GENERAL CONFERENCE PROCEEDINGS.

TWENTY-NINTH SESSION.

O. A. Olsen, Presiding Officer; W. H. Edwards, Recording Secretary.

THE twenty-ninth session of the Seventh-day Adventist General Conference was held at Battle Creek, Michigan, March 5-25, 1891. One hundred and twenty-five delegates were present, representing thirty-five conferences and five mission fields.

During the session there were held twenty-five meetings of the General Conference, ten of the International Tract and Missionary Society, six of the International Sabbath-School Association, four of the International Health and Temperance Association, and twenty devoted to Bible study.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON CREDENTIALS OF DELEGATES.

Committee: Allen Moon, W. B. White, C. A. Hall.

Inasmuch as there are no delegates present from Australia and New Zealand, and as Elder S. N. Haskell has lately returned from these conferences, and it was designed by them that he should act as their delegate; therefore,—

1. *We recommend*, That he be accepted by this Conference as their representative; and,—

Whereas, Brother S. F. Reeder was selected by the West Virginia Conference to act in place of Brother Stone to represent said conference in this body, but has received no credentials; therefore,—

2. *We recommend*, That he be accepted as a delegate from that conference.

COMMITTEE ON RESOLUTIONS.

Committee: W. W. Prescott, U. Smith, A. T. Robinson, H. A. St. John, E. J. Waggoner.

Gratitude to God.

1. *Resolved*, That we humbly recognize God's goodness and mercy in whatever measure of prosperity has attended his work in our hands. "Not unto us, O Lord, not unto us, but unto thy name give glory, for thy mercy, and for thy truth's sake."

2. *Resolved*, That we are deeply grateful to God for the marked evidences that his Spirit is opening the way for the third angel's message to be preached in all the world; and that, recognizing God's providence in these opening fields, we will endeavor to sow the seed "beside all waters."

Response to Scandinavian Brethren.

The brethren in General Conference assembled, to the brethren in Scandinavia.

BELoved BRETHREN: "We give thanks to God and the Father of our Lord Jesus Christ, praying always for you, since we heard of your faith in Christ Jesus, and of the love which ye have for all saints; for the hope which is laid out for you in heaven, whereof ye heard before in the word of the truth of the gospel;" "being confident of this very thing, that he which hath begun a good work in you will perform it until the day of Jesus Christ;" "for all things are yours, whether Paul, or Apollos, or Cephas, or the world, or life, or death, or things present, or things to come; all are yours; and ye are Christ's; and Christ is God's." So then, "Thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savor of his knowledge by us in every place." Therefore, beloved brethren, "be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord."

Mourning and Sympathy.

Whereas, The inroads of the enemy, Death, into the ranks of our laborers have been more extensive the past year than ever before, removing in the midst of their labors our beloved brethren, Samuel Fulton, John Sisley, A. D. Olsen, E. A. Briggs, J. E. Robinson, and E. E. Marvin; therefore,—

3. *Resolved*, That while we bow, as it becomes us, submissively to these afflicting providences, we tender our sympathy to the relatives and friends of the deceased in their bereavement, and express our sense of loss in being deprived of the labors of these faithful workmen; and we will pray the Lord of the harvest to throw the mantle of his special support and protection over those who remain, and to speedily raise up others to take the places of those who have fallen.

The Battle Creek Church.

Whereas, The Michigan Conference, at its annual session, Oct. 22, 1890, expressed a desire that the Battle Creek church remain a part of the Michigan Conference, but proposed (the church also concurring), in lieu of the transfer, that the Battle Creek church pay to the General Conference seventy-five per cent of the tithe which would otherwise be paid by said church to the Michigan Conference; therefore,—

4. *Resolved*, That we accept the proposition of the Michigan Conference and the Battle Creek church in this matter, and express our thanks for the much-needed means thus brought into our treasury; and further,—

5. *Resolved*, That we recommend that all conferences and churches which are, or may become, similarly situated, act upon the same principle; that some of the financial strength derived by our public institutions from the general cause, may be returned to the same.

Establishment of Small Local Papers.

Whereas, The establishing of many small and local papers in different States must inevitably involve no small outlay of time, strength, and means, which might be applied in other directions with seemingly more promise of advantage to our cause; and,—

Whereas, The presence of such papers naturally leads the laborers in conferences where they exist, to confine their correspondence to these local organs, and withhold their reports and other items of interest from those papers which are designed to circulate in all parts of the field, and thus to be a channel of communication for all our people; therefore,—

6. *Resolved*, That the General Conference Association be invited to take into special consideration the propriety of continuing such papers, or increasing their number, and to present to those whom it may concern, some recommendation with reference thereto.

Duty of Transportation Committee in Securing Rates.

Whereas, We are informed that some have taken undue advantage of privileges granted by railroad corporations in the matter of clerical rates, resulting in such favors' being granted to parties who were not strictly entitled to them; therefore,—

7. *Resolved*, That the Committee on Transportation issue a certificate to every minister and Bible worker and missionary employed and paid by the denomination, stating that he is entitled to the courtesy of clerical rates on the railroads.

8. *Resolved*, That the managers of the railroads be informed of the action, and requested not to hold the denomination responsible when permits are granted to any person not holding such certificate.

Granting Licenses and Credentials.

9. *We recommend*, That in licensing men to the ministry, more regard be paid to the requirements set forth in 1 Tim. 3:1-7 and Titus 1:7-9.

10. That licenses be granted to such men only as are expected publicly to preach the word.

11. That licenses or credentials should not be continued to men who do not make good proof of their ministry.

Sanitarium Missionary Course.

Whereas, The Sanitarium has made an appropriation for the purpose of assisting in the education of young men and women as medical missionaries for home and foreign work; therefore,—

12. *Resolved*, That a special effort be made in each conference to secure suitable persons to enter upon the missionary course of study and preparation at the Sanitarium.

General Canvassing and District Canvassing Agents.

13. *Resolved*, That we hereby instruct the Board of Trustees of the General Conference Association of Seventh-day Adventists (the incorporated body) to appoint a general canvassing agent and such district canvassing agents as they may deem necessary to the interests of the canvassing work.

Health and Temperance.

14. *Resolved*, That we urge upon all our people the importance of a practical adoption of correct principles in diet, dress, and other habits of life which are taught in the Bible and the "Testimonies," and also the recent work, "Christian Temperance and Bible Hygiene."

15. *Resolved*, That our ministers and other public laborers should give more attention to this subject, and that they should prepare themselves to speak intelligently upon it, and especially should set the people a good example in their own habits of life.

16. *Resolved*, That the managers of our health institutions should have the cordial support of all our people in their efforts to maintain a correct standard in these reforms, as set forth in the "Testimonies."

COMMITTEE ON HOME MISSIONS AND BIBLE WORK.

Committee: R. M. Kilgore, S. N. Haskell, D. T. Jones, L. C. Chadwick, W. H. Wakeham, N. C. McClure, G. B. Starr.

Bible Reading Work.

1. *We Recommend*, That the Bible reading work be encouraged as an important factor in the carrying forward of the gospel.

2. That greater care should be exercised in the selection of workers for this branch. They should be persons of mature judgment and sound Christian experience.

3. That in some of the larger cities, such as San Francisco, Chicago, New York, and London, there be maintained training-schools for actual experimental Bible work, and that a corps of experienced workers be kept there, who can direct and assist the new workers. We further advise that six months' time be spent in this drill before these persons are sent to open up new work; and that the conferences in which these missions are located, be invited to consider the value of such labor, and, as far as consistent, assist the workers in meeting their expenses during this time.

4. That individuals and churches should be encouraged to assist in the education of persons who will devote themselves to the work, but who are unable personally to meet the expenses.

Whereas, there are many elderly persons of experience and good judgment among us, who might be a blessing to our churches and mission fields, by visiting and talking with the people; therefore,—

5. *We Recommend*, That the conference committees of our various Conferences select such elderly persons as can be of value in this line of work, and encourage them to labor in the churches and missions, by visiting and talking with the people, where, in the judgment of the committee, such work will be of advantage to the cause.

Orphans' Home.

Whereas, The imperative needs for a home for orphans and destitute people have been forcibly laid before this Conference; therefore,—

6. *Resolved*, That we believe a home for orphans and destitute aged persons, to be called "The James White Memorial Home," should be established by this denomination; and further,—

7. *Resolved*, That we recommend the General Conference to select a committee of seven to take this matter under consideration immediately, with power to act, in conjunction with the General Conference Committee.

Free Beds.

Whereas, There are increasing demands upon the Sanitarium for charity treatment; therefore,—

8. *Resolved*, That we recommend individuals and State conferences to provide funds for the endowment of free beds in the Sanitarium Hospital.

Medical Missionary Work.

Whereas, It is very important that the best interests of the health and temperance and medical missionary work be secured; therefore,—

9. *Resolved*, That we request the Foreign Mission Board and the State conferences not to employ or to encourage persons to labor as representatives of that branch of the work unless they hold credentials from the Executive Committee of the International Health and Temperance Association.

Canvassing Chicago before 1893.

Whereas, It seems important that the city of Chicago should be thoroughly canvassed for our subscription books before the opening of the World's Fair in 1893; and,—

Whereas, The State of Illinois has not a sufficient number of canvassers who are adapted to city work to accomplish this in the limited space of time; therefore,—

10. *Resolved*, That we request other States to aid in this work, which is of more than local importance, by furnishing such of their workers as the general canvassing agent, the district agents, and the State agents may decide are adapted to it.

Japanese and Chinese Work in Cities.

Whereas, The Providence of God has placed among us, in our own country, representatives of the Japanese, the Chinese, and other nations, many of whom can speak the English language; and,—

Whereas, Many of these persons have embraced the Christian religion, so far as it has been presented to them, and are planning to return to their native land, to carry the gospel to their relatives and countrymen; and,—

Whereas, Labor can be bestowed upon these nationalities with the facilities we already have, with little additional expense; therefore,—

11. *Resolved*, That we consider ourselves indebted to these people to give them the light and truth God has given us, and that we advise the workers in cities and localities where these people reside, to labor judiciously for their conversion.

Indian Territory.

Whereas, Communications received from the Indian Territory represent that as a favorable field for missionary work; and,—

Whereas, There has been no systematic effort made toward bringing the third angel's message before that people; therefore,—

12. *Resolved*, That we recommend the General Conference to furnish one minister and an assistant to labor in the Indian Territory during the next General Conference term, and that this be treated as a mission field under the direction of the General Conference Committee.

COMMITTEE ON FOREIGN MISSIONS.

Committee: W. C. White, H. P. Holser, C. H. Jones, J. H. Durland, C. L. Boyd.

Your Committee on Foreign Missions find that the field is great and the workers are few. Laborers are greatly needed in many places. But as the selection and sending out of missionaries has been committed to the Board of Foreign Missions, we have made no recommendations regarding this part of the work.

We find that the receipts of the Mission Board for the year ending June 30, 1890, were nearly \$12,000 less than the expenditures of the Board for the same period; and that the appropriations of the current year are \$68,800, thus calling for the raising of about \$80,000 during the current year.

In view of this, we submit the following resolutions:—

1. *Resolved*, That we heartily second the plans of the Board of Foreign Missions to advance our foreign work, and especially their action in appropriating \$68,800 for carrying forward our various missionary enterprises the current year, and hereby pledge our best efforts to arouse everywhere a missionary spirit, and encourage liberal donations through the adopted methods.

Whereas, The weekly offerings for foreign missions are but a small fraction of what they might and should be; and,—

Whereas, This deficiency is not so much due to a lack of willingness to give, as to forgetfulness; therefore,—

2. *Resolved*, That the librarians in all our churches be requested to keep a list of those having boxes, and in case they do not report, solicit them in person or by letter to remit their weekly offerings.

3. *Resolved*, That we urge our church officers to do their utmost to induce all our members to adopt the plan of making weekly offerings for missions.

Whereas, In the life of Christ is blended every principle of the true missionary, and the greater portion of his life was spent in manual labor; and,—

Whereas, There are many openings both in home and foreign fields where certain kinds of business might be successfully carried forward, while exerting an influence in behalf of true Christianity; therefore,—

4. *Resolved*, That we recommend devoted, successful business men to consider seriously the propriety of moving to such fields at their own expense, thus forming a nucleus for missionary work.

Whereas, The providence of God has opened broad fields for labor in all parts of the world; and,—

Whereas, There are many books and periodicals which present much valuable missionary reading matter, therefore,—

5. *Resolved*, That we recommend to all a prayerful and systematic study of this missionary literature, thus becoming acquainted with the opening providences of the Lord and gaining a preparation for active service in his vineyard.

6. *Resolved*, That we approve of the organization of Mission Societies in our schools and other institutions, and of other plans adapted to impart instruction in this branch of the work; and that we recommend the better improvement of these opportunities and privileges.

COMMITTEE ON FINANCE.

Committee : D. T. Jones, W. C. White, A. R. Henry, L. C. Chadwick, H. Lindsay.

School at Walla Walla, Wash.

Your Committee on Finance have had under consideration the building of a school at Walla Walla, Wash. The enterprise calls for the following outlay of funds: —

Real estate.....	\$23,250
Buildings.....	25,000
Contingent.....	5,000
Total.....	\$53,250

To raise this sum, we have estimated resources as follows: —

Real Estate (purchased),.....	\$23,250
30 acres (donated), divided into 100 lots at \$100.....	10,000
50 acres (donated), \$200 per acre.....	10,000
15 acres (donated), \$100 per acre.....	1,500
80 acres (donated).....	500
Cash subscriptions (by citizens of Walla Walla).....	6,100
Cash on hand, North Pacific Conference.....	5,000
Upper Columbia Conference will raise.....	3,000
Total.....	\$59,350

The General Conference is asked to contribute \$5,000, and take charge of the enterprise, all property to be held by the General Conference Association. After carefully considering the matter, —

I. *We recommend*, That the General Conference assume control of the College enterprise, and invest \$5,000 in it; also that they either select a man there, or select a man and send him there, to take charge of the business.

General Report.

Your Committee on Finance have taken a general survey of the field so far as time and the facilities for obtaining information have permitted. We are happy to be able to say to this Conference that the financial credit of our institutions is good; and though we have had several enterprises outside of the regular line of our work during the past year that have called for a considerable outlay of funds, we have, so far, been able to meet all these obligations, and pay our laborers who are in the field, support our foreign work, etc. This is due to the fact that our people throughout the country have shown a liberal spirit in making donations and free-will offerings for the support of the Lord's work.

The continual increase in our work will require an increase in the funds to carry it forward; and while God has blessed the liberal spirit shown by our people in the past, in sacrificing for the advancement of his cause, the needs of the work in the future will call for a continuation of the same spirit of liberality, and we have confidence that they will continue to support the work.

The openings now before us for the work to go, and the demand for institutions to prepare laborers for the great harvest field, are such as will require a larger outlay of funds, in the aggregate, during the coming year, than the past.

The report of the Treasurer has been read and published. We will only call attention to a few items which it contains, in order to compare them with the same items thus far the present year: —

	Year ending June 30, 1890.	Eight mos. end- ing March 1, 1891.
Donations to foreign missions.....	\$ 8,216 97	\$23,547 18
General donations.....	7,278 84	9,322 93
Christmas offerings.....	18,347 18	24,797 57
First-day offerings.....	12,515 17	10,071 80
Tithes from Conferences.....	23,150 67	22,709 94

As given, the items for the year ending June 30, 1890, include the amount received for the preceding twelve months; the other column shows the receipts on the same items for the eight months from July 1, 1890, to March 1, 1891.

The total receipts from all sources for the year ending June 30, 1890, were \$76,356.07, and for the eight months ending March 1, 1891, they were \$112,516.47.

A comparison of the above-mentioned items, which include the principal sources of our income,—the total receipts of twelve months with eight months,—shows our finances to be in an encouraging condition, which we attribute to the loyalty and devotion of our people to the work which God has given us to do.

Your Committee can think of no plans for the raising of funds which would be better than those already employed. We would recommend that the first-day offerings be continued, and that special efforts be made to secure the more general adoption of the plan by our people. This can be done by continuing to set the matter before them through our periodicals, and by the individual efforts of conference and tract society officers, ministers, and local elders. We would also recommend a continuation of the Sabbath-school and week of prayer offerings.

A reasonable estimate of funds needed for the support of foreign missions for the coming year, places the sum at \$80,000. This is considerably more than has been spent on foreign missions in any past year; but it is based on the fact that openings exist for work in countries which have not yet been entered. South America and west Central Africa present the most favorable fields at the present time for an extension of our foreign mission work. To open up a work in these countries will require considerable outlay of funds. There was also a deficit on last year's account of \$12,000, which must be made up.

We call attention also to the wants of our home institutions. The construction of Union College at Lincoln, Nebraska, which was begun about one year ago, has progressed steadily since that time. The General Conference has advanced \$11,000 on this enterprise. \$22,352.32 has been received from conferences, and \$12,285.65 cash has been realized on real estate. This, together with some loans which have been negotiated, has served to keep the work going until the present time. But there will have to be a further large outlay of funds before the school can be opened next September. Strong efforts should be made to encourage the States to raise the sums for which they have become responsible, and also to secure assistance from other sources.

The college which you have just voted to build at Walla Walla, Wash., will also require considerable outlay of funds for the next two years. Both these institutions are needed to educate workers, and should be sustained by our people.

The financial reports of missions and publishing houses in foreign countries are published in the Year Book. Brother A. R. Henry will explain any items in these reports that may not be clear to all.

The following is a recapitulation of the statistical reports, which appear in the [1891] Year Book, pages 95-101, as prepared by the Treasurer:—

Response to Memorial from Washington (D. C.) Church.

Your Committee on Finance have had under consideration the memorial from the church at Washington, D. C., asking aid of the General Conference to build a church at that place, which was referred to us.

2. We find that the enterprise would call for the outlay of over \$30,000.

3. We believe the plan proposed by the Washington church for raising money, would have the effect to greatly diminish the first-day offerings for foreign missions.

4. As the General Conference has many demands upon its resources, to carry on the work already begun; and as it will be necessary to enter upon other enterprises during this conference year, calling for an additional outlay of funds, we would not deem it advisable to grant the petition of the Washington church.

Financial Committee to Look after Local Enterprises.

Whereas, It has become of quite frequent occurrence that local enterprises have been started, and large debts contracted, without advice from the general body; and,—

Whereas, Quite frequently embarrassment and perplexity have arisen from a lack of seeking such advice; we therefore recommend,—

5. That the General Conference Association appoint a financial committee, whose duties it shall be to take cognizance of all questions of finance pertaining to the General Conference and the General Conference Association, and report all matters of importance to the trustees of the General Conference Association for their consideration and approval.

6. That it be expressed as the sense of this body that no such enterprises be started without the sanction of the body assembled, or the approval of the district superintendent and the Finance Committee of the General Conference Association.

Wills, Legacies, Etc.

Whereas, The subject of finance is one of the most important and essential questions in connection with our work; and;—

Whereas, There is a large amount of means in the hands of persons in the denomination, many of whom are aged, which they desire should come into the Lord's treasury to help forward the third angel's message; therefore,—

7. *We recommend*, That the leading men in the several conferences bring the matter of wills, legacies, endowments, and trusts before our people at the general meetings, in order that at least a portion of such means may be secured for the benefit of God's cause.

Whereas, Many wills are contested, and the bequests and legacies to religious societies are often not realized; therefore,—

8. *We recommend*, That, when practicable, instead of devising real estate by wills to our corporations, there be given deeds in escrow; and that, instead of leaving personal property by will for the uses before mentioned, it be placed in the hands of a trustee for the purposes specified.

Pamphlet on Foreign Missions and First-Day Offerings.

Whereas, We believe the plan for increasing the first-day offerings reported by the Committee on Finance last year, is a good one, and should be carried out; therefore,—

9. *We Recommend*, That a committee be appointed to carry into effect Resolution 1, found on page 48 for the Year Book for 1890, which reads as follows:—

“*Resolved*, That for the purpose of bringing this matter to the attention of all our people each first day of the week the coming year, and thus leading them to form the habit of systematic giving, a series of fifty-two brief Scripture readings, interspersed with items of interest relating to our foreign missions, be prepared by a committee of five, who shall be appointed by the Chair; and that a small pamphlet containing these readings be furnished free to all families who adopt the plan of first-day offerings, with suggestions that these readings be made the topic at the hour of family devotion on each first-day morning.”

Quarterly Statement from Mission Board.

10. *We Recommend*, That the Mission Board publish quarterly a summary statement of its receipts and expenditures and the standing of its funds; also once a year a statement of its appropriations and an appointment by conferences, of the amount which according to its judgment each conference should be expected to raise, to make up the amount necessary to carry forward the work of the missions for the year.

COMMITTEE ON DISTRIBUTION OF LABOR.

Committee: O. A. Olsen, S. N. Haskell, W. C. White, R. A. Underwood, R. M. Kilgore, E. W. Farnsworth, D. T. Jones, A. T. Robinson, J. N. Loughborough, H. W. Decker, A. R. Henry, H. P. Holser, J. H. Morrison, J. W. Raymond, E. H. Gates.

Your Committee on Distribution of Labor has spent much time and thought in endeavoring to find laborers to fill the important openings which exist in many parts of the field, without crippling the work in other places. The wants of the different fields, and the circumstances of the different laborers, have been weighed as carefully as it was possible for us to weigh them. We would recommend,—

1. That Elder J. N. Loughborough go to Illinois, and take the presidency of the Illinois Conference and Tract Society, made vacant by the resignation of Elder Kilgore.

2. That Elder W. B. White go to Nebraska, and take the presidency of the Nebraska Conference and Tract Society.

3. That Elder C. L. Boyd go to Tennessee, and take the presidency of the Tennessee River Conference and Tract Society.

4. That Elder F. M. Roberts go to Virginia, and take the presidency of the Virginia Conference and Tract Society.

5. That Elder J. G. Wood go to Ohio, and take the place on the Ohio Conference Committee made vacant by the removal of Elder O. J. Mason.

6. That Elder C. Mc Reynolds go to Arkansas, and take the presidency of the Arkansas Conference and Tract Society.

7. That Elder D. C. Babcock go to West Virginia, and take the presidency of the West Virginia Conference and Tract Society, made vacant by the resignation of Elder W. J. Stoue.

8. That Elder O. A. Johnson take the presidency of the South Dakota Conference and Tract Society, and continue his work for the Scandinavians in the Northwest.

9. That Elder J. M. Cole remain in the North Pacific Conference.

10. That Elder F. M. Wilcox go to California, and connect with the Sabbath-school work.

11. That Elder Daniel Nettleton return to Nebraska, and make that his field of labor.

12. That Elder M. G. Huffman make Illinois his field of labor.

13. That Elder Wm. Covert make Indiana his field of labor.

14. That Elder O. J. Mason make Illinois his field of labor.

15. That Elder R. C. Porter go to South Africa, and take the superintendency of the South African Mission.

16. That Elder A. J. Breed make Minnesota his field of labor.

17. That the request of the National Religious Liberty Association, that Elder A. O. Tait be permitted to act in the capacity of Corresponding Secretary of that Association, be granted.

18. That Elder R. S. Webber return to Maine, and labor in that conference.

19. That L. N. Crowther go to South Dakota, and make that his field of labor.

20. That Elder A. P. Heacock go to District No. 2, and make that his field of labor.

21. That Elder J. H. Durland go to California, and make that his field of labor.

22. That Elder R. D. Hottel labor in the Atlantic Conference.

23. That we ratify the plans of the Foreign Mission Board, recommending Elders O. A. Olsen and E. J. Waggoner to visit Europe and hold Biblical institutes in England and Scandinavia.

24. That Luther Warren go to New York, and make that his field of labor.

25. That Elder G. B. Starr spend the summer in the interests of the Bible work in Michigan.

26. That Elder S. J. Hersum labor in the Atlantic Conference.

27. That Brother M. Stremann, of South Dakota, go to Iowa, and labor among the Scandinavians in that State.

28. That Elder E. W. Farnsworth be requested to labor in District No. 1, especially in the large cities, as the way may open.

29. That we confirm the appointment of Allen Moon to labor in Chicago.

30. After further consideration, that we confirm the recommendation (referred back) that Elder R. C. Porter go to South Africa.

31. That all other vacancies and appointments be turned over to the General Conference Committee and the Foreign Mission Board.

COMMITTEE ON EDUCATION.

Committee: W. W. Prescott, S. N. Haskell, G. W. Caviness, R. C. Porter, L. H. Crisler, H. P. Holser, O. A. Johnson.

School for Australia.

We recommend, 1. That as soon as practicable, an English Bible school be opened in Australia, to continue from twelve to sixteen weeks.

2. That at least two teachers be sent from this country to take charge of this school.

3. That the expense of maintaining this school be met by the brethren in Australia in such a manner as may seem best to them.

4. That the establishment of this school be regarded as the first step toward a permanent school for children of all ages, in case the brethren in Australia so desire.

District Institutes.

5. That within the next year a Bible school be held in each Conference district, at such time and place as shall be appointed by the officers of the conferences composing that district, in consultation with the General Conference Committee; each of these schools to continue from four to six weeks, and be devoted exclusively to Bible study.

6. That at least two teachers be employed for each school.

7. That the conferences be earnestly requested to arrange for all their laborers to attend during the entire course, unless sickness or other reasonable cause shall prevent.

8. That church elders and Sabbath-school officers be encouraged and urged to attend.

9. That the sessions of the school be held three hours each day, six days in the week.

10. That the regular enrollment be made, and that school discipline, as to order, attendance, punctuality, etc., be maintained; the expense of tuition, board, etc., to be determined by the local officers in the district.

11. That in districts where there are a sufficient number of other nationalities to form a separate class, provision be made for instruction in their own language.

Summer Normal Institute.

12. That an institute for the special benefit of Bible teachers, and those who may be called upon to fill positions as Bible teachers in our schools or local institutes, be held this coming summer, at some convenient place.

13. That it continue from four to six weeks.

14. That the time of class work be the same as that recommended for the district schools.

15. That at least two persons be employed to conduct the work, and more if possible; and that it be so conducted that the members of the class shall have exercise in teaching; in short, that normal work be done as nearly as possible.

16. That the decision as to who shall attend, and where and when it shall be held, and other details, be left to the General Conference Committee and the Educational Secretary.

Bible Course.

17. That instead of a ministerial school, such as has been held for the past two years, advanced Bible work be taken up in our educational institutions.

18. That this line of work extend over a full year, that it be made a part of each course of study, being optional with an equivalent amount in other subjects.

19. That if a sufficient number of ministers be present at any school for a short course in the winter, special Bible classes be provided for them, at the discretion of the managers of the school.

Correspondence Course.

20. That the arrangement of a correspondence course of instruction with special reference to the needs of those who desire to prepare for Bible reading work, be referred to the faculty of Battle Creek College for such favorable action as may seem to them to be practicable.

Courses for Bible Reading Workers.

21. That our educational institutions provide a suitable course of instruction, covering a period of two years, for the benefit of those preparing for Bible reading work.

22. That this be followed by six months' instruction in hygiene, which shall include Physical Culture, Dietetics, Healthful Cookery, Healthful Dress, Causes of Disease, Bible Hygiene, etc.

23. That in the case of those who show a fitness for the work, a further six months be spent in one of the training-schools for Bible reading workers, already suggested.

24. That those pursuing these courses be under the direction of the Mission Board.

Southern School.

25. That a school be started at some suitable location in General Conference Dist. No. 2, as soon as practicable, next September, if possible; and that it be left with the General Conference Committee and Educational Secretary to carry out this recommendation.

COMMITTEE ON JUDICIARY.

Committee: L. Dyo Chambers, J. B. Goodrich, J. E. Graham, C. F. Stevens, J. P. Gardiner, F. D. Starr.

Pitcairn Church.

1. In reference to the request of the church on Pitcairn Island to be taken under the watchcare of this Conference, your committee recommend that this church, and other churches which are or may be organized in the islands of the Pacific, form the Seventh-day Adventist Polynesian Mission, which shall have representation in this Conference in the same manner as other mission fields.

COMMITTEE ON CONSOLIDATION OF PUBLISHING INTERESTS.

[Standing Committee of Twenty-one, Elected at Last General Conference.]

Committee: O. A. Olsen, W. C. White, Uriah Smith, A. R. Henry, C. Eldridge, L. Dyo Chambers, C. H. Jones, H. W. Decker, R. A. Underwood, M. J. Church, E. W. Farnsworth, E. H. Gates, D. T. Jones, R. M. Kilgore, A. T. Robison, Allen Moon, J. H. Morrison, S. H. Lane, F. E. Belden, L. C. Chadwick, A. O. Tait.

Your committee appointed at the last session of this Conference to take into consideration the consolidation of the publishing work under one general management, with power to act, if in their judgment they thought best to do so, would report that we have given the matter referred to us much thought. It being a matter of great importance, requiring careful attention at every step, we have thought it prudent to move cautiously, even though the work might move slowly.

Your committee has taken steps to examine into the plans upon which the publishing work of other denominations is managed. We have carefully investigated the plans adopted by the Baptists, Presbyterians, Lutherans, Reformed Church, Methodists, and others. We find that in all these, the general points which you wish to gain by consolidation, are practically carried out; namely, that the entire publishing work of each denomination is under one general management, and that such portions of the surplus profits accruing from it as are not needed in carrying on the publishing work, are applied to the carrying forward of the general work of the denomination.

The publishing houses have been built up by the denomination. Many persons who own no stock in these institutions, have done much by donations and otherwise to sustain them, and to extend their influence,—as much, perhaps, as many have done who are stockholders. Therefore it is evident that these institutions should be controlled by the denomination.

Competent attorneys have been consulted on the question of forming a legal corporation to carry out the objects had in view by this Conference, relative to the consolidation of your entire publishing work.

For many reasons, we are not in favor of multiplying corporations. We think the objects so much desired can be brought about without this.

After carefully considering the matter, and discussing different plans, your committee have reached the conclusion that an organization already in existence would, with some slight changes in its Constitution and By-laws, be as efficient in carrying out your desires and purposes, as any new corporation that could be formed. We refer to the General Conference Association. The object of this Association, as stated in Article III. of its Constitution, is as follows:—

“The *object* of this corporation is to diffuse moral and religious knowledge and instruction, by means of publishing houses for such purpose, publications therefrom, and the further means of missionaries, missionary agencies, and all other instrumentalities and methods appropriate and available for and tending to the advancement of the ends and aims above specified.”

It will be observed at once that the objects of this Association, as set forth in its Constitution, are the same as the objects which the General Conference had in view at its last session in appointing the committee of twenty-one on consolidation of its publishing interests.

By referring to Article VI. of the Constitution of the General Conference Association, we see that the Association is controlled by a board of only five trustees. We believe this board to be too small for the carrying out of the **objects which you have in view; as a board, to control the entire publishing work, should represent the entire field.**

Your committee would therefore suggest:—

1. That the Constitution of the General Conference Association be so changed or amended as to provide for a board of twenty-one trustees.
2. That the Board of Trustees be made up of men representing all parts of the field.
3. That the By-laws also be changed to conform to this increase in the number of trustees.
4. We would further suggest that this board meet semi-annually to counsel together, and lay plans for the carrying forward of the publishing work. The local boards of the different publishing houses, and managers in charge of the publishing work in the different institutions, will then be expected, in harmony with the plans that have been laid, to render an outline report of its working to this board at its semi-annual meetings, and a complete tabulated report and balance sheet once each year.

The General Conference Association, so organized and equipped for managing a publishing work, can hold stock bequeathed or assigned to it, and otherwise discharge the duties of such a corporation as you have had in mind, fully as well as any new corporation that might be organized for this special purpose, and the objectionable feature of multiplying organizations will thereby be avoided.

In this report your committee has simply outlined the general plan. If it meets your approval, we would suggest that the following resolution be adopted by the Conference:—

Whereas, All our institutions are designed to be parts of one harmonious whole, working to one grand end; and,—

Whereas, It is the sense of this body that the best and most enduring interests of our cause require that the management of our various institutions shall be as widely representative as is consistent with good business principles; and,—

Whereas, The scope of the law under which the General Conference Association of the Seventh-day Adventists is incorporated, permits said Association to become the recipient of trusts, loans, gifts, and advances, to promote the purposes of our cause, and authorizes the creation and perpetuation of a board of trustees of sufficient number to meet our ideas of a representative management; therefore,—

Resolved, That said corporation is hereby earnestly requested at once to amend its Articles of Association so as to permit the carrying out in a practical way of the general principles set forth in the foregoing preambles.

If this resolution should be adopted promptly, and the work of amending the Constitution begun at once, it can probably all be completed before the close of this Conference, and the board suggested in the resolution elected before the Conference adjourns.

MISCELLANEOUS.

Article IV. of the By-laws of the General Conference was amended by substituting the word "twenty-one" instead of the word "five," making the number of Trustees to be elected twenty-one.

Voted, That we request the Executive Committee of the General Conference to publish, as soon as possible, the minutes of the Conference and other societies which have held their annual meetings at the same time, in condensed form, that all may have it in convenient form.

Resolved, That we recommend the Executive Committee to publish a smaller Year Book, with a view to a more general circulation.

PROCEEDINGS OF THE GENERAL CONFERENCE COMMITTEE.

The following are the more important actions, in condensed form, of the General Conference Committee since the close of the last General Conference.

Actions from March 28 to April 28, 1891.

It was voted —

1. That the Summer Normal Institute begin July 15, 1891, and continue six weeks.
2. That the Institute be held in the northern part of the State of Michigan.
3. That the summer council of the General Conference Committee be held at the same place in which the Summer Normal Institute is held, beginning July 22.
4. That the Institute be under the direction of Prof. W. W. Prescott, and that Prof. E. B. Miller, Prof. G. W. Caviness, Elder A. T. Jones, and Dr. E. J. Waggoner assist in the work of teaching.
5. That Nellie Webber engage in Bible work in Battle Creek.
6. That the Corresponding Secretary of the General Conference sign all credentials and licenses.
7. That E. J. Harvey labor in Ontario, under the direction of the Michigan Conference.
8. That Elder A. T. Jones attend the camp-meetings in District No. 1.
9. That W. A. Spicer connect with Elder W. C. White in the Foreign Mission Secretary work, with a view to taking his place as Foreign Mission Secretary when Elder White shall be called away for other work.
10. That Elder J. H. Durland attend the Upper Columbia camp-meeting.
11. That Allen Moon and A. F. Ballenger engage in Religious Liberty work in Chicago, Brother Ballenger devoting a part of his time to lecturing.
12. That Allen Moon and A. F. Ballenger be granted ministerial license.
13. That we authorize the employment of four competent colporters in the unorganized part of District No. 2.
14. That Elder C. M. Kinney and Prof. W. L. Gibson engage in a four months' tour of colporter work, to test the utility of this line of work for the colored people.
15. That the General Canvassing Agent select and send a company of canvassers to South Carolina, also one company to Alabama, and some recruits for the companies in other States where needed.
16. That D. T. Shireman be advised to locate in some central city in North Carolina, and devote some of his time to Bible and colporter work, and some to visiting churches in that State.
17. That we authorize the manning and operating of tents in District No. 2, as follows: One in the Cumberland Mission field, by Elder A. P. Heacock, assisted by W. C. Dalby; one in Georgia, by Elder G. T. Wilson, assisted by D. L.

Diffenbacher; one in Florida, by Elder L. H. Crisler, assisted by J. O. Johnston; and one in Louisiana, by Elder B. F. Purdham, assisted by his brother.

18. That missionary credentials be granted to W. C. Dalby, Mrs. A. P. Heacock, Mrs. Grant Adkins, and Mrs. G. T. Wilson.

19. That A. Barry go to Kentucky and begin work in Lexington.

20. That B. F. Purdham act as agent for the States of Alabama and Georgia.

Actions from July 24 to Sept. 1, 1891.

21. That Elder A. T. Jones attend the camp-meetings in Ohio, Indiana, and the Tennessee River Conference.

22. That C. L. Taylor attend the camp-meetings in the Ohio, Indiana, Tennessee River, Atlantic, and New England conferences.

23. That Elder E. J. Waggoner attend the camp-meetings in Michigan and Illinois.

24. That Elder H. Shultz attend the Nebraska and Kansas camp-meetings.

25. That Prof. C. C. Lewis attend the camp-meetings in Nebraska, Missouri, Arkansas, Kansas (local), and Colorado.

26. That Elders A. J. Breed and O. A. Johnson attend the Nebraska camp-meeting.

27. That Elder O. A. Johnson be requested to attend the camp-meeting at Topeka, Kan.

28. That Elder R. C. Porter attend the eastern camp-meetings, beginning with that in Virginia.

29. That Elder E. W. Farnsworth attend the camp-meetings in Missouri, Arkansas, and Michigan.

30. That Elder G. B. Starr attend the Colorado camp-meeting on his way to the Pacific Coast.

31. That Elder W. C. White and Sister E. G. White attend the California State camp-meeting.

32. That Union College be dedicated September 24.

33. That N. P. Dixon be granted missionary license.

34. That Elder S. N. Haskell labor in California the coming fall and winter.

35. That the District Superintendent of each district shall have charge of the ministerial institute to be held in his district, and shall be assisted, as far as arrangements can be made, by Elders A. T. Jones, E. J. Waggoner, S. N. Haskell, W. W. Prescott, O. A. Olsen, and others.

36. That ministerial institutes be held according to the following program : (1.) Six days per week; (2.) Four hours of study per day; (3.) Time, 8:30 A. M. to 12 M.; (4.) Four hours per day of Bible study, and one hour for special work, social service, etc.; (5.) The special line of Bible study to be taken up at each institute to be determined by the teachers.

37. That Elder J. S. Washburn attend the institutes in Districts Nos. 1 and 2.

38. That L. J. Ronsean sail about the first of May, 1892, for Australia, to engage in school work there, and that another teacher follow him later in the season.

39. That the week of prayer in foreign countries be held at the time corresponding to that at which it was held in foreign countries last year.

40. That the request for a minister to labor in Manitoba be referred to a committee composed of O. A. Olsen, A. J. Breed, and W. W. Prescott, they to

select a laborer for that field at the time of the institute in District No. 4, if they deem it advisable.

41. That the publishers of the *Signs of the Times* be advised as follows: —

(1.) To increase the size of the paper to sixteen pages.

(2.) That it be made up and edited wholly with reference to its mission as a pioneer missionary paper; that a large list of special contributors be engaged to furnish articles on given subjects, so that the ground of present truth may be systematically covered, and each number contain also a large proportion of practical articles on gospel subjects; and that all matter not of general interest be left out.

(3.) That we discourage the insertion of commercial advertisements.

(4.) That the time of beginning the volume be changed to the first of November.

(5.) That the subscription price be \$1.50 for single subscriptions, and \$1.40 when taken in clubs of ten copies and upward.

(6.) That no commission be given canvassers for the journal.

42. That the General Conference Committee make a proposition to the Pacific Press Publishing Company to take the editorial management of the *Signs*, and bear the expense of the same for a term of two years; and that in case this recommendation is accepted, the price of the paper in clubs of ten or more be placed at \$1.25.

43. That, whereas there are many families in all parts of the field who have read more or less literature on present truth, whose minds are led out to seek after more light, but who cannot be reached by our present system of ministry, we therefore recommend that conferences which are able to do so, select colporters and place them in the field; and that those who are not financially able to add to their working force, select from those who are already in the employ of the conference certain ones to engage in the colporter work.

44. That we request the International Tract Society to select a Field Agent to work in the interest of our periodicals.

45. That we approve of the decision of Sister E. G. White and W. C. White to sail for Australia on the "Monowai" about the middle of October, in harmony with the wishes of the Foreign Mission Board.

46. Educational Fund: —

(1.) That a fund be raised to be known as the General Educational Fund.

(2.) That the fund be loaned to worthy students, under the direction of the General Conference Committee, unless specific directions are given by the donors; and that the one fund be used to assist students in the different schools of the denomination.

(3.) That notice of this fund be published in the *Review* and such other papers as may be thought best, that all who wish to do so may have an opportunity to contribute.

(4.) That a committee of three, of which the chairman shall be one, have charge of this matter.

47. That Elder E. G. Olsen be requested to visit as many of the Scandinavian churches in the country as he can before the opening of Union College.

48. That Elder R. C. Porter make the New England Conference his field of labor.

49. That Elder E. J. Waggoner give instruction during the first eight weeks of the Chicago Bible School.

50. That Miss Julia Parmele be invited to connect with the Chicago Bible School, under the direction of the Illinois Conference.

51. That the resignation of Elder A. T. Robinson as a member of the General Conference Committee be accepted, in view of his having accepted the invitation of the Foreign Mission Board to labor in South Africa.

52. That Elder R. C. Porter be elected to fill the vacancy on the Transportation Committee, caused by the resignation of Elder A. T. Robinson.

53. That we authorize the publication of twenty-six of the readings prepared by Elder S. N. Haskell, on the subject of "Offerings," in season to be distributed at the October quarterly meeting, and that we request the Publication Committee of the General Conference Association to take charge of the work.

54. That we recommend that the Sabbath-school contributions for the first quarter of 1892, be devoted to the maintenance of The James White Memorial Home.

55. That the General Conference appropriate \$1,000 to the International Tract Society.

56. The relation the health work sustains to the general work:—

Whereas, The health work is a part of the third angel's message, which is to prepare a people for translation, and should therefore receive its due share of attention from the denomination; and,—

Whereas, Organization and discipline are essential to success in this, as in other branches of the work; and,—

Whereas, This branch of our work must be protected against the influence of those who may engage in it for selfish motives, who, not being actuated by the fear of God and the love of the truth, may prostitute the work and destroy its influence for good; therefore,—

Resolved, That it is the sense of this Committee that those who work in this branch of the message, bear the same relation to it that the minister and those engaged in other branches of the work do, and should work in harmony with, and under the advice of, the General Conference; and that institutions raised up in the providence of God, under the counsel of the body, to develop the principles of healthful living, to heal the sick, and to educate men and women to go forth as medical missionaries, should be sustained by the officers and ministers of the General Conference and the State conferences; and that no encouragement should be given to those who, by taking an independent course, not only show that they do not respect organization, but also that they fail to recognize in the health work a part of the third angel's message, and thus refuse to unite their interests with those who are giving that message.

57. That Elder I. D. Van Horn make Battle Creek his principal field of labor for a time.

58. That Elder E. W. Farnsworth make Michigan his principal field of labor.

59. That Elders O. A. Olsen, W. W. Prescott, and J. N. Loughborough be a committee to provide instructors and arrange the time for the Chicago Bible School, with full power to act.

60. That Elder W. C. White, W. A. Colcord, and W. H. Edwards be a committee on blanks.

61. That L. C. Chadwick be ordained to the work of the ministry.

Actions from October 15-19, 1891.

62. That ministerial credentials be issued to Elders G. W. Colcord and J. W. Scoles.

63. That we issue a year book for 1892, and appoint W. A. Colcord, W. A. Spicer, and A. O. Tait as editors of the same.

64. That the resignation of Elder H. W. Decker as President of the Upper Columbia Conference be accepted, with the understanding that it take effect when some one is selected to take his place.

65. That we refer Elder Decker's resignation to the Upper Columbia Conference Committee, and suggest that Elder D. T. Jones be appointed to fill the vacancy.

66. That the General Canvassing Agent call together the State and district canvassing agents for consultation and instruction, as he may think best.

67. That we indorse the plan of having Elder O. O. Farnsworth go to Washington, D. C., if such arrangement can be made.

THE YEAR'S WORK IN FOREIGN FIELDS.

REPORT FOR YEAR ENDING JUNE 30, 1891.

DURING the year there have been in foreign fields 254 ministers, colporters, and Bible workers, besides the eighty printers and binders engaged in our foreign publishing houses in Australia, Central Europe, England, and Norway. Progress is reported from every field. There has been an increase of 547 in membership, and an increase in the tithes and offerings in foreign lands of \$3,134.67. A statistical summary of the foreign conferences and missions will be found on page 78, and a comparative summary of contributions in the United States for foreign work, on pages 76, 77.

AUSTRALIA.

This Conference, organized in 1888, reports seven churches, with a membership of 492. These are located in Queensland, New South Wales, Victoria, South Australia, and Tasmania. The work and workers in Australia were much blessed by the Bible institute held in the latter part of 1890. During this time, also, they had the labors and counsel of Elder S. N. Haskell. Tent meetings have been held near Adelaide, South Australia, by Elder Curtis; in Tasmania, by Elder Hare; in Geelong, Victoria, by Elders Foster and Baker; and in Sydney and Newtown, New South Wales, by Elders Daniells and Steed. Fruits of all these efforts have been seen. Besides, the churches have been visited and strengthened. Elder Tenney has been confined largely to Melbourne by the publishing interests, and by his general work as Conference President. The sales of the canvassers have been about \$5,000 worth of books per month. Our publications are appreciated; and while there is the usual opposition to meet, the reports show that as the public learn more of our work, there is a growing disposition to hear and read. The *Bible Echo*, published at Melbourne, is well received, and the general circulation of publications is securing the interest and co-operation of very many in different parts of Australia. The Conference is unable to supply workers to meet the calls that come in from those who are interested and desire to learn more. There are twelve ordained and licensed preachers in the field, thirty book canvassers, and twenty persons engaged in the Bible Echo Publishing Company's office.

CENTRAL EUROPE.

From the beginning of the work here by Elder J. N. Andrews in 1874, until the present year, the Central European field comprised all of Europe, excepting Scandinavia and Great Britain, and extended its work also to Asia and Africa. At the beginning of the present year, the Teutonic and Slavonic nations were separated into two fields, to be known as the German and the Russian Missions. The Central European Mission now comprises all the Latin and Greek nations, North Africa, and the Ottoman Empire.

Since the division of territory this mission numbers nineteen churches, with a membership of 438, and scattered adherents enough to make a total of 500. Of these, 368 are in Switzerland, 76 in France, 20 in Africa, 6 in Italy, 5 in Corsica, and 4 in Turkey.

Algeria.—During the past year, Brother Comte spent considerable time in Africa, strengthening the brethren at Relizane, and preaching the truth to those not of our faith. The field there is poorly supplied with missionaries, and affords a good opportunity for work.

France.—The remainder of Brother Comte's time has been occupied in France, visiting the churches and unorganized companies. At the close of our annual Conference in July, he and Brother A. Vuilleumier pitched a tent at Vigan, department of Gard. This is the second effort with a tent in France, some four years having elapsed since the first effort. From the beginning, the meetings were quiet and orderly, which is quite contrary to former experiences with the tent in France. When the rainy season came, the services were transferred to a hall; and the interest at the present writing continues good. France is a great field, having a population of 40,000,000; and among so many, one or two workers are almost lost. Some portions seem to be in a more favorable condition to hear the gospel than in the past, and we should lose no time in embracing these opportunities.

Most of the year there has been a company of colporters at work in Lyons, one of the largest cities of France. Since the eighth century, this city has been prominent on account of the interest which it has taken in Protestantism. Thus far our colporters have succeeded best with tracts, pamphlets, and journals. It seems to be very difficult to sell books. Those who succeed well in Switzerland can do nothing at selling books in France. But there is doubtless a way to make this branch of our work succeed, for the work must go in some form in this field.

Switzerland.—Switzerland is the backbone of our work in Central Europe. Here our publishing work is located, as well as the greatest number of adherents. During the year, from eight to ten workers have operated in this field, four of whom are ministers or Bible workers. Brother Erzenberger is our oldest laborer. So much of his time has been occupied with the churches and publishing work that he has been able to do but little this year outside of our own denomination, although in nearly every place where meetings have been held with the churches, interested people not of our faith have been present, and a number seem to be almost ready to enter the church.

Few of the fields yet entered by our people are more favorable than Switzerland. The German portion has had very little labor. The Methodists and Baptists and the Salvation Army are all advancing here. Those who are not members of these denominations give considerable means toward sending their workers here. We should certainly have one or two more German preachers in this field. As a rule, as soon as people become interested in the truth, they begin to donate to the work. German and French Switzerland have already returned more to the cause than has been advanced toward our work in that field. As a center for this mission, Switzerland should be developed. It will soon make abundant returns in workers and means, and will give us a strong foundation from which to operate in reaching out to other fields.

Brethren J. Curdy and A. Vuilleumier have devoted most of their time the past year to city mission work in Geneva, in the same manner as this work is carried on in America. This city is exceptionally worldly and incredulous, and it is only by hard, faithful work that we have gained a good foothold there. But as it is a most important post, we must occupy it. Our work here is not local in the same sense that it is in most cities, for Geneva is one of those cosmopolitan portals through which all nations pass. At present, Brother Curdy is the only one at work there.

Besides the regular publishing work at the office, considerable missionary work is done by the Basel church in sending forth our publications. In addition to this, the office has employed persons to secure addresses and send publications to countries not yet entered. At present, correspondence is opened with all the French consuls for the purpose of securing addresses of Frenchmen in all parts of the world, to whom publications will be sent, with correspondence.

In the amount of book sales our colporters are behind most other countries, but in the sale of tracts and pamphlets they are perhaps at the head of all others. There is a constant stream of our smaller works going from the press to the people. The seed is being sown, and surely the Lord will give the increase. In the Great Reformation, small tracts were one of the chief means of disseminating the truth; they could be circulated much more rapidly and extensively than larger works, and could be obtained by hundreds who could not afford a costly work. To meet all classes, we must have publications of all grades in price. We have learned, however, to keep the two classes of work separate, some colporters taking tracts and pamphlets only, while others canvass for books. As a rule, the field is first worked with our books, and afterward with tracts and pamphlets.

Italy.—In Italy, Brother Geymet has labored among the Waldenses, selling our publications and holding Bible readings. In many places he was received very kindly, while in others stones were rolled down the mountain-side at him; but as the Waldenses of old were often saved from the persecuting hand of the Papist, so he was preserved from the intended harm. Most of the people read the French, and are now in possession of thousands of pages of our publications. Could an active minister enter that field, we doubt not that many souls could be reached with the truth.

Brother Baharian, an Armenian, while devoting a part of his time to work in the office and to study for future work, has prepared Bible readings in the Turkish-Armenian, and sent them to Asia Minor. Interesting correspondence has been carried on with many, and we are led to hope that with proper efforts we shall soon see many witnesses to the truth in that field.

THE GERMAN MISSION FIELD.

This field was separated from the Central European Conference last January, and comprises Germany, Austria, and Holland. At the same time a Tract Society and Sabbath-School Association were organized, both of which are in a prosperous condition.

Germany.—Two years ago Germany had but two churches, which had been organized by Brother Erzenberger some fifteen years before, and numbered about forty members, with an annual tithe of nearly \$100. Now, up to date, there are five churches, with a membership of nearly 140, and a tithe of about \$1,000. These two churches were limited to a small district in Rhenish Prussia. This year Elder J. T. Boettcher has labored there, and not only strengthened these, but also organized another church at Barmen, a city of 125,000 inhabitants. Another church has recently been organized at Wiesbaden, the noted watering place, which has a population of 50,000; and more than this number of strangers annually visit the hot springs there.

Hamburg Mission.—In the northern part we have now a strong church of some sixty-four members at Hamburg, but there is only one Bible worker there at present, Sister Hattie Ohm. Brother Rasmussen, with some help, attends to the ship mission work, and the importance of this can be seen from the fact that in 1890, 64,443 persons went from here to New York, and 15,582 came from there, making a total of 80,025. But, besides this, thousands have passed through here to South America, Australia, and Africa, and they have been supplied, more or less, with our reading matter. About \$500 worth of publications have been sold

among them. Hamburg is the second city of the German Empire, and, with Altona, has nearly 800,000 inhabitants. Last winter a six weeks' institute for workers was held, attended by thirty-five students. Russia, Austria, Holland, Denmark, Switzerland, and Germany were represented. There are also three corresponding secretaries here, for the German, Austrian, and Russian fields, and they receive encouraging evidences of good done by their work.

A beginning has also been made by Brother Frauchiger in Harburg, a city of 35,000 people, five miles from Hamburg, and there is reason to hope for a good church there. Several have also embraced the truth in the Province of Pomerania, and now there is a call from the extreme east, near Königsberg, where a company are already keeping the Sabbath. Thus the truth is extending more and more over the different parts of the empire. From twelve to fifteen canvassers have been at work, mostly in the provinces of Holstein, Hanover, Pomerania, Rhenish Prussia, Westphalia, Saxony, Nassau, and the Grand Duchy of Hessa. The sales will come to about \$6,000. Of one small tract, "The Blessed Hope," over 40,000 have been sold.

Holland.— Brother J. Grul is at work in the city of Utrecht, and has sold several hundred copies of "Thoughts on Daniel and the Revelation." Different persons are interested. Several have embraced the truth in the eastern portion of Holland.

Austria.— As to Austria, the way is opening in the southeastern portion. In May, 1890, Elder Conradi made a brief visit to Transylvania, and as the result of a few Bible readings two persons embraced the truth. One of these has come to Hamburg to help in the preparation of Hungarian tracts, and now her mother has also spent several weeks with us in Hamburg, and returns as the first Seventh-day Adventist member in that field. A number, more especially among the Hungarians, are deeply interested, and are anxiously waiting for publications in their own tongue.

Thus we can see how the work opens up in all these countries. But the great lack is laborers, schools, and means. There are nearly ninety million people, and only one hundred and fifty Sabbath-keepers, in this territory.

THE RUSSIAN MISSION FIELD.

This field was organized in the fall of 1890, during the visit of Elder Conradi, when the first general meeting was held in the Caucasus. In 1886 the first church was organized in the Crimea, and in the same year Brother Laubhan began to labor there. The growth has been about as follows: In 1886, 30 members; in 1887, 95; in 1888, 141; in 1889, 231; in 1890, 356; and at present there are thirteen churches with over 400 members. The churches are all located in the extreme east and south, except one native church in the west, and one German company near the Polish border. During the past year the churches have been better organized, and regular reports are obtained from them, also from the tract societies and Sabbath-schools.

Brother Laubhan has been laboring in the south, and two new German churches have been organized in the Caucasus, so that there are now six located here. In all the different places, additions have been reported. Brother Klein, unable to regain his passport thus far, has been limited to the eastern field around home; but the Lord has blessed his work, and a number have been baptized. Two new workers have entered the field, one a native, and he has organized one church in the east. Several have been working part of the season in selling our publications among the farmers, and several hundred dollars' worth have been sold, in spite of the many difficulties and the close times. Six attended the institute in Hamburg. Several had considerable difficulty and expense in obtaining their passports. Three of these still remain in Hamburg. Others are desirous to come, and the matter of education is being more and more agitated.

Several have moved to Roumania, and are calling for a German laborer to come there and begin work among the German settlements. Brethren Holser and Conradi have recently made a trip to Russia, to visit the different fields and to hold another general meeting. In spite of the many difficulties, and the fact that the obstacles are constantly becoming greater, the cause steadily advances, and we have every reason to be grateful to God. The State church becomes more and more active in persecution every year. Five of our brethren in a native Russian church, including the leader of the church, are in prison, and condemned to five years' banishment into the trans-Caucasus, near the Persian frontier. They will be chained together, and will have to walk about five hundred miles. Others have been before the courts, and know what it is to suffer for Christ's sake; yet all this persecution seems but to forward the work in these very localities. One hundred million people live in this great empire, and it is our work to join in bringing to them the gospel message.

GREAT BRITAIN AND IRELAND.

Though we have not seen all the progress that we desired during the year, we can report advancement. Our ministerial force during the past year consisted of Elder D. A. Robinson, with Francis Hope, Wm. Hutchinson, W. A. Spicer, licensed preachers. Brother Spicer's time was very largely devoted to editing the *Present Truth*. Early in the summer of 1890, Brother Hope went to Ireland and joined Brother Hutchinson in tent labor. Two tent-meetings were held during the season, one at Tandragee and the other at Coleraine. Brother Hutchinson's labors have been confined entirely to Ireland up to the present time. After the tent-meetings closed in the autumn, one year ago, Brother Hope returned to England and labored for three months, when he again went to Ireland, laboring in Coleraine and vicinity till last April. After the tent season, the interests of the work called Brother Hutchinson from Coleraine to Tandragee and Banbridge, where he remained during the winter and spring till the Institute in London in April. In harmony with the request of Brethren Hutchinson and Hope, the Advisory Committee decided to send a Bible worker to Coleraine, and accordingly Sister H. Hurd spent about three months there, working as the way opened.

But little has been done in the way of general public meetings in England during the year. For the past three months Brother Hope has been working in the city of Hull. This place has been quite thoroughly canvassed for "Bible Readings" and "Prophetic Lights," and it was therefore thought advisable to follow up that work with Bible readings from house to house, and with public meetings as the way might open and circumstances seem to demand. His reports from time to time indicate interest in that city, and we hope a good church may be raised up there. Hull was the home of Brother A. A. John before his return to America, and the few who embraced the truth before he left, in 1889, are still holding on.

At our general meeting in the spring, in London, when it was arranged for Brother Hope to go to Hull, it was recommended that Brother Hutchinson, in view of his probable departure for America in the fall, should return to Ireland, and bind off the work there, preparatory to his leaving. This he did, and the first of July twenty-three were baptized at Banbridge, and a church of twenty-six was organized. The organization embraced nine scattered Sabbath-keepers, the remaining seventeen belonging to Banbridge. It is of interest to note that at present four members of this new church are laboring successfully in the canvassing field, and two others have devoted more or less time to the same work. The brethren in that island love the truth, and are ready to aid in its advancement, and the prospect is good for an excellent work to be done there. We trust that Brother Hutchinson will be so benefited by his stay in America that he will be

prepared to return after a time, with others, to aid in carrying on the work in this important and promising field.

The Bible Work.—This line of work has been confined chiefly to the city of London. Our list of Bible workers during the year has been small. We have been favored with the labors of Sisters Hetty Hurd, Laura Ginley, Jennie Owen, and May Taylor, from America, and Nellie Rogers and Jennie Bartlett of London. The efforts of these workers have not been without results. The London church now has a membership of ninety-six. Twenty-six of these have been added during the past year, and others are keeping the Sabbath, who we trust will join in the near future. There is no question but that the Bible work properly conducted by efficient, devoted, earnest workers is a very successful way of leading souls to God and the truth. But this class of workers, as well as workers in any other line, must have a thorough preparation for their work before they can hope to succeed; and the necessary preparation to enable them to begin work must be supplemented with earnest, careful, prayerful study as they go forth to carry the precious truth to others. Thus they will grow more efficient in carrying forward this important branch of the cause, while without such an experience their inefficiency will sooner or later compel them to leave the work entirely.

In harmony with the request of the Foreign Mission Board, Sister Hurd sailed early in July for Cape Town, South Africa. What the Colony has gained by this recommendation, England has lost. Sister Hurd's labors are and will continue to be missed in this field, and all will be glad to see her return when the providence of God shall permit.

The first of August three of our workers, Sisters Owen, Bartlett, and Rogers, went to the city of Bath to open up the work there. In that place we have but a small church, in fact the smallest in the kingdom; but harmony and love and unity prevail, and all the members are faithful and true to the cause. The canvassers have placed about a thousand copies of "Bible Readings" in Bath, and our Bible workers are already finding much to encourage them in their labors. They are looking forward with deep interest to the soon coming of Brother J. S. Washburn, who we expect will locate for a time in that place. These changes leave but two Bible workers in the great city of London, with its five million souls; and one of these, having other work in hand, is unable to devote all her time to the Bible work. More workers are needed at the present moment to engage in this branch of the work.

The Ship Work.—Brother Geo. R. Drew is the only one who has been engaged in this line of work during the year. He has labored faithfully and very successfully, not merely in distributing literature free, but in selling our publications to those who traverse the mighty deep. Thus from the great commercial port of Liverpool our books, papers, and tracts have gone to all lands. Brother Drew has to compete with other ship missionaries, who make very little effort to sell reading matter, but are constantly giving it away; but he has a happy faculty of persuading the people to buy our publications. Trained men are much needed to work in this capacity in some of these great shipping ports,—men skilled in meeting the class of people that a ship missionary will meet in his work.

The Canvassing Work.—More careful thought, attention, and labor have been given to this branch of the work during the year than to any other. This has not been without encouraging results. We now have one third more canvassers than we had a year ago, and their average efficiency has more than doubled. For example: taking ten weeks last summer, we find the average number of canvassers was sixteen, and the average amount of sales of each was \$127.61; but taking the same time this summer, we find the average number of canvassers to be twenty-five, and their average sales \$258.94. This increased efficiency is no doubt due to the visit of our general agent, Brother Ellery Robinson, to America to attend the Canvassers' Convention and the General Conference, to the Institute held in London in May last, and to the faithful labors of Brother E. M. Morrison in this

field,—all these, together with the blessing of God, have produced this encouraging change. The field is proving to be a good one for the sale of our publications. Those who have a fair degree of health, and labor earnestly and faithfully, can do well. But we need more canvassers, men and women of devotion and energy, whose faith will not falter at obstacles by the way, but who will carry the work forward under all circumstances.

British Mission Finances.—Since the work began in London, there has been a steady and gradual increase in the receipts in this field. The tithe for the year amounted to \$2,707.92, this being about four times as much as it was three years ago, and about one third larger than last year. The mission has borne a heavy expense thus far in paying the expenses of canvassers to this field; but now that they are here, and succeeding in their work, this is not to be regretted in the least. There is a growing sentiment on the part of the brethren in this field to have the cause become self-sustaining as soon as possible.

NEW ZEALAND.

This Conference, organized in 1889, reports five churches, with 237 members. In April, 1890, the first annual meeting of the Conference was held, soon after which the headquarters of the Tract Society and the book depository were transferred from Auckland to Wellington, the capital of the colony. Elder M. C. Israel came to New Zealand last year from Tasmania, to take the office of President of the Conference, made vacant by the removal of Elder A. G. Daniells to Australia. Elder S. N. Haskell visited the churches in New Zealand the latter part of 1890, on his way back to America from his missionary tour in Africa and Asia. Tent-meetings were begun in Blenheim in March last, by Brethren Israel and Glass, and the interests there have since been followed up. Elder McCullagh conducted public meetings in Wellington and Petone, and the believers in these two places have united together in a church of about thirty members. A Sabbath-school of thirty members has been organized at Wellington, and one of twenty-five at Petone, the distance being too great to have weekly union services. Brethren Israel and McCullagh have visited the churches in the Colony, and the latter has recently held a series of meetings in Palmerstown, where a little company has been raised up as a result. The church at Gisborne has recently purchased a meeting-house. The canvassing work has made progress during the year, and the agents continue to meet with encouraging success. The financial standing of the Conference is improving, and the cause in New Zealand shares in the general growth and advancement.

SCANDINAVIA.

This mission field includes three organized conferences, Norway, Sweden, and Denmark. These conferences report an increase of 156 church members during the year. In June a Bible institute was held at Christiania, attended by all the workers in the three conferences. Elders Olsen and Waggoner conducted the school, which was made a great blessing to the work and workers. About 100 were present at each session. Bro. E. M. Morrison was also present and gave valuable instruction to the colporters, who have had increased success in their work.

Denmark.—This Conference reports an increase of 58 members during the year. Meetings have been held with good results in two halls in Copenhagen by Elder J. F. Hansen, and the interest to hear continues good. A larger hall is greatly needed. The church and cause in Copenhagen has also had, a part of the time, the labors of Elders M. M. Olsen, who, with nineteen others, has been studying in the schools of that city. The twelfth annual session of the Conference was held in connection with the camp-meeting, at Fr  derikshavn, in May last. Elder O. A. Olsen was present during the greater part of the meeting. All

were blessed in the exercises, which were well attended. In the business meetings of the Conference, eleven churches were represented by thirty delegates. There had been decided improvement in the financial condition of the cause, and the colporters had had greater success than in previous years.

After the camp-meeting, a tent-meeting was held in Odense, the third city of Denmark, for about two months, conducted by Elders Hansen and Brorsen. At the close, the former began services in a hall in the same city, and the latter visited among the churches in Denmark. Brother Brorsen has returned, however, and Brother Hansen will resume his meetings in Copenhagen. The general canvassing agent for Denmark and Norway, Brother Hendricksen, has held a training-school in Copenhagen, attended by about twelve new colporters, who have just entered the field. Since the middle of July, the colporters in Denmark have delivered over \$1,000 worth of books. Two small church schools, taught by two young sisters, have been carried on for the benefit of the children.

Norway.—During the latter part of 1890 and the spring of 1891, Elder Lewis Johnson, President of the Conferences of Norway and Denmark, visited most of the churches in both of these fields, and also labored in the interests of the work in Sweden. Meetings were also held by him in Laurvig, Norway, where there is now an organized church. The cause has been extending into northern Norway, where several companies have been raised up. Elder E. G. Olsen labored here during the greater part of the year. A number of families of Laplanders have accepted the truth. Meetings have been held in Tromso, Trondhjem, Bodo, Hadsel, Hammerfest, Arendal, and other cities, with good results. Elders Clausen and Brorsen spent about six months in Arendal, early in the Conference year, though the former, on account of his duties in the publishing house, could spend but a portion of his time in public labor.

The fourth annual Conference convened in June last, at Christiania. The reports showed encouraging growth during the year. Never before were there so many openings where the people desired to hear the preaching of the word. The dearth of workers, however, is greatly felt. The publishing house in Christiania reported the most prosperous year of its existence. The increased sale of our publications by the canvassers which has been reported since the annual meeting must have brought still further prosperity to the publishing interests.

At the general meeting and council in Christiania it was decided that Elder E. G. Olsen should come to the United States to take a position in the Scandinavian department of the new Union College (Nebraska). Thus the force of ministerial laborers is still further reduced. The brethren in Norway feel deeply the necessity of giving their children better educational advantages. One school was held last year in Christiania, and has been continued this winter, with thirty-five in attendance. A church school has also been opened in northern Norway, where a new chapel was recently dedicated. These schools prove a great blessing to the youth, and it is hoped to develop the educational interests as fast as the financial circumstances of the Conference will admit.

Since the annual meeting, Elder Lewis Johnson has been visiting various companies in Norway, and has baptized twenty-five persons. A special school for workers is to be held the coming year in Norway, at which it is expected that Brother E. M. Morrison will give the colporters further instruction and drill in the canvassing work. The experience of these workers during the summer, since trying the plan of selling books by subscription, affords abundant ground for the expectation that, with further instruction and experience, their efficiency will be greatly increased.

Sweden.—In July, 1890, Elders O. Johnson (President of the Conference) and L. Carlson began a tent-meeting in Karlstad. A company of believers has been raised up there as a result. Elders Swenson, Farnstrom, and Sunden have held meetings in Norrkoping, Stockholm, Grythytted, Gefle, and many other

places. Everywhere there are favorable openings. A brother writing from one small town last spring said:—

"I never witnessed a stronger desire to hear the truth. Notwithstanding the darkness, people came in the evening many miles, through fields and woods, with lanterns and torches. Frequently when I was through with my sermon, I was earnestly asked to begin again, and so our meetings sometimes lasted till eleven o'clock in the night. A minister went before me to warn the people, and tell them not to open their doors to me, because I preached falsehood. When I left, they donated some money to the cause, and earnestly asked me to come back, as they wanted to hear more."

The tenth annual session of the Conference was held in connection with a camp-meeting at Grythytted in July. Fifteen churches were represented by thirty-four delegates. A church organized during the year at Hafverö was admitted into the Conference. The church membership of Sweden was 457, with about 150 Sabbath-keepers who had not yet been organized into churches. The Lord greatly blessed in the services of the meeting, which were well attended by the citizens of Grythytted, especially on Sunday. Four brethren were ordained to the gospel ministry at this meeting. The brethren returned to their homes, after a week spent in the camp-meeting, feeling refreshed and strengthened. Elder O. A. Olsen was present also at this meeting.

Two tents have been in use this summer in Sweden, one at Karlstad and one at Borås, where a church has been organized since the annual meeting. Meetings are also being held in two parts of Stockholm, where the Lord is blessing the efforts, and adding to the church there. Elder Emil J. Ahren and others are studying in Stockholm, and aside from pursuing his studies, he has assisted in the meetings in the city. The colporters are increasing in efficiency, and it is expected that an institute will be held next summer for their benefit. One brother who was imprisoned at Karlskrona for keeping the Sabbath, was released by the king, and entered the canvassing work. Twenty-five have been engaged in this work during the year, though not all have devoted their entire time to it. The brethren in Sweden, as in all Scandinavia, are meeting with much encouragement from the Lord in their efforts. The great difficulty is lack of workers and lack of means to fill the openings which Providence places before them.

SOUTH AFRICA.

The work in South Africa has made steady progress the past year, notwithstanding the many difficulties that have presented themselves to hinder it. The work has seemed to move slowly, and though to the casual observer it might seem that nothing was being accomplished, those engaged in it can see much for which to thank God and take courage. There has been more system and order in the plan of work, thus laying a good foundation for future labor.

Elder Boyd's labors were mostly with the Beaconsfield church until the general meeting held at Cape Town in December, 1890. In January he with his family, returned to America. Elder Hankins has been obliged to give much of his time and attention to the care of his invalid wife; while Brother Peter Wessels has been kept from the work by business cares. Brother Hankins has organized a new church at Cathcart, and visited all the churches during the year.

We have had no regular Bible workers in the field the past year; still not a little has been done in this branch by the members of the local tract and missionary societies.

One of the most encouraging features of the work is the success that has attended the labors of the canvassers in placing so many books in the homes of the people. Difficulties from all directions have arisen, so that at times it has

seemed that they would greatly hinder, if not entirely stop, this line of work ; but in a most remarkable manner the providence of God has opened the way, and we have been able to see a steady advance. The canvassers' convention, conducted by Brother E. M. Morrison, has been a great help to the agents, and will **prove a lasting benefit, not only to this branch, but to all other branches of the work.**

From July to November, 1890, we had an average of but four agents in the field. November and December were spent by the agents in traveling to and attending the general meeting, canvassers' convention, etc., in Cape Town. From January to July, 1891, our average number of agents in the field has been thirteen. About £1,198 (\$5,821.28) worth of books have been delivered; and had it not been that the London house was unable to furnish us books, many more would have been delivered. We expect that our work next year will more than double what we have done in this branch the past year.

Our ship missionary has been quite successful in his work at the ships, having received £103 on sales, and placed more or less of our publications on nearly every boat that enters Table Bay; and thus they are distributed to all parts of the world. There is a growing interest among the members of our tract and missionary societies to engage in missionary work. They also realize more and more the importance of the Sabbath-school work.

During the year, twelve have left this field to enter our educational institutions in America, to fit themselves for future work. Our greatest need here is more workers. We should have several who could devote all their time to the health and temperance work, as the people are ready to listen and to profit by instructions given on this subject. Bible workers, also, could find plenty to do in interesting the people in the study of the Scriptures. Doors in every direction are opening, but as yet we have so few to enter them. Our company of workers seem earnest and full of courage, anxious to do their best in pushing the work, while earnestly praying that others may soon join their number.

While there are some who seek to hinder the work, there are others who treat us kindly, and are not afraid to read our publications and study their Bibles in search of truth. We find it here as in other countries, that where our work is the least known, and our publications the least read, there exists the greatest prejudice. The more the people become acquainted with us and the nature of our work, the less they try to work against us.

WEST INDIES.

The work in the West Indies was begun by Brother Wm. Arnold, in the winter of 1888-9. He visited and sold books on the islands of Santa Croix, Saint Kitts, Nevis, Antigua, Montserrat, and Barbadoes. He gave to the International Tract Society the addresses of 1,200 persons who had purchased "Thoughts on Daniel and the Revelation" from him, and the society began sending literature to them and corresponding with them. A number began to obey as the result of this work.

In November, 1890, Elder D. A. Ball was sent to Barbadoes, in company with Brother Arnold. A gentleman owning a mission building in Bridgetown invited Elder Ball to hold meetings in his chapel, and fifty-seven discourses were preached. A number accepted the truth, and since then a church has been organized.

Saint Vincent was then visited by Elder Ball, and also Antigua. At the latter place, the work of a sister who had become acquainted with the truth in London, England, had led several to accept it. About sixty services were held here, and **twenty-six persons** joined the believers in the West Indies. **Saint Kitts and Santa Croix** were also visited. At Montserrat, an open-air service was held, and a number of books were sold.

Elder Ball then revisited Saint Kitts, to make arrangements for Brother Charles D. Adamson to enter the work. While there, three persons signed the covenant, as the result of personal work. On the way to Barbadoes, a few days were spent at Dominica. Reaching Barbadoes, after a long absence, it was found that the brethren there were of good courage, and their numbers had been increased. Brother Adamson joined Elder Ball in the work there for about six weeks, when they went to the island of Grenada. Here they found a number keeping the Sabbath as the result of a brother's efforts, who had received the truth through reading a book which he had purchased in South America. Brother Wm. Arnold is still canvassing in the islands, with good success.

POLYNESIA.

In this field we count the church at Honolulu, Sandwich Islands, and the church organized during the year on Pitcairn Island.

October 20, 1890, the mission schooner "Pitcairn," which had been built by our Sabbath-schools, sailed from San Francisco for Pitcairn Island. The people of Pitcairn had been waiting for baptism since 1886, and the arrival of the ship was joyfully welcomed. Though the people of the island have long been famed for their high standard of living, many had never experienced conversion. Meetings were held by Elders Gates and Read, which proved rich seasons of blessing. When the ship sailed, December 17, every one on the island, of the age of understanding, had given his heart to God. Eighty-two were baptized, among these a Spanish Catholic girl, whose home is in the Gambier Islands. Letters received from Pitcairn Island since the ship left, state that all are rejoicing in the light, and that the island seems a different place since all have joined heartily in seeking the Lord.

Since leaving Pitcairn, the ship has visited various islands of the Society, Hervey, Samoan, Friendly, and Fiji Groups, leaving health and temperance and religious books and publications with the English-speaking inhabitants. During the eight months ending in September, over \$1,900 worth of books were sold among the islands, besides the matter distributed free. Much interest has been awakened by this work, and the help of our brethren in presenting the claims of the gospel has been appreciated by resident ministers. In Fiji especially, and Tahiti also, a good work was done. From Fiji the "Pitcairn" proceeded to Norfolk Island, and thence to Auckland, New Zealand, for repairs, as also for the purpose of replenishing the stock of publications, many of which had been entirely sold out.

OTHER FIELDS.

The company of believers on the Gold Coast, Africa, have continued to ask for an instructor, and the Foreign Mission Board expects to send some one to visit them during the coming year. In October, 1891, Brethren Snyder, Stauffer, and Nowlin left New York for Montevideo, South America, to engage in the canvassing work in the Argentine Republic. During the same month, Elder L. C. Chadwick left on his trip to Mexico, the West Indies, South America, and Africa; and Elder Geo. B. Starr and wife sailed from San Francisco for Australia, where they will labor in the interests of the Bible work. November 12, Elder W. C. White, Sister E. G. White, and other helpers sailed for Australia. November 16, Elder F. J. Hutchins and his wife started for the Bay Islands (Honduras), which they will make their field of labor for some time. About twenty have for some time been keeping the Sabbath in those islands, principally in Ruatan. On the 18th of the same month, Elder A. T. Robinson and his wife and Brother J. M. Craig sailed from New York for South Africa, to engage in the work there. The same date Elder J. S. Washburn sailed for Liverpool, to take up his work in connection with the cause in Great Britain.

INTERNATIONAL TRACT SOCIETY PROCEEDINGS.

FIFTEENTH ANNUAL SESSION.

L. C. Chadwick, Presiding Officer ; T. A. Kilgore, Secretary.

THE fifteenth session of the International Tract Society, convened in Battle Creek, Mich., March 5, 1891, at 3 P. M. One hundred and fifty-six delegates were present, representing the work in thirty-seven States, and in Great Britain, Central Europe, Scandinavia, South Africa, Australia, and New Zealand. During the session ten meetings were held.

COMMITTEES APPOINTED.

ON NOMINATIONS. — A. T. Robinson, J. N. Loughborough, Geo. A. Irwin.

ON RESOLUTIONS. — M. C. Wilcox, C. Eldridge, W. S. Hyatt.

ON CONSTITUTION AND FUTURE WORK. — W. C. White, H. P. Holser, Allen Moon, R. A. Underwood, L. Dyo Chambers, E. E. Miles, E. J. Hibbard.

ON NEW BOOKS. — J. H. Durland, F. D. Starr, E. J. Waggoner, F. L. Mead, O. A. Johnson, John Vuilleumier, P. W. B. Wessels, G. H. Baber, T. Valentiner.

ON FINANCE. — D. T. Jones, W. C. White, R. C. Porter.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON RESOLUTIONS.

Committee: M. C. Wilcox, C. Eldridge, W. S. Hyatt.

Gratitude to God.

1. *Resolved*, That we express our gratitude to God for his blessing which has attended the work of the Society in the past, and that we will show our gratitude to him by more fully consecrating ourselves to his service, and entering the "regions beyond," which are continually opening before us.

Indorsement of Plans.

2. *Resolved*, That we appreciate the work accomplished by the International Tract Society during the past eighteen months, and that we heartily indorse the plans that have brought about such good results.

Lamenting M. L. Huntley.

3. *Resolved*, That while we humbly submit to God's overruling providence, we hereby express our sorrow for the great loss occasioned by the death of our dear sister, Maria L. Huntley, who so long and so faithfully served the Society in its work of saving souls.

State Societies to Release Territory for Health Subscription Books.

4. *Resolved*, That in harmony with a resolution passed by the canvassing convention, we recommend that State tract societies release the exclusive control of territory for the bound health subscription books, with the exception of the following: "Christian Temperance and Bible Hygiene," "Sunbeams of Health and Temperance," and "Household Monitor."

Assistant State Agents Inexpedient.

5. *Resolved*, That we consider the employment of assistant State agents by our tract societies to be inexpedient.

Articles for the Home Missionary.

6. *Resolved*, That the International Tract Society prepare articles to be published in the *Home Missionary*, in which shall be given,—

(1.) A brief but comprehensive statement of the field, giving particulars of each destitute State, province, or country, regarding the population, nationality, number of our people, and the opportunities for carrying forward the canvassing work.

(2.) An earnest appeal for workers to enter these fields, setting forth in a clear and concise manner the reasons why they should do so.

Canvassers' Manual.

Whereas, The theory and practice of the subscription book business as now developed is sufficiently extensive and exhaustive to fairly cover the field; and,—

Whereas, A manual in which the canvassing system would be exhaustively considered would be of great value, convenience, and benefit to the business; therefore,—

7. *Resolved*, That the International Tract Society publish such a manual; that its general plan and scope be such as to adapt it, so far as practicable, to the needs of the individual canvassers under all conditions and circumstances.

Discounts on Subscription Books when First Issued.

8. *Resolved*, That we approve the action of the publishing houses in giving our people a discount of twenty-five per cent on the retail price of "Patriarchs and Prophets" for the first six months after its issue, and that we recommend that the same liberal plan be adopted with subscription books brought out in the future.

Circulating Library for State Societies.

9. *Resolved*, That we recommend each State tract society which has not already done so, to purchase a library to the amount of from twenty-five to fifty dollars' worth of books, treating on foreign and home mission work, to be controlled by the State secretaries, and loaned to State tract society officers and ministers.

Church Members to be Members of Local Societies.

Whereas, The church organized by our Lord Jesus Christ is designed by the Master to be of itself a missionary society; and,—

Whereas, The nearer we come to God's plan of work the more effective our work will be; therefore,—

10. *Resolved*, That we recommend the discontinuance of our local tract societies as such, and count each church a missionary society, and each church member a member of such society.

American Sentinel.

Whereas, The rapid progress toward a union of Church and State in our land, and the evil influences attending this movement, show that we are rapidly nearing the consummation of our work; and,—

Whereas, The *American Sentinel* is set for the defense of religious liberty, and for the exposition of the snares which are being laid by those in favor of legislation on religious dogmas and institutions; and,—

Whereas, The publication of this journal in the leading city of America places it in a better position to do this work than when it was published in the West; therefore,—

11. Resolved, That we give this journal our hearty support, and recommend our people to continue their efforts to bring it to the attention of all classes, especially judges, legislators, lawyers, and leading men in public life.

Signs of the Times.

Whereas, The *Signs of the Times*, our pioneer missionary paper, has been reduced from sixteen pages to eight pages, reducing its price proportionally, thereby enabling our people to use it more extensively in the missionary work; therefore,—

12. Resolved, That we approve of the action of the publishers in reducing the size and price of the paper, and pledge our hearty co-operation in extending its circulation, not only in new fields, but in fields where the *Sentinel* has been circulated.

Bible Students' and Sentinel Library.

13. Resolved, That we heartily approve the plan of the Pacific Press, in publishing in such an attractive style, our tracts and pamphlets in the *Bible Students' Library* and *Sentinel Library*, thus saving postage; and we recommend these libraries to our State societies.

Good Health.

14. Resolved, That we truly appreciate the reduction in price by the publishers of our excellent standard health journal, *Good Health*, from one dollar and twenty-five cents to one dollar per year, together with their liberal premium offer, and that we will endeavor to give it as wide a circulation as possible.

Health and Temperance.

Whereas, The limited amount of work already done in the interests of health and temperance, by the distribution of literature through the International Tract Society, has resulted in an increased interest in the health and temperance work wherever such literature has been sent; and,—

Whereas, The light on health and temperance is an essential part of the great system of truth which is to prepare a people for the coming of the Lord, which we believe to be near at hand; therefore,—

15. Resolved, That we indorse the work that has already been done in the interests of health and temperance, and that we will in the future give such attention to this branch of our work as its importance demands, by employing a corresponding secretary to devote her time to the distribution of literature, by correspondence in the interests of the health and temperance work, and in such other ways as may from time to time seem expedient.

Weekly Missionary Meetings.

Whereas, Experience has demonstrated that weekly missionary meetings are beneficial to the advancement of the missionary work; and,—

Whereas, The study of the lessons in the *Home Missionary*, which are prepared for weekly gatherings, have been very profitable to those who have engaged in their study; therefore,—

16. Resolved, That we recommend all our church missionary societies to adopt this plan.

Home Missionary.

17. Resolved, That we approve the action of the managers of the *Home Missionary*, in changing the size of this excellent journal from sixteen to twenty-four

pages, thereby enabling its editors to give more space for the different departments of the work.

State Corresponding Secretaries.

Whereas, The canvassing work in our State societies is increasing so rapidly that it takes nearly or quite all the time of the secretaries, to the neglect of other branches of missionary work; and,—

Whereas, Much interest can be aroused and good accomplished by faithful correspondence with the local societies and individuals; therefore,—

18. *Resolved*, That we recommend the State societies to employ a corresponding secretary to aid in creating a greater interest in all branches of the work, and to correspond with those who have become interested through our publications.

Subjects Recommended for New Tracts.

Whereas, There is a general demand for small tracts on practical subjects; therefore,—

19. *Resolved*, That we request that a series of tracts be published on the following subjects: Repentance and Conversion, Brotherly Love, The Love of God, The Golden Rule, Faith, Prayer, Conscience as a Guide, and such other subjects as may seem necessary; these tracts to be printed on thin but good paper, the size of the page not to exceed five and one half by three and one fourth inches, and the number of pages not to exceed sixteen.

20. *Resolved*, That we request that a series of small tracts and leaflets be published on the leading points of our faith, and objections thereto, for gratuitous distribution.

Series of Health and Social Purity Leaflets.

Whereas, The Health and Social Purity leaflets issued by the Good Health Publishing Company have been found to be of great benefit in the missionary work; therefore,—

21. *Resolved*, That we ask the Good Health Publishing Company to continue this series of excellent publications.

Whereas, There has been a demand for a large amount of religious liberty literature at a small cost; therefore,—

22. *Resolved*, That we approve of the action of the officers of this Society, in regard to handling this literature without profit.

Distributing Literature.

Whereas, The Society has facilities for the distribution of a large amount of reading-matter, through its auxiliary societies and agents; therefore,—

23. *Resolved*, That we recommend that the Society continue to give this literature a wide circulation.

N. R. L. A. Literature.

Whereas, The literature published by the N. R. L. A. is furnished to the Society at actual cost; therefore,—

24. *Resolved*, That we recommend that the auxiliary societies handle this literature without profit, thus enabling the largest distribution possible with the means expended.

Scandinavian and German Publications.

Whereas, The *Harold* and *Tidende* are now adapted to the wants of our Scandinavian brethren and sisters, and three new papers, one in Swedish (*Zion's Vaktare*), one in Danish (*Evangeliets Sendebud*), and one in German (*Christlicher Hausfreund*), have been started especially for pioneer work; therefore,—

25. *Resolved*, That our foreign brethren should realize the importance of sustaining all these papers as far as is in their power, by subscribing for them themselves, by taking clubs of the new papers for missionary work, and by interesting themselves in every legitimate way to obtain new subscriptions for them; and further,—

26. *Resolved*, That our American brethren should also interest themselves in the circulation of the foreign papers, wherever and whenever they can consistently do so.

Launch for New York Harbor.

Elder W. C. White offered the following resolution:—

Whereas, At its last session this Society authorized the purchase of a launch for the use of our ship missionaries in New York Harbor; and,—

Whereas, The cost of a suitable launch is considerable, and the funds of the Society are limited; therefore,—

27. *Resolved*, That we refer this matter to the General Conference, and request that body to take charge of this enterprise.

Standing Committee on Blanks.

It was voted that the President and two Corresponding Secretaries of the Society be a standing Committee on Blanks.

COMMITTEE ON CONSTITUTION AND FUTURE WORK.

Committee: W. C. White, H. P. Holser, Allen Moon, R. A. Underwood, L. Dyo Chambers, E. E. Miles, E. J. Hibbard.

(See Constitution, p. 127.)

The following was recommended to the auxiliary societies as a change in the system of reporting:—

1. The librarians shall collect from the members, weekly, when practicable, and at least quarterly, the following items of work done:—

- (1.) Number of missionary letters written.
- (2.) Number of letters received.
- (3.) Number of Bible readings held.

2. The librarians shall report the above items quarterly to the State secretary; and, in addition thereto, the retail value of all books, pamphlets, tracts, and leaflets furnished to members during the quarter.

The State secretary shall render annually to the Corresponding Secretary of the International Tract and Missionary Society, a report compiled from the reports of the librarians, together with the following items to be collected from his books:—

1. The retail value of all publications furnished to individuals, not included in reports of librarians.

2. The value of all periodicals ordered for missionary purposes throughout his society.

3. The retail value of all subscription books sold by canvassers during the quarter.

The following recommendations were made for future work:—

That each society elect quarterly two persons, one of whom shall be chairman, to act in connection with the librarian as an executive committee.

The chairman shall preside at all meetings of the society, when the president, the vice-president, and the director are not present.

The executive committee shall provide for regular meetings of the society, arrange programs for the same, and do all in their power to create and maintain an interest in the work and meetings of the society.

If thought best, large societies may have an executive committee of five members.

Whereas, There are many colonies, foreign fields, and mission stations which for lack of men and means cannot now be entered; therefore,—

1. *Resolved*, That we recommend the managers of this Society to employ secretaries who are conversant with the leading foreign languages, to pioneer these fields by correspondence and the circulation of our literature.

Whereas, The efficiency of the work of our State, national, and colonial auxiliary societies depends much upon experienced corresponding secretaries; therefore,—

2. *Resolved*, That we recommend that arrangements be made either in the Chicago or the Battle Creek office, for the training of suitable persons for this work.

COMMITTEE ON FINANCE.

Committee: D. T. Jones, W. C. White, R. C. Porter.

Your Committee on Finance have given careful attention to the question of funds for the carrying forward of the work of the Society.

We recognize (1) that the work of the Society is invaluable in opening up new fields, and preparing the way for the living missionary; (2) that the work done through the Society is accomplished with much less expense than it could be done in any other way; and (3) that the work of the Society is purely in the interests of the third angel's message; therefore,—

We would recommend, (1) That the Foreign Mission Board be requested to appropriate for the Society, from time to time, funds for work in foreign countries; and (2) that the General Conference be requested to appropriate, from time to time, funds for work in the home fields.

COMMITTEE ON NEW BOOKS.

Committee: J. H. Durland, F. D. Starr, E. J. Waggoner, F. L. Mead, O. A. Johnson, John Vuilleumier, P. W. B. Wessels, G. H. Baber, T. Valentiner.

Your committee appointed to examine new books beg leave to submit the following recommendations:—

Of new books in English, we would recommend:—

1. "Christian Temperance and Bible Hygiene," a recent publication, chiefly from the pen of Sister White, a book of great importance for the present time. We consider it of vital consequence that the tract societies take bold of this work with earnestness, that it may be placed in the hands of all our people.

2. "From Eden to Eden," a book of great merit, simple in expression, clear and comprehensive in argument, and a valuable addition to the list of subscription books.

3. Year Book for 1891, a valuable encyclopedia on the standing and progress of the message in all parts of the field. It ought to be in every family of Seventh-day Adventists. A comparative study of it with those of former years, would be a means of encouragement to all.

4. New numbers of *Bible Students' Library*:—

a. "Christ and His Righteousness," just issued, is a treatise on practical godliness. It shows the relation between the law and Sabbath and the gospel, and

is especially designed to lead the people to exalted views of Christ. It should have a wide circulation among ministers and Christians of all denominations, as a valuable pioneer in the third angel's message.

b. "The Full Assurance of Faith" should have a general circulation outside of our churches, to prepare the way for doctrinal literature.

c. The tracts entitled "Sin and Righteousness" and "Prophecies" contain valuable reading and notes on the subjects treated, especially adapted to the fields where tent-meetings are held.

5. We believe the social condition of the present day makes the use of such tracts as "The Training of Girls," "Novels," "A Word to Mothers," and "Wild Oats," issued by the Good Health Publishing Company, of more than ordinary importance, and we believe our State tract societies would do a valuable work in supplying their canvassers with as many of these tracts for free distribution as they can judiciously handle.

6. *Young People's Library* :—

a. The work entitled "Letters from the Holy Land," we commend as eminently adapted to give much needed information in regard to the habits and customs referred to in the Scriptures, and consequently a most valuable work to be perused by Bible students and to be placed in Sabbath-school libraries.

b. The books entitled "Fiji and Samoa" and "The Tonga Islands and Other Groups," are very readable and instructive productions, well calculated to interest the reader in missionary work in the islands of the Pacific.

7. The twelve-page tract, "Religious Legislation," by John T. Cooke, published by the Review and Herald Publishing Company's branch house at Toronto, Ont., is a well-written tract, and we recommend that it have a wide circulation in Canada.

8. "The Great Day of the Lord," a recent number of the *Bible Students' Library*, a pamphlet of forty pages, is a clear and concise treatise on this all-important subject, and we heartily recommend its circulation. We would further recommend that this pamphlet be published in Great Britain for circulation in that field.

9. The following numbers of *Bible Students' Library* we would also recommend to receive an extensive circulation; viz., "Sin and Righteousness," "The Sure Foundation," "Bible Election," "Jewish Christians Are Israelites Indeed," and "The Immortality of the Soul."

10. "The Monitor of Health." This is a neat volume of about 400 pages, issued by the Good Health Publishing Company, treating on health principles, and simple remedies for common diseases, and is offered as a premium with *Good Health*.

We recommend, That our people put forth special efforts to circulate this work, in securing subscriptions for *Good Health*.

Works in the German Language.

Whereas, "Great Controversy, Vol. IV," is now ready in the German language; and,—

Whereas, This work seems especially adapted for sale among this nationality; therefore,—

We recommend, That it be used by canvassers, and also that in harmony with a recent resolution, steps be taken for a speedy and systematic sale of the work among our German churches.

11. "History of the Sabbath," by J. N. Andrews, revised, enlarged, and provided with many excellent extracts by L. R. Conradi, from German works, is a work of nearly 600 pages, which should be in every German family.

12. "Civil Government and Religion," an excellent pamphlet by A. T. Jones, setting forth the principles of religious liberty, is ready in the German language. The importance of the scattering of this work cannot be too strongly emphasized. The principles set forth are indorsed by most Germans, and thus the sale of this pamphlet and also of "Views on National Reform," affords an excellent opportunity for presenting the warning message. They should be handled by the churches throughout the land.

13. "Matthew Twenty-four" is well adapted for the use of canvassers and missionary workers. Thousands have been sold where a book sale could not be effected; and good results have been seen. "Lebensbilder für Jung und Alt" (Life Pictures for Young and Old), a translation of "Sabbath Readings," Vol. 1, is indeed timely, and therefore heartily recommended.

14. "Vergissmeinnicht" (Forget Me Not), a little work published in Basel, is used by our European canvassers, and has proved a help to them.

Scandinavian Works.

15. "Bible Readings for the Home Circle" is now published in the Danish language, and contains 167 readings. It is also published in the Swedish language, and contains 150 readings. This book ought to be in every Scandinavian family of Seventh-day Adventists. Thorough efforts should also be made to put these books into the homes of Scandinavians wherever they may be found.

16. "The Great Controversy" has been translated into the Danish language. We would recommend that the tract societies do all they can to give this book the widest possible circulation.

17. "Civil Government and Religion" is now published in the Danish and Swedish languages, and meets a long-felt want among the Scandinavians. Earnest efforts should be made to supply these people with this valuable little work.

18. A new Swedish hymn book, called "Sions Sångar," has been published of late. It is a book of 322 pages, and contains 569 hymns and tunes, on thirty-nine different subjects. All who have carefully examined the book speak in highest terms of it. Every Seventh-day Adventist family that can read the Swedish language should have a copy of this valuable hymn book.

19. Sabbath-school Lesson Books in the Danish language. We would recommend the following:—

(a.) "Bible Lessons for the Little Ones," which contains fifty lessons.

(b.) "Bible Lessons for the Sabbath-school" in two parts, in two small books. The first part contains forty lessons, and the second sixty-four lessons.

(c.) "Bible Lessons for the Youth" contains sixty lessons on Creation, Redemption, and the Prophecies. This book should be carefully studied by the youth who speak this language.

(d.) In the Swedish language we find "Bible Lessons for the Larger Children."

All these books should be used by children and youth who speak these languages.

French Publications.

20. "La Grande Controverse" (Great Controversy between Christ and Satan during the Christian Dispensation). Two French editions of this book have been issued since the last meeting of the International Tract and Missionary Society,—a European edition, at Basel, Switzerland, toward the end of 1889; and an American edition, at Battle Creek, Mich., in the beginning of 1891. The

mission of this work is first of all among the believers in present truth. It should be read in the family circle and among interested neighbors. It should also be widely circulated by canvassers among the French Protestants.

21. "Ecrin de Perles" (Gem of Pearls, or Sabbath Readings), a neat little volume of 410 pages, recently issued at Basel, Switzerland. It contains fifty moral sketches or narratives, designed to illustrate the principles of the gospel by actual facts and incidents. These excellent narratives are well adapted to inculcate in our children principles of order, industry, benevolence, and affection, and to take the place of the common but dangerous grade of popular readings for the youth.

This is a first-class volume to circulate, through canvassing or otherwise, among all French-speaking families, where it is sure to exert an elevating influence.

22. Four Religious Liberty leaflets in French were published in the fall of 1890. They are the following: "Legislation Religieuse," 2 pp.; "La Politique dans la Religion," 4 pp.; "Dieu dans la Constitution," 2 pp.; "Israel une Republique," 4 pp. Tract societies where there are members speaking the French, or having French acquaintances or neighbors, would do well to have a supply of these to insert in their letters or judiciously distribute among them; they will interest minds in the great religious problems which are being agitated now, and will be agitated more in the near future.

23. "L'Etat devant la Conscience" (State *versus* Conscience), by Alexander Vinet, a prominent European writer on religious liberty. This eight-page tract is an extract from his works, and is well adapted to convince the educated classes that the State has no other relation to religion than to respect and protect its free exercise. This tract also affords all the members of our churches a good opportunity to enlighten the people.

Holland Literature.

24. "Bible Readings." This is a most excellent translation from the English edition. The arrangement of the subjects was followed according to the Danish edition, being so grouped together as to lead the reader from one subject to another, and to create a desire for further investigation.

It contains 460 pages, excellent and fitting engravings, diagrams, and headings. Printed in good type, and bound in three bindings. The best book of its kind for use in the Holland language; and a well-organized effort ought to be put forth to place a copy in every Dutch-speaking family in the world.

25. "Holland Hymn Book" contains 627 hymns, translated from the English hymn book. Very satisfactory. Translated by Dr. Van Sheltema. Pronounced to be the best hymn book in the language, and it is recommended that an effort be made to introduce it to the public.

ON CONSTITUTION AND FUTURE WORK.—A. E. Place, O. O. Farnsworth, H. P. Holser.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON RESOLUTIONS.

Whereas, The increase of membership of nearly 5,000, the increase of contributions and donations to missions, and the special revival work among the young at our camp-meetings, lead us to believe that the blessing of God has attended the Sabbath-school work since our last meeting; therefore,—

1. Resolved, That we express our deep gratitude to God for his blessings and mercy, and the prosperity that has attended the efforts in different parts of the field, and that we hereby pledge ourselves to engage more earnestly in the work, and to a deeper consecration during the year before us.

2. *Resolved*, That we extend thanks to the General Conference for its liberal provisions for district laborers in the several districts the past year.

Whereas, This Association has met with the loss of one of its esteemed workers in the death of Brother John L. Martin, the President of the Quebec Sabbath-school Association; therefore,—

3. *Resolved*, That we express our appreciation of his faithful services in the Sabbath-school work, and a sense of the great loss which we sustain in his being removed from us in the midst of his labors, and that we extend to his sorrowing family our tender sympathy in their bereavement, and commend them to the comfort of Him who, having the keys of death, is soon to open the portals of the tomb, call forth his faithful servants, and reward them with immortality.

State Schools.

Whereas, Several State associations have successfully organized State Sabbath-schools, which have been the means of bringing the isolated Sabbath-keepers into connection with our work, and encouraging them in the Christian life; therefore,—

4. *Resolved*, That we recommend that each of our State associations which has not already done so, organize a State school, and put forth earnest efforts to secure the enrollment of every isolated Sabbath-keeper in its territory.

The "Worker."

Whereas, There has been a call for a periodical wholly devoted to the interests of the Sabbath-school work, which has been responded to by the publishing of a monthly journal, known as the *Sabbath-school Worker*; therefore,—

5. *Resolved*, That we ask all our State officers to put forth greater efforts in the circulation of this journal, that every officer and teacher may have the benefit of the instruction it contains.

6. *Resolved*, That we request the Executive Committee of the Association to take into consideration the matter of furnishing the *Sabbath-school Worker* in clubs at reduced rates.

Class Divisions.

Whereas, The division of our Sabbath-schools into many departments, necessitating the use of many different lines of lessons, is found to tend to confusion especially in smaller schools; therefore,—

7. *Resolved*, That we recommend that, as speedily as practicable, the departments and lessons in our schools be reduced to three; viz., primary, intermediate, and senior.

Offerings.

Whereas, There is a regular course of instruction in the *Home Missionary* on foreign missions, wherein some particular mission field is taken up each month; therefore,—

8. *Resolved*, That we recommend that all our Sabbath-schools make these missions their study, and give their offerings each quarter to the mission field recommended by the Executive Board.

The "Young People's Library."

Whereas, There has been a lack of suitable books for Sabbath-school libraries; and,—

Whereas, The Pacific Press is now issuing a series of books known as the *Young People's Library*, which meets this want; therefore,—

9. *Resolved*, That we recommend that all our schools purchase these books for their libraries.

Whereas, There is urgent necessity that our people come more and more to consider Sabbath-school work as synonymous with Bible study; and,—

Whereas, The General Conference has voted to hold a special Bible school in each of the General Conference Districts, which Sabbath-school workers are requested to attend; therefore,—

10. *Resolved*, That we urge not only that State Sabbath-school workers attend these Bible schools, but also that they in turn do all in their power to encourage as general an attendance as possible of officers and teachers in the various local Sabbath-schools, believing that in this way, more than in any other, the real interests of the Sabbath-school work may be advanced.

Whereas, The present duties already demand much study and labor by all the State and provincial secretaries; and,—

Whereas, The recent organization of State schools will demand much additional labor and earnest work by the aforesaid secretaries; therefore,—

11. *Resolved*, That we recommend each State conference to consider carefully the faithful labors of their Sabbath-school secretaries, and that they receive some remuneration for their earnest work.

12. *Resolved*, That we earnestly request conference officers to appoint an individual in each of their respective conferences, whose duty it shall be to visit each church and Sabbath-school within the bounds of their conference, spending at least one week with each school, and giving instruction in this special line of work.

13. *Resolved*, That we request the Executive Board to take into consideration the advisability of adopting the same subjects for our lessons for 1892 that are to be used by the International Sunday-schools for the same year.

COMMITTEE ON AUDITING.

This is to certify that we have very carefully examined the books of the Treasurer of the International Sabbath-school Association, and find them neatly kept, and correctly so, according to our best knowledge and belief.

COMMITTEE ON CONSTITUTION AND FUTURE WORK.

(See Constitution, p. 130.)

COMMITTEE ON NOMINATIONS.

For the quarter ending Sept. 30, 1890, 141 schools failed to report. These schools, when last heard from, had a membership of 2,213, divided into 359 classes. This would make a total membership of 35,668.

The number of associations belonging to the International Association Sept. 30, 1889, was thirty-five; at the close of the year ending Sept. 30, 1890, the associations numbered thirty-six. During the year the Kentucky and Tennessee associations were combined, and are now known as the Tennessee River Sabbath-school Association, and two new associations were added.

Of the isolated schools reporting during the year there were six in Louisiana, and one each in Alabama, Kentucky, Tennessee, Montana, Honolulu, H. I., and the Sabbath-school at Pitcairn Island.

INTERNATIONAL HEALTH AND TEMPERANCE ASSOCIATION PROCEEDINGS.

TWELFTH SESSION,

HELD AT BATTLE CREEK, MICH., MARCH 8-19, 1891.

J. H. Kellogg, Presiding Officer; Mrs. C. E. L. Jones, Secretary.

COMMITTEES APPOINTED.

ON CONSTITUTION.—W. H. Wakeham, R. C. Porter, ———.

ON RESOLUTIONS.—(Names omitted from the minutes.)

ON NOMINATIONS.—A. O. Tait, M. H. Brown, F. L. Mead.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON CONSTITUTION.

(See Constitution, page 133.)

COMMITTEE ON RESOLUTIONS.

Whereas, The increasing interest in medical missionary work, and the desire on the part of the people generally to gain a better knowledge of health and temperance principles, is evidence that the blessing of God has attended the efforts put forth by the active members of the Association during the past year; therefore,—

1. *Resolved*, That we express our gratitude to God for his guiding hand that is over this department of his work, and for the increasing light he is giving us on health and temperance reform; and further,—

2. *Resolved*, That with his help we will move forward, embracing the opportunities he is presenting to advance the interests of this part of the work.

General Field and State Workers.

3. *Resolved*, That we request the General Conference to maintain at least one general field worker, who shall devote his entire time to the health and temperance work, as provided for in the Constitution.

4. *Resolved*, That we request each State conference, wherever practicable, to support in active labor in their Conference field the Vice-President appointed by the Executive Board of this Association, and who shall devote his entire time to health and temperance work.

Social Purity.

Whereas, The "Testimonies" show that there is great need of social purity work among our own people, as well as in the world; therefore,—

5. *Resolved*, That we give this subject our special attention, and ask the Executive Board and the Vice-Presidents to encourage the circulation of social purity literature, and the holding of mothers' meetings.

Orphans' Home.

Whereas, The cry of hundreds of neglected orphans has reached our ears, calling for a home and proper education; and,—

Whereas, It is a part of pure and undefiled religion to care for the fatherless; therefore,—

6. *Resolved*, That we urge the necessity of the immediate establishment of a place of refuge for our homeless ones.

7. *Resolved*, That we call the attention of the General Conference to this matter, and request that body to appoint a committee to take into consideration the plans that may be presented for the erection of such an institution.

8. *Resolved*, That we suggest that the name of this institution be "The James White Memorial Home."

Institutes.

Whereas, There is a general demand on the part of our people for practical instruction in health and temperance principles; therefore,—

9. *Resolved*, That we ask the Executive Board to arrange with the various conference officers for the holding of institutes in which shall be taught Bible hygiene, healthful cookery, physical culture, social purity work, etc.; and further we —

Recommend, That where such institutes are held, our churches select one or more of their number, having some interest in this line of work, and some ability to teach, and urge them to attend, to fit up for home missionary work in this department.

Pledges.

Whereas, Much good may be accomplished in promulgating the principles of the Association by the circulation of the various pledges of the Association; therefore,—

10. *Resolved*, That we ask the Executive Board to prepare, in a suitable and uniform style, the following pledges: "The Teetotal Pledge," "The Anti-Rum and Tobacco Pledge," "The Social Purity Pledge," "The Vegetarian Pledge," and "The Children's Pledge."

Credentials.

Whereas, There is great danger that unqualified persons may undertake to engage in various lines of medical missionary work, and that much harm may result therefrom; therefore,—

11. *Resolved*, That only such persons should publicly engage in medical missionary work as have received credentials from the Executive Board of this Association or are employed by some of the officers of this Association.

COMMITTEE ON NOMINATIONS.

PACIFIC PRESS
PUBLISHING HOUSE,
OAKLAND, CAL

[113]

The President briefly reviewed the workings of the institution during the past year, calling attention to some of the disadvantages under which it had labored. Reports were read from the managers of both the New York and London branches, all of which were of an encouraging nature.

~~On motion, the meeting adjourned to meet at 2.30 p.m.~~

The second meeting was called to order at the appointed time by the President. After the opening exercises, the Committee on Nominations submitted the following-named persons as a Board of Directors for the coming year:—

C. H. Jones, D. T. Jones, Wm. Saunders, S. C. Stickney, E. A. Chapman, Geo. C. Martin, and Wm. Butcher.

Ballots were then cast, and the above-named persons declared elected.

The Committee on Resolutions presented the following report:—

Gratitude.

1. *Resolved*, That we recognize the goodness of God in the prosperity that has attended our work the past year, and especially in connection with our branch offices in London and New York, and that we express our gratitude and appreciation for the confidence and liberal support of our people.

Raising Funds.

Whereas, The heavy drafts made on the Pacific Press Publishing Company from time to time (especially during the past year); the fact that this office is considered the financial center of our work on this coast; and that quite large sums of money are tied up in editions of our subscription books, seem to demand that the Association have a larger amount of means at its disposal; therefore,—

2. *Resolved*, That a fund of not less than sixty thousand dollars be raised as soon as possible for a working capital in one of the following ways, preferable according to order: (1.) In stock in the Association; (2.) In deposits without interest; (3.) In sums at a low rate of interests.

3. *Resolved*, That we request Elder S. N. Haskell to act as special financial agent during some months of the present year, and that we also request our ministering brethren and friends of the Pacific Press on this coast to render us what assistance they consistently can in this respect.

Whereas, The success of the subscription book business in Great Britain, and in the British Colonies, which are in easy communication with the mother country, call for additional outlay in publications in our London Branch office, and in order that the work may not be hindered by delay in supplying our faithful canvassers, and that our credit in that new field may not be impaired; therefore,—

4. *Resolved*, That we recommend that a fund of at least ten thousand dollars be placed at the disposal of the London Branch as soon as possible, for a working capital.

Depository for District No. 5.

Whereas, The managers of the Review and Herald Publishing Co. have expressed a willingness to allow the Pacific Press Publishing Co. to control the territory in General Conference District No. 5 whenever it became necessary to establish depositories in Districts Nos. 4 and 5; and,—

Whereas, The canvassers in District No. 5 are calling for a depository in that district; therefore,—

5. *Resolved*, That we signify to the Review and Herald Board the willingness of the Pacific Press to take charge of District No. 5, and establish a depository therein, from which to supply the canvassers with subscription books as soon as the Review and Herald is ready to consummate the arrangement already agreed upon.

Deposits.

Whereas, We have the assurance of the Scriptures, that where the treasure is, there will the heart be also; and,—

Whereas, It is desirable to have the hearts of all our people in sympathy with the publishing work; therefore,—

6. *Resolved*, That we urge those who have means at command to deposit with the Pacific Press Publishing Co. instead of with the banks, or in lieu of doubtful investments, such deposits to be without interest, or with interest to be donated to the London Branch as a foreign missionary enterprise.

American Sentinel.

Whereas, The *American Sentinel* is the only weekly journal in the United States devoted exclusively to the great foundation principle of our government — civil and religious liberty; therefore,—

7. *Resolved*, That we deem it worthy of a much more liberal support than it is receiving at present, and that we request our people to extend its mission to every nook and corner of the land.

Enlargement of the Signs of the Times.

Whereas, The action taken at the last annual meeting of the stockholders, resulting in the reducing of the *Signs of the Times* to an eight-page paper, has caused much dissatisfaction on the part of many of its friends and supporters; and,—

Whereas, The paper in its present form does not do justice to the people and the work which it represents; and,—

Whereas, We fully realize that demand for a missionary paper at a price that will place it in the reach of our tract societies and missionary workers, and at the same time properly represent the truths which it advocates; therefore,—

8. *Resolved*, That we hereby instruct the Board of Directors who shall be elected at this meeting, to take into consideration, (1.) The advisability of increasing the *Signs* to sixteen pages at the beginning of the next volume; (2.) The question of inserting a select line of advertisements; (3.) The advisability of offering a premium with the paper, and making a strong effort to secure a large list of single subscriptions.

9. *Resolved*, That we request the Board of Directors to confer with the General Conference Committee, the officers of the International Tract Society and State tract societies, ministers, and our people generally, so far as is practicable, on the points above referred to, that we may understand what the general desire is in reference to the paper; and further,—

10. *Resolved*, That we hereby authorize the Board of Directors, after ascertaining as fully as practicable the sentiments of our people on the points above enumerated, to take such action as they may consider best for the interest of the *Signs* and the publishing association.

Our Little Friend.

Whereas, The encouragement already received by *Our Little Friend* indicates that it is highly appreciated in our Sabbath-schools wherever introduced; therefore,—

11. *Resolved*, That we recommend its continuance, and that no reasonable effort be spared to maintain a high standard of excellence.

Young People's Library.

Whereas, There is a marked difficulty in procuring books for our young people entirely free from the prevalent errors of religious doctrine and so-called science; therefore,

12. Resolved, That we fully indorse the matter contained in the volume of the "Young People's Library" already issued, and the style in which they are published, believing that we are discharging a duty which we owe to the young, in placing this valuable reading matter within their reach.

Bible Students' and Sentinel Libraries.

Whereas, The "Bible Students' Library" and the "Sentinel Library" give brief and pointed essays on Bible doctrine and the fulfillment of prophecy in the political world; therefore,—

13. Resolved, That we recognize in these libraries a cheap and convenient style of publication, eminently suitable for missionary work, and recommend their continuance for the coming year.

These resolutions were adopted by acting upon each one separately.

Many of the stockholders spoke to resolution No. 2, expressing their confidence in the Association and its work, and their determination to help raise the required sum. Stock to the amount of \$840 was subscribed at this meeting.

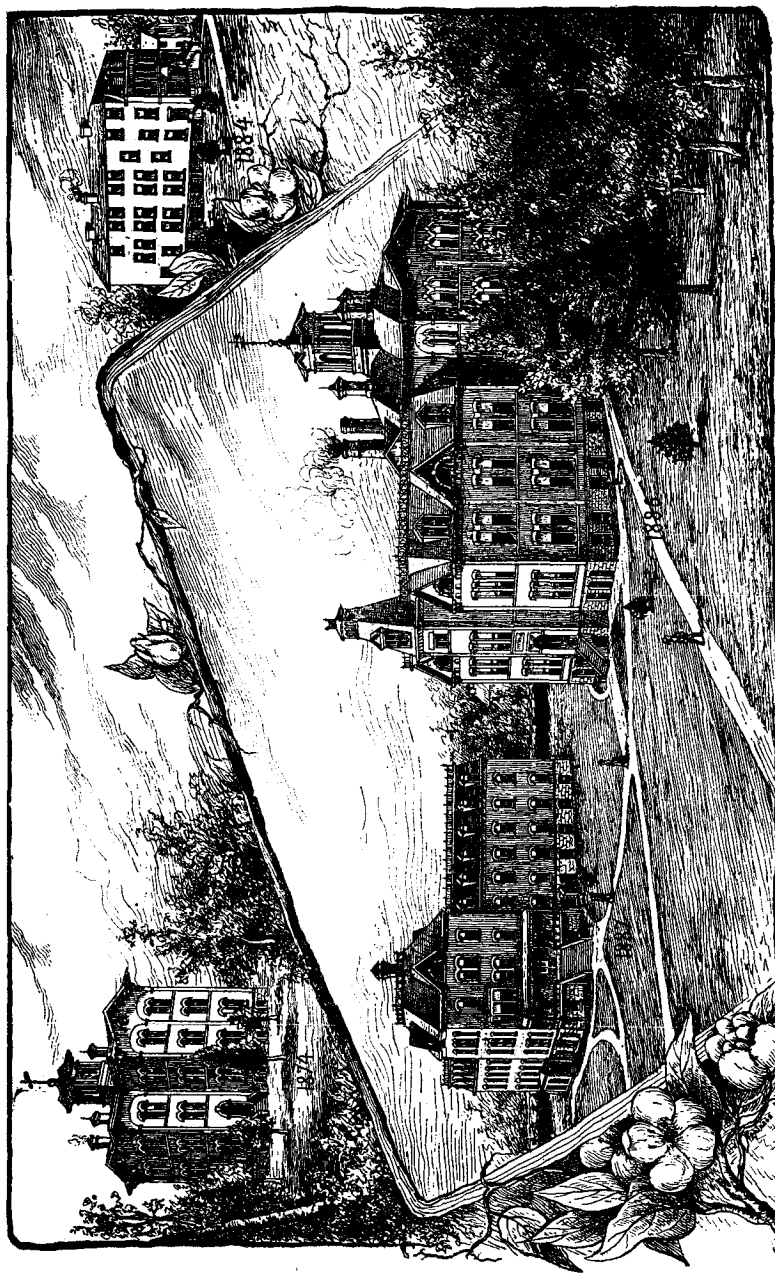

All the resolutions were received with favor and responded to most heartily, after which the meeting adjourned *sine die*.

SECTION 1. The officers of this Conference shall be a President, Secretary, Treasurer, and an Executive Committee of ———, of which the President shall be one; and they shall be elected annually.

SEC. 2. The duties of the President and Secretary shall be such as usually pertain to these offices.

SEC. 3. It shall be the duty of the Treasurer to keep an accurate account of the receipts and disbursements of the Conference funds, to pay out the same as may be provided by the Conference, to report to the Conference Secretary each quarter the amount of money received and paid during the quarter, and the amount on hand at the close of the quarter, and to make an annual report thereof at the meetings of the Conference.

SEC. 4. It shall be the duty of the Executive Committee to appoint through one of our weekly papers the time and place to hold the annual Conferences, and to call special Conferences whenever, in their judgment, it may be needful to do so; to take the general supervision of all labor performed within and for this Conference; to take charge of and care for all the property belonging to the Conference; and to exercise a general watch-care over all matters pertaining to the interests of the cause within the bounds of this Conference.

SEC. 5. It shall be the duty of the Conference to elect or appoint a committee of six, who shall not have been in the employ of the Conference during any part of the preceding year, who with the Executive Committee shall constitute an Auditing Committee, to examine and settle all accounts which are presented to the Conference at which they are elected or appointed.

ARTICLE III. — FUNDS.

SECTION 1. It shall be the duty of the churches belonging to this Conference to adopt the tithing system of the Bible, and the funds so raised shall be paid quarterly to the Treasurer of the Conference, to be used for the work for which the Conference is formed.

SEC. 2. In addition to the tithes, the Executive Committee is authorized to call for donations as the wants of the cause may, in their judgment, demand.

SEC. 3. All money shall be paid out by the Treasurer as may be provided by the Executive Committee.

ARTICLE IV. — CHURCH REPORTS.

SECTION 1. It shall be the duty of each church to make a written report every quarter to the Conference Secretary, of its standing, its additions and losses, the amount of its tithes, and the number of members of its Sabbath-school and its missionary society; and to make a like report for the year to the regular annual meetings of the Conference.

SEC. 2. When any church or scattered brethren wish ministerial labor in their vicinity, their call shall be made to the Executive Committee.

ARTICLE V. — LICENSES.

SECTION 1. It shall be the duty of the Conference to determine who are the approved ministers within the bounds thereof; to grant suitable credentials to the same; and to grant licenses to those whom it shall consider suitable to labor in the cause. And in the interval between the regular meetings, the Executive Committee is authorized to perform such duties.

SEC. 2. Those who may feel it their duty to exercise their gift as preachers or colporters, shall lay their exercises of mind before the Conference Committee, and the Committee may license them if they consider them qualified.

ARTICLE VI. — MINISTERS' REPORTS.

SECTION 1. It shall be the duty of the ministers of this Conference to make a written report to each annual meeting, of their labors *each week* during the Conference year, or of so much of the year as they have been in the employ of the Conference.

SEC. 2. It shall also be the duty of the ministers of this Conference to report to the annual meeting thereof, all donations which they have received during the year from churches and individuals, and such donations shall be considered by the Auditing Committee in settling the accounts of said ministers.

ARTICLE VII. — DELEGATES.

SECTION 1. The delegates to this Conference shall be elected according to the following ratio: Each organized church shall be entitled to one delegate, and one additional delegate for every fifteen members.

SEC. 2. The members of the Executive Committee shall be members of the Conference *ex officio*, and all ministers holding credentials from this Conference shall be considered delegates at large.

SEC. 3. In case any of the delegates to which a church is entitled do not attend the Conference, the delegates attending may cast the full number of votes to which said church is entitled.

SEC. 4. Unorganized companies of believers shall be represented in the Conference by the delegates at large.

ARTICLE VIII. — AMENDMENTS.

This Constitution may be amended at any regular meeting of the Conference, by a two-thirds' vote of the members, provided that such amendment shall not conflict with the Constitution of the General Conference.

SEC. 4. The officers of this Association shall be elected at each regular meeting, by vote of the majority of those present.

ARTICLE IV.—MEMBERSHIP.

SECTION 1. Any person who is in harmony with the object of this Association may become a member of the Association by signing the teetotal pledge.

SEC. 2. Pledge.—Teetotal Pledge: "I do hereby solemnly affirm that with the help of God I will wholly abstain from the voluntary use, as a beverage, or in any equivalent manner, of alcohol, tea, coffee, and from the use of tobacco, opium, and all other narcotics and stimulants."

ARTICLE V.—AMENDMENTS.

This Constitution may be amended by a two thirds' vote of the members present at any of the regular meetings of the Association.

BY-LAWS.

ARTICLE I.—DUTIES OF OFFICERS.

SECTION 1. The President shall preside over the meetings of this Association, and shall perform such other duties as are usually required of such officer in similar societies.

SEC. 2. The Vice-President shall perform the duties of the President in his absence.

SEC. 3. The Recording Secretary shall keep a faithful record of all the business transacted by the Association, and shall keep a roll of membership, and attend to such other duties as usually devolve upon such officer.

SEC. 4. The Corresponding Secretaries shall have in charge the general correspondence of the Association, and shall co-operate with the Corresponding Secretaries of the various States and countries, in advancing the general interests of the work.

SEC. 5. It shall be the duty of the Field Secretary to visit various public gatherings throughout the country, to advocate the principles of health and temperance, and to co-operate with the various Vice-Presidents in advancing the interests of the Association.

SEC. 6. It shall be the duty of the Executive Board, (1.) To represent this Association when not in session assembled, to execute all its recommendations and orders, and to fill all vacancies which may occur from death or otherwise; (2.) To devise ways and means for the carrying out of the purposes of the Association; (3.) To settle questions of discipline which may be brought before them; and (4.) To attend to other matters pertaining to the general management of the Association.

ARTICLE II.—DUTIES AND PRIVILEGES OF MEMBERS.

SECTION 1. It shall be the duty of each member of this Association to keep most inviolate the pledge which he signed upon becoming a member of the Association; and to exert himself to the utmost of his ability, as far as consistent with other duties, for the advancement of the interests of this Association, in the promulgation of correct ideas of health and temperance, by the circulation of health and temperance literature and by all other proper means.

SEC. 2. All members in good standing present at any meeting of the Association, shall be entitled to participate in the proceedings of the meeting.

ARTICLE III.—MEETINGS.

A bi-ennial meeting of this Association shall be held at such time and place as shall be appointed by the Executive Board.

ARTICLE IV.—USE OF FUNDS.

Donations or other funds received by the Association shall be expended as the Executive Board may direct.

ARTICLE V.—DISCIPLINE.

SECTION 1. The Executive Board shall constitute a Committee of Discipline.

SEC. 2. When a person has committed a breach of discipline, by violation of his pledge or otherwise, his case shall be referred to the Committee of Discipline, who shall consider the case, and shall report upon it to the Association. If the decision of the committee is in favor of dismissal, the member may be dismissed from the Association by a two thirds' vote of the members present at any regular meeting.

SEC. 3. Persons who have been dismissed from this Association for violation of the pledge, may be taken back on trial, on recommendation of the Committee of Discipline, and a vote of two thirds of the members present at any regular meeting.

ARTICLE VI.—AMENDMENTS.

These By-laws may be amended by a two thirds' vote of the members present at any regular meeting.

STATE HEALTH AND TEMPERANCE

CONSTITUTION.

ARTICLE I. — NAME.

This organization shall be known as the _____ Health and Temperance Society.

ARTICLE II. — OBJECTS.

1. To promote the health of those who become members of it.
2. To advance the interests of the cause of temperance in its truest and broadest sense, by the circulation of health and temperance literature, by securing popular lectures upon those subjects in various parts of the country, by the wide circulation of suitable pledges, and by earnest efforts to secure numerous signers.

ARTICLE III. — OFFICERS.

The officers of this Association shall consist of a President and a Secretary, who shall be elected by vote of a majority of those present at any regular annual meeting.

ARTICLE IV. — MEMBERSHIP.

SECTION 1. Any person of good moral character may become a full member of this society by paying an initiation fee of twenty-five cents, and signing the Constitution and one of the three pledges.

SEC. 2. Any person may become a pledge member of this society by signing one of the three pledges.

SEC. 3. Two grades of membership shall be recognized, as designated in Sections 1 and 2 of this Article.

SEC. 4. Every person who becomes a member of this society by signing one of the following pledges, also becomes a member of the American Health and Temperance Association.

Teetotal Pledge. — I do hereby solemnly affirm that with the help of God I will wholly abstain from the voluntary use, as a beverage, or in any equivalent manner, of alcohol, tea and coffee, and from the use of tobacco, opium, and all other narcotics and stimulants.*

Anti-Rum and Tobacco Pledge. — I do hereby solemnly affirm that with the help of God I will wholly abstain from the voluntary use of alcohol in any form, as a beverage, or in any equivalent manner, and from smoking, chewing, or snuffing tobacco, or using it in any other form, and from in any way encouraging the use of these poisons.

Anti-Whiskey Pledge. — I do hereby solemnly affirm that with the help of God I will totally abstain from the voluntary use, as a beverage, or in any equivalent manner, of all liquids or substances containing alcohol.

* By the term stimulants is meant what are commonly known as such. Salt and other condiments are not included.

ARTICLE V. — ANNUAL DUES.

Each full member of this society shall annually pay into the State treasury the sum of ten cents, to defray the incidental expenses of the Association, and such other sums, not to exceed twenty-five cents annually, as may be assessed by the Executive Committee when authorized by a two-thirds' vote of those present at any annual meeting of the General Association.

ARTICLE VI.

This society is responsible to the International Health and Temperance Association, of which all State societies and local clubs are subsidiary organizations; and it shall make such annual and other reports, as shall be required by the Secretary of the General Association.

ARTICLE VII.

All full members in good standing, present at any annual meeting of the State society, shall be entitled to participate in the proceedings of the meeting.

ARTICLE VIII.

This Constitution may be amended by a two-thirds' vote of the full members present at any of the annual meetings of the society, provided said amendment does not in any way affect the relations of the society to the General Association; otherwise the consent of the Executive Committee of the General Association must be obtained before the amendment can be made.

BY-LAWS.

ARTICLE I. — DUTIES OF OFFICERS.

SECTION 1. The President shall preside over the meetings of this society; shall take active measures for the formation of clubs in various parts of the State, and shall perform such other duties as usually devolve upon such an officer.

SEC. 2. The Secretary shall perform the duties usually required of such an officer, and in addition shall perform the duties of Treasurer, collecting initiation fees and assessments, appropriating the funds of the society, as directed in Article IV., of these By-Laws, unless otherwise directed by the Executive Committee of the General Association. In case of the inability of the President to perform his duties, he shall perform the duties of that officer.

ARTICLE II. — DUTIES AND PRIVILEGES OF MEMBERS.

SECTION 1. It shall be the duty of each member of this society to keep most religiously the pledge which he signed upon becoming a member of the society; to exert himself to the utmost of his ability, as consistent with other duties, for the advancement of the interests of this Association, in the promulgation of correct ideas of health and temperance, by the circulation of health and temperance literature, by the circulation of pledges, and by all other proper means.

SEC. 2. Members who have paid the initiation fee of twenty-five cents will receive a certificate of membership, and will be entitled to all the rights and privileges of members.

SEC. 3. None except those who sign the teetotal pledge will be eligible to office.

SEC. 4. Those who sign the pledge, but do not pay the initiation fee, will be considered as "pledge members," and will not be entitled to hold office, nor to

take part, as members, in the proceeding of the Association. They can become full members at any time by paying the initiation fee.

ARTICLE III. — MEETINGS.

SECTION 1. An annual meeting of the society shall be held at such time and place as shall be appointed by the President.

SEC. 2. The meetings of the society shall be devoted to the discussion of health and temperance topics, listening to lectures on those subjects, reports, etc.

ARTICLE IV. — USE OF FUNDS.

All initiation fees shall be forwarded to the General Association; and whatever moneys may accrue from the collection of annual dues and assessments shall be used in meeting incidental expenses, any surplus being expended for health and temperance literature for gratuitous distribution.

ARTICLE V. — DISCIPLINE.

SECTION 1. The President and the Secretary, with three additional persons who shall be annually appointed by the President, shall constitute a Committee of Discipline.

SEC. 2. When a person has committed a breach of discipline, by violation of his pledge or otherwise, his case shall be referred to the Committee of Discipline, which shall consider the case, and shall report upon it to the society. If the decision of the committee is in favor of dismissal, the member may be dismissed from the society by a two-thirds' vote of the members present at any regular meeting.

SEC. 3. Persons who have been dismissed from this society for violation of the pledge may be taken back on trial, on recommendation of the Committee of Discipline, and a vote of two thirds of the members present at any regular meeting.

ARTICLE VI.

These By-Laws may be amended by a two-thirds' vote of the members present at any regular meeting.

GENERAL INFORMATION.

POSTAL GUIDE.

ALL mailable matter for transmission by the United States mails within the United States, is divided into four classes, under the following regulations:—

FIRST-CLASS MATTER.

This class includes letters, postal cards, and anything sealed or otherwise closed against inspection, or anything containing writing not allowed as an accompaniment to printed third-class matter.

SECOND-CLASS MATTER.

This class includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated intervals as frequently as four times a year, from a known office of publication or news agency, to actual subscribers or news agents, and transient newspapers and publications of this character mailed by persons other than publishers. Such publications must bear date of issue, and be numbered consecutively, be formed of printed paper sheets without board, cloth, leather, or other substantial binding; must be published for dissemination of information of public character, or devoted to literature, art, or a special industry, and have a legitimate list of subscribers.

THIRD-CLASS MATTER.

Mail matter of the third class includes printed books, pamphlets, engravings, circulars in print or by the hectograph, electric pen, or similar process, and other matter wholly in print, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same.

Manuscript, unaccompanied by proof-sheets, must pay letter rates.

Printed matter is defined by statute to be a reproduction upon paper by any process except that of handwriting of any words, letter, character, figures, or images, or any combination thereof, not having the character of actual personal correspondence.

A circular is defined as a printed letter which, according to internal evidence, is being sent in identical terms to several persons, and does not lose its characteristics as such by writing therein the date and name of address or of sender, or the correction of mere typographical errors. Section 364, paragraph 2, Pl. & R., edition 1887, is amended so as to read: "Matter prepared by the type-writer is inadmissible as third-class matter, and must be regarded as personal correspondence. Circulars and other matter printed in imitation of type-writing may, however, be admitted as third-class matter, when they are not in the nature of personal correspondence."

The limit of weight is four pounds, except single books in separate packages, on which the weight is not limited.

The name and address of the sender, preceded by the word "from," may be written upon the package, and a simple manuscript dedication may appear in a book or upon the article inclosed.

FOURTH-CLASS MATTER.

Fourth-class matter is all mailable matter not included in the three preceding classes, which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. It embraces merchandise and samples of every description, and coin or specie.

Articles of this class that are liable to injure or deface the mails, such as glass, sugar, needles, nails, pens, etc., must be first wrapped in a bag, box, or open envelope, and then secured in another outside tube or box, made of metal or hard wood, without sharp corners or edges, and having a sliding clasp or screw lid, thus securing the articles in a double package. The public should bear in mind that the first object of the department is to transport the mails safely, and every other interest is made subordinate.

Such articles as poisons, explosives, or inflammable articles, live animals, insects, or substances exhaling a bad odor, will not be forwarded in any case.

The regulations respecting the mailing of liquids are as follows: Liquids, not ardent, vinous, spirituous, or malt, and not liable to explosion, spontaneous combustion, or ignition by shock or jar, and not inflammable (such as kerosene, naphtha, or turpentine), may be admitted to the mails for transportation within the United States. When contained in glass bottles or vials, such bottles or vials must be strong enough to stand the shock of handling in the mails, and must be inclosed in a wooden or *papier-mache* block or tube not less than three sixteenths of an inch thick in the thinnest part, strong enough to support the weight of mails piled in hags, and to resist rough handling; and there must be provided, between the bottle and its wooden case, a cushion of cork-crumbs, cotton, felt, asbestos, or some other absorbent, sufficient to protect the glass from shock in handling, the block or tube to be closed by a tightly-fitting screw lid of wood or metal, with a rubber or other pad so adjusted as to make the block or tube water-tight, and to prevent the leakage of the contents, in case of breaking of the glass. When inclosed in a tin cylinder, metal case, or tube, such cylinder, case, or tube should have a screw lid with a rubber or cork cushion inside in order to make the same water-tight, and should be securely fastened in a wooden or *papier-mache* block (open only at one end), and not less in thickness and strength than above prescribed. It would be well always to consult the postmaster in reference to the proposed mailing of liquids. The limit of admissible liquids and oils is four ounces, liquid measure.

LIMITATION OF WEIGHT OF PACKAGES.

No package weighing more than four pounds shall be received for forwarding by mail, except single books weighing in excess of that amount, books and documents published by order of Congress, official matter from departments of Government, or from the Smithsonian Institute.

Second-class matter mailed in packages at the pound rate is not subject to the four pounds limitation.

DOMESTIC RATES OF POSTAGE.

ON FIRST-CLASS MATTER.

Rates of letter postage to any part of the United States, **two cents per ounce or fraction thereof.**

Rates on local or drop letters at free-delivery offices, two cents per ounce or fraction thereof. At offices where there is no free delivery by carriers, one cent per ounce or fraction thereof.

Rates on postal cards, one cent. Nothing must be added or attached to a postal card, except that a printed address slip may be pasted on the address side. The addition of anything else subjects the card to letter postage. A card containing any offensive dun, or any scurrilous or indecent communication, will not be forwarded. Nothing but the address must be placed on the face, or stamped side.

Rates on specially delivered letters, ten cents on each letter in *addition* to the regular postage. This entitles the letter to immediate delivery by special messenger. Special delivery stamps are sold at post-offices, and must be affixed to such letters. An ordinary ten-cent stamp affixed to a letter will *not* entitle it to special delivery.

Prepayment by stamps invariably required. Postage on all letters should be *fully* prepaid, but if prepaid one full rate and no more, they will be forwarded, and the amount of deficient postage collected on delivery; if wholly unpaid, or prepaid with less than one full rate, and deposited at a post-office, the addressee will be notified to remit postage, and if he fails to do so, the letter will be sent to the Dead Letter Office. Such letters will, however, be returned to the sender if he is located at the place of mailing, and if his address is printed or written upon it.

Letter rates are charged on all productions by the typewriter or manifold process.

Letters (but no other class of mail matter) will be returned to the sender free, if a request to that effect is printed or written on the envelope. There is no limit of weight for first-class matter.

Prepaid letters will be re-forwarded from one post-office to another, upon the written request of the person addressed, without additional charge for postage. The direction on forwarded letters may be changed as many times as may be necessary to reach the person addressed.

ON SECOND-CLASS MATTER.

Rates of postage to publishers and news agents, **one cent a pound or fractional part thereof**, prepaid by special stamps. Publications designed primarily for advertising or free circulation, or not having a legitimate list of subscribers, are excluded from the pound rate, and pay third-class rates.

Publications sent to actual subscribers in the county where published, are free, unless mailed for local delivery at a letter-carrier office.

Rates of postage on transient newspapers, magazines, or periodicals, when sent by others than publishers or news agents, **one cent for each four ounces or fraction thereof.** It should be observed that the rate is one cent for each four ounces, not one cent for each paper. These rates do not apply for transient publications mailed for local delivery by carriers at a free-delivery office.

Sample copies (which must be exactly like regular edition) may be sent by publishers from the office of publication, at the pound rate, to persons not subscribers, for the purpose of inducing them to subscribe, or advertise, or become agents thereof. They are not entitled to free circulation in the county where issued, and must be mailed separately from editions that are. They must not be inclosed in the same package with copies intended for subscribers. They cannot be mailed by news agents at the pound rate.

News agents and newsboys are persons engaged in the business of selling second-class publications. A mere local or traveling agent for a publication is not a news agent. The news agent must file with the postmaster at his office of mailing, a statement showing the names of the periodicals which he mails, the post-office to which they are directed, the number of subscribers to each on his list, with dates to which their regular subscriptions extend.

Supplements and extra editions may, without extra postage, be folded within the regular issues of second-class publications; but they must in every case be issued with the publication, and contain matter omitted from the regular issue for want of space, time, or greater convenience. If mailed separately, they must be prepaid as third-class matter.

A mark, without words, may be used to call attention to a word or passage; or a typographical error may be corrected. The words *marked copy* may then be written on the publication.

ON THIRD-CLASS MATTER.

The rate on matter of this class is **one cent for each two ounces or fraction thereof.**

Third-class matter must admit of easy inspection, otherwise it will be charged letter rates on delivery. It must be fully prepaid, or it will not be forwarded. Its wrapper must bear no writing or printing except the name and address of the sender, and a return request.

ON FOURTH-CLASS MATTER.

Rate of postage, **one cent for each ounce or fraction thereof** (except seeds, roots, bulbs, cuttings, scions, and plants, the rate on which is *one cent for each two ounces or fraction thereof*). This matter must be fully prepaid, or it will not be forwarded.

The name and address of the sender, preceded by the word *from*, also the names and number (quantity) of the articles inclosed, may be written on the wrapper of fourth-class matter without additional postage. A request to the delivering postmaster may also be written, asking him to return the package if not delivered.

REGISTRATION.

All kinds of postal matter, *except second-class matter*, can be registered at the rate of *ten cents for each package* in addition to the regular rates of postage, to be fully prepaid by stamps. Each package must bear the name and address of the sender, and a receipt will be returned from the person to whom addressed.

The Post-Office Department or its revenue is not by law liable for the loss of any registered mail matter.

MONEY-ORDERS.

Domestic money-orders are issued by money-order post-offices for any amount up to \$100, at the following rates:—

For sums not exceeding \$5, five cents; for \$5 to \$10, eight cents; for \$10 to \$15, ten cents; for \$15 to \$30, fifteen cents; for \$30 to \$40, twenty cents; for \$40 to \$50, twenty-five cents; for \$50 to \$60, thirty cents; for \$60 to \$70, thirty-five cents; for \$70 to \$80, forty cents; for \$80 to \$100, forty-five cents.

When more than \$100 is required, additional orders must be obtained, but not more than three orders will be issued in one day to the same payee, payable at the same office.

POSTAL NOTES.

These will be issued for sums less than \$5, for a fee of three cents, and are payable to any person presenting them, either at the office designated on the note, or at the office of issue within three months of date of issue.

No duplicate can be secured in case of loss, as the note is made payable to bearer.

LETTER-SHEET ENVELOPES.

The Post-Office Department now issues a combined letter sheet and envelope of the denomination of two cents. The prices are as follows: one, three cents; two, five cents; five, twelve cents; ten, twenty-three cents; one hundred, \$2.30; one thousand, \$23.

STAMPED ENVELOPES.

Embossed, stamped envelopes and newspaper wrappers of several denominations, sizes, and colors are kept on sale at post-offices, singly or in quantities, at a small advance on the postage rate.

FREE DELIVERY.

The free delivery of mail matter at the residences of the people desiring it, is required by law in every city of 50,000 or more population, and may be established at every place containing not less than 20,000 inhabitants.

Postmasters are required to send free to the Librarian of Congress any book, map, chart, dramatic or musical composition, engraving, cut, print, or photograph, or negative thereof, or of a painting, drawing, chromo, statue, which the author, inventor, designer, or proprietor, or assignee deposits for mailing to such address.

All communications to Government officers, and to or from Members of Congress, are required to be prepaid by stamps.

GENERAL SUGGESTIONS TO THE PUBLIC.

(From the United States Official Postal Guide.)

Mail all letters, etc., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the post-office is much diminished if letters, when mailed in large numbers, are tied in bundles, with the addresses all in one direction.

Make the address legible and complete, giving the name of the post-office, county, and State. The name of the street and number of the house should also be given on letters addressed to cities where letter-carriers are employed; while the letter will eventually reach its destination without a number, the omission is often a cause of hesitation and delay. In the case of letters for places in foreign countries, and especially in Canada, in which country there are many post-offices having the same name as post-offices in the United States and in England, the name of the country as well as the post-office should be given in full. Letters addressed, for instance, merely to "London," without adding "England," are frequently sent to London, Canada, and *vice versa*, thereby causing delay, and often serious loss. Letters addressed to Burlington, N. S. (Nova Scotia), often go to Burlington, New York, on account of the resemblance between S and Y when carelessly written. It would be better to write out names of States in full.

Avoid, as much as possible, using envelopes made of thin paper, especially where more than one sheet of paper, or any other article than paper, is inclosed. Being often handled, and even in the mail-bags subject to pressure, such envelopes not unfrequently split open, giving cause of complaint against officials who are entirely innocent in the matter.

Never send money or any other article of value through the mail, except by means of a money-order, or in a registered letter. Any person who sends money or jewelry in an unregistered letter not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to ruin.

See that every letter contains the full name and post-office address of the writer, with county and State, in order to secure the return of the letter, if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always fully and plainly written or printed inside or on the envelopes. Persons who have large correspondence find it most convenient to use "special request envelopes;" but those who mail only an occasional letter, can avoid much trouble by writing a request to "return if not delivered," etc., on the envelope.

When dropping a letter, newspaper, etc., into a street mailing box or the receptacle at a post-office, always see that the packet falls into the box, and does not stick in its passage; observe, also, particularly, whether the postage stamps remain securely in their places.

Postage stamps should be placed on the upper right-hand corner of the address side of all mail matter.

Postmasters are not obliged to accept in payment for postage stamps or stamped envelopes, wrappers, etc., any currency which may be so mutilated as to be uncurrent, or the genuineness of which cannot be clearly ascertained. They are not obliged to receive more than twenty-five cents in copper or nickel coins. They are not obliged to affix stamps to letters, nor are they obliged to make change, except as a matter of courtesy. They must not give credit for postage.

Letters cannot be carried out of the mail except in postage-stamped envelopes. Even if a person is not acting as a common carrier, there is no objection to his carrying a sealed letter, whether in a stamped envelope or not; but to continue the practice, or receive money for so doing, would subject the party to a penalty of one hundred and fifty dollars. Newspapers, magazines, and periodicals may be carried out of the mail for sale or distribution to subscribers, but if they are put into a post-office for delivery, the postage must be paid thereon.

It is forbidden by the regulations of the Post-Office Department for postmasters to give to any person information concerning the mail matter of another, or to disclose the name of a box-holder at a post-office.

Mail matter deposited in any receptacle erected by the Post-Office Department, such as street mailing-boxes for the reception of mail matter to be collected by letter-carriers, or boxes in railroad depots for the reception of matter to be collected by employees of the railway mail service, cannot be reclaimed by any one under any circumstances. If letters intended for city delivery are deposited in boxes in railroad depots, it is at the risk of the person doing so. Such mail cannot be reclaimed, except through the Dead Letter Office.

Letters addressed to persons temporarily sojourning in a city where the Free Delivery System is in operation, should be marked "Transient" or "General Delivery," if not addressed to a street and number, or some other designated place of delivery.

All matter concerning lotteries, gift concerts, or schemes devised to defraud the public, or for the purpose of obtaining money under false pretenses, is denied transmission in the United States mails.

A subscriber to a newspaper or periodical who changes his residence or post-office, should at once notify the publisher, and have the publication sent to his new address.

RATES OF POSTAGE TO FOREIGN COUNTRIES.

CANADA.

LETTERS, per ounce, prepayment compulsory, two cents; postal cards, each one cent; newspapers, per four ounces, one cent; merchandise, not exceeding four pounds per ounce, one cent.

Any article of correspondence may be registered for ten cents. Patterns and samples are construed to be *bona fide* specimens of goods on hand and for sale, having no intrinsic value aside from their use as patterns and samples. The weight of each package is limited to eight ounces, and the postage charge is ten cents per package, prepayment compulsory. They are subject to the regulations of either country to prevent violation of the revenue laws; must not be closed against inspection, and must be so wrapped and inclosed as to be easily examined.

MEXICO.

Letters, newspapers, printed matter, and samples are now carried between the United States and Mexico at the same rates as in the United States.

COUNTRIES OF THE UNIVERSAL POSTAL UNION.

UNION COLLEGE (MAIN BUILDING).

LINCOLN, NEB.

THE other schools of the denomination being full, a call was made in 1869 for a centrally located western school. At the General Conference held that year definite action was taken, and a committee on location appointed. This committee reported in February, 1890, selecting a site three and one half miles southeast of Lincoln, Neb., the location now being known as College View. Since then buildings have been erected at a cost of about \$190,000, consisting of the college, two dormitories, and a heating house. The main building, shown in the above cut, stands in the center of a twenty-two-acre campus. Its dimensions are 140 x 80 feet, four stories high, surmounted in the center by a bell and clock tower. To the right and left stand the two brick dormitories, one 133 x 72 feet, the other 100 feet square. They are for the accommodation of students, the former for foreigners. There is also a fourth building 100 feet square, in which is the steam power, heating apparatus for all the buildings, laundry, electric-light plant, bakery, ice house, etc. The college was formally opened and dedicated Oct. 24, 1891.
