BATTLE CREEK, MICH.
SEVENTH-DAY ADVENTIST PUBLISHING ASSOCIATION.
1886.

❧ PREFATORY. ❧

THE publication of the YEAR BOOK for 1885 was so well received, and found to be so useful, that the General Conference, at its last session, unanimously voted that such a work should be published for 1886, and a committee of three was appointed for that purpose.

We much regret a trifling delay in its issue. This has been caused chiefly by delay in some of the reports, the obtaining of addresses for the "Directories," and the almost unavoidable hindrances consequent in the preparation of a work of this kind; however, the YEAR BOOK grows more complete, valuable, and indispensable with each succeeding year. The tabular reports of the work done by the International Tract Society and the City Missions, will be of interest to those engaged in advancing the cause. The "Postal Guide," based on the latest returns from the P. O. Department, is what all Tract and Missionary workers who are sending out matter by mail should have, as it gives all rates of postage on different grades of matter in this country and to foreign countries. Of especial interest will be found the reports from our foreign missions as given in the "European Missionary Council," and the new department, "Origin and Progress of S. D. Adventists." Here can be seen at a glance the wonderful advance of the cause in all its branches; and being placed in a preservable form, will be useful as a work of reference. A review of the work begun and accomplished during 1885 is also given, and contains all items of general interest. The reports of the different associations are not as complete as we could wish, owing to the failure of the secretaries in reporting them. The department devoted to "General Matter" is still retained.

The Publishers will not be responsible for any discrepancies in the financial reports of any association, as they were copied *verbatim* from the reports as given by the secretaries or treasurers in the *Review*. If mistakes have not been made in addresses or spelling of names, it is more than the Committee expect. It is no easy task to decide a matter where there seems equally good reason to decide two or more ways. Our sincere wish is that the book may continue to supply a long-felt want, fill well its place, and thus glorify God.

COMMITTEE.

* The International Tract and Missionary Society was organized August 13, 1854. It furnishes health, temperance, and religious publications to co-operative missions and individuals in every State and Territory in the United States, and to every civilized nation on the globe. Some years it has placed in free public libraries in this country over 10,000 volumes of standard religious books, at a cost of over \$10,000. In addition to this, it has placed valuable books in many libraries in England, Australia, and elsewhere, and supplied reading-rooms in all parts of the world with health and religious periodicals. It has also furnished sets, consisting of ten bound volumes, to a large number of steamships visiting our own and foreign ports. Branch societies are being organized in all parts of the United States, Europe, and Australia.

Missions are also being started in many other important cities of the United States and Europe. Workers are now employed, and it is expected that soon free reading and lecture-rooms will be opened to the public. Mankato (Minn.) has already a free lecture room, with Byron Tripp as superintendent. The mission at Muskegon (Mich.) is in charge of Frank Carr, while those of Aurora and Pullman (Ill.) are under the care of the Chicago mission. Rutland (Vt.) has also a free lecture room, and missions have recently been started at Burlington (same State) and Worcester, Mass. In Stockholm (Sweden) and Copenhagen (Denmark) missions have been established with free lecture rooms. Although the missions have been open but six and five months respectively, sixty-two have embraced the truth as the result of the former, and fifteen, of the latter. A mission has also been established at Liverpool, Eng.

At all of the above-mentioned places the public are cordially invited. The Society is sustained by the liberality of friends of missions. Donations by

draft or otherwise will be thankfully received and gratefully acknowledged by any of the managers or agents, or by Miss M. L. Huntley, Secretary, South Lancaster, Mass., U. S. A.

GENERAL CONFERENCE PROCEEDINGS.

TWENTY-THIRD ANNUAL SESSION.

THE twenty-fourth annual session of the General Conference of Seventh-day Adventists convened in Battle Creek, Mich., according to appointment, at 9 A. M., Nov. 18, 1885, with the President, Geo. I. Butler, in the chair. Prayer by U. Smith.

Delegates being requested to hand in their credentials, forty-seven responded, representing twenty-seven Conferences, as follows:

California, J. H. Waggoner, C. H. Jones; Colorado, Wm. Ostrander; Dakota, S. B. Whitney; Illinois, R. M. Kilgore, A. O. Tait, J. F. Ballenger; Indiana, Wm. Covert, J. M. Rees; Iowa, H. Nicola; Kansas, J. H. Cook, R. F. Barton, S. S. Shrock, E. M. Kalloch; Kentucky, G. G. Rupert; Maine, J. B. Goodrich, J. L. Prescott; Michigan, E. H. Root, D. M. Canright, M. B. Miller, H. W. Miller; Minnesota, G. C. Tenney, Harrison Grant, Lewis Johnson, W. B. White, H. P. Holser; Missouri, D. T. Jones, N. W. Allee; Nebraska, A. J. Cudney, H. Shultz; New England, D. A. Robinson, A. T. Robinson; New York, E. W. Whitney, Harmon Lindsay (with E. E. Miles, alternate); North Pacific, C. L. Boyd; Ohio, R. A. Underwood, W. J. Stone, E. H. Gates; Pennsylvania, D. B. Oviatt; Switzerland, C. M. Andrews; Sweden, J. P. Rosqvist; Tennessee, Samuel Fulton; Upper Columbia, H. W. Decker; Vermont, A. S. Hutchins, I. E. Kimball; Wisconsin, A. J. Breed, P. H. Cady, T. B. Snow.

In addition to the foregoing who presented credentials, the following brethren were present as members, by virtue of laboring in the Conference the past year: I. D. Van Horn, G. B. Starr, T. M. Steward, J. D. Pegg, R. Conradi.

The Chair was empowered to appoint the committees on nominations, resolutions, credentials, and auditing, and instructed to appoint a committee of five on destitute fields, and a committee of three on the religious exercises of this Conference.

I. D. Van Horn, R. A. Underwood, and M. B. Miller were appointed as the committee on religious exercises; and the Chair asked a little time for the arrangement of the other committees.

The time was then taken up with an interesting survey of the field by the Chairman, and brief comments upon the work that has been performed the past year. A fair degree of prosperity has attended our work during the year that is past, in all its branches, and in many respects we find the cause in advance of what it was a year ago. J. H. Waggoner spoke in regard to the interesting mission opened in Australia. At half-past eleven the Conference adjourned to 2:30 P. M.

SECOND MEETING, 2:30 P. M.—Minutes of previous meeting ap-

proved. Prayer by G. G. Rupert. The following additional delegates presented their credentials: W. C. Sisley, Michigan; John Wilson and A. G. Daniells, Iowa; M. H. Brown, N. Y.

The following committees were then announced: On Nominations, J. B. Goodrich, R. M. Kilgore, C. H. Jones; on Resolutions, O. A. Olsen, J. H. Waggoner, R. A. Underwood; on Credentials and Licenses, J. Fargo, D. A. Robinson, C. L. Boyd; on Auditing, D. B. Oviatt, H. W. Decker, A. R. Henry, A. J. Breed, Dan T. Jones, Henry Nicola; on Distribution of Labor, D. M. Canright, G. G. Rupert, G. C. Tenney, E. W. Whitney, R. Conradi.

Reports from ministers being made the order of the meeting, G. G. Rupert gave an interesting account of his tour through the South, and the state of the cause in Alabama, Florida, Georgia, North Carolina, and Virginia.

G. C. Tenney spoke of the work in North Dakota, and made a strong appeal for that field.

H. W. Decker spoke for Upper Columbia and Idaho.

C. L. Boyd spoke for British Columbia. The Canadian Pacific Railway is opened, the tide of emigration of intelligent, enterprising people is setting in there, and now is the time to strike.

C. H. Jones spoke for the Sandwich Islands, followed by J. H. Waggoner on the same subject.

T. M. Steward spoke in regard to the state of the work in Ontario, and the condition of that field.

R. Conradi spoke in regard to the work in Russia, and the necessity of sending a laborer there.

The Treasurer's report was then presented as follows:—

		\$19,663.56

A. R. HENRY, Treas.

This report was accepted.

The question of a Year Book being called up, J. H. Waggoner, D. M. Canright, and A. R. Henry were appointed a committee to consider the matter and present some recommendations on the subject to this Conference.

The Committee on Hymn Book made a partial report through its chairman, G. I. Butler, whereupon it was—

Moved (by H. W. Decker), That the Chair appoint a committee of nine to examine the work already done, and make a definite recommendation to the Conference.—Carried.

Adjourned to 9:30 Thursday morning, Nov. 19.

THIRD MEETING, NOV. 19, AT 9:30 A. M.—Prayer by J. H. Cook. Minutes approved. The following additional delegates presented credentials: D. H. Oberholtzer and J. P. Henderson, Indiana; D. T. Fero, Pennsylvania; Leonard Lawrence and M. B. Cyphers, Michigan; A. D. Olsen, Dakota; E. W. Farnsworth, Iowa. A. Mead was chosen to act as additional delegate from Wisconsin.

The Committee on Hymn Book was announced as follows: C. H. Jones, E. H. Gates, S. B. Whitney, R. M. Kilgore, A. G. Daniels, J. H. Cook, E. W. Whitney, J. D. Pegg, and G. B. Starr.

The Chairman, in a clear and forcible manner, then laid before the meeting the financial wants of the cause, and the different enterprises which need a more liberal support, and which give every promise of success if such support can be secured.

Appeals on this subject were made by O. A. Olsen and R. A. Underwood.

Moved (by J. H. Cook), That the Chair appoint a committee of five to take into consideration the matter of finances, and present some recommendations to this meeting.

The motion was amended by adding four more to the committee, making a committee of nine, and making the President of the General Conference one of the number.

As amended, the motion was carried; and the Chairman asked time before announcing the appointment.

The subject of city missions being introduced by a statement from the Chairman concerning the workings, efficiency, and needs of these enterprises, G. C. Tenney, R. A. Underwood, C. H. Jones, E. W. Whitney, J. H. Waggoner, G. G. Rupert, and E. E. Miles spoke to greater or less length on the subject. The general testimony was of an encouraging nature, even in regard to present and visible fruits, to say nothing of those which are prospective. Many items of interest were related. It was finally—

Moved (by C. H. Jones), That the Chair appoint a committee of nine to consider the matter of city missions, and report to this Conference in regard to the best methods of conducting them; which motion prevailed.

Adjourned to meet in the afternoon at a quarter before three o'clock.

FOURTH MEETING, AT 2:45 P. M.—Prayer by A. S. Hutchins. Minutes of previous meeting approved.

On motion, J. F. Hanson was received as a member of the Conference.

The members of the previously authorized committees were then announced as follows:—

On Finances, J. Fargo, O. A. Olsen, A. R. Henry, C. L. Boyd, J. L. Prescott, W. S. Nelson, Dan T. Jones, W. C. Sisley, G. I. Butler.

On City Missions, W. C. Sisley, J. H. Waggoner, G. B. Starr, M. H. Brown, R. A. Underwood, A. G. Daniells, D. B. Oviatt, D. A. Robinson, G. C. Tenney.

The question next proposed for consideration was, What attitude shall we assume toward indictments for Sunday working, which are beginning to be numerous in various States?

While this question was pending, E. W. Farnsworth gave a graphic description of the trials of our brethren in Arkansas, on indictments for Sunday labor. The case was decided against them in the lower court, but has been appealed to the supreme court of the State. S. Fulton, of Tennessee, also made a statement of the situation in that State, where several of our brethren have been indicted on the same charge, and have appealed the case to the supreme court. Our brethren there are persons of limited means, and would be glad of any assistance which any may be disposed to render them. It was then—

Moved (by G. G. Rupert), That the Chair appoint a committee of five to consider the question of arrests for Sunday labor, and our duty in reference thereto.—Carried.

The following persons were appointed as said committee: J. H. Waggoner, U. Smith, O. A. Olsen, J. Fargo, Wm. Covert.

The question of institutes to be held in different places, for the purpose of instructing persons how to labor in the various branches of our work, was next taken into consideration. Remarks were made on the subject by D. M. Canright, J. H. Waggoner, M. B. Miller, C. L. Boyd; and, on motion by R. A. Underwood, the matter was referred to a committee of seven to be appointed by the Chair. The following brethren were named as said committee: O. A. Olsen, R. A. Underwood, D. M. Canright, D. A. Robinson, H. W. Miller, R. M. Kilgore, H. W. Decker.

The question of an increase of help in the literary departments of our work was then taken into consideration. An increase of editorial help is needed, as it becomes necessary to establish new papers, and it is also desirable to cultivate talent for reporting for the secular papers. After remarks by various persons on the sub-

ject, the Chairman was empowered, on motion of A. S. Hutchins, to appoint a committee of five to present before the Conference some plan of action on this matter.

The Chairman wished time in the selection of the Committee; and the Conference adjourned to 9:30 A. M., Friday, Nov. 20.

FIFTH MEETING, Nov. 20, AT 9:30 A. M.—Prayer by E. W. Farnsworth. Minutes of previous meeting approved. The following additional delegates handed in credentials: H. S. Lay and J. D. Gowell, Michigan; R. M. Kilgore, Texas; L. McCoy, Iowa. As the delegation from Michigan was not full, several of the appointed delegates not having arrived, by vote of the Conference H. M. Kenyon, J. S. Burnham, and W. A. Towle were received as delegates from Michigan.

The Committee on Distribution of Labor made the following partial report, recommending—

1. That Richard Conradi go to Europe to labor in the cause there, especially among the German-speaking people, as soon as he can do so consistently with other duties.

2. That J. M. Rees, of Indiana, be invited to locate in East Tennessee, and labor in that section and in North Carolina, and to assist in the general Southern field as Providence and circumstances may indicate.

3. That G. G. Rupert devote as much of his time and attention to the Southern field as he can consistently with his duties in his own Conference.

4. That J. D. Pegg, of Iowa, be requested to join Wm. Ostrander in labor in Colorado.

5. That E. W. Farnsworth be requested to return to New England to labor until the return of S. N. Haskell from Australia.

6. That J. B. Goodrich be requested to remain in the New England Conference until the return of S. N. Haskell.

On motion to adopt, the report came up for consideration item by item. A vote was taken on the recommendations separately, and each one was heartily indorsed by the Conference.

Other committees not being prepared to report, the question of camp-meeting advertising was taken up. After a lengthy discussion, which took quite a wide range, embracing the advisability of acquainting ourselves with editors, advertising through the papers, preparing suitable posters, etc., etc., the question was referred to a committee, appointed by the Chair, consisting of C. H. Jones, J. L. Prescott, and A. R. Henry.

It was thought advisable at this point to introduce a theological question, and the subject of trine immersion was taken up. After a somewhat extended examination of the subject and the situation in various parts of the country relative to this question, and what our position should be in regard to receiving into our churches persons who hold to the view of trine immersion, the

question was referred to the Committee on Resolutions, with instructions to present a resolution touching this matter.

The question of church elders was then introduced, with regard especially to the extent of their jurisdiction, and the effect of their ordination as to other churches; that is to say, Can an elder of a church upon removing to another church be elected to the eldership of this last church without re-ordination? After remarks by a number of members, a motion was made and seconded to refer this question to a committee of six, to be appointed by the Chair, to act with himself.

While this motion was pending, the Conference adjourned to call of Chair.

SIXTH MEETING, NOV. 22, AT 3 P. M.—Prayer by J. B. Goodrich. Minutes of previous meeting approved. The question being on the adoption of the motion pending at the last adjournment, the motion was amended so as to read that a committee of seven be appointed by the Chair, of which he shall be one, to consider any theological question which may come before the Conference. As amended the motion prevailed.

An interesting communication having been received from W. C. White, it was read by the Chairman. On motion of J. H. Waggoner, the suggestions contained in the communication were referred to the Committee on the Distribution of Labor.

The Committee on Sunday Arrests presented the following report:—

Your committee to whom was referred the matter of arrests of our brethren for laboring on the first day of the week, and of considering what is proper to advise them in cases of arrest, deem it advisable to set forth before the people some of the reasons of our practice, and of our advice in this matter.

1. The commandment of God, one of the ten commandments, spoken and written by Jehovah himself, says: "Six days shalt thou labor and do all thy work: but the seventh day is the Sabbath of the Lord thy God; in it thou shalt not do any work." As servants of God, recognizing and bowing to his authority, we have no option in this matter. By a precept which is plain in every particular, we are in conscience bound to keep the seventh day. But God, who rested from the work of creation upon the seventh day and reserved that day to himself as his Sabbath, and sanctified it as his holy day, also gave to man six days wherein to labor. If it be denied that we are commanded to work six days, it cannot be denied that the commandment contains a *permission* to work six days, and the permission has all the authority of the law and the Lawgiver. This permission is very dear to us, because it is often absolutely necessary to the proper support of ourselves and our families.

2 We not only hold it to be a most solemn duty to obey the *precept* of the law, but we claim it as a God-given right to avail ourselves of the *permission* contained in the law. As no man, no community of men, and no earthly government has a right to forbid us to obey the law of Him who is "supreme moral Governor," and who styles himself the "Governor among the nations," so no earthly power has a right to deprive us of the privileges and permissions specifically given to us by Jehovah himself. Our time is our choicest capital. While we confess our duty to pay tribute and custom for the support of the government (and this we have always done willingly), we deny the right of any government to deprive us of one-sixth of our time, our income, our property, for that which does not increase the revenues of the Government, does not add to its support in any particular, which is only an infringement upon our civil and religious privileges—a violation of the dearest rights of moral agents. The enforcement of these laws deeply injures us, while it benefits nobody.

3. When laws are enacted which deprive us of the rights which God has given us, and which are used for the purpose of hindering us from keeping his law, we have the authority of the Holy Scriptures of the Old and New Testaments, and the approved example of the servants of God of all ages, to obey him, to keep his precepts, even if we have to suffer the penalties of human enactments. Daniel prayed to the God of Heaven, when the law of the land strictly forbade his doing so, and when the penalty was to be thrown into a den of lions. His three brethren refused to worship the image which the king had set up, though the law requiring such worship was very specific in its terms, and its penalty most terrible. They appealed to God from the decree of the king. The apostles said: "Whether it be right in the sight of God to hearken unto you more than unto God, judge ye." And they suffered stripes and imprisonment rather than to disobey God. But God approved them all and vindicated them in their actions.

4. While we have no desire to criticise the action of the courts, we feel compelled to express our dissent from a decision rendered in one of these cases, which was as follows: "The law forbidding all labor on Sunday is no infringement upon the religious rights of any. The State requires all her citizens to keep the first day; and if any choose, in addition to this, to keep the seventh day, that is a sacrifice to their religion, with which the State does not interfere." Against this we refer to the defense of rights which we have already given. The same ruling might have been made against the three Hebrews in Babylon, thus: The king required them to bow down and worship the image which he had set up. If they chose, in addition to this, to bow down to their God and worship him, the king did not interfere with such worship. Such laws are not merely extra, or outside of reference to the law of

God, but are actually against the law of God. Worship of God forbids the worship of anything besides him. The Sunday institution was designed as a substitute for the Sabbath of the Lord; and it is impossible to keep aright the Sabbath of the Lord as he has commanded, and to keep a human substitute for it at the same time. "No man can serve two masters." We have already shown that it is an infringement upon our rights to compel us to keep the first day; that we cannot properly support ourselves and our families and rest two days of the week. And, therefore, compulsion to rest the first day is equivalent to compulsion to labor on the seventh day, or to be deprived of the bounties which God has mercifully bestowed upon us. Its direct tendency is to deprive us of our religious rights, or to cause us to suffer pains and penalties if we insist upon our rights.

5. That these arrests are not only actually, but intentionally, religious persecution, we have evidence, which we here present for the consideration of our fellow-citizens:—

a. By inquiry we have learned that the arrests of our brethren have been instigated by *professed Christians*, who thus forfeit their own standing as Christians by violating the "golden rule" of our Saviour, which requires of all that they should do unto others as they would that others should do unto them. Not content in the enjoyment of all the rights of conscience themselves, they endeavor to deprive their fellow-men and Christians of the same rights. We hesitate not to say that their position as related to those whom they are persecuting is similar to that of Cain to Abel, as presented by the apostle John, who says: "And wherefore slew he him? Because his own works were evil, and his brother's righteous." Why do they seek to deny the precious rights of conscience to their brethren?—Because their brethren keep the commandment of God, and they do not. We believe their action springs entirely from prejudice and religious bigotry; not from zeal for the truth of God. For this we give the following further reason:—

b. We are informed that where these arrests have been made, the attention of the prosecutors and of the grand jury have been called to the cases of the reckless and the profane who were constantly and openly violating the Sunday law, working at a great variety of businesses, shooting, fishing, etc., on the first day of the week. But the cases of such have been ignored, and indictments presented only against those who labor on the first day, because they keep the seventh day, "according to the commandment." Facts evident to every one compel us to believe that these our brethren who have been arrested and fined, would not have been arrested, though they worked on the first day in common with many of their neighbors, if they had not also rested on the seventh day. This marks the proceedings unmistakably as *religious perse-*

cution. And it proves that those religious zealots who are instrumental in causing these arrests, are not moved by any high regard for the human law which requires the observance of the Sunday, but they are actuated by enmity against the divine law which requires the observance of the seventh day. If they really wish to protect the Sunday, there are plenty of violators of the law besides those conscientious Christians who keep the seventh day out of respect to the divine precept. But the former are not disturbed; the latter are fined, and may be imprisoned.

6. We object to being classed with the Mormons (as we have been by some), who practice immorality under the guise of religion, and say they are persecuted if restrained in their practices. We affirm that our case is no parallel to theirs. Polygamy was never commanded in the Scriptures. It was never practiced as part of anybody's religion, but as a matter of choice. It was and is a violation of God's original institution of marriage. It is contrary to the comments or instruction of the Saviour upon the marriage institution. God created man male and female—not male and females; the Saviour said a man shall cleave unto his wife—not unto his wives; he said *they two* shall be one flesh—not they three or five. It was permitted—as many other things were permitted in that dispensation—but not in any precept as man is permitted to work six days. Not a sentence can be found in the Bible proving that it is an ordinance of God. Now, because polygamy is a matter of human choice, and not of Bible precept, we deny that it is religious in any proper sense of that word. And because it is contrary to the original marriage ordinance of God, we declare that it is an immorality. To the contrary, the seventh day was set apart by God himself at creation, and incorporated into his commandment as given at Mount Sinai. No one dares to say that it is an immorality to keep any and all of the ten commandments. It is *morality itself*; for the ten commandments are *the moral law*. Surely it is a great injustice to us and to the law of God to class us with them, or to compare our practice with theirs.

In view of all these considerations, we feel constrained to advise our brethren in those States where they are being persecuted, or wherever they may be persecuted, for their devotion to the commandment of God, as follows:—

1. Continue, in a peaceable and quiet manner, to obey God in keeping the seventh day, and to exercise your natural and religious right to work six days. We call it a religious right because it is inseparably connected with the observance of the Sabbath, and is confirmed unto us in the law of Him who is the only true object of worship.

2. In case you are prosecuted therefor, obtain the best counsel you can to represent you in the court. Be sure that your counsel is a man of ability and standing; a man of known integrity, who

will not resort to any cavils and trickery, but will command the respect of the court and of the people.

3. If you are convicted, take an appeal to the Supreme Court of your State.

4. If the conviction is affirmed in the Supreme Court, then avoid paying fines if it is possible, and suffer imprisonment instead. We believe that it will have a good moral effect to suffer imprisonment rather than to pay fines. Not that it is our desire to have our brethren imprisoned, but this will most forcibly call attention to the injustice of the law, and also lead all classes to consider well the motives of those who instigate persecution against quiet and inoffensive Christian citizens, who, for conscience' sake, adhere to their faith in and practice of the law of the Most High.

5. If the decision against you in the lower court is affirmed in the Supreme Court, then it will be quite unnecessary to contest any other cases in that lower court. Let the cases go by default, and thus save trouble, and submit to imprisonment without murmuring or complaining. But as the ruling may be different in different courts, we advise that in other parts of the same State, and in other lower courts, cases be contested, as test cases, as an opportunity will thus be presented of getting the truth before the people in a forcible manner. But if conviction follows, then it will be useless to appeal a second time to the same Supreme Court.

And we entreat you, dear brethren, to exercise a meek and quiet spirit in all your lives. Be not boastful, and avoid giving offense; let it be said of you as was said of Daniel: "We shall not find any occasion against him except we find it against him concerning the law of his God." Remember the words of inspiration: "If when ye do well and suffer for it, ye take it patiently, this is acceptable with God." Everything indicates that the struggle in vindication of the great principles of the Reformation is to be re-enacted in the United States. Our reading of the prophetic word has enabled us to foresee these things; for years we have looked for them. And if we shall be counted worthy to have a part in this work, and to suffer for the sake of the precious truth of God, let us walk after the example of Him who suffered for us, and who will crown his faithful followers with glory and immortality.

Respectfully submitted,—

J. H. WAGGONER,	} Committee.
U. SMITH,	
O. A. OLSEN,	
J. FARGO,	
WM. COVERT,	

On motion to adopt, quite an earnest and lengthy discussion was called, and a general unanimity of sentiment was expressed in favor of the positions taken in the report. On putting the question, the

motion was unanimously sustained. The question being one of general interest, the whole congregation was given an opportunity to vote upon the motion, and, by a rising vote, heartily sustained the report.

The Chairman then named the following committees heretofore unannounced:—

On providing more literary help for the various departments of our work, O. A. Olsen, D. A. Robinson, C. H. Jones, W. C. Sisley, A. R. Henry.

On theological queries, U. Smith, J. H. Waggoner, A. S. Hutchins, O. A. Olsen, J. Fargo, D. M. Canright, G. I. Butler.

Adjourned to 9:30 Monday morning.

SEVENTH MEETING, NOV. 23, AT 9:30 A. M.—Prayer by J. D. Pegg. Minutes of previous meeting approved. The Committee on Resolutions made the following partial report:—

1. *Resolved*, That we express our conviction that it is neither consistent nor expedient to receive into our churches those who hold to trine immersion, inasmuch as we consider that such immersion is unscriptural, and its introduction among us can only result in confusion. And further—

2. *Resolved*, That as very many of those holding to trine immersion speak the German language, we request the Committee on Publication to have a work on the subject prepared in that language.

Whereas, We have a goodly number of men who have been ordained and furnished with credentials on the expectation that they would become efficient laborers, but who from some cause have not developed into regular laborers; therefore—

3. *Resolved*, That credentials be granted to such only as are willing to devote their time to the work, and are so situated that they can do so.

4. *Resolved*, That great care should be used by our ministers in the selection of church officers, and that no person be ordained to fill offices of trust in God's work who is not sound in faith and practice upon all Bible doctrines as held by Seventh-day Adventists.

Whereas, There is a large Scandinavian population in this country among whom the truth has already made some progress, quite large numbers having already embraced it; and—

Whereas, The laborers are few, the time is short, and much must be done through the circulation of reading matter; therefore—

5. *Resolved*, (1) That systematic and organized efforts be made to circulate Scandinavian reading matter among these nationalities; (2) that while at this time new and important works are being issued in the Danish-Norwegian and Swedish languages, we would therefore recommend that a department be opened in the office of the *Review and Herald* to manage the sale and care for the agencies of the Scandinavian subscription books.

Resolutions 1 and 2 being read for action, resolution 2 was amended to include a general work on baptism in the German language, which should especially contain the arguments against trine immersion. As amended, the resolutions were adopted.

Resolution 3 was referred back to the Committee for revision. Resolution 4 was adopted. A motion was made to amend resolu-

tion 5 so as to include the German work also; but this amendment was not sustained, because the facilities are not yet apparent to carry it into effect. The resolution as presented was then adopted.

The Committee then offered an additional resolution as follows :—

Whereas, God has represented a failure to pay tithes as robbery of him, and we have evidence that many in our churches do not pay tithes, and believing that in many cases their failure is the result of ignorance on the subject; therefore—

6. *Resolved*, That the ministers and the officers of our Conferences and tract societies be instructed to make especial efforts to place the pamphlets, "The Tithing System," and "Honor Due to God," in every family of our people, and that we all make continual efforts until all not only become educated on this question, but have a conscience void of offense toward God in this important duty.

On motion, this resolution was freely discussed and adopted.

Adjourned to call of Chair.

EIGHTH MEETING, NOV. 24, AT 9:30 A. M.—Prayer by L. McCoy. Minutes of previous meeting approved. The Committee on Resolutions again presented the resolution referred back to them, with the addition of these words: "And exceptions to this rule should be very carefully made;" so that the resolution as revised would read:—

3. *Resolved*, That credentials be granted to such only as are willing to devote their time to the work, and are situated so that they can do so; and exceptions to this rule should be very carefully made.

As revised, the resolution was adopted.

For the information of the Conference, the Chairman presented the following figures showing the present standing of the different missions:—

CENTRAL EUROPEAN MISSION.

Amount on hand, Nov. 1, 1884,	\$4,172 47	
Received during the year,	6,777 14	
Total,		\$10,949 61
Paid out during year,	\$16,350 02	
Overdrawn,	5,400 41	
		\$10,949 61

SCANDINAVIAN MISSION.

Amount on hand, Nov. 1, 1884,	\$1,912 00	
Received during the year,	3,455 81	
Total,		\$5,367 81
Paid out during year,	\$9,940 74	
Overdrawn,	4,572 93	
		\$5,367 81

BRITISH MISSION.

Amount on hand, Nov. 1, 1884,	\$1,713 45
Received during the year,	4,633 28
Total,	\$6,346 73
Paid out during year,	\$5,680 47
On hand Nov. 1, 1885,	\$666 26

AUSTRALIAN MISSION.

Received during year,	\$6,753 72
Paid out during year,	521 75
On hand, Nov. 1, 1885,	\$6,231 97

Since this report was completed (Nov. 1), \$1,500 have been sent to S. N. Haskell, leaving but \$4,731.97 in the Australian mission treasury.

The Committee on the Distribution of Labor presented the following additional recommendations:—

7. That Wm. Healey be requested to go to the Hawaiian Islands, and that California be requested to loan a tent to that mission in case it should be needed.

8. That O. A. Olsen go to Europe as soon as consistent with other duties, to assist in the work in the Old World, particularly in the Scandinavian mission, for a period of one year or more.

9. That D. T. Fero, of Pennsylvania, join H. W. Decker in the Upper Columbia Conference.

10. That Wm. Ings make England his field of labor as soon as he can consistently do so.

11. That we request J. H. Waggoner to go to Europe to assist in the work of publishing, and in counsel.

On motion to adopt, all the recommendations, after a lively and interesting discussion, were indorsed without any dissenting vote, except recommendation 10, which in view of W. C. White's soon expected return from Europe, was laid on the table, that action on it might be deferred till he should be present.

Moved (by J. H. Waggoner), That this Conference proceed to take the necessary steps to become incorporated by law so as to be able to hold property, on the plan fully discussed a year ago.—Carried.

The question how to increase the efficiency of our licentiates and ministers next came up for consideration. It was voted that the Chair appoint a committee of five to consider this question and report to this Conference.

Adjourned to call of Chair.

NINTH MEETING, NOV. 25, AT 9:30 A. M.—Prayer by J. P. Henderson. Minutes of previous meeting approved. The committee on the question of how to increase the efficiency of licentiates

and ministers was announced as follows: D. M. Canright, R. A. Underwood, Wm. Ostrander, E. W. Farnsworth, O. A. Olsen.

The Nominating Committee offered their report, recommending for President, Geo. I. Butler; Secretary, U. Smith; Corresponding Secretary, Mrs. M. J. Chapman; Treasurer, A. R. Henry; Executive Committee, Geo. I. Butler, S. N. Haskell, O. A. Olsen, W. C. White, R. A. Underwood.

A motion was immediately made to adopt, which, after due consideration, was carried, electing these persons to the offices named.

The Committee on Resolutions offered the following addition to its previous report:—

7. *Resolved*, That we hereby express our heart-felt thanks that the “Testimonies to the Church” Nos. 1–30 have been published in four volumes, and thus put into a durable form. And we hereby urge our ministers throughout the wide field to give them as large a circulation as possible. And we further urge all our people to read these volumes, and to induce others to read them, confident that the instruction and wise counsel contained therein will commend them to all classes, and will prove beneficial to all.

Whereas, It sometimes occurs that persons who have been excommunicated from one S. D. A. church, offer themselves as candidates for admittance to another church of S. D. Adventists; therefore—

8. *Resolved*, That it is a breach of Christian courtesy among churches, and an act of injustice, to receive such into church fellowship, until they have first effected a reconciliation with their former brethren.

As many brethren spoke as time permitted, warmly and gratefully indorsing resolution 7; and after some further remarks on the salutary nature of resolution 8, the report was unanimously adopted.

The Committee on Camp-meeting Advertising presented the following report:—

Your committee appointed to consider the matter of camp-meeting advertising, would respectfully submit the following for your consideration. We would recommend—

1. That some four or five weeks before such a meeting begins, a corps of active workers go to the city where it is to be held and canvass it thoroughly, holding Bible readings, etc., as the way may open, but making no mention of the camp-meeting until it is noticed in the daily papers. This company should be under the direction of the President of the Conference, or some competent person who can direct in the work; they should also make friends with the publishers of the leading newspapers, so that a week or two before the meeting opens, short notices of our work and the coming meeting may appear; also, arrangements should be made with them so that during the meeting full reports of the sermons may be published. In order to secure this, it may be necessary to subscribe for a certain number of copies of the newspaper wherein the reports are published; but we believe that a strong effort should be made to carry this point.

2. That camp-meeting posters, 28x42 in., be prepared, said posters to be gotten up in good style, and to contain the announcement, time, and place of meeting, etc., in bold type, and to be illustrated with a good cut of a camp-meeting scene. We would suggest that the *Review and Herald* Office be requested to get up such a poster, to be supplied to the different States. We would further suggest that as the bulletin boards in all the large cities are private property, and belong to the city bill poster, it would be best to hire him to do the bill posting, stating that they are to remain in sight until after the meeting. In smaller places, where there are no bill posters, of course our brethren can attend to the work. These announcements should be put up about ten days before the meeting.

3. That instead of using small handbills, a four-page paper be prepared, the size of the page to be about the same as that of the *Review*; the first page to contain an article on camp-meetings, comparing our meetings with those usually held by other denominations, also matters of general interest; the second page to contain a brief history of our people, the rise and progress of our work, etc.; the third page to contain notices from the press, or short articles that have appeared in some of the leading papers in regard to our people and our camp-meetings; the fourth and last page to contain a displayed advertisement of the camp-meeting, the daily program, or order of services, etc. On this page, on either side of the displayed advertisement, there should be a narrow column of reading matter, containing items of local interest. In the body of the advertisement there should be a good cut of a camp-meeting scene. About a week before the meeting, the workers should place this paper in every house within a radius of ten or fifteen miles. This part of the work should not be intrusted to the bill poster or distributor, as they are very liable not to do it thoroughly. Some good name should be selected for the paper, and we would suggest that of *Camp-Meeting Journal*.

4. That a small Invitation Card be prepared, containing an announcement of the meeting, time and place of holding it, order of services, and an invitation to attend. These cards are to be used by workers and others, and handed directly to individuals. They will then consider it a personal invitation to attend the meeting.

By combining these different methods of advertising, we are pretty sure to reach *all* classes of people.

It is our opinion that *no mention of the names of speakers* should be made on the posters. They might appear in a reading notice in the four-page paper; but we would suggest that even there no display be made concerning them.

The notice of reduction in railroad fare, and other general directions, should be given both in the paper and poster.

If the foregoing meets the mind of the brethren, we would suggest that a committee of five be appointed by the Chair to carry these suggestions into effect.

C. H. JONES,	} Committee.
A. R. HENRY,	
J. L. PRESCOTT,	

After an interesting discussion of the report, it was unanimously adopted.

Adjourned to call of Chair.

TENTH MEETING, NOV. 26, AT 9:30 A. M.—Prayer by G. G. Rupert. Minutes of last meeting approved.

The Committee on City Missions presented the following report:—

Your committee appointed to consider the question of city missions, after a careful deliberation upon the matter, desire to present the following recommendations as its report:—

Considering the character of our work, the extent to which the message must go, the limited time in which we have to perform the work assigned us, together with the fact that the Spirit of God has said that the time has come when we should enter our cities, villages, and towns, and that the standard of truth should be planted in the great thoroughfares of travel, the conviction urges itself upon us that vigorous steps should be taken, and wise plans laid, whereby the truth can be successfully carried forward in these localities.

1. We therefore recommend that each Conference having cities of sufficient size to make such a move desirable, have in its bounds at least one mission where there shall be special training and special instruction given to the workers in connection with their actual work in these missions, and thus prepare persons to enter other missions that must in the near future be opened.

2. Experiment and experience suggest that in most cases it is both inexpedient and inconsistent to connect public reading-rooms with our city missions.

3. We would suggest that the mission in New York City receive additional help; that the New York and New England Conferences together furnish at least half a dozen workers for that mission; that Asa Robinson and wife go to that city, and take charge of the work there for the present.

4. That Howard Miller, Chas. Parmelee and his sister, and Nellie Webber connect themselves with the work at Washington, D. C., and that G. I. Butler and O. A. Olsen visit that field at their earliest convenience.

5. That Thomas Gibbs and wife go to New Orleans and take charge of that mission, and that D. A. Owen and other suitable

help join them in the work; also that Daniel Thompson go to that city and devote his time this winter to the ship mission work.

6. It is our decided conviction that our missions should each have connected with them a man and his wife, who should be persons of sound judgment and Christian experience, and in full sympathy with all points of our faith.

7. When persons desire to give themselves to the work of God, and feel a burden to gain an experience in our city missions, they should express such desire to the Conference Committee of the Conference where they reside.

8. We recommend that our workers in these missions prayerfully read and carefully heed the instructions given in the "Testimonies," especially those which relate to this branch of the work; also that all should read the appeal from Mrs. White in *Review* No. 44, Vol. 62.

9. Since success in bringing individuals into the present truth depends largely upon publications, which so clearly bring before the mind the truths of God's word, we deem it of the highest importance that each worker should constantly, yet judiciously, endeavor to sell our publications to those who have become interested in the truth through Bible readings and otherwise, and as far as may be, secure their subscriptions to our periodicals.

10. In reference to the financial support of our city missions, we recommend that those laboring in the missions be considered as being in the employ of the Conference which engages them; that those persons who may be considered as experimental workers shall, until they have become acceptable laborers, receive as remuneration their board and lodging; that those workers who receive a salary make a report of their labor and expenses to their Conferences; that where accommodations are furnished by the mission, the workers be charged a reasonable amount for rent, that amount to be determined by the Conference Committee controlling the mission; that in cases where the workers are boarded by the mission, a careful account of the living expenses be kept by the one having charge of the mission, and a proportionate amount be charged each of the workers who receive pay, such apportionment to be made at the end of each month; and that a bill of the board and rent of those who do not receive pay be presented by the manager of the mission to the Conference, the amount to be returned to the city mission treasury; that such expenses as are not provided for above be paid out of the city mission fund by order of the Conference Committee. Where persons are sent from one State to another to be instructed in a city mission, we recommend that the board and room-rent of such individuals be paid by the Conference which sends them. We further recommend that our people in the vicinity of the missions and elsewhere be invited to donate of the necessities of life to the support of the missions, and that correspondence be held with the mission before sending con-

tributions. We would recommend that where regular meetings are held in mission rooms by a company of Sabbath-keepers, they pay a reasonable rent for the use of such rooms.

11. We believe it to be highly important that each worker keep an accurate and faithful account of his receipts and expenditures and of the work he performs from week to week; and where any person has not had instruction in this respect before entering a mission, the mission should supply that lack.

12. Experience having shown that much good may be accomplished by means of tract distributors, we suggest that they be placed in hotels and depots, if it can be done, and in those cities where we have missions, these distributors be supplied by the mission workers according to the discretion of the Conference officers and those having the mission in charge.

13. In view of the numerous cities to be entered, together with the fact that one great object before us is to get our publications before the people, we believe that each mission where this is possible should have connected with it at least one first-class book canvasser, who should devote his time largely to the sale of our books and in teaching others to labor in the same capacity.

14. We request that a committee of three be appointed by the Chair to take into consideration the question of suitable books of record and accounts for our city mission work, and that they draw up forms or sample pages of such books, and present them before this Conference for examination; and that these books be prepared for use as soon as possible.

All of which is respectfully submitted.

GEO. C. TENNEY,	

The report was adopted.

On motion, the Chair was requested to appoint a committee of three to nominate five persons to act as trustees of the General Conference Association in its legal capacity.

At this point an address from Mrs. E. G. White was read, and most of the remaining time of the forenoon was occupied in the consideration thereof.

The matter of financial settlement incident to the transfer of the Scandinavian church in Chicago from the Wisconsin Conference to Illinois, was referred to a committee of three, to be appointed by the Chair.

The matter of the propriety of starting printing offices in the various Conferences was referred to a committee of three, to be appointed by the Chair.

The Chair then announced the committees, as follows:—

Committee to nominate five legal trustees for the General Conference: J. H. Waggoner, J. B. Goodrich, Harrison Grant.

Committee on account books for city missions: G. C. Tenney, D. A. Robinson, H. P. Holser. To this committee G. B. Starr and A. G. Daniells were subsequently added.

Committee on the financial settlement in reference to the transfer of the Scandinavian church of Chicago from Wisconsin to Illinois: A. R. Henry, W. S. Nelson, J. L. Prescott.

Committee on starting printing offices in different Conferences: O. A. Olsen, Wm. Ostrander, P. H. Cady.

The matter of reprinting Bible Helps was referred to the Committee on account books for city missions.

Adjourned to call of Chair.

ELEVENTH MEETING, Nov. 27, AT 3 P. M.—Prayer by A. J. Breed. Minutes of previous meeting approved.

A resolution was offered that J. H. Waggoner's articles on the Church be published in pamphlet form. At Elder Waggoner's request, the matter was waived till there should be more time for its consideration, by laying the motion on the table.

The Committee on the Year Book reported as follows:—

1. We consider the present arrangement of the Year Book very good, and recommend that it be retained.

2. We recommend that the whole edition be uniform throughout; but if any State wishes a special edition or something special in their editions, let such matter be printed on separate pages and bound in at the end of the book, which will save much trouble and expense.

3. We recommend that a digest or brief synopsis of our work for the year be inserted, together with a very brief sketch of the rise of our cause, the whole not to occupy more than from four to six pages.

Report adopted.

The Committee to nominate five trustees for the General Conference Legal Association reported as follows:—

That the present Executive Committee be the Incorporating Board of Trustees; but as S. N. Haskell is not present, and therefore cannot act, we nominate Uriah Smith to act in his place.

The committee on Credentials and Licenses reported, recommending that credentials be granted by this Conference to the following persons:—

Geo. I. Butler, S. N. Haskell, O. A. Olsen, W. C. White, Mrs. E. G. White, A. B. Oyen, B. L. Whitney, D. T. Bourdeau, A. A. John, J. G. Matteson, E. G. Olsen, M. C. Wilcox, J. H. Durland, A. C. Bourdeau, J. P. Rosqvist, J. O. Corliss, R. Conradi, R. F. Andrews, S. H. Lane, M. C. Israel, J. H. Waggoner, Wm. Ings, R. A. Underwood, O. F. Guilford, and T. M. Steward.

The report also recommended that licenses be granted to Geo. R. Drew, N. B. England, and L. H. Chrisler.

The report was amended by leaving the name of O. F. Guilford among the Ohio ministers, as circumstances do not now permit him to labor in General Conference fields, the committee to grant credentials in the future should occasion require. It was further amended by adding the names of G. G. Rupert and J. M. Rees to the list for credentials. As amended, the report was adopted.

The Committee on Workers' Institutes reported as follows:—

Your committee appointed to take into consideration the matter of Institutes desire to express themselves in the following manner:—

In carefully looking over the field, taking into account the several interests connected with our work, the varied duties to be performed, and the fact that the Spirit of God has repeatedly stated that the labors of the ministers should be more of an educating character than merely sermonizing, this being especially emphasized in the fact that scores of individuals are connecting themselves with the work who might become efficient laborers could they receive the proper instruction; we hereby express the conviction that our general meetings should partake more largely of the nature of seasons of education and instruction, and we recommend that each Conference where practicable hold a meeting of this character as soon as may be consistent, at which time special instruction should be given, clearly defining the duties of ministers while laboring in new fields or among the churches, the duties of the various church officers, T. and M. workers, Bible readers, canvassers, and S. S. workers.

The Committee on improvement of ministers and licentiates reported as follows:—

Recognizing the importance of thoroughly disciplined and educated laborers in all branches of the work of the Lord, especially in the ministry, we therefore recommend—

1. That the Presidents of the State Conferences urge their ministers to economize their time, systematize their labor, inform themselves in those things most necessary to their work, and, as far as reasonable, devote a portion of each day to study, under ordinary circumstances at least three hours.

2. That the younger and less experienced laborers in the Conference be placed for a portion of the year under the training of the best ministers in the Conference, the same as our missionary workers are now trained in their work.

3. That the Conference Committee of each State Conference appoint a suitable person to speak on the subject of education and the best methods of labor at each annual session of the Conference; and that immediately following this a meeting of the Conference be devoted to a discussion of the same subject.

4. That the General Conference do the same.

5. That at the annual session of each State Conference some person or persons be appointed by the Committee to examine all candidates for credentials or licenses as to their attainments, their habits of study, what they have studied during the preceding year, and to advise them with regard to the same in the future.

6. That the General Conference appoint annually a committee of three of whom the President shall be one, to prepare questions to be used in said examinations.

All of which is respectfully submitted.

Pending action on this report, the Conference adjourned to call of Chair.

TWELFTH MEETING, Nov. 30, AT 9:30 A. M.—W. C. White, having arrived from Europe, led the Conference in prayer. Minutes of previous meeting approved. The delegation from Ohio not being full, Victor Thompson was received as additional delegate from that State.

The first business being action on the motion pending at the hour of the preceding adjournment, to adopt the report of the ministerial improvement committee, it was read, discussed, and unanimously adopted.

On motion, the Chair was empowered to appoint the two remaining members of the committee called for in the foregoing report.

On the subject of the new Year Book it was—

Moved, That the Chair appoint a committee of one to collect statistics and other matter for the book.

The motion was amended so as to read that a committee of two be appointed by the Chair to act with the Corresponding Secretary, to prepare the matter for the Year Book.

As amended, the motion prevailed.

Moved (by G. G. Rupert), that N. Orcutt, of Moultrie, Florida, receive credentials from this Conference.—Carried.

The Committee on the financial settlement between Wisconsin and Illinois, on account of the transfer of the Scandinavian church of Chicago to Illinois, submitted the following report:—

Your Committee appointed to consider the matter of difference between the Wisconsin and Illinois Conferences, would respectfully report that they have given the subject their careful consideration, and would express it as their opinion that the Illinois Conference should pay the Wisconsin Conference seven hundred dollars, one-half during the year 1885, and the balance during the year 1886.

All of which is respectfully submitted.

A. R. HENRY,	} <i>Committee.</i>
J. L. PRESCOTT,	
W. S. NELSON,	

After a free interchange of views between the Illinois and Wisconsin delegations, the report was adopted.

The motion was afterward reconsidered, and the question referred back to the committee without instructions. One of this committee having left the place, the Chair was by vote requested to supply one to fill the vacancy, and to add two additional members to the committee.

W. C. White, R. A. Underwood, and O. A. Olsen were appointed by the Chair under this motion.

The Committee on Resolutions presented the following additional report:—

9. *Resolved*, That we hereby indorse the standing rule of our Sabbath-school Associations in regard to taking offerings on the Sabbath, for the following reasons: (1) It trains our young to the habit of giving. (2) If appropriated, not merely for school expenses, but, as is now being done in some places, in part for missionary work, it cultivates a missionary spirit in the children. (3) It is in harmony with the Lord's will as expressed in the law, when more offerings were made on the Sabbath than on any other day. (4) It is in harmony with the light given to us as a people. And—

10. *Resolved*, That the same principles apply to the subject of donations on the fourth Sabbath of the month, which day is devoted to the missionary work; and we recommend that they be so taken.

11. *Resolved*, That in view of the uncertainty of the times, and the danger of depositing money where we can have no idea of its security, we recommend

that our Conferences east of the Rocky Mountains deposit their surplus funds in the Office of the *Review and Herald*, and those west of the mountains deposit the same with the Office of the *Signs of the Times*.

Motion was made to adopt the report, and the first resolution of this series (numbered 9) was discussed and approved, when, the hour of noon having arrived, the Conference adjourned to call of Chair.

THIRTEENTH MEETING, DEC. 1, AT 9:30 A. M.—Prayer by D. M. Canright. Minutes of previous meeting approved. The question before the meeting was on the adoption of the remainder of the report of the Committee on Resolutions as presented at the preceding meeting, being resolutions numbered 10 and 11. These were read and adopted.

An appeal to missionary workers from Mrs. E. G. White was read at this point, whereupon it was—

Moved (by J. H. Waggoner), That we express our thanks to the writer for the timely counsel contained in the communication just read, and that the same be published.—Carried.

Communications were then read from the Mission Board of the Central European Mission at Basle, and from J. G. Matteson, the latter concerning the circulation of the European papers in America.

Following the reading, W. C. White, at the invitation of the Chairman, made a full and interesting statement concerning the condition of the cause in Europe. Openings are everywhere presenting themselves, and the outlook is very encouraging.

The Chair announced as the persons to assist the Corresponding Secretary in gathering statistics for the Year Book, S. I. Miner, L. A. Smith.

The Committee on account books for city missions reported, recommending that a small account book be prepared for the workers in which they may record their daily labor, their accounts with the mission, their personal expenses, etc., and books for the mission as follows: a Visitor's Register, a Record Book, and a small Indexed Ledger. They recommended the continued publication of Bible Helps, and that a committee of three be appointed by the Chair to revise and prepare matter for the same, and superintend its publication, and that "Hints to Bible Workers" be published separate from "Helps to Bible Study."

The report was adopted.

The committee called for was appointed as follows: U. Smith, Geo. B. Starr, W. C. Sisley.

The brethren present from Michigan having appointed a committee to present a request to the Conference, the said committee, consisting of D. M. Canright, J. F. Carman, and H. S. Lay, offered the following resolution:—

Resolved, That we request the General Conference to release H. W. Miller from his appointment at Washington, D. C., that he may fill the place of President of the Michigan T. and M. Society, made vacant by the resignation of the former President.

A motion to refer the matter involved in this resolution to the Committee on the Distribution of Labor, was lost. The resolution was then adopted as presented.

A motion was made inviting the President of the General Conference to prepare a pamphlet on the change of the Sabbath, and one on the three messages of Revelation 14; which motion was finally referred to the S. D. A. Publishing Association, with the request that they cause such works to be prepared. The Publishing Association was also by vote requested to furnish a tract on the subject of conversion.

The resolution that J. H. Waggoner's articles on the Church be published in pamphlet form, which was laid on the table in the afternoon meeting of Nov. 27, was now taken from the table for consideration. It had scarcely got fairly into the hopper of discussion, when the hour of noon arrived, and the Conference adjourned to call of Chair.

FOURTEENTH MEETING, DEC. 2, AT 9:30 A. M.—Prayer by P. H. Cady. Minutes of previous meeting approved. The question before the meeting being the motion on the publication of the articles on the Church, the motion was referred to the Publishing Committees of the Central S. D. A. and Pacific S. D. A. Publishing Associations.

The recommendation of the Committee on the Distribution of Labor, that Wm. Ings go at his earliest convenience to England to labor, which was deferred till W. C. White should be present, was now taken from the table, and after discussion by W. C. White and others, was adopted.

The Committee on the Distribution of Labor offered the following additional recommendations:—

12. That if the Michigan brethren will cheerfully assume the burden of the work in Ontario, this field be connected with the Michigan Conference.

13. That J. F. Ballenger, of Illinois, labor under the direction of the Michigan Conference.

14. That C. H. Bliss, of Illinois, be requested to labor in Georgia, with the counsel of G. G. Rupert.

15. That, if it is consistent with his health and circumstances, J. I. Collins, of Minnesota, labor in Alabama and Mississippi, with the counsel of G. G. Rupert.

16. That Victor Thompson, of Ohio, make Maryland his field of labor.

17. That N. M. Jordan, of Wisconsin, labor under the direction of the Michigan Conference, in the Northern Peninsula.

18. That I. D. Van Horn assist R. M. Kilgore in Illinois for about six weeks before the next camp-meeting season.

19. That W. H. Saxby and wife, of Kentucky, go to Washington to labor in the mission there.

20. That Frank D. Starr, of the North Pacific Conference, join the Illinois Conference.

21. That I. H. Evans, of Michigan, go to Kentucky to labor.

22. That R. M. J. Pound, of Kentucky, labor in Michigan.

The first of these recommendations (No. 12) was referred to the Michigan Conference Committee to consider and report to this Conference. The remaining recommendations were adopted.

The Committee on Theological Queries made a partial report, as follows:—

The Committee to whom was referred the subject of the ordination of local elders, would respectfully report that we find there is a difference of opinion existing, and there has been a difference in practice in different Conferences, in regard to the jurisdiction of local elders, or to the extent of their authority to act. In some places, the jurisdiction and ordination have been looked upon as confined to the church which elected them; in other cases, they have been permitted to administer the ordinances wherever they might chance to be, as unrestricted as a minister. We have tried to canvass the ground thoroughly, and find that there are difficulties in both positions if separately traced to their conclusions. All agree that it is to be regarded as purely a matter of church discipline, and we believe there is truth in both positions which may be combined into one consistent system. We therefore offer the following recommendations:—

1. That the jurisdiction of a local elder, or his authority to administer the ordinances, be confined to that church which elected him as elder; the only exception to this is where the Conference Committee deems it advisable to instruct him to go to another church under special circumstances.

2. If he is re-elected, or properly elected elder of another church, his ordination shall stand good. He need not be re-ordained.

3. But in case of his removal to another church or another Conference, the fact that he has acted as elder over another church should not be considered a ground for calling him to act as elder again. The church should consider his qualifications just as they would if he had never been an elder; and if there is any doubt, inquiry should be made of some minister or of an officer of the Conference, to ascertain whether he filled the office acceptably.

4. It is well understood that a *license* from the Conference does not authorize the licentiate to celebrate the ordinances, to administer baptism, or to organize a church. And, therefore, if a local elder receive a ministerial license, it does not enlarge his sphere of action as an elder; it gives him no authority to celebrate the ordinances outside of the church of which he is acting as elder.

5. And, finally, though his ordination shall stand good for all time, except in case of apostasy, whenever and wherever he may properly be called to act, he cannot exercise the functions of an elder beyond the time for which he was elected, unless he is re-elected, or elected by another church. But if from any cause there should be a failure to hold an election, he may then act until his successor shall be elected.

We believe that a failure to regard either of the above recommendations will open the way to disorder and confusion in our churches.

The report having been read, the Conference adjourned to call of Chair.

FIFTEENTH MEETING, DEC. 3.—Prayer by A. D. Olsen. The minutes of the previous meeting approved.

The report of the Theological Committee being before the meeting, a motion was made to adopt, and after due consideration of the question, the motion prevailed.

The Hymn Book Committee submitted the following report:—

Your Committee appointed to consider the matter of the new church hymn book, and make suggestions in regard to the publication of the same, would respectfully submit the following:—

On examination we find that the committee to which this matter was referred at the last General Conference have been diligently at work selecting hymns and tunes, and have already arranged for twenty-six departments, as follows:—

Repentance, Missionary, Reward of Saints, Judgment, Waiting for Christ, Social Worship, Baptism, Lord's Supper, Gospel, Sabbath, Law of God, Sanctuary, Dedication, Second Advent, Christian Experience, Closing Hymns, Family Devotion, Holy Spirit, Praise and Thanksgiving, Public Worship, Kingdom of God, Faith, Closing Message, Funeral Hymns, Special, and Miscellaneous.

We find that most of the hymns and tunes in our present hymn book have been retained, and to these have been added many others of real value, gathered from various sources. We think that so far as the committee has gone, the collection is a good one, and the departments well arranged. But we think that one or two important departments have been omitted.

It is a fact that there is a demand for a book containing pieces especially adapted for use in tent meetings, camp-meetings, and new Sabbath-schools. Your Committee would therefore recommend that a department covering this ground be added to the hymn book.

For the convenience of those who do not care for the tunes, and to supply the demand in our tent and camp-meetings, where the large book would be too expensive to use, we would recommend that *three separate books* be prepared, as follows:—

1. A book containing all the hymns and tunes, this book to be printed on strong and durable paper, and substantially bound. We also recommend that the type for the music be the larger of the two samples shown to the Committee; that the type of the hymns be Brevier No. 4, as shown in Barnhart Bros. & Spindler's book; that the size of the page be about the same as that of the "Spiritual Songs," published by Scribner & Co., New York; and

that in addition to the regular index of hymns and tunes there be an index to the first line of each verse.

2. As there are a large number who do not care for the tunes, on account of not being able to read music, we recommend that another book be prepared, to contain the hymns alone, without the tunes; the size of page of this book to be about the same as that of our present hymn book, "Spiritual Songs."

3. And we recommend the printing of still another book, of about 150 pages, for special use in tent labor, camp-meetings, and new fields, where it would be too expensive to use the large book; that this last book be made up of pages taken directly from the large book, without change of numbers, said book to contain all those pieces in that department of the large book devoted to tent labor, etc., and such other pieces as shall be thought suitable for this purpose; this book to be bound in paper covers, and gotten up as cheaply as possible and be consistent with good work; the retail price not to exceed ten cents per copy.

Your Committee would state that they have had the pleasure of listening to some special pieces prepared by F. E. Belden, and would recommend that, if possible, negotiations be made with him whereby these pieces may be incorporated into our hymn book.

We further recommend that a standing committee of seven be appointed to carry forward this work as rapidly as possible.

The Michigan Conference Committee reported on the matter referred to them in relation to Ontario, that they cheerfully submitted to the recommendation of this Conference.

J. F. Ballenger, being called to labor in Michigan, resigned his position as member of the Illinois Conference Committee. In view of this, the President of the Illinois Conference requested the General Conference to fill the vacancy, and Frank D. Starr was by vote appointed to this place.

Moved (by C. L. Boyd), That John E. Graham be appointed to fill the vacancy in the North Pacific Conference caused by the removal of F. D. Starr.—Carried.

The Committee on publishing in the different conferences submitted the following report :—

Your Committee appointed on the matter of printing by the several State societies would respectfully submit—

That in our judgment it would not be profitable nor consistent for the present, at least, to start the publication of any regular periodical by the several State societies; and further, that no such publication should be entered upon except by the indorsement of the General Conference.

The Committee on the matter between Wisconsin and Illinois reported as follows:—

Your Committee appointed to consider the matter between the Wisconsin and Illinois Conferences, have given the subject a careful reviewal, and feel much inclined to fall back on their former convictions; that a money consideration for territory transferred from one conference to another, is not advisable.

We would urgently recommend that this practice be discontinued. In view of a precedent having been established, we feel compelled to give this some consideration; and we give it as our opinion that since the Minnesota Conference has shown a very liberal spirit in cancelling the debt of the Wisconsin Conference, we would name one hundred and fifty dollars as the amount which should be paid by the Illinois Conference to them. This decision is made with a view, as heretofore expressed, that hereafter no claim should be made for a like transfer of territory from one Conference to another; that when one Conference labors in another it be at their own expense.

We would further report that no pressure, nor even a request, was made by this Committee that the Minnesota brethren take the action they have, and that it was a voluntary act on their part.

Moved (by J. H. Waggoner), That a committee of three be appointed to present an amendment to the Constitution, both State and General, providing for the filling of vacancies.—Carried.

The following persons were appointed as said committee: J. H. Waggoner, O. A. Olsen, W. C. White.

SIXTEENTH MEETING, DEC. 4, AT 10:30 A. M.—Prayer by J. B. Goodrich. Minutes of last meeting approved. In view of the fact that Victor Thompson, C. H. Bliss, and J. I. Collins are called to labor in other fields, it was voted that they receive credentials from this Conference.

The Committee on Theological Queries made a verbal report on several questions which had been brought before it. The report was accepted.

W. C. White presented the subject of a historical missionary work which should contain a full history of our missions and interesting incidents connected with them which have never been published. It was therefore—

Moved, That a committee of three be appointed by the Chair to take this matter into consideration, and make some recommendation in reference to the same.—Carried.

W. C. White, J. H. Waggoner, and E. W. Whitney were appointed as said committee.

Moved, That A. R. Henry be requested to continue to act in behalf of this Conference in the reception of favors from the railroads.

For this motion the following was substituted:—

Resolved, That we express to A. R. Henry our thanks for his kind and efficient efforts in behalf of our people in securing favors of the railroad companies, and we request that the matter still be left in his hands; and that it is the sense of this Conference that he should arrange for necessary assistance in performing this work.

Adopted.

Adjourned to call of Chair.

SEVENTEENTH MEETING, NOV. 6, AT 9:30 A. M.—Prayer by A. O. Tait. Minutes of previous meeting approved.

The Committee on Theological Queries reported as follows:—

The question has been proposed to the Committee: If a contractor sub-lets a part of his work, and the sub-contractor does work upon the Sabbath, is the contractor responsible?

It is difficult to answer this question because there are so many contingencies presenting themselves; contracts assume so many different phases. We will try to clear the case of some of its difficulties.

1. If the contractor did his work on Sunday, and the sub-con-

tractor worked on the same premises on Sabbath, this would bring reproach, as it would appear to the world that the contractor had work done on his job every day in the week.

2. If the sub-contractor was incompetent or unreliable, and needed to be watched every day to insure his doing his work right, the watching on the part of the contractor, or any one in his employ, would be a violation of the Sabbath.

3. Any sub-contract which involved oversight, care, or anxiety on the part of the contractor, would be wrong, as the contractor could not rest on the Sabbath of the Lord, and be free from his worldly business, if he were obliged to have such care, oversight, or anxiety.

4. We think that a strictly conscientious regard for the Sabbath on the part of the contractor, will guard him from making a contract which will wound his own conscience, or give the world occasion to reproach him.

The Committee on Finances reported as follows:—

Your Committee on Finances, after collecting all the information at our command, and carefully considering the wants of the cause in its different branches, would report that we find an urgent and pressing need of funds to carry forward the work. The treasuries of the European and Scandinavian missions are empty, and these missions are in debt to the *Review* Office several thousand dollars. The English and Australian missions need additional funds to carry forward their work successfully. The funds of the International Tract Society are exhausted; and this Society, which has done such a noble work in the past in sending out rays of light and truth to all parts of the world, and has by this means brought the light of truth to many that were in darkness, and opened new fields that could not otherwise have been reached, is now, for lack of funds, powerless to occupy the field of usefulness which it has held among other agencies for the spread of the third angel's message. There is also great need of a fund to support city missions outside of organized Conferences.

It is evident to the minds of your Committee, after careful and candid consideration, that *funds must be raised*, or the work we have begun *must be abandoned*, an idea which no true believer in the third angel's message can entertain for a moment.

We would therefore recommend—

1. That \$15,000 be raised for the Central European mission, \$15,000 for the Scandinavian mission, \$5,000 for the English mission, \$5,000 for the Australian mission, \$10,000 for the International Tract Society, and \$10,000 for the support of city missions.

2. That our people everywhere be requested to make Christmas donations to the European and Scandinavian missions, to relieve them as much as possible from their present embarrassment. And we would further recommend that the week between the holidays, including the Sabbath, Jan. 2, be set apart as a week of prayer; and that the General Conference Committee suggest suitable subjects for consideration each day, and also prepare addresses to be read at the beginning of this week of prayer and at suitable intervals during the week. We would urge upon all Presidents of Conferences, ministers, and church elders to give this matter their immediate and faithful attention, and see that every church, and as far as possible every individual, is informed of the nature and object of this week of prayer; and that all join in humbling ourselves before God and pleading with him for a deeper conversion, that his blessing may rest upon the work that is begun, and that he may open the hearts of those that have means to use this talent which God has given them to send the truth to the nations of the earth, to gather out of them a people for his name.

3. That the General Conference Committee use the best means at their command to raise the above-mentioned funds to sustain the work already begun, either by themselves visiting men of means, and laying the wants of the cause before them, or by appointing suitable persons to do this work, or in any other way that may seem to them most feasible.

4. In view of the fact that the College buildings are entirely too small to accommodate the students already seeking the advantages of its instruction, we recommend that \$40,000 be raised to pay the present indebtedness of the College, and to erect such additional buildings, and provide facilities for fully instructing those who seek its aid in preparing themselves to do more efficient work in the cause of truth, that the college may fill the position which the Lord has shown it should occupy.

We believe the work in which we are engaged is the work of God, and that he has a special care for it. And we believe that in the hours of trial which may be permitted to come upon us to test our fidelity to him and his cause, we should trust in God and move forward, believing that to the faithful will come the victory.

This report, after earnest appeals and most weighty words in reference to the demands of the cause upon us, and the progress we may expect in the future if all consecrate themselves to the work as they should, was unanimously adopted.

The committee on Literary and Editorial help, submitted as their report the following:—

Your Committee appointed to consider the wants of the cause in the literary departments, would report that they have carefully considered this matter, and find that there are calls in every direction for labor of this kind—for editors, reporters, correspondents, etc.; and we know that as the work increases and extends into new fields, these calls will be still more urgent; therefore we feel the necessity of immediate steps being taken to educate proper persons to engage in this work. We would therefore recommend—

1. That the Executive Committee of the General Conference be requested to call in from two to six individuals in whom they have confidence, and who they think have the ability to develop into editorial help, and that some of them be placed in training at the *Review and Herald* Office and some at the Office of the *Signs of the Times*, and that they be given a thorough course of instruction in all branches necessary to perfect themselves and to become familiar with the different phases of editorial work.

2. That W. W. Prescott, A. R. Henry, and W. C. Sisley constitute a committee of three to organize a class at Battle Creek College, to be educated to act as reporters and correspondents, and to assist in other branches of the work as the way may open; and—

3. That they encourage other suitable persons now engaged in Office and Conference work to develop their talents in this direction.

A. R. HENRY,	

The report, after interesting remarks by several members, was adopted.

The Committee on Resolutions made the following addition to their previous reports, explaining that some of the resolutions did not originate with the Committee, but were handed to them by other members:—

12. *Resolved*, That our denominational hymn book be the property of the General Conference, and that all profits which arise from its publication be devoted to the support of missions.

13. *Resolved*, That we hereby express our unfeigned gratitude to the kind Providence which has so highly prospered the work of establishing a mission in Australia; that we extend to S. N. Haskell and his fellow-laborers our earnest sympathies in their efforts to plant the truth in that important field; and that we pledge ourselves to afford that mission help as the providence of God may open the way.

14. *Resolved*, That this Conference earnestly recommend the extensive circulation of that important book, "Thoughts on Daniel and the Revelation;" first, because it covers a large field in the great system of present truth, introducing many important doctrines in a clear and interesting manner, well calculated to favorably impress the reader; secondly, because there is in the public mind a desire more or less strong to understand the meaning of these prophetic books, which are supposed to be so mysterious, of which desire we should take advantage to bring before them the great truths of the message; thirdly, because we have no book better calculated to reach intelligent, influential, business men, who cannot find time to attend courses of lectures and long series of

meetings, but who would purchase such a book and read it at home; fourthly, because such a book, bound in an attractive manner, presenting the truth in a permanent form, retaining its place on the center tables and in the libraries till the Lord comes, will command the attention of many persons in the aggregate, and has some advantages which the presentation of the truth in periodicals, tracts, and pamphlets does not possess; and finally, because our past experience has demonstrated beyond all dispute the usefulness of the canvass on "Thoughts on Daniel and the Revelation," and that we cannot afford to neglect it. And—

15. *Resolved*, That we recommend that our Presidents of Conferences and Tract Societies interest themselves in this canvass, and solicit suitable persons to conduct it in all parts of the field.

16. *Resolved*, That we recommend the President of the General Conference to visit the Pacific Coast Conferences during the months of April and May, 1886, and that he arrange his visit so as to attend the annual meeting of the Pacific S. D. A. Publishing Association and of the Healdsburg College.

17. *Resolved*, That we recommend S. N. Haskell to return to this country in season to attend the May camp-meetings.

These resolutions were all adopted.

The Committee on City Missions, being requested to supplement their report on a certain point connected with their work, submitted the following:—

NOTE.—The foregoing table is made up of reports from the Secretaries of the State Conferences to the last General Conference. It includes only those who are enrolled as members of organized churches. It is estimated that there are at least one-fourth as many more who, from their isolated situation, or other causes, are not yet connected with any churches, making the whole number of S. D. Adventists about 26,000. The number reported as church members doubtless falls considerably below the reality, as our Conference secretaries still have occasion to complain that through the negligence and unfaithfulness of church clerks it is almost impossible to secure full returns from their Conferences.

Let it be borne in mind also that many of the converts of the past year are not included in the figures presented above, as in many instances they have not yet been organized into churches. Our ministers have reported 2,908 converts during the year.

As large a degree of prosperity has attended the cause the past year as, perhaps, in any previous year, and its general growth has been encouraging.

INTERNATIONAL TRACT AND MISSIONARY SOCIETY.

TENTH ANNUAL SESSION.

THE first meeting of the tenth annual session of the International T. and M. Society convened at Battle Creek, Sunday, Nov. 23, at 9:30 A. M. Both President and Vice-President being absent, by request of the Secretary, Geo. I. Butler called the meeting to order. Prayer was offered by E. H. Gates. On motion, O. A. Olsen was elected Chairman *pro tem*. The various branch societies were represented by seventy-seven life members and State officers. The number from each was as follows: California, 1; Iowa, 6; New England, 3; New York, 1; Michigan, 26; Wisconsin, 4; Minnesota, 6; Illinois, 3; Ohio, 4; Kansas, 1; Pennsylvania, 3; Vermont, 3; Maine, 2; Indiana, 3; Missouri, 1; North Pacific, 2; Upper Columbia, 1; Dakota, 4; Kentucky, 1; Colorado, 1; Tennessee, 1.

On motion, all present who were not life members were invited to become such, and to participate in the deliberations of the meeting. R. A. Underwood, W. C. Sisley, and H. W. Miller were requested to act as solicitors. The Chair was instructed to appoint these brethren to act in this capacity during the present session of the Society. Thirty-seven members were added to the Society, representing an increase of \$360 dollars to its funds.

The report of labor for the past year shows a distribution of reading matter equal to about twenty-one million pages of tracts, of which over sixteen million pages have been in the form of new periodicals, between one and two millions in books and tracts, and the balance in old periodicals. In addition to the work done by authorized agents in our own and other countries where missions are established, persons in distant and comparatively unknown countries are keeping the Sabbath, and are actively engaged in distributing our publications.

A sea captain on returning from India recently, reported that while there a missionary came on board his vessel with our reading matter for distribution; and similar instances are not unusual. The demand for this reading matter increases in proportion as its circulation increases. Among other places where a special interest now exists, may be mentioned various localities in the South, several points in South America, on the coast of Africa, in Europe, and the West Indies.

The financial report for the year was as follows:—

RECEIPTS.

On donations and memberships,	\$5,073 17
On sales and for periodicals,	453 32
Balance in favor of Society last year,	365 60
Total,	\$5,892 09

DISBURSEMENTS.

Expenditures for books and tracts,	\$1,118 08
Expenditures for periodicals,	4,236 57
Miscellaneous expenses,	499 98
Total,	\$5,849 58
Balance in favor of Society, Nov. 1,	\$42 51

On motion, the Chair was authorized to appoint the usual committees. Geo. I. Butler then made remarks in which he presented the plan which has been adopted in several Conferences, of devoting the fourth Sabbath in each month to the interests of the missionary work. He suggested the propriety of having a committee to propose matters for consideration upon that day, and to make such other recommendations as may be necessary. After interesting remarks by Elds. Olsen, Whitney, Hutchins, Covert, Peebles, and others, on motion, this matter was referred to the committee to be appointed on resolutions. Eld. Butler then spoke of the demand existing in some of the large societies, for some person to take the oversight of the canvassing work, the care of depositories, etc. This demand arises from the enlargement of the work, and will increase; and the question proposed was respecting the best means of meeting it. On motion, this matter was referred to a committee of five Presidents of State Societies to be appointed by the Chair.

Attention was called to the case of R. L. Jeffery, from South America, who was present; and he was invited to make remarks respecting the interest in present truth existing in that country. He stated that there are over twenty persons keeping the Sabbath in British Guiana, and they desire that a minister should be sent them. Bro. Jeffery's object in coming to this country is to prepare himself to labor more successfully for his people. To this end he desires to attend school, and obtain a knowledge of Bible subjects and how to teach them. On motion, his case and the wants of the field which he represents were referred to a committee to be appointed by the Chair. This committee was afterward announced to be J. Fargo, G. G. Rupert, and A. R. Henry.

Quite an extensive interest existing in British Honduras, Central America, was reported by J. H. Waggoner. The Chair then announced the following committees: On Nominations, H. W. Decker, H. Nicola, and E. W. Whitney; on Resolutions, W. C. Sisley, R. A. Underwood, and C. H. Jones; on matters pertaining to State depositories, etc., D. B. Oviatt, G. I. Butler, G. C. Tenney, R. M. Kilgore, and E. H. Gates.

On motion, meeting adjourned to call of Chair.

SECOND MEETING, NOV. 27, AT 9:30 A. M.—Prayer by Geo. I. Butler. Minutes of the last meeting approved. Thirteen additional members were present from Michigan; also one each from Vermont, New York, Indiana, and Wisconsin.

The Committee on Resolutions made the following partial report:—

1. *Resolved*, That we approve of the plan adopted by several State Societies, of devoting the fourth Sabbath in every month to the interests of the missionary work; and further, that we favor the collection of free-will offerings to the missionary cause at this time.

Whereas, In the above recommendations it is not designed that the exercises on the fourth Sabbath shall take the place of the regular quarterly meeting; therefore—

2. *Resolved*, That we recommend that the local societies hold their quarterly meetings for the transaction of necessary business, at the usual time.

Whereas, It is desirable that the exercises upon the Sabbath devoted to missionary interests should be somewhat uniform throughout the country, and also that they should be made profitable and interesting; therefore—

3. *Resolved*, That we recommend that the officers of the International Society constitute a standing committee to make suggestions each month respecting the order of exercises, subjects for consideration, etc.

Whereas, Our reports of labor particularly the annual summary which is published in the Year Book, are becoming more and more important, both as documents of reference and representations of our strength and efficiency as a denomination; therefore—

4. *Resolved*, That we urge upon both members and officers the importance of laboring to make them accurate and complete.

This report was adopted by considering each item separately. Resolution 1 was spoken to by Elds. Tenney, Butler, Olsen, Hanson, Waggoner, Underwood, Covert, Miller, and Kilgore, and during the discussion a motion to substitute the last Sabbath in the month for the fourth was made and lost. Resolutions 2 and 3 were adopted without discussion. Resolution 4 called out remarks from Elds. Butler, Waggoner, S. B. Whitney, and Olsen, and W. C. Sisley, respecting the importance of the subject presented. The following resolutions were then presented by Dr. Kellogg:—

Whereas, The health and temperance work sustains a most intimate and important relation to the third angel's message and to all branches of our cause; and—

Whereas, According to the light given us, this subject may be used as an entering wedge, by means of which other truths may be introduced, and thereby many may be brought to a knowledge of the truth; therefore—

1. *Resolved*, That we urge that greater attention be given to this branch of our work than in the past, and that during the coming year such measures be adopted as will result in a more extensive knowledge of our views upon this subject; and, further—

2. *Resolved*, That we hereby urge upon all State Tract Societies the importance of devoting a due proportion of their funds and labor to the attainment of this end.

Dr. Kellogg was then invited to make some remarks. He stated that the lack manifested in the health and temperance work

is not so much owing to a want of interest in it as of men who have time and ability to push the subject; and he strongly urged that greater attention should be devoted to it. He presented samples of small health and temperance tracts, and stated that an illustrated series, designed to cover all the principles of health reform, is being prepared. After further remarks, in which he urged that at least one person in each of the several State Societies should be appointed to work for the interest of the health and temperance cause, resolution 1 was adopted.

Meeting adjourned to call of Chair.

THIRD MEETING, FRIDAY, NOV. 27, AT 9:30 A. M.—Prayer by R. M. Kilgore. Minutes of last meeting approved. Two additional members were present from Michigan. The last resolution presented at the previous meeting was considered. A motion to so amend it as to recommend the State Societies to devote one tenth of their funds to the health and temperance work, was introduced, followed by another to further amend so that the resolution should read, "not less than one tenth." Objections being raised to specifying any definite sum, on motion of J. H. Waggoner, the resolution was laid on the table. The following resolutions were then introduced:—

Whereas, The success of our State Societies depends largely upon the efficiency of local and district officers, particularly directors; therefore—

5. *Resolved*, That we recommend that great care be exercised in selecting such persons for this office as will be efficient and faithful in discharge of their duties.

Whereas, We believe it to be for the interests of the Society and the cause generally, that directors visit every quarter all the local societies, and in many cases the families in their districts; and—

Whereas, To do this well requires a large portion, at least, of their time and attention, which in most cases they could not afford to donate; and—

Whereas, We believe that such labor faithfully performed would bring into the treasury more than enough to pay those who labor in this capacity; therefore—

6. *Resolved*, That it is the sense of this meeting that directors who give their time to the work should receive a remuneration proportionate to the value of their services.

The first resolution was spoken to by Elds. Canright, Butler, and Olsen, all of whom set forth in strong terms the need of more personal labor among churches and families. They expressed the opinion that directors should be prepared to give instruction respecting the duties of other officers in their districts, and that they should labor in a practical manner to bring up in the same the interests of the cause in different branches of the work, including the payment of tithes, etc.

The next resolution called forth remarks from Elds. Butler,

McCoy, Olsen, Canright, Ostrander, Underwood, Boyd, Cudney, and others. Eld. Butler said that he had always been opposed to placing before workers in the cause a financial inducement, but that it would be unreasonable to ask persons to give their time and ability to the work as suggested in the foregoing resolution without a remuneration. He would, however, be opposed to directors' receiving pay for their services who only occasionally attended meetings, and who give but a few days to the work.

Both resolutions were then adopted.

It was voted that the General Conference Committee, the Executive Committee of the International Society, and the Presidents of State Conferences and State Tract Societies, constitute a committee to make recommendations respecting the introduction of new books, and matters pertaining to the *Signs* and other periodicals. This motion was amended so as to include the brethren present from the Pacific Coast, and then adopted.

On motion of S. B. Whitney, the Chair was authorized to appoint a committee of five to take into consideration the revision of the State Society constitutions, with respect to the duties and discipline of members. G. B. Starr, E. H. Gates, H. P. Holser, F. H. Sisley, and M. L. Huntley were appointed as this committee.

On motion, the revision of T. and M. blank reports, also the matter of letter-heads, was referred to this committee.

Committee on R. L. Jeffery's case presented a report; but the recommendations not being satisfactory, it was referred back to them. Meeting adjourned to call of Chair.

FOURTH MEETING, DEC. 3, AT 9.30 A. M.—Minutes of the last meeting approved. At the urgent request of the Vice-President, who had arrived since the last meeting, the Chairman *pro tem* continued to act in that capacity. The Committee on Resolutions presented the following:—

Whereas, We regard the frequent reading of the "Testimonies" indispensable to the spiritual interests of our people; and—

Whereas, Many of them do not realize the importance of the subject; therefore—

7. *Resolved*, That we urge our ministers, State officers, and particularly directors, to make a special effort to place in the families of our people the four bound volumes recently prepared; and also to place Nos. 31 and 32 in families that do not already have them.

Whereas, It has been the expressed wish of this Society that "United States in Prophecy" should be prepared in an acceptable form to present to the public—and this has been done; therefore—

8. *Resolved*, That we hereby express our high appreciation of this work, and recommend that it be given a world-wide circulation through all acceptable methods, and that a special effort be made to provide for its sale on trains.

In the remarks that followed on the first resolution, it was recommended that directors, while laboring with local societies and families, should take these books with them, and make or secure a systematic canvass for them in all S. D. A. families in their districts. It was suggested that persons buying the new books might have copies of the old edition which they could donate to those unable to purchase the new ones.

In response to the second resolution, W. C. White remarked that in other countries this work is read with interest; hence the recommendation to give it a world-wide circulation is an appropriate one. He also stated that one object in preparing the book was to provide a work that could be sold on trains, and he strongly recommended that a proper effort be made in this direction.

Both resolutions were unanimously adopted.

The following resolution was then presented:—

Whereas, A new illustrated edition of "Great Controversy, Vol. IV," has lately been prepared; and—

Whereas, We feel that this book contains most important truths, especially adapted to our times; therefore—

9. *Resolved*, That we express our gratitude to God for the publication of this important book, and the success already attained in our efforts to place it before the public; and that we recommend and urge upon all our Tract Societies, colporters, and missionary workers everywhere, the importance of using every means in their power to secure for this book an extended circulation, by combining it with the *Signs of the Times*, or using it alone, as may be thought best.

C. H. Jones stated that when this work was first published it was not expected that it would be circulated outside of our people; but that it was soon evident that there was a demand for it, and that by the advice of the President of this Society a popular edition was issued, quite a large proportion of which had already been sold. Pertinent remarks were also made by Elds. Waggoner and Butler and others, to the effect that it is now too late to act upon the supposition that it will not do to place this kind of matter before the public. People are reaching out after something of this nature, which other churches do not afford. The rapid progress which Spiritualism is making is largely attributable to this fact; and many receive this delusion who would accept of the truth could they have it presented to them as it is set forth in these works. Remarks were also made, showing the marked success that has attended the sale of the book referred to in the resolution.

The resolution was then adopted.

The Nominating Committee recommended the following persons as officers for the ensuing year: For President, S. N. Haskell, South Lancaster, Mass.; Vice-President, W. C. White, Oakland, Cal.; Secretary and Treasurer, Miss M. L. Huntley; Assistant Sec-

retaries: Miss Anna L. Ingels, Oakland, Cal.; Mrs. F. H. Sisley, Battle Creek, Mich.; Miss Jennie Thayer, Great Grimsby, Eng.; Mrs. B. L. Whitney, Basle, Switzerland; Miss Mary Heileson, Battle Creek, Mich.; Executive Committee, S. N. Haskell, W. C. White, Geo. I. Butler, O. A. Olsen, M. H. Brown, W. C. Sisley, and M. L. Huntley. This report was adopted.

The following report was then presented:—

Your committee appointed to make recommendations in regard to State Secretaries and depositories would recommend, that in those Conferences where the amount of work and business transacted by the Tract Society involves too much labor for the present incumbents, a suitable man be employed to fill the office of State Secretary, who will act as general agent for the sale of publications by canvassing and other means. And we recommend that as general agent for the distribution of our denominational literature, he improve every opportunity to forward the interest of this work and to instruct and qualify persons to fill necessary places as secretaries, librarians, canvassers, colporters, etc.

We recommend that caution be exercised in connecting other branches of mercantile work with the legitimate work of the tract depositories.

D. B. OVIATT, GEO. I. BUTLER, R. M. KILGORE, E. H. GATES, G. C. TENNEY,	}	<i>Committee.</i>
---	---	-------------------

After some discussion, these recommendations were adopted.

The Committee on revision of the constitution, blank reports, etc., recommended as follows:—

That Art. III of the revised constitution of the International Tract and Missionary Society be amended by adding a section, to be numbered section 2, the original article to be numbered section 1; and that the section to be added read as follows:—

“SEC. 2. The Executive Board shall have power to fill any vacancies that may occur in their number by death, resignation, or otherwise.”

Also that Art. II of the State constitutions be amended by adding section 2, the same as above, to read:—

“SEC. 2. The board of directors shall have power to fill any vacancies occurring in their midst by death, resignation, or otherwise.”

We would further advise on the matter referred to us, concerning discipline of members of State Societies, that we consider it contrary to the spirit and object of the Society to disfellowship members while they are retained as members of our churches; first, because persons who have lost their interest would not be profited by such discipline; and secondly, because it would increase the labor of ever reviving and re-instating them.

We further advise that judicious and untiring effort upon the part of both the librarians and members be put forth to revive the interest of such members

as do not report. We also hope that the monthly meetings may result in so far reviving and maintaining the missionary spirit in all, as to greatly diminish the number of inactive members.

We advise that cards for the use of Bible workers and others in city missions be simple in form, bearing the name of the individual, the name of the society he represents, and the number and street of the society's rooms.

We recommend that blank order sheets, for use of city missions, be prepared in tablet form.

Respecting letter-heads, the committee was unable to make definite recommendations. A member's blank report was submitted to the meeting for criticism, which report was adopted by considering each item separately.

W. C. Sisley introduced the request of the Michigan Tract Society respecting methods of keeping T. and M. accounts. On motion, the Chair was authorized to appoint a committee to take this matter under consideration. W. C. Sisley, E. W. Whitney, J. H. Waggoner, G. C. Tenney, and M. L. Huntley were named as this committee.

The committee on R. L. Jeffery's case recommended that he be assisted to attend school for a few months, also that money which had been raised for this purpose be placed in the funds of the General Conference, and that it supply what may be lacking. The committee also recommended that the matter of sending a missionary to South America be referred to the General Conference Committee. This report was accepted.

Meeting adjourned to call of Chair.

FIFTH MEETING, SUNDAY, DEC. 6, AT 3 P. M.—Prayer by G. G. Rupert. Minutes of the last meeting approved. Committee on the introduction of new books, etc., reported as follows:—

Your Committee appointed to devise and suggest plans for the circulation of recently published books, the *Signs of the Times*, etc., would report that they have examined the book just issued, entitled "The Marvel of Nations," and have decided to recommend the publication of an edition of at least twenty-five thousand copies, to enable the publishers to furnish them at a low price to tract societies for the use of canvassers. Twenty-two thousand copies have been ordered by members of the Committee representing State Tract Societies.

We recommend the adoption of the following resolutions:—

Whereas, We see the necessity of issuing some paper especially devoted to the work of meeting the arguments of the *Christian Statesman*; and—

Whereas, We believe that the *American Sentinel*, conducted on the plan proposed by J. H. Waggoner, will meet the demand; therefore—

Resolved, That we recommend the publication of the *American Sentinel* at the office of the *Signs of the Times*, on the plan proposed by Eld. Waggoner; said paper to be an eight-page monthly, and the subscription price not to exceed fifty cents per year.

Resolved, That we recommend the publication at the office of the *Review and Herald* of a journal to be issued once in two weeks, which can be furnished to subscribers at a price not to exceed fifty cents a year; this journal to meet the wants of our people for such a paper, to be used in ship and city missions, in distributors, and wherever a small paper will best serve the wants of the cause.

Whereas, The experience of the past ten years has demonstrated the value of the *Signs of the Times* as a missionary paper; therefore—

Resolved, That the *Signs of the Times* be used by our vigilant missionary societies as heretofore, and that in our opinion it should not be superseded in this field by papers of smaller size and more limited scope.

Respecting the *American Sentinel*, J. H. Waggoner stated that it was not designed to take the place of any denominational work, nor for the present to be a denominational paper. The *Christian Statesman* claims to be based upon great principles. The *Sentinel* will occupy a defensive position, and that only so far as the issue is forced upon us. Its object will be to prove to people that both civil and religious liberty will be endangered by the proposed amendment to the national Constitution, and in this way, to appeal to people of principle who have no special regard for the views of S. D. Adventists. At first, very little mention will be made of either the Sabbath or Sunday, unless it should be called for by some action on the part of the Amendment Party. We have evidence that, in the future, men in influential positions will turn in our favor, and in many cases take their stand with us; but in order to do this they must understand the principles upon which our position is based. This knowledge many of them would never obtain from denominational literature. W. C. White remarked that he thought it providential that this paper should be issued at the same time as the book, "The Marvel of Nations." The character of each is such that they can very appropriately be combined, one being made to help the other. It is not designed to burden the tract societies by urging a large number of copies upon them while they have no definite plan for using them.

Geo. I. Butler also made remarks upon this subject, in which he indorsed the move as the right one, at the right time; and recommended that a special effort be made to circulate this paper among men of position and influence, and also among the Woman's Christian Temperance Union.

The second resolution read called forth remarks from several. Eld. White stated that the need of a smaller paper has been felt for some time, and that it was to meet this demand that the *Signs Supplement* had been issued, but that it would be discontinued. Eld. Butler urged that the matter should be guarded in the several Conferences so as not to decrease the circulation of the *Signs* more than possible. He thought that a special effort should be made to sustain the *Signs*.

The report of the committee was unanimously adopted.

Committee on T. and M. accounts recommended that M. L. Huntley, F. H. Sisley, and A. H. Mason constitute a committee to consider the matter and report at the next annual session of the Society.—Adopted.

W. C. Sisley, to whom the matter of tract distributors was referred one year ago, presented a sample of the kind that has been found to be most desirable. He stated that they could be furnished at one dollar each, ten dollars per dozen, or sixty dollars per hundred. If taken before they were put together, they would be furnished at twenty-five dollars per hundred.

Several instances were mentioned in which whole families have embraced the truth as the result of reading matter taken from distributors. In many places they are cared for and kept filled by persons who volunteer to take this responsibility. Should circumstances change so that there is no one to do this, they are immediately taken down. W. C. White suggested the propriety of placing distributors upon the Atlantic steamers; and after some consideration, the following resolution was adopted:—

Resolved, That we immediately take steps to place distributors on Atlantic steamers sailing from cities in this country and Europe where we have missions.

A. R. Henry read a report giving the number of different books sold to State Societies and also to individuals during the year, from which it appeared that about an equal number of copies of "Thoughts on Daniel and the Revelation" and of "Sunshine" had been sold to each. The number of "Sunshine" sold to the International Society, according to the recommendation of this Society last year, was 29,627.

PROCEEDINGS OF THE GENERAL SABBATH-SCHOOL ASSOCIATION.

EIGHTH ANNUAL SESSION.

The first meeting of this session was held in the Tabernacle at Battle Creek, Mich., Nov. 20, 1885, at 3 P. M. The President being absent, O. A. Olsen, the Vice-President, called the meeting to order.

The minutes of the last session having been read, and a motion passed providing for the appointment of the standing committees, J. E. White was requested to make a statement concerning the work done by the Publishing Committee.

He responded by saying that the *Sabbath-School Worker*, which had been published quarterly during the year, had a subscription

list of about 1,800, and that it had paid its way on its own merits, with a surplus of from \$25.00 to \$30.00. He also stated that work was in progress upon a "Sabbath-School Manual," the plan of which he would be glad to lay before a committee appointed to consider the matter. The following were appointed as such committee: D. A. Robinson, R. A. Underwood, G. C. Tenney, J. Fargo, and C. H. Jones.

The Treasurer's report was then read as follows:—

GENERAL FUND.

Cash on hand at the beginning of the year,	\$98 11
Cash received on tithes,	35 83
Cash received on donations,	70
Total resources,	\$184 64
Expended during the year for printing,	\$24 35
For postage and stationery,	4 45
Otherwise,	5 00
Total expenditure,	\$33 80
Balance in treasury, Nov. 22, 1885,	\$100 84

PUBLISHING FUND.

Received on fund,	\$444 36
Expended for supplies,	\$186 60
Balance on hand,	257 76
	\$444 36

The Chair appointed the following standing committees: On Nominations, A. J. Breed, H. Peebles, I. D. Van Horn; on Resolutions, C. H. Jones, G. H. Bell, I. E. Kimball,

Meeting adjourned to call of Chair.

SECOND MEETING, Nov. 26, AT 3 P. M.—The Chair first called for remarks from the Presidents of the State Associations.

C. H. Jones spoke of the progress of the work in California. Eighteen new schools have been formed; and 500 new members have been added. The amount of donations was doubled. M. B. Miller spoke for Michigan. The greatest need of Michigan is to have new life and greater thoroughness infused into the schools. A. O. Tait said that in Illinois the interest was on the increase. Maps and black-board illustrations have been introduced with a good measure of success. Ohio was represented by O. J. Mason; Indiana, by J. M. Rees; New York, by A. E. Place; Pennsylvania, by D. B. Oviatt; New England, by A. T. Robinson; Vermont, by H. Peebles; Kansas, by E. M. Kalloch; Wisconsin, by P. H. Cady and A. J. Breed; Minnesota, by W. B. White; Dakota, by A. D. Olsen; and Iowa, by L. McCoy.

After an hour spent in listening to these reports, J. H. Waggoner was called upon for remarks. He thought the term "penny contributions" had done much harm by encouraging the idea that offerings might be limited to pennies. He also said that no teacher could teach that which he did not thoroughly understand himself; and as a means of great assistance to teachers, he recommended the holding of teachers' meetings.

On motion, the following committees were appointed: On lessons for the coming year, J. E. White, W. C. White, E. W. Whitney, C. H. Jones, and G. C. Tenney; on Sabbath-school music for the future, E. W. Whitney, J. H. Waggoner, H. W. Decker, A. G. Daniells, C. C. Lewis.

A question arising as to the propriety of bringing S. S. donations on the Sabbath, the matter was referred to the Committee on Resolutions of the General Conference.

Adjourned to call of Chair.

THIRD MEETING, DEC. 3, AT 7 P. M.—The meeting was preceded by a song service, in which a large number of beautiful pieces from the forthcoming Sabbath-school song book were finely rendered.

The Committee on Resolutions presented the following report:—

Whereas, The past year has been one of marked prosperity in the Sabbath-school work; and—

Whereas, The signal blessing of God has marked the efforts put forth; therefore—

1. *Resolved*, That we acknowledge the hand of God in this, and that we express our gratitude to him for his blessing and favor, and pray that his guiding hand may be over the work and workers during the coming year.

Whereas, We feel the necessity for our people to become better instructed in regard to the present truth, and—

Whereas, We recognize in the Sabbath-school the means of obtaining this knowledge; therefore—

2. *Resolved*, That we urge upon officers and teachers the importance of being diligent and putting forth special efforts to secure a full attendance of church members during the coming year.

Whereas, We feel that the *Sabbath-School Worker* has supplied a long-felt want, and that the instruction it has contained has been the means of making our schools much more efficient; therefore—

3. *Resolved*, That it is the opinion of this Association that the *Sabbath-School Worker* should be published quarterly during the coming year, on the same general plan as heretofore; and that we hereby pledge ourselves to use all reasonable efforts to extend its circulation.

Whereas, It is necessary that the General Sabbath-school Association have funds to carry on its work successfully, therefore—

4. *Resolved*, That we request all States which have not already done so to make donations to the Association out of funds already on hand; and that Article IX. of the Constitution, which provides for the payment of tithes to the General Association, be strictly adhered to in the future by every State Association.

Whereas, Sabbath-schools in connection with tent labor have been the means of accomplishing much good, and—

Whereas, The continued growth and final success of such schools depend very largely upon the mold they receive while the tent laborers are located with them, therefore—

5. *Resolved*, That we urge upon all our ministers and tent laborers the importance of organizing a Sabbath-school at an early stage of the meeting, and of working in others to bear responsibilities as soon as consistent.

Whereas, The Sabbath-school work in many of our churches is considered of little importance, and has been sadly neglected, therefore—

6. *Resolved*, That we urge upon all our ministers the importance of this branch of the work, and request them to pay special attention to it during the coming year, in trying to raise the standard, and awaken a deeper interest in the churches which they may visit.

Whereas, Experience has shown that much good can be accomplished by holding Sabbath-school conventions, therefore—

7. *Resolved*, That we recommend each State to hold at least one such convention during the coming year, where special instruction may be given in regard to the Sabbath-school work, and consultation may be had as to the best methods of carrying on the same, these conventions to be held under the direction of the State Executive Committees.

8. *Resolved*, That we indorse the present plan of Sabbath-school class contributions, and recommend all our schools to adopt the same, and labor to increase the donations.

The above resolutions were thoroughly discussed, and were adopted except the fourth and seventh. The former was referred to a committee composed of State Presidents, and the latter was laid on the table.

Adjourned to call of Chair.

FOURTH MEETING, DEC. 4, AT 9 A. M.—The Secretary being absent, J. E. White was chosen secretary *pro tem*.

The report of the Auditing Committee was presented, as follows :—

The Committee appointed to audit the accounts of the *Sabbath-School Worker* and other Sabbath-school matters, and to make recommendations in regard to the publication of the *Sabbath-School Worker* and certain books contemplated, respectfully report as follows :—

THE ACCOUNT OF THE SABBATH-SCHOOL WORKER.

Cost of publishing,	\$353 06
Bill of J. E. White,	54 65
Bill of <i>Review and Herald</i> ,	29 17
Total,	\$436 88
Cash on subscriptions and due on accounts,	\$462 30
Representing a profit of	\$25 42

We recommend—

1. That the *Sabbath-School Worker* be published quarterly.
2. That the covers of the *Worker* be used to advertise articles relating to the Sabbath-school work; also other appropriate articles.
3. That the publication of the proposed book, the "*Sabbath-School Manual*," as relates to the size and character, be left to the Publishing Committee.
4. That the matter of who shall publish the *Sabbath-School Worker* and other matters connected with the Sabbath-school interests, and the matter of where the publishing shall be done, be referred for decision to the Executive Committee.

D. A. ROBINSON,	} Committee.
R. A. UNDERWOOD,	
J. FARGO,	
C. H. JONES,	
G. C. TENNEY,	

The report of the committee was accepted.

The Committee on Lessons recommended the following order of lessons to be used after the present series shall be finished:—

Nine lessons on the sanctuary; six lessons on temperance; twenty lessons on the law and the Sabbath; twenty lessons on the parables.

They also recommended that a book upon the life of Christ be prepared for children, to follow "No. 1" of the present series.

These recommendations were all adopted.

The seventh resolution (that concerning conventions) was called up from the table, and after much discussion was referred back to the committee for further consideration.

On motion, the Constitution was so amended as to provide for seven members on the Executive Committee and five on the Publishing Committee.

Adjourned to call of Chair.

FOURTH MEETING, DEC. 6, AT 7 P. M.—The Committee on Resolutions, to whom the resolution concerning conventions was referred for revision, presented the following report, which was unanimously adopted.

Whereas, We believe that much good may be accomplished by means of Sabbath-school conventions and institutes, therefore—

Resolved, That we recommend that a portion of the time at our general meetings be devoted to the interests of the Sabbath-school, in discussing different phases of the work, and in giving instruction with regard to carrying forward the same; that these meetings be made as practicable as possible; and that they be held under the direction of the State Executive Committee.

Resolved, That, in States where the work can be made successful, we recommend a Sabbath-school convention to be held during the coming year, where special attention can be given to the Sabbath-school work, these meetings to be held under the auspices of the State Executive Committee.

The Committee on Sabbath-school music stated that they had examined advanced sheets of a book now in preparation by J. E. White. They liked the plan of the work; but as the book was not yet completed, they were not prepared to make any definite recommendation, except that schools designing to purchase new books wait until this book is completed before purchasing.

The Nominating Committee recommended the following for officers for the coming year, and the report was adopted without change:—

For President, W. C. White, Basle, Switzerland; for Vice-President, D. M. Canright, Otsego, Mich.; for Recording Secretary, Geo. B. Starr, Chicago, Ill.; for Corresponding Secretaries, Winnie Loughborough, Battle Creek, Mich.; Mrs. M. K. White, Basle, Switzerland; for Executive Committee, W. C. White, Basle, Switzerland; D. M. Canright, Otsego, Mich.; J. E. White, Battle Creek, Mich.; G. H. Bell, Battle Creek, Mich.; W. W. Prescott, Battle Creek, Mich.; C. H. Jones, Oakland, Cal.; D. A. Robinson, So. Lancaster, Mass.; for Publishing Committee, W. C. White, Basle, Switzerland; G. H. Bell, Battle Creek, Mich.; J. E. White, Battle Creek, Mich.; W. W. Prescott, Battle Creek, Mich.; Mrs. M. J. Chapman, Battle Creek, Mich.

The minutes of a Committee composed of State officers, to whom resolution four was referred, were at this point introduced:—

MINUTES OF A MEETING OF STATE OFFICERS, HELD DEC. 6.—W. C. White introduced G. D. Ballou's chart on prophetic periods, stating that he thought the charts might be used with profit in connection with the coming lessons on the Sanctuary question. He also stated that Eld. Ballou had made an offer whereby the General Association could publish these charts at advantageous rates. Whereupon it was moved and carried—

That we recommend the Executive Committee of the General Association to make arrangements with G. D. Ballou, so that these charts can be published for the General Association.

Eld. White then introduced the matter of general finances. He spoke in regard to the growth of the work and the need of funds for carrying it on. He spoke about the proposed "Manual," raising the question as to how it should be printed, and who would own the book. An explanation was made in regard to the character of the "Manual," and the ground it was to cover.

A motion was then made That the Sabbath-school Association pay for writing the "Manual," setting the type, and making the plates; and that it be left to the Executive Committee to make arrangements for the publishing and sale with such publishing house as will do the best by the General Association.

Pending action on the motion, meeting adjourned to call of Chair.

SECOND MEETING.—The motion pending at the last meeting was first considered. It brought out quite a lengthy discussion in regard to means for carrying forward the work. However, the motion as first made was carried.

The matter of missionary work to be done by the Sabbath-schools was then considered. J. E. White spoke in regard to calls from the South for Sunday-schools; and D. M. Canright, J. M. Rees, and A. J. Cudney told of the good that had resulted from Sunday-schools held in their own Conferences.

W. C. White introduced the subject of foreign mission fields, and thought it would encourage a spirit of benevolence if our schools should donate toward these missions. He told his plan in brief, and the motion was made and carried. That these plans be presented before a meeting of the General Association for their consideration.

Meeting then adjourned to call of Chair.

The following motion was then presented:—

Whereas, Our Sabbath-schools are in need of the "Manual" proposed at our last annual meeting, also other helps of a similar character, and—

Whereas, Funds are needed to bring these helps into existence, and to assist in establishing Sabbath and Sunday-schools in home mission fields, therefore—

Resolved, That we recommend each State Association having funds on hand in its State treasury to donate one half or more of these funds to the Publishing Fund of the General Sabbath-school Association.

Carried.

A letter from the Secretary of the Central European Sabbath-school Association was read, giving statistics of schools, and asking for admission into the General Association. The request was granted.

The President presented at length plans of work for the ensuing year, a complete report of which will be found in the January number of the *Sabbath-School Worker*.

It was voted that the plans proposed by the President be adopted.

On motion, the matter of the revision of the Constitution of the General and State Associations was referred to the Executive and Publishing Committees, to report at the next general meeting.

THE PACIFIC SEVENTH-DAY ADVENTIST PUBLISHING ASSOCIATION.

IN accordance with notice in the *Signs of the Times* and the *Oakland Evening Tribune* the shareholders of the above institution met in their tenth annual meeting at the office of the Pacific Press at 9:30 A. M., on Monday, April 27, 1885.

The meeting being opened with prayer, S. N. Haskell, the President, named as a Committee on Nominations, William Ings, W. A. Pratt, and William Butcher ; and as a Committee on Resolutions, J. H. Waggoner, W. C. White, and W. M. Healey.

The meeting then adjourned to meet at the church, corner Clay and Thirteenth Streets.

On re-assembling it was found that 1,132 shares were represented by person, 1,182 shares by proxy, or 507 shares more than were required to constitute a quorum.

The minutes of the last meeting were read and approved.

Interesting remarks from the President were then listened to, on the workings of the Association for the past year, and what we may expect in the future.

The Secretary submitted the Profit and Loss Account and Balance Sheet for the year ending March 31, 1885, certified by the certificate of the auditor, which was also approved.

Vice-President, C. H. Jones, presented a diagram of the buildings and grounds owned by the Association, showing the improve-

ments which have been made during the past year, and others which have been in contemplation. Those contemplated consist of the moving of the boarding-house, now situated on the corner of Twelfth and Castro Streets, to the new lot on Eleventh Street, and erecting in its place a larger three-story building, to contain a job room, type room, and press room, with the office in front. Favorable remarks were made by J. H. Waggoner, W. C. White, J. N. Loughborough, and others, but no action was taken.

J. H. Waggoner then offered the following resolution:—

Whereas, At the last General Conference it was decided to suspend the publication of the *Sabbath Sentinel*, and it was also recommended that a monthly shall be published at the office of the *Signs of the Times*, the name and contents to be determined by the Pacific Publishing Board; therefore—

Resolved, That we hereby instruct our Board of Directors to act upon the said recommendation, and, as soon as practicable, commence the publication of a monthly to meet the requirements of the cause, to counteract as far as possible the efforts which are now being made to change the form of our government, by a religious amendment to the constitution of the United States.

The meeting then adjourned to 2 P. M.

SECOND MEETING, APR. 27, AT 2 P. M.—The meeting was opened with prayer. There was a call for remarks on the resolution offered just before adjournment, to which a number responded, and the resolution was carried.

The Committee on Nominations reported, recommending the following as directors for the coming year: S. N. Haskell, W. C. White, J. N. Loughborough, C. H. Jones, and William Saunders. They were accordingly balloted for and duly elected. The vote was then made unanimous.

The Committee on Resolutions submitted the following, which were considered separately and adopted:—

Resolved, That we express our gratitude to God that his blessing has attended our publishing work during the year, in the increased circulation of our papers, the larger sale of our books, and its general financial prosperity.

Whereas, We believe that such works as "Thoughts on Daniel and the Revelation," "Great Controversy," volumes I.—IV., and others, will, through the efforts of faithful agents, act an important part in giving the warning message to the world; therefore—

Resolved, That we approve of the efforts being made to extend and increase the subscription book business, and that we invite energetic persons to engage in the sale of our books.

Whereas, There are several important denominational works, including the bound volumes of the Testimonies and "Great Controversy," Vol. IV., which are offered to the Pacific Press, the publication of which will require an investment of not less than ten thousand dollars; therefore—

Resolved, That we invite our brethren in all parts of the world, who are interested in the circulation of these works, to take one or more shares of stock in the Association.

Whereas, The Pacific Press has rightfully gained the confidence of business

men, not only as an institution of fair dealing, but also for its financial strength; therefore—

Resolved, That we again call the attention of our friends to it as a safe place of deposit.

J. H. Waggoner was elected editor, E. J. Waggoner and A. T. Jones, assistant editors, U. Smith and S. N. Haskell, corresponding editors of the *Signs of the Times* for the coming year.

S. N. Haskell, W. C. White, and J. H. Waggoner were elected to act as a Publishing Committee.

The President spoke with reference to the workings of the College. He said there had been a full attendance, and that a good degree of prosperity had attended it, there being an increase of attendance this year. The perplexing question now is, What shall we do for room to accommodate our students? He spoke of the difficulties of uniting manual labor with a school of this size, but expressed faith in the enterprise.

Prof. Prescott, when called upon, spoke with reference to the internal workings of the College, expressing his determination to do all in his power to carry out the design of the founders of the institution, to fit up workers for the cause of God. He also spoke of the need of increased facilities, both in the College and boarding-hall.

Dr. Kellogg made a few remarks following, manifesting deep interest in the school. He said he knew of no better feeder to the cause than the College.

W. C. Sisley, C. H. Jones, and D. A. Robinson, being called upon, spoke with reference to manual labor in connection with our different schools, bringing to view some of the advantages and difficulties attending the same.

Moved (by H. W. Miller), That the Chair appoint a committee of five to consider the subject of manual labor in connection with the College, and report.—Carried.

Moved (by M. B. Miller), That a committee of five be appointed to consider the question of the enlargement of the facilities of our school.—Carried.

On motion, the Chair was empowered to appoint the usual committees, which were announced as follows: On Nominations, O. A. Olsen, E. W. Whitney, Frank D. Starr; on Resolutions, W. C. Sisley, G. C. Tenney, L. McCoy; on Manual Labor, J. Fargo, H. W. Miller, D. A. Robinson, C. H. Jones, H. W. Decker; on Enlarging Facilities, A. R. Henry, Wm. S. Nelson, J. L. Prescott, R. A. Underwood, E. H. Root.

Adjourned till Monday, Nov. 30, at 3 P. M.

SECOND MEETING.—Prayer by R. A. Underwood. Committee on Resolutions presented the following report :—

1. *Resolved*, That we express to the friends of the College everywhere, our confidence in the present *status* of this institution in its relation to the principles of present truth, its educational advantages, and the religious influences with which it is vested under the present management.

Whereas, The holding of a short term of special instruction for those students at the College who contemplate entering any of the different branches of ministerial or missionary labor, has proved very successful in the past; therefore—

2. *Resolved*, That we recommend that such a term of instruction be given at the close of the winter term; and that Geo. B. Starr and E. E. Miles be invited to give instruction in Bible readings, canvassing, and colportage work; and that Geo. I. Butler be especially invited to devote a portion of his time to giving such instruction as may be suited to the case.

Whereas, Our German brethren throughout the field have manifested commendable zeal in availing themselves of the advantages offered our College to pursue a course of study in their own language; and we are pleased to note the fact that there is a sufficient number now present to insure the success of this department; and—

Whereas, The classes hitherto maintained in the Scandinavian languages have been discontinued, there being not a sufficient number of students present to warrant the continuance of them; therefore—

3. *Resolved*, That we commend to our Scandinavian brethren the enterprising spirit of our German brethren, and earnestly and cordially invite them to avail themselves of the advantages already provided for instruction in those languages, that classes of sufficient numbers may be speedily formed.

4. *Resolved*, That we express our continued approval and appreciation of that feature of instruction in our College known as the Missionary Department; and we strongly recommend that all those in attendance at the College who intend to labor in the cause of God in any capacity, avail themselves of this opportunity to prepare for future usefulness.

Whereas, It is in harmony with the principles of Seventh-day Adventists to recognize the intimate relation between those principles upon which our physical welfare depends and those which control mental and spiritual culture; therefore—

5. *Resolved*, (1) That we consider it important to maintain a consistent standing upon the subject of health in those institutions which represent our cause, and uphold its interests; and (2) that we call the attention of the Board of Trustees and the managers of the College to the importance of guarding the health of those in attendance at our school by the enforcement of proper rules and regulations in regard to the habits and dress of the students.

The resolutions were considered separately, and after amending the second by inserting the words, “if consistent with other duties,” they were adopted.

The Committee on Manual Training presented the following report:—

Your committee, after becoming informed with reference to the past workings and the present and prospective demands of the manual training department of our College, would respectfully recommend—

- (1.) That this department be continued.
- (2.) That the Board of Directors exercise their judgment in increasing the facilities necessary to carry it forward successfully.
- (3.) That only such branches of work be introduced as shall be best calculated to prepare young people for the practical duties of life.

J. FARGO,	} Committee.
H. W. DECKER,	
D. A. ROBINSON,	
C. H. JONES,	
H. W. MILLER,	

After remarks by several, showing some slight differences of opinion, the report was adopted.

The report of the Committee on enlarging facilities was submitted, as follows:—

Your Committee appointed to consider the needs of the Educational Society, and the practicability of enlarging its present facilities, after giving the subject a careful consideration, would say that we find a pressing demand for more room, both in the College and boarding-house. And we would recommend the enlargement of the College itself, either by putting up a separate building, or by enlarging the present one to a capacity that will accommodate five hundred students. The necessities of the case seem to demand that this be done at once.

The need for more room for boarding purposes is quite apparent, as not one half of the present attendance can be provided for with the room now at the command of the Society. We would therefore report that an additional building is much needed, and recommend its erection at an early date, as soon as means can be provided.

We find that to erect such buildings as are needed, and to pay the present indebtedness, it will be necessary to raise a fund of between forty and fifty thousand dollars, and would recommend that steps be taken to do this at once.

J. L. PRESCOTT,	
A. R. HENRY,	

After a very careful consideration, this report was adopted.

The Nominating Committee recommended that Geo. I. Butler, A. R. Henry, U. Smith, W. W. Prescott, J. H. Kellogg, Wm. C. Sisley, and W. S. Nelson act as Board of Trustees for the ensuing year. The vote by ballot resulted in the election of the persons named.

STOCKHOLDERS' MEETING, HEALDSBURG COLLEGE.

THE third annual session of the stockholders of Healdsburg College Corporation convened at the South College, May 1, 1885, at 10 A. M. Upon roll-call it was found that there was not a quorum. The meeting therefore adjourned to May 3, at 2 P. M.

SECOND MEETING, MAY 3, AT 2 P. M.—The stockholders met according to adjournment. President, W. C. White, in the Chair. Upon roll-call it was found that there were 470 shares of stock represented in person and 725 by proxy, being 352 shares more than a majority.

The minutes of the last annual meeting were read, after which the treasurer presented the financial report.

S. N. Haskell made commendatory remarks concerning the reports given. He said the amount of the liabilities of the South Lancaster Academy is about the same as that of Healdsburg College, and that the valuation here exceeds that of the Academy by nearly \$10,000.

The Principal followed with some remarks concerning the nature and progress of the school.

The Chair appointed the following committees:—

On Resolutions, J. H. Waggoner, J. N. Loughborough, A. T. Jones; on Nominations, Geo. Mills, Wm. Ings, James Creamer.

W. C. White made some remarks concerning plans for the coming year. He stated that though some of the professors were going East, their interest in the College was unabated, that they would return with new vigor and courage to undertake the work for the next College year, and would push it forward with renewed energy.

He also stated that there would be additions to the faculty the coming year, especially in the Biblical department. A. T. Jones would come after the camp-meeting to commence the work in this department and also in history.

He stated that C. C. Ramsey would probably go East to teach in the South Lancaster (Mass.) Academy. He was convinced that the South Lancaster school was in need of assistance; that in Healdsburg College we had three men experienced in managing schools, while they had none at South Lancaster of equal experience. While we appreciate the services of Prof. Ramsey, and realize the loss we shall suffer by his going away, yet the need of help at South Lancaster leads us to consent to his changing his field of labor.

The Committee on Resolutions presented the following report:—

Whereas, The number of students in the Biblical Department this year was nearly double that of other years, and the term of instruction was so short as to exclude many important studies; therefore—

Resolved, That we recommend that the Biblical course begin soon after the State camp-meeting.

Whereas, There are many of our people who would like to have their children under the influence of the College, but who for various reasons are not able to send them; therefore—

Resolved, That it is the duty of the different churches, especially the larger ones, to start schools of their own. And that we call their attention to the fact that there are young men and women who have attended the College, and have been trained in the methods of instruction there employed, whom the faculty can recommend as teachers for church schools; and that we request our brethren who wish to engage teachers to apply to the College before making application elsewhere.

Whereas, We believe that while our students are gaining a knowledge of the Bible, they should also be gaining an experience in actual missionary labor; the success of the missionary departments in the schools at Battle Creek and South Lancaster having demonstrated the practical efficiency of such instruction, and—

Whereas, There are many who need such instruction, and who would attend the College if it were provided; therefore—

Resolved, That steps be taken to open a missionary department.

Resolved, That we invite Maria L. Huutley, of South Lancaster, Mass., to come to California and assist in establishing the missionary department of the College on a firm basis, and to take charge of it for the first year.

Resolved, That we recommend the expenditure of from \$300 to \$500 for philosophical apparatus, such apparatus being very necessary in giving instructions in certain studies.

Resolved, That we regard it as an excellent testimonial to the economical management of the College, that notwithstanding the depression of hard times, it is able to present so favorable a balance sheet.

S. N. Haskell, J. N. Loughborough, J. H. Waggoner, W. C. White, and others spoke in favor of the resolutions, and they were unanimously adopted.

Adjourned to May 4, at 6 A. M.

THIRD MEETING, MAY 4, AT 6 A. M.—The report of the Committee on Nominations being called for, the following candidates were presented for election for directors for the ensuing year:—

W. C. White, J. N. Loughborough, John Morrison, J. H. Waggoner, S. Brownsberger, F. V. Harmon, Jos. Leininger. They were all elected unanimously. The Committee on Resolutions presented additional resolutions as follows:—

Resolved, That we urgently request those who have made pledges which are unpaid, to pay them as soon as possible, and others to take stock in the Educational Association, that the College may be relieved of the burden of paying interest, which unavoidably adds to the cares and perplexities of those who manage it, and cripples their efforts in its behalf.

Resolved, That Section 2, Article 5, of the By-laws of Healdsburg College Corporation, be amended so as to read as follows:—

The regular annual meeting of the stockholders of this Corporation shall be

held on the third Monday of April, in the College building at Healdsburg, Cal., at which meeting the annual election of trustees shall take place.

Carried unanimously.

HEALTH REFORM INSTITUTE PROCEEDINGS.

NINETEENTH ANNUAL SESSION.

PURSUANT to appointment the stock-holders of the Health Reform Institute assembled in the Tabernacle at Battle Creek, Mich., Nov. 23, 1885, at 2:30 P. M., for their nineteenth annual session. The President being absent, the Vice-President, Dr. J. H. Kellogg, occupied the chair. Prayer by Geo. C. Tenney. The meeting was organized by calling the roll to ascertain the amount of stock represented, which was found to be 730 shares, a majority of the stock taken. Reading of minutes of last session was waived. Treasurer's report was called for, and read as follows:—

The Chair being authorized by motion appointed the following committees: On Resolutions, G. C. Tenney, M. H. Brown, R. M. Kilgore; On Nominations, O. A. Olsen, G. G. Rupert, E. H. Root.

After the reading of the Treasurer's report, opportunity was given for inquiry in regard to any points on which the stockholders might wish information. Inquiry being made respecting the farm, Dr. Kellogg said that although the farm had lost this year, it is hoped that next year it will yield profit enough to more than make up the loss. The farm formerly yielded a fine crop of wheat; but as it was desirable to make the principal feature that of a dairy, it had been mostly sown to grass, and hence for the first year was neither pasture nor wheat. It should also be remembered that of the amount lost, \$500 represented two years' interest on the investment, of which half, \$2,000, was paid for in Sanitarium Improvement Company stock. As the institution uses a large quantity of milk, it is of the utmost importance that the supply should be pure and good, and from sources that could be easily looked after. Although as yet the farm does not supply all the milk used, a very fine lot of cows has been purchased, and furnish a large share of the cream used in the institution. The farm has also yielded during the last season, a fine crop of strawberries, about four hundred bushels. A large amount of small fruit has also been planted, to the raising of which the land is especially

adapted. An important adjunct to the farm is a poultry yard, where are kept about sixteen hundred fine fowls, most of them being of the best breeds. This has been found the only satisfactory way of securing perfectly healthful eggs and fowls for the table. The farm is now worth fully as much as what was paid for it, if not more, the land adjoining being held at nearly double the price per acre.

The following statements were then made respecting the general finances of the Sanitarium:—

In connection with the expense account of the institution, may be mentioned among the repairs and improvements, the large amount of repairing necessitated by the shrinkage and warping of the timbers and floors in the old building, and also the almost entire replastering of the old building, which has involved great expense, being done at a disadvantage. New arrangements for ventilation have been perfected for the older portion of the building, which we now regard as perfectly equal in this respect to the new part. During the first part of the year, there was an almost incessant noise of pounding and hammering going on, on account of which many patients were so annoyed that they went home, or cut their stay much shorter than it otherwise would have been, making the number of patients, and consequently the income of this year, somewhat less than that of last year. It will also be noticed that we have done a greater amount of charity work this year than ever before. If we had this amount to add to our earnings, it would make quite an increase. This account is made up entirely of charity, and does not include discounts from the regular rates to persons who are able to pay. There are also at the Sanitarium, and in the city, many of the laborers in other institutions, students, and others, who are poor, and yet require treatment, which is given without price. If a charge is made, it is never collected. This probably amounts to four or five thousand dollars every year, of which no record is made.

We do not object to doing charity work, and shall be glad when we can spend twelve or fifteen thousand dollars in this way every year. We hope in the course of four or five years to entirely cancel our debt, and we have every prospect of doing so. Our finances are in better condition, we have a larger patronage, and we believe we are giving our patrons better satisfaction than ever before. But the Sanitarium is not a money-making enterprise. We are not working simply for the purpose of making money. Every patient costs us on an average not less than \$12 a week, if not a little more. If we undertake to give to patients the care and attention which they really need, the Sanitarium cannot be expected to yield more than four or five per cent on the investment.

What we want next in the line of improvements, are accommo-

dations for a hundred free beds, where we can take a hundred sick poor people, and care for them without expense to them. We already have the promise of several thousand dollars toward the cost of such an enterprise. A building could be erected at a cost of twenty-five or thirty thousand dollars, which would answer for a hundred patients. Giving them good care and simple accommodations, we could manage to bring the expense of each patient down to about \$4 a week, whereas now, every charity patient costs, on an average, \$12 a week, or even more. We feel that we cannot stop with our work at the Sanitarium until we have such a building.

J. H. Waggoner then made a few forcible remarks, referring to his pleasant acquaintance with the Sanitarium since its infancy, and relating some instances in which people of influence and high standing, who had been much opposed to our denominational views, had been very favorably impressed with our people through a stay at the Sanitarium.

His remarks were followed by a few words more from Dr. Kellogg, relating to the general adoption of vegetarianism by the helpers of the institution, which plan has worked with admirable effect. There had been less sickness among helpers during the past year than in years previous. He urged upon ministers and laborers in the field the importance of adhering to health-reform principles wherever they went to introduce the truth. He also spoke of the religious standing of the helpers, who, with hardly an exception, were professed Christians. As the result of the religious work during the year, twenty-eight persons at the Sanitarium had been converted, eleven of whom were patients. Aside from these there were many patients who had been seriously and favorably impressed, and might be fully converted through reading matter carried to their homes.

A. S. Hutchins spoke of the importance of the institution as a missionary field, and mentioned several instances that had occurred during his brief stay, which showed how serious and honest-hearted people who visited the institution were impressed as to our religious views. He regarded the Sanitarium as a means by which many would be led to accept the truth, good results being constantly seen.

After remarks by several others, the meeting adjourned.

SECOND MEETING, DEC. 2, AT 3 P. M.—Prayer by J. H. Waggoner. After reading the minutes, the Auditor's report was received, and a motion, made at the last meeting, to accept the Treasurer's report, was carried.

Committee on Resolutions reported as follows:—

Whereas, The work of God upon the earth is carried forward by the instrumentalities which he himself chooses; therefore—

1. *Resolved*, That we acknowledge his special providence in the establishment and prosperity of the Sanitarium, which represents an important branch of present truth, and is an effectual means of reaching many people of intelligence and influence, who, by its advantages, are brought into favorable relations to the truths we hold so sacred.

2. *Resolved*, That we approve of the present efficient management of this institution, as pertains to the finances of the same, and its orderly and well-regulated household, and its influence at home and elsewhere.

3. *Resolved*, That, as to the purchase of the Sanitarium farm, we appreciate the utility of the enterprise, and the fact that, under proper management, it may become a matter of great convenience and economy.

G. C. TENNEY,	} Committee.
M. H. BROWN,	
R. M. KILGORE,	

After being separately considered at length, many remarks being made by ministers as to the beneficial influence the Sanitarium casts upon their work, the resolutions were unanimously adopted.

The Secretary then read the following resolution, and moved that it be adopted:—

Resolved, That, Art. VI. be amended by edding a new section to stand as section 6, and to read as follows:—

"SEC. 6. Whenever, at any regularly appointed meeting of Stockholders or Directors, there shall not be a quorum present at the time and place announced for holding such meeting, then and in such case, the minority legally present may adjourn from time to time, and from day to day, until a quorum shall be present."

As some of the stockholders were temporarily absent, there was not a sufficient number of voters present to constitute the three-fourths required for a vote for amendment, and the motion was laid upon the table; however before the meeting adjourned, the absentees returned, and the motion was taken from the table and acted upon, being carried by a more than three-fourths' affirmative vote.

Committee on Nominations then offered the following report: For Board of Directors, J. Fargo, J. H. Kellogg, A. R. Henry, W. H. Hall, W. C. Sisley, G. H. Murphy, I. D. Van Horn.

Before balloting, W. C. Sisley stated that he could not feel it his duty to serve on this Board, being already so much occupied with other duties. Being also in somewhat poor health, and the meetings always being called in the evening, he felt that he was unable to undertake the work, and requested that he might not be placed in the position suggested by the Nominating Committee. After balloting, it was found that the nomination had been accepted, with the exception of supplying the name of Mrs. L. M. Hall for that of W. C. Sisley. On motion, the nominees were declared elected.

Adjourned *sine die*.

At a meeting of the newly elected Board of Directors, the following officers were elected for the ensuing year: Dr. J. H. Kellogg, President; J. Fargo, Vice-President; W. H. Hall, Secretary; G. H. Murphy, Treasurer; A. R. Henry, Auditor; J. H. Kellogg, Superintendent; Mrs. L. M. Hall, Matron; W. H. Hall, Steward.

SANITARIUM IMPROVEMENT COMPANY.

SECOND ANNUAL SESSION.

THE second annual session of the Sanitarium Improvement Company convened at Battle Creek, Mich., at the appointed time, Nov. 23, 1885, at 5 P. M., the president, J. Fargo, in the chair. Prayer by A. S. Hutchins. On calling the roll, the number of shares represented in person was found to be 958; by proxy, 332; total, 1,290, or 94 more than the required majority. Reading of the minutes of last session waived.

Treasurer's report was read, as follows, and was accepted:—

On motion, the Chair was requested to appoint the Committee on Nominations, and S. Fulton, B. Salisbury, and Wm. Covert were chosen as that committee.

Meeting then adjourned to call of Chair.

SECOND MEETING, DEC. 2.—Prayer by Eld. U. Smith. Committee on Nominations reported the following names as nominees for Board of Directors: Dr. J. H. Kellogg, A. R. Henry, J. Fargo, W. H. Hall, G. H. Murphy. It was voted that the election be by ballot. The balloting resulted in the election of the persons nominated.

The following resolution for amendment to Art. IV. of the By-laws was offered, and unanimously adopted:—

Resolved, That Art. IV. be amended by adding a new section, to stand as section 5, and to read as follows:—

"Section 5. Whenever at any regularly called meeting of Stockholders or Directors, there shall not be a quorum present at the time and place announced for holding such meeting, then and in such case the minority legally present may adjourn from time to time and day to day until a quorum be present."

REPORT OF THE AMERICAN HEALTH AND TEMPERANCE ASSOCIATION.

THE seventh annual meeting of the Health and Temperance Association was held in connection with the last session of the General Conference and annual meetings of the various other Associations.

The Secretary and Treasurer presented the following report:—

During the year that is just past, there has been a greater amount of work done for the cause of health and temperance than for several previous years. The increase in membership is not, perhaps, much greater, because much labor has been necessarily directed toward the revival of old health and temperance clubs, as well as the organization of new ones; but when we take into consideration the renewed and broadening interest in this branch of the cause, there has certainly been considerable advancement. In justice to all, we must say, however, that as far as we can learn from the reports sent in, the progress in this work is largely confined to the New England, Indiana, Pennsylvania, Illinois, and Michigan Societies.

The New England Health and Temperance Society reports an addition of seventy-seven members. Illinois reports fifty-one new members, five of whom are reformed tobacco users, and twenty-two reformed tea and coffee drinkers. This report for Illinois, the State Secretary says, is but a partial one, as she has been unable to obtain full returns.

The report from Pennsylvania gives an increase of fifty-five new members; that of Indiana, seven; and that of Michigan, three hundred and thirty-one, of whom all but twenty-one are signers of the teetotal pledge. As a result of the efficient work of the State Secretary, Mrs. E. S. Lane, three old clubs have been revived, and seven new ones organized, all of which are in active operation, and report a lively interest and continual additions to membership. Of the three hundred and thirty-one new members, two were reformed moderate drinkers, seventeen reformed tobacco users, twenty-five reformed tea and coffee drinkers, and two users of opium or other narcotics. The Secretary also reports twenty-seven meetings held during the year, and 288 pages of publications distributed.

Colorado, Ohio, and Kansas are the only other States which have sent in reports, and they report no additional members. The State Secretary of Kansas reports one especially active health and temperance club.

This report of work done, and the total number of five hundred eleven new members must not be considered as *all* that has been accomplished. There are, no doubt, some active clubs in States which have sent in no report, and there have been many earnest workers doing a little here and there throughout the entire year, of whose work no report can be made.

MRS. E. E. KELLOGG, *Treasurer*.

On motion, the report was accepted.

Interesting remarks were made by G. G. Rupert, D. A. Robinson, J. H. Cook, Dr. H. S. Lay, Dr. J. H. Kellogg, and others, which showed an increased interest in the health and temperance work, particularly the health branch of it. The necessity of appointing one or more persons in every State to devote their whole time to this work was quite fully discussed, and the opinion was generally expressed that this is the only means by which the work can be carried on successfully. On motion, the Chair appointed the usual committees.

At the second meeting of the Association, ways and means of extending the work of the Association and increasing its usefulness were considered in a very spirited and interesting discussion, which indicated the determination on the part of nearly all of the delegates, most of whom were Presidents or other officers of State Conferences, to give this branch of the work greater attention than heretofore. Resolutions urging upon the people the importance of making greater efforts in this direction were unanimously adopted.

The following persons were elected officers for the next year: For Executive Committee: J. H. Kellogg, M. D., President, Battle Creek, Mich.; D. A. Robinson, Vice-President, South Lancaster, Mass.; Mrs. E. E. Kellogg, Secretary and Treasurer, Battle Creek, Mich.; additional members of Executive Committee, S. N. Haskell, and W. C. White.

At the close of the meeting, the subject of health and temperance literature was informally discussed, and the titles of a series of health tracts were presented, and orders solicited, as the result of which orders were received for 1,040,000 copies of 4-page tracts, to be furnished at the rate of \$1.25 per thousand copies. The in-

creased interest manifested in this branch of the work by those present at the last annual meeting, gives reason for hoping that much more will be done in this department in the coming year than for several years past.

EUROPEAN MISSIONARY COUNCIL.

THE third session of this council convened in the new meeting-hall at Basle, Tuesday, Sept. 15, at 11 A. M., the chairman, B. L. Whitney, presiding. The following persons were present at the meeting: J. G. Matteson, A. B. Oyen, E. G. Olsen, Knud Brorsen, and Mrs. Oyen and Cecilie Dahl, from Scandinavia; B. L. Whitney, D. T. Bourdeau, A. C. Bourdeau, J. Ertzenberger, Albert Vuilleumier, Ademar Villeumier, A. Keller, and O. Roth, from Switzerland and Central Europe; Thos. G. Aslan from Roumania; J. Geymet, A. Biglia, V. Guerini, J. P. Malan, and wife, from Italy; J. B. Comte, J. P. Badaut, and A. Arami, from France; Wm. Fleck, Karl Küller, and Hugo Schneppe, from Germany; R. F. Andrews from Ireland; S. H. Lane, M. C. Wilcox, A. A. John, G. R. Drew, and Mrs. S. H. Lane and Jennie Thayer, from England; and Mrs. E. G. White, W. C. White, and H. W. Kellogg, from America. Besides these, the meetings were attended by the employés of the publishing house, and quite a number of the brethren and sisters of the Swiss Conference.

The following committees were appointed:—

On Order of Meetings, W. C. White, R. F. Andrews, S. H. Lane; On Nominations, R. F. Andrews, A. C. Bourdeau, E. G. Olsen; On Resolutions, J. G. Matteson, D. T. Bourdeau, M. C. Wilcox; On Auditing, W. C. White, R. F. Andrews, S. H. Lane, A. C. Bourdeau.

At the close of the meeting, the committees proceeded to their work, which occupied the remainder of the day.

WEDNESDAY, SEPT. 16.—The Committee on Order of Meetings proposed that something in the line of a Biblical Institute be held in connection with the Council; and in harmony with this suggestion, it was arranged that J. G. Matteson should conduct a Bible-class at 9 A. M., and that S. H. Lane, assisted by J. Ertzenberger and A. C. Bourdeau, should conduct a Bible-reading at 6:30 P. M., each day of the meeting, which, it was decided should continue two weeks instead of one, as appointed.

These classes were very interesting and profitable. So great was the desire of all to hear every lesson that the office work was suspended so that the workmen could attend; and several of the

German and French brethren who intended to return home after attending two or three meetings, remained till the close. In the Bible-class the subjects of the second coming of Christ, the millennial reign of the saints with Christ, and the return of the Jews, were considered. These subjects were especially appropriate because of the universal prevalence in Europe of the grossest errors on these doctrines. Few of those present had ever enjoyed the privilege of attending such a class before.

The brethren conducting the Bible-readings, translated into German and French those readings that the colporters would wish to use first, and they were given simultaneously in French, German and English, accompanied by remarks as to how Bible-readings should be conducted. These readings are being printed in leaflets, so that the colporters can use them in conducting readings, and then distribute the leaflets among those who wish them.

REPORTS FROM SCANDINAVIA.—J. G. Matteson thought that Sweden was, at present, the most promising field in Northern Europe. His meetings in Stockholm were largely attended, and fifty persons were converted to the truth. The Stockholm church numbers seventy-one members, and there are ten others keeping the Sabbath, who have not yet joined the church.

At the Conference just held in Sweden, about fifty Sabbath-keepers were present, representing seven churches, with nearly two hundred members. These, with scattered Sabbath-keepers, number two hundred and seventy-nine, a gain of ninety-four since last year. The two colporters and one minister laboring in this Conference the last year, have sold and distributed 426,400 pages of reading matter, obtained 448 subscribers for our papers, and received \$585 from book sales and subscriptions.

E. G. Olsen has labored most of the time during the year in Christiana and Drammen. At Drammen a church of twenty-one members has been organized, and in Christiana twenty-eight have joined the church. The colporters and the Tract Society in Norway have sold and given away 600,000 pages of tracts and books, and obtained 500 subscriptions for our papers.

K. Brorsen reported that there are in Denmark nine churches, with one hundred and sixty members, besides ninety-eight scattered Sabbath-keepers.

J. G. Matteson presented the following summary of the work in the three Scandinavian countries:—

Number of ministers, 7; licentiates, 7; colporters, 8; churches, 18; members, 514; whole number of Sabbath-keepers, 698; tithes and donations, \$2,163.86; subscriptions for periodicals, 1,044; pages of reading matter sold and distributed, 1,041,400; received on sales and subscriptions, \$1,033.

REPORTS FROM ENGLAND.—Thursday, Sept. 17, S. H. Lane

gave an interesting account of his labors in connection with J. H. Durland, at Riseley. Finding that the renting of halls was very expensive, and quite unsatisfactory, they had purchased a linen tent, 27x50 feet in size, and with it held meetings eight weeks. As a result, nine persons were keeping the Sabbath, and many others were convicted that it was their duty. Fruit, vegetables, and groceries were freely donated to those conducting the meetings, and the contributions were nearly sufficient to pay all the running expenses.

R. F. Andrews gave an account of labors in northern Ireland. Caste, prejudice, an unwillingness to attend open-air meetings and meetings in halls, are some of the difficulties to be met with in Ireland. A large number are becoming interested in the truth.

A. A. John reported that he had moved to Wales, with a view of getting the present truth before that people. There are about 1,200,000 people in Wales, of which number about 400,000 are Englishmen, 400,000 understand both English and Welsh, and 400,000 understand only the Welsh. While devoting a little time to the study of the Welsh, he had labored for the English people at a large watering-place. He had found open-air meetings a satisfactory way of getting the truth before the people of England.

Geo. R. Drew had visited 2,216 ships, selling 301,000 pages of books, for which he had received \$750. Three colporters have been at work a part of the time. They have visited 2,453 families, distributing tracts, and obtaining subscriptions for the *Present Truth*.

M. C. Wilcox had spent most of his time at the office of the *Present Truth*. This paper has 514 regular subscribers in England and 300 in America. 77,800 copies have been sent to persons whose names were found in directories. The mission has received on the *Present Truth* \$550; on book sales, \$400; tithes and donations, \$360.

REPORTS FROM CENTRAL EUROPE.—B. L. Whitney spoke of the work in the Swiss Conference and in Basle. The Conference has 1 ordained minister, 7 licentiates, 10 churches, and 224 members scattered through Switzerland, Germany, Roumania, France, and Italy. There are, besides, 39 Sabbath-keepers in churches not yet connected with the Conference. The tithes paid in during eleven months of the year amount to \$1,314.87, besides \$264.35 which has been raised in Germany. The Tract Society has 113 members. They have distributed 137,039 pages of tracts, and made 9,066 visits. The donations since the re-organization of the Society amount to \$2,041. The Sabbath-school Association has 11 schools, with 251 members.

During the past year the office has printed 61,000 copies of the

French paper, 53,200 copies of the German paper, 8,000 of the Italian paper, and 9,000 of the Roumanian paper. The receipts on the French paper amount to \$520, and on the German paper, \$490. The French paper has 827 paying subscribers; the German, 568; the Roumanian, 172; the Italian, 130. The office publishes 31 different tracts and pamphlets in French, besides a volume of Mrs. E. G. White's writings just issued. In German, 14 different tracts are published, and in Italian, 7. The amount received on sales of tracts is \$91.67. Colporters have had some success in canvassing for the French and German papers.

FRIDAY, SEPT. 18.—Interesting reports were made by Thos. G. Aslan, of the work in Roumania; by Antoine Biglia, of the work in southern Italy; and by J. D. Malan, of the Waldensian Valleys. Jean Geymet said that he had sold 22,000 pages of tracts and given away 8,000 pages. He requests that there be more Italian tracts printed, and an illustrated pamphlet on the prophecies.

J. Ertzenberger reported his labors in Germany. He says that religious meetings cannot be held there unless notice is given to the authorities beforehand, stating the place and time of the meeting, and the subject to be spoken on. If this is not done, one is liable to be fined.

D. T. Bourdeau reported his labors in Switzerland, Italy, and France; as a result there are four new churches, with about forty members.

A. C. Bourdeau reported his labors in Roumania, France, and Italy, in which he had baptized twenty-six persons.

The meetings on the Sabbath were of a very solemn character. The necessity of a living faith in God, and of an earnest love for those for whom Christ died, were the themes dwelt upon.

The business meetings of Sunday and Monday were occupied with a discussion of the various methods of labor, and the question whether tents can be used to advantage in the various countries of Europe. Many interesting facts were presented, showing that there was ground to believe that tents could be used in Sweden, Germany, France, and Italy. In some of these countries where the laws were the most oppressive a few years ago, they are now the most lenient. At the close of the discussion, it was voted to recommend: (1) That a second tent be purchased for use in England the coming season; (2) That a tent be obtained in time for use the coming season in Sweden; (3) That the Swiss Conference purchase two tents, one for the German, and one for the French work; (4) That we request the General Conference to furnish a tent for use in Italy.

The circulation of our papers was then discussed, and it was recommended that appropriate illustrations be obtained, and used in each of them.

TUESDAY, SEPT. 22.—The Committee on Resolutions presented the following, which after some discussion, were adopted:—

Resolved, That this Council advise A. C. Bourdeau to locate in the Waldenian Valleys, and devote his principal efforts to the work in Italy and France.

Whereas, The harvest is great and the laborers are few; therefore—

Resolved, That it is inconsistent for our laborers to remain continually in one place.

Whereas, It is contrary to the accepted and uniform plan of labor among our people that our laborers confine their labor to one locality, and—

Whereas, There exists special and urgent demands for labor in various localities in the Italian field; therefore—

Resolved, That this Council recommend that A. Biglia do not confine his labors to Naples, but devote the greater portion of his time to labor in new fields.

Resolved, That we request the General Conference to send a German laborer to join J. Ertzenberger in the vast German field.

Whereas, The increase of the publishing work in Europe demands skilled laborers and persons of experience in the various branches of the work; therefore—

Resolved, That this Council recommend that Chas. M. Andrewa spend one or two years in our publishing house at Battle Creek, learning thoroughly the binder's trade.

Resolved, That in the future sessions of our General Council, we request the chairman of each of the several Mission Boards to present a written report of missionary labor, not to exceed thirty minutes in delivering, and request written reports from all our laborers, not to exceed fifteen minutes.

Resolved, That we express our gratitude to God for the labors and counsels of Mrs. E. G. White and her son, W. C. White, at these meetings; that we invite them to visit Scandinavia, Great Britain, and other fields, and to remain sufficiently long in Europe to do the work Providence has assigned them.

WEDNESDAY, SEPT. 23.—The officers of the Council and the Mission Boards for the ensuing year were elected, as follows:—

Executive Committee: Chairman, B. L. Whitney, J. G. Matteson, S. H. Lane; Secretary, A. B. Oyen; Treasurer, Addie S. Bowen. Mission Boards: Central European Mission, B. L. Whitney, A. C. Bourdeau, D. T. Bourdeau; British Mission, S. H. Lane, M. C. Wilcox, R. F. Andrews; Scandinavian Mission, J. G. Matteson, A. B. Oyen, E. G. Olsen.

The question was then raised, Is it right for us to bear arms or serve in the army; and if so, is it lawful for us to serve on the Sabbath? From the ensuing discussion, it appeared that military service is compulsory in Switzerland, Germany, France, and Italy. The length of service required varies in the different countries, but the service is such that it is very difficult to keep the Sabbath. In Switzerland, Sabbath-keepers have the choice of joining the sanitary corps, in which a person is exempt from bearing arms, but the duties to be performed on the Sabbath are not such as are proper for God's holy day. It was voted that the Executive Committee

of the Council prepare a circular treating upon this subject, offering suggestions for the instruction of our brethren.

THURSDAY, SEPT. 24.—Various plans to increase the circulation of our periodicals were considered, and the best way to reach the traveling public of England. It was voted that we request the International Tract and Missionary Society to furnish distributors, to be placed on the trans-Atlantic steamers leaving Liverpool.

B. L. Whitney introduced the question of establishing a school in Basle, especially for the children of Sabbath-keepers. Attendance at school is compulsory for children from six to fourteen years of age, and they cannot be excused from school on the Sabbath. Several of our Sabbath-keepers in Switzerland have been fined, and some have been imprisoned, for refusing to allow their children to attend school on the Sabbath. It was thought that teachers could be obtained for a private school, and that a room could be obtained, if it were decided that a school should be organized. B. L. Whitney, J. Ertzenberger, Albert Vuilleumier, W. C. White, and Ademar Vuilleumier were chosen as a school committee.

FRIDAY, SEPT. 25.—The Committee on Resolutions introduced the following resolutions and recommendations:—

Whereas, The Danish-Norwegian and Swedish health journals, *Sundheds-bladet* and *Hälsö- och Sjukvård*, published at Christiania, are not circulated to any extent in America, and—

Whereas, Our brethren there would receive great benefit from reading these papers; therefore—

Resolved, That we invite our Scandinavian brethren, generally, in America to become subscribers to these journals, and to do what they can to circulate them among their countrymen in that country.

Resolved, That we request the Executive Committee of this Council to prepare petitions to the Swiss government, that the children of Sabbath-keepers be exempt from attending the public schools on the Sabbath, and that they prepare tracts and leaflets on the subject, to be distributed by those who circulate the petitions.

We recommend that the following-named persons receive credentials: B. L. Whitney, D. T. Bourdeau, A. C. Bourdeau, S. H. Lane, A. A. John, M. C. Wilcox, R. F. Andrews, A. B. Oyen, E. G. Olsen, J. G. Matteson, J. H. Durland, and that Geo. R. Drew receive colporter's license.

On motion, the above were acted upon separately and adopted.

Sabbath forenoon, J. G. Matteson preached on the subject of the third angel's message, and in the afternoon Mrs. White spoke from Zechariah 3: 1-7. As she compared the situation of the people of God with that of Joshua before the angel, she was led to give most precious encouragement to those who are to pass through the time of trouble.

SUNDAY, SEPT. 27.—The Committee on Resolutions presented the following, which were acted upon singly and adopted:—

Resolved, That we express our continued confidence in the gift of prophecy, which God has mercifully placed among his remnant people, and that we will endeavor to show our true appreciation of the same by practically carrying out its instructions.

Resolved, That we recommend that the *Present Truth* be published semi-monthly.

Resolved, That we recommend that a Scandinavian laborer be selected to go and assist Geo. R. Drew in his work in Liverpool.

Whereas, The work is great and the laborers few, and the greater part of the work of enlightening the people on the subject of the present truth must be done by means of publications; therefore—

Resolved, That it is the duty of our ministers to encourage and educate young persons to become successful canvassers and colporters, by holding institutes, and by connecting them with tent labor, and with other labor where it may be deemed advisable, thus helping them to obtain the necessary qualifications for this work.

Resolved, That we recommend that an institute of three or four weeks' duration be held the coming winter at Great Grimsby, England, for the purpose of giving instruction to canvassers and colporters.

It was voted that W. C. White, J. G. Matteson, A. B. Oyen, M. C. Wilcox, and Mrs. E. H. Whitney be an International Lesson Committee, to advise as to the Sabbath-school lessons used in our papers published in Europe.

MONDAY, SEPT. 28.—The Committee on Resolutions presented the following, which was adopted:—

Resolved, That the report of this Council, the financial and statistical report of the European Missions, with the report of Mrs. White's morning talks, and a sketch of her visit to the missions, be published in a large-page pamphlet in the English language, that our brethren in America may share the blessing of this good meeting.

It was voted that we recommend that Thos. G. Aslan labor six months or a year in Italy, in connection with Jean Geymet, under the direction of A. C. Bourdeau.

It was also voted that H. W. Kellogg and C. M. Andrews represent this Council at the coming General Conference. Also, that the next session of this Council be held in England.

Monday evening, after a short discourse by J. G. Matteson, Albert Vuilleumier was ordained to the work of the ministry.

From this meeting, the laborers go forth with new courage to their fields of labor. Five more will engage in the colporter work than have been in the field before, and we expect that our books and papers will have a much wider circulation than ever before.

ORIGIN AND PROGRESS OF S. D. ADVENTISTS.

FROM 1840 to 1844 occurred what is known in history as the great Advent movement, under the leadership of Wm. Miller. The principal burden of that movement was that the present dispensation would close in 1844, and Christ make his second advent to this earth, to gather and receive his people. These conclusions were based upon the interpretation that was placed upon the prophecy of Daniel, 8:14: "Unto two thousand and three hundred days; then shall the sanctuary be cleansed." Believing that this prophetic period ended in 1844, and that the earth was the sanctuary, the expectation of the second coming of Christ at that time was a very natural conclusion.

As the date fixed upon for the ending of the prophetic period passed by, and the events predicted did not transpire, great disappointment was felt among the believers in that movement. Some abandoned their faith, some set about the task of making new reckonings, while a very considerable number still adhered to the belief that the prophetic period ended according to the interpretation that had been placed upon it, but concluded that a mistake had been made in the events to transpire.

Late in 1844, Mrs. Rachel D. Preston removed from the State of New York to Washington, N. H., where a company of the last-named class resided. Mrs. Preston was a Seventh-day Baptist, and becoming acquainted with the Adventists, embraced the doctrine of the near coming of Christ; and from her the Adventists received information upon the Sabbath question, the result being that nearly the entire company entered upon the observance of the seventh-day Sabbath, in obedience to the fourth commandment of the decalogue. Thus arose the first Seventh-day Adventist church in America; and as the Sabbath question was agitated through the ranks of the disappointed Adventists, many embraced it with joy. Their previous interest in the sanctuary led them to discover that in whichever dispensation the matter is viewed, the central object of worship in the sanctuary is the ark of God, in which are the ten commandments, just as written by the finger of God. This gave new beauty and added strength to the Sabbath truth.

Further investigation developed the fact that the cleansing of the heavenly sanctuary was the work entered upon at the ending of the 2300 days, or, in other words, the commencement of the investigative judgment. Thus was the great disappointment of 1844 fully accounted for, and Seventh-day Adventists have ever since believed that the great Advent movement of 1840-4 was in the order of Providence, and an exact fulfillment of the Word of God.

For the first several years of its history, the development and extension of the cause was by slow and feeble means. The pioneers of the work struggled with poverty, hardship, privation,

much scoffing, and great opposition. In 1849 Eld. James White, one of the earliest and most zealous pioneers, began to publish tracts, pamphlets, and a periodical in behalf of the new faith. In 1850 he commenced the publication at Paris, Me., of the *Advent Review and Sabbath Herald*, which became, and has ever since continued to be, the leading organ of Seventh-day Adventists. In June, 1851, the paper was removed to Saratoga Springs, N. Y., and in March, 1852, to Rochester, N. Y., where it remained nearly four years. It was then removed to its present location. In May, 1861, the Seventh-day Adventist Publishing Association was legally incorporated, and became the owner of the paper and the publishing work as it then existed. This Association has continued the work and enlarged it to extensive proportions, as will be seen hereafter.

EXTENT AND CONDITION OF THE WORK, AND RECORD FOR 1885.

The design of the following pages of this article is to briefly indicate what has been accomplished during the forty-one years since S. D. Adventists had so feeble a beginning, especially during the year just past.

Carefully gleaned statistics indicate the number of believers in this doctrine throughout the world to be from 25,000 to 30,000, and they are found in every State and territory of the United States, in Canada, South America, most of the countries of Europe, in Asia, Australia, New Zealand, Sandwich Islands, and elsewhere. There are 28 organized Conferences, 741 churches, and 28 State Tract Societies. The number of ministers and other public workers engaged in aggressive work by way of extending throughout the world a knowledge of the faith held by S. D. Adventists, is about 300, and their methods comprise public lectures, Bible readings, canvassing for books and periodicals, colporter work, personal visitation, and correspondence. There are six publishing houses, issuing 21 periodicals, comprising religious, health, and educational journals. Periodicals are published in English, German, Danish, Swedish, French, Italian, and Roumanian languages. The aggregate capital invested in the publishing work is about \$400,000. There are two colleges and one academy, besides other schools of lesser importance. The aggregate valuation of school property is about \$165,000. The Medical and Surgical Sanitarium at Battle Creek, Mich., with a property valuation of \$220,000, and the Rural Health Retreat at St. Helena, Cal., are two institutions which, although not strictly denominational, are owned and managed by incorporated organizations of S. D. Adventists, and annually receive many hundreds of patients.

About 50 State and Conference camp-meetings have been held during the past year, each being an occasion of a general rally of

the believers, with their friends, within a radius of from 50 to 100 miles of the point of meeting. These camp-meetings have continued from four days to two weeks each. The aggregate attendance has probably been 125,000 persons. In addition to these camp-meetings, upward of 125 tent meetings have been held in different parts of the United States, consisting of extended courses of lectures on the leading points of the faith, and general gospel work. Considerable has also been done by way of holding general meetings, courses of lectures, and in colporteur work in England, Ireland, Scotland, Norway, Sweden, Denmark, Italy, Switzerland, Germany, France, Australia, New Zealand, and the Sandwich Islands.

Early in the season it was planned to open a mission in Australia, and in May, a company under the supervision of Eld. S. N. Haskell went to that continent and began active operations, which have been continued with success, a 16-page religious journal, called the *Bible Echo and Signs of the Times*, being already published by them there. At a still earlier date a company consisting of Elds. S. H. Lane, R. F. Andrews, and others, went to England to assist in the more general spread of the work there. Eld. Andrews has since extended his labors into Scotland and Ireland, in which work he has been assisted by others. Wales has also received some attention, and a foothold has been secured in that country. In August, another company, consisting of Mrs. E. G. White, her son, Eld. W. C. White, and wife, and others went to Europe to aid in the more complete establishment of the work throughout the Eastern Hemisphere.

The circulation of religious, denominational, health, educational, and temperance literature, aside from the regular subscription lists of the several periodicals, is carried on chiefly through the International Tract and Missionary Society, with its 28 State auxiliaries and about 10,000 workers. Through this agency there has been distributed the past year upward of 15,000,000 pages of tracts and pamphlets, and nearly 12,000,000 periodicals, and 8,413 Bible readings have been held. Other work accomplished through this remarkable agency may be seen by reference to the report of the Society elsewhere in this work.

The territory covered by this distribution comprises every civilized country on the globe. Free public reading rooms are established and maintained in as many as 25 of the leading cities of the United States and portions of Europe, where extensive libraries of the various published works of the denomination are to be found. During the past year an extensive work has been done by way of placing tract distributors and book-racks in prominent union depots of the country, which are kept supplied with free reading matter for the general public. At the World's exposition at New Orleans, La., a complete library of the tracts, books, and periodicals of the denomination was exhibited during its continuance.

There are 25 State Sabbath-school Associations that have been actively engaged in promoting that important branch of the work for the year 1885. The aggregate membership of the Sabbath-schools is not far from 18,500.

The American Health and Temperance Association, with 16 auxiliary State Associations, and about 15,000 members, has made material progress in developing that work, which has ever been a prominent feature with S. D. Adventists.

CHURCH EDIFICES.

In the building of church edifices, a commendable spirit of enterprise is growing among S. D. Adventists, and already a large

BATTLE CREEK TABERNACLE.

number of neat, well-built structures are found where they have societies. The Tabernacle at Battle Creek is worthy of special mention, inasmuch as considerable of its cost, \$26,000, was raised by dime contributions from the friends of the cause throughout the country. It is a magnificent building, 105x130 feet in size. It has

north, east, and south vestries, each capable of seating respectively 250, 350, and 250 people. These rooms are separated from the main auditorium by ground glass partitions, which may be raised when necessary, thus throwing the entire lower floor into one room, capable of seating 2,000 people. A capacious gallery, and wall seats, and chairs make the entire seating capacity between 3,500 and 4,000. The general plan is that of a great amphitheater, and is most admirably adapted to its purpose.

The regular church contributions for the year aggregate \$123,-118.57; donations and pledges, in addition to the foregoing, for foreign missions, schools, etc., \$40,895.53.

PUBLISHING HOUSES.

The Central Publishing House of the denomination, located at Battle Creek, Mich., consists of a four-story brick structure with basement, and a two story brick building. The latter is mostly for the business offices of the institution. The publishing house has a total of 30,000 feet of floor space, and is fitted up in the most complete manner for editing, printing, folding, binding, electrotyping, stereotyping, mailing, and shipping the various works and periodicals that it issues, and all the appliances of the different departments are of the most approved manufacture.

CENTRAL PUBLISHING HOUSE.

One hundred and fifteen hands are employed in carrying on the business of the institution. The aggregate valuation of the property invested is \$250,000. From this office are issued the following periodicals: *Advent Review and Sabbath Herald*, a 16-page religious weekly, now in its 35th year, total number of copies for the year, 431,117; *Youth's Instructor*, an illustrated 4-page weekly, in its 35th year, total number for the year, 655,554; *Good Health*, a 32-page health magazine, monthly, now in its 21st year, total number for year, 69,400; *Sandhedens Tidende*, a Danish semi-monthly, in its 14th year, total copies for the year, 57,475; *Sanninegns Harold*, a Swedish monthly, now in its twelfth year, total copies for the year, 32,100; *Stimme der Wahrheit*, a German semi-monthly, now in its 7th year, total copies for the year, 56,400; *Sabbath-School Worker*, a quarterly devoted to the interests of the Sabbath-school

work; and *Bible Reading Gazette*, devoted to that line of evangelical work. Of bound books, tracts, and pamphlets, the number of pages printed during the year aggregates 27,800,000. The book sales of the Publishing Association for the past year amount to \$61,785.78.

The Pacific Press publishing house is located at Oakland, Cal., and is finely equipped for doing all classes of work done at the central office, and furnishes employment for eighty hands. Its valuation is about \$100,000. From here are published the *Signs of the Times*, a 16-page religious weekly, now in its 12th year; the *Pacific Health Journal*, a 24-page monthly health magazine; the *American Sentinel*, an eight-page monthly journal, devoted to the defense of American Institutions, the preservation of the United States Constitution as it is, so far as regards religion, and the maintenance of human rights, civil and religious. Of bound books, tracts, and pamphlets, this office has issued an extensive quantity during the year just past.

The Central European publishing house is located at Basle, Switzerland, having completed a new building the past year. Facilities for book-binding, electrotyping, stereotyping, etc., will soon be added to the equipments. The property is valued at \$25,000. This office issues *Les Signes des Temps*, a French 16-page semi-monthly religious journal, now in its 10th year; *Herold der Wahrheit*, a German 16-page religious monthly, in its 3d year; *L'Ultimo Messaggio*, an Italian 16-page religious quarterly, now in its 2d year; *Adevarulu Present*, a Roumanian 16-page quarterly, in its 2d year. Considerable is also done in the publishing of tracts, pamphlets, etc.

At Christiana, Norway, is another publishing house of the denomination, a new building for which, with a meeting-hall above, has been erected the past year. This property has a valuation of \$11,000. The periodicals issued are as follows: *Tidernes Tegn*, a Danish religious monthly; *Sanningens Harold*, a Swedish religious monthly; *Helso och Sjukvard*, a Swedish health journal, monthly; and *Sundhedsbladet*, a Danish health monthly. The book and tract publishing work of this house is yet in its infancy.

At Grimsby, England, is published a religious semi-monthly paper called the *Present Truth*. This journal has not as yet a fully equipped office.

The paper in Australia has already been referred to. The office of publication is at Sumarlide, Victoria, Australia.

The list of standard books issued from these houses, comprises works upon doctrine, health, temperance, education, biography, literature, general gospel and evangelical topics, prophecy, history, etc. In the line of new works and publications issued in 1885, may be mentioned the following: "Thoughts on Daniel and the Revelation," an 850-page work on the prophecies, translated into

German; "Testimony to the Church," No. 32; "United States in Prophecy," a book of 268 pages, translated into Swedish; "Helps to Bible Study," revised; "Sunshine at Home," a finely illustrated work of miscellaneous literature, of 128 quarto pages, translated into Swedish, also a revised edition issued in English; "The Great Controversy" between Christ and Satan from the creation to the close of time, revised and published for sale by subscription; "Life of Christ," translated into Danish; "Facts for the Times," revised; "Testimonies to the Church," Nos. 1-30, revised and bound in four volumes for public libraries; "Marvel of Nations," a 300-page finely illustrated book on "Our Country; its past, present, and future, and what the Scriptures say of it," published for the first time. In addition to the foregoing, numerous tracts and pamphlets have been added to the already large list.

EDUCATIONAL INSTITUTIONS.

Battle Creek College, now in its 11th year, has accommodations for 300 students, and is filled to overflowing. The building is a three-story brick structure, 37x71, with two hall wings, each 17x37. The courses of study comprise the Classical, Scientific, English, Classical Preparatory, Scientific Preparatory, English Preparatory, and Biblical, and its corps of instructors in these branches is full and efficient. Connected with the college is a boarding-hall 36x85, three stories high above the basement. A manual training department with fully equipped quarters has been in successful operation the past year. This department affords practical instruction in printing, book-binding, carpentry and joinery, tent-making, dress-making, millinery, household economy, etc. The entire college property is valued at \$65,000.

BATTLE CREEK COLLEGE.

The students in attendance at the college the present year comprise young men and ladies from nearly every State and territory

of the union. These are making commendable progress in obtaining an education that will fit them for great usefulness in the future. The college has already sent out a large number of efficient workers in the cause.

The South Lancaster Academy, a model institution of its kind, is located at South Lancaster, Mass. It has accommodations for 200 students and is well patronized. Its departments comprise Academic, Biblical, and Industrial. The courses in the first two named departments are as complete as are those of any academy, while the manual training department affords practical education in carpentry and joinery, shoemaking, harness making, broom manufacture, printing, tent making, mercantile business, sewing, and cooking. The Academy publishes from its printing office the *True Educator*, a 16-page monthly that compares favorably with other educational journals of the country. The Academy property has a valuation of \$40,000. The students of this institution are mostly from New England States.

At Healdsburg, Cal., is located Healdsburg College, which, with its boarding-house and manual training department, has a property valuation of \$50,000. The departments of instruction embrace Classical, Scientific, Preparatory, Biblical, and Industrial. The corps of professors and instructors is thoroughly efficient, and the college well equipped. In the industrial department, carpentry, printing, painting, horticulture, gardening, cooking, laundrying, and general house work are carried on, and students given thorough training therein. From the printing office is published the *Students' Workshop*, a 4-page educational and literary monthly of an excellent character. The capacity of the college is about 200 students, and is generally well filled.

At the last European Council steps were taken for the establishment in Europe of a denominational educational institution.

HEALTH INSTITUTIONS.

BATTLE CREEK SANITARIUM.

The Medical and Surgical Sanitarium at Battle Creek was founded in 1867, and now consists of a fine brick structure 530 feet long, 84 feet high—four stories above the basement—with an average width of 46 feet. It has a promenade in halls and verandas of more than

half a mile, and a floor space of more than two acres.

The systems of heating, ventilation and sewerage, are the most perfect known to modern science. An extensive and perfect gymnasium is provided. The corps of physicians, surgeons, and assistants under the supervision of Dr. J. H. Kellogg, is thoroughly efficient; and the facilities and appliances for the treatment of all kinds of diseases are unrivalled. Every remedial agent of known value is employed. This is the largest Sanitarium in the world, and its popularity is attested by the fact that more than 10,000 patients have enjoyed its benefits. The past year has been one of prosperity.

The Rural Health Retreat, at St. Helena, Cal., is emphatically what its name indicates. It is located on the side of Howell Mountain, 1,200 feet above tide level, 500 feet above and overlooking Napa Valley—one of the most beautiful and picturesque in America. This institution is supplied with an abundance of pure water that comes from a mountain spring forty feet above the Retreat. It is in charge of competent physicians, and is destined to become a very popular resort for tourists and invalids.

AN IMPORTANT EVENT.

As a feature of more than ordinary interest to S. D. Adventists in the history of 1885, may be mentioned the following: In October, five members of the church in Washington county, Arkansas, were indicted by the grand jury for violating the law of that State prohibiting secular labor on Sunday. They were brought to trial at the term of court that convened at Fayetteville, Ark., November 2. By stipulation, one case—that of J. W. Scoles—was taken as a test case. The trial excited a very wide interest, and was a searching one on both sides. A verdict of guilty was rendered, and sentence of fine or imprisonment pronounced. An appeal was taken by the defendant to the Supreme Court of the State, where the matter now rests.

In Tennessee a similar case has arisen, the decision of the court being the same. Here, also, the defendant has appealed to the Supreme Court of the State, and the matter awaits the action of the same. As S. D. Adventists have for years expected such developments as a direct interpretation of prophecy, they are more than ever confirmed of the verity of their belief and of the soon fulfillment of future events.

With a firm belief that the close of human probation is at hand that the investigative judgment will soon be completed and the cases of the living come in review, that the second coming of Christ is near, even at the doors, and that special truths belong to this age, a knowledge of which they are largely responsible in giving to the world, S. D. Adventists are continually broadening plans for future operations, having in view the good of their fellow beings and the glory of God.

STATISTICS OF THE PUBLISHING WORK.

DURING the year 1885 there were printed at the REVIEW AND HERALD Office, in round numbers, twenty-seven million, eight hundred thousand (27,800,000) pages of books, tracts, and pamphlets on denominational, health, temperance, and gospel topics. The aggregate number of pages from the beginning of the work to the close of the past Office year, or Nov. 1, 1885, is 353,104,698.

The periodicals issued from this office the past year are shown by the following statement, also the total number of copies issued of each, together with the gain or loss as compared with 1884:—

✦ POSTAL GUIDE. ✦

DOMESTIC POSTAGE.

FIRST CLASS.—Letters and all written matter, whether sealed or unsealed, and all other matter sealed, mailed, sewed, tied, or fastened in any manner so that it cannot be easily examined, 2 cents per ounce or fraction thereof. Postal cards are unmailable as postal cards with any writing or printing on the address side, except the direction and return request, or with anything pasted upon or attached to the message side. They can then be mailed only at letter rates. A special-delivery stamp, in addition to the lawful postage, insures the immediate delivery, within the carrier limits of a free-delivery office, and within a radius of one mile from the post-office at all other special-delivery offices, of letters in all cities and towns in the United States having a population of 4,000 and upward, and all other post-offices having in operation a free delivery system. This includes registered letters, when the stamp is attached in addition to the full postage and registry fee required by the law.

SECOND CLASS.—For publishers and news agents only, and includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated periods from a known office of publication or news agency, 1 cent per pound or fraction thereof. Weight of packages not limited. Transient newspapers or periodicals may be remailed at 1 cent per four ounces.

THIRD CLASS.—Printed books, circulars, proof-sheets, and corrected proof-sheets with manuscript copy accompanying the same, music, printed matter in unsealed envelopes (all matter enclosed in notched envelopes must pay letter rates), 1 cent for each 2 ounces or fraction thereof, which must be fully prepaid. Printed matter includes reproductions by the electric pen, hectograph, papyrograph, metallograph, ebeliograph, copygraph, or similar mechanical process easy to recognize as such, and not in the nature of personal correspondence, except

type-writer and the copying press. These are subject to letter rates. Limit of weight, 4 lbs., except for a single book, which may weigh more.

FOURTH CLASS.—Labels, patterns, photographs, visiting cards, address tags, paper sacks, wrapping and blotting pads with or without printed advertisements thereon, bill heads, letter heads, envelopes with printed addresses thereon, ornamented paper, and all matter of the same general character, the printing on which is not designed to instruct, amuse, or impart general information. This class also includes merchandise, and samples of merchandise, ores, metals, minerals, seeds, etc., models, and other matter not included in the first, second, or third classes, which is so prepared for mailing as to be easily withdrawn from the wrapper and examined, and is not of a nature liable to destroy, deface, or otherwise damage the contents of the mail bag, or harm the person. Postage rates, 1 cent per each ounce or fraction thereof. Prepayment compulsory.

POSTAGE RATES TO FOREIGN COUNTRIES.

Matter mailed in the United States, addressed to Canada, is subject to the same postage rates and conditions as it would be if it were addressed for delivery in the United States, *except* that articles of merchandise are absolutely prohibited transmission by mail to Canada, unless sent as *bona fide* trade samples, in which case they are required to be put up in packages not exceeding eight ounces in weight, so wrapped as to permit of being easily examined, and prepaid in full, ten cents per package.

To the following countries and colonies, which, with the United States and Canada, comprise the Universal Postal Union, the rates of postage are as follows:—

Letters, per 15 grams ($\frac{1}{2}$ ounce), prepayment optional	5 cents.				
Postal cards, each	2 cents.				
Newspapers and other printed matter, per 2 ounces	1 cent.
