers of the Conference, and the members of the executive committee except presidents of union conferences, shall be chosen by the delegates at the regular quadrennial sessions of the General Conference, and shall hold their office for the period of four years, or until their successors are elected, and appear to enter upon their duties.

Article V — Executive Committee.

Sec. 1. At each regular session the Conference shall elect an executive committee for the carrying on of its work between the sessions.

Sec. 2. The executive committee shall consist of the president, the vice-presidents, the general and associate secretaries, the general treasurer, the assistant treasurer, the sub-treasurers, the field secretaries, the presidents of union conferences, the superintendents of organized union missions, the secretaries and assistant secretaries in charge of duly organized departments, namely, the Publishing, Medical, Educational, Sabbath School, Religious Liberty, Young People's Missionary Volunteer, Home Missionary, and the North American Negro Department, the general secretary and assistant secretaries or superintendents of nationality work of the North American Foreign department, the ex-presidents of the General Conference having credentials from this Conference, and other persons not to exceed eleven in number.

Article VI — Incorporations, Departments and Agents.

Sec. 1. Such incorporations may be authorized and departments created as the development of the work requires.

Sec. 2. At each regular session of this Conference, the delegates shall elect the trustees of all corporate bodies connected with this organization, as may be provided in the statutory laws governing each.

Sec. 3. The Conference shall employ such committees, secretaries, treasurers, agents, ministers, missionaries, and other persons, and make such distribution of its laborers, as may be necessary to effectively execute its work,

Sec. 4. The Conference shall grant credentials or licenses to its ministers and missionaries. In union missions the respective executive committees shall have power to grant credentials and licenses to foreign and native workers.

Article VII — Sessions.

Sec. 1. This Conference shall hold quadrennial sessions at such date and place as the executive committee shall designate by a notice published in the Advent Review and Sabbath Herald at least three months before the date for the session.

Sec. 2. The executive committee may call special sessions at such time and place as it deems proper, by a like notice, and the transactions of such special sessions shall have the same force as those of the regular sessions.

Article VIII — By-Laws.

The voters of this Conference may enact by-laws and amend or repeal them at any session thereof, and such by-laws may embrace any provision not inconsistent with the constitution.

Article IX — Amendments.

This constitution or its by-laws may be amended by a two thirds' vote of the voters present at any session, provided that, if it is proposed to amend the constitution at a special session, notice of such purpose shall be given in the call for such special session.

BY-LAWS.

Article I — Regular Sessions.

Sec. 1. At each session of the Conference the executive committee shall nominate for election the presiding officers for the session.

Sec. 2. Previous to each session of the Conference, the executive committee shall provide such temporary committees as may be necessary to conduct the preliminary work of the Conference.

Article II — Executive Committee.

Sec. 1. During the intervals between sessions of the Conference, the executive committee shall have full administrative power, with authority to grant and withdraw credentials and licenses, and to fill for the current term any vacancies that may occur in its officers, boards, committees, or agents, by death, resignation, or otherwise, except in cases where other provisions for filling such vacancies shall be made by vote of the General Conference. The withdrawal of credentials or filling of vacancies on the executive committee shall require the consent of two thirds of the members of the executive committee.

Sec. 2. Any five members of the executive committee, including the president or a vice-president, shall be empowered to transact such executive business as is in harmony with the general plans outlined by the committee, but the concurrence of four members shall be necessary to pass any measure.

Sec. 3. Meetings of the executive committee may be called at any time or place, by the president or a vice-president, or such meeting may be called by the secretary upon the written request of any five members of the committee.

Article III — Departments.

Sec. 1. The work of the departments of this organization shall be in charge of the secretaries elected by the General Conference, associated with the committees selected by the executive committee, when such committees are not otherwise provided for by the Conference.

Article IV — Finance.

Sec. 1. This Conference shall receive a tithe from all of its union conferences and local conferences not included in union conferences, and the tithe of its union and local mission fields.

Sec. 2. The executive committee shall be authorized to call for such special donations as may be necessary to properly prosecute its work.

Sec. 3. The Conference shall receive offerings devoted to missions.

Article V — Audits.

Sec. 1. The executive committee shall have the accounts of the Conference and its several departments audited at least once each calendar year, and shall report upon the same to the General Conference at its regular sessions.

Sec. 2. The executive committee shall appoint annually eight persons not in its employ, who, with the president, the vice-presidents, the secretary, the treasurer, and not less than seven presidents of union conferences, shall constitute a committee for auditing and settling all accounts against the General Conference.

Denominational Song Books

As expressed recently by the president of the General Conference, "The songs of a denomination are just about as important as the doctrines."

Every great movement has had its inspirational songs. It was true in the days of Martin Luther, in the time of John Wesley, in the 1844 movement, and should be true of the message today. As we sing of the coming Saviour, the signs of the times, and the gospel message, our hearts will be inspired with love for the work.

HYMNS AND TUNES is full of such songs, written especially for this movement, as well as inspirational masterpieces that have stood the test of years.

There are fourteen hundred thirteen songs in this book. Styles of binding and prices are as follows:

Cloth, marbled edges	\$1.25
Turkey morocco, gilt edges	2.50
Levant morocco, marbled edges, round corners	3.00

CHRIST IN SONG is in great demand for Sabbath school and church work. Styles and prices are as follows:

Cloth, plain edges85
Half leather, sewed	1.75
Flexible morocco, black, brown, red, or green leather	3.00

SONGS OF ZION contains 192 songs carefully selected for use in evangelical meetings, where an inexpensive book is desired. A very fine collection. Price, 15 cents.

SONGS OF THE MESSAGE contains 192 pages of songs carefully selected from Hymns and Tunes for public meetings. Price, paper covers, only 15 cents; cloth, 25 cents.

HOME MISSIONARY SONGS contains 32 special songs for the Layman's Missionary Movement. Price, 25 cents.
